BURGESS

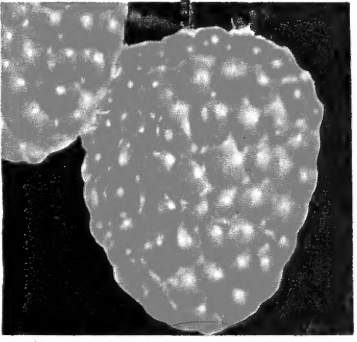

Burgess TRUE F. HYBRID TOMATOES

HYBRID "A" (Early). 68 days. This semi-determinate vine type produces deep red-globe-shaped fruit that average 6½ oz. They are firm, meaty and mild. Big yields can be expected through the early season. It is highly recommended for early market and the home garden.

HYBRID "B" (Main Crop). 75 days. This determinate vine type has good foliage protection and is an unusually heavy producer. The large bright red globe-shaped fruits will average 7 oz. and are just about perfect. They are meaty with few seeds and ideal for canning and slicing.

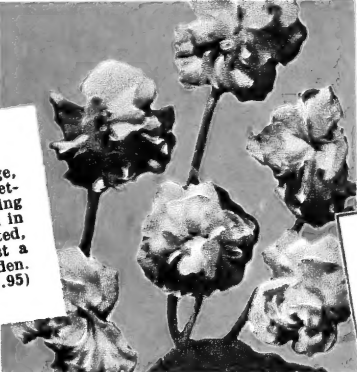

Choice of "A" or "B"
(Pkt., 50 seeds, 35c)
(Jumbo Pkt., 150 seeds, 90c) (¾ oz. \$2.75) (½ oz. \$4.50) (¼ oz. \$8.00) (oz. \$15.00) (½ lb. \$40.00) (lb. \$100.00)

HYBRID TOMATO COLLECTION: 1 Pkt. each of "A" & "B" only 60c.

GOLDEN QUEEN

Its sugary sweetness and wonderful flavor make this Golden Raspberry preferred by many. It is very unusual in appearance and makes a fine dessert berry, alone or in combination with other Raspberries. A heavy cropper, it is hardy and vigorous, ripens with Latham. (5 for \$1.50) (10 for \$2.70) (25 for \$5.75) (50 for \$10.50) (100 for \$20.00) prepaid.

ENGLISH VIOLETS

A gem for the shady spot, this large, DOUBLE, deep blue violet is unforgettablely fragrant. It blooms in early spring on long "cuttable" stems, and again in the fall. Sometimes, if well protected, it will bloom in midwinter. Almost a year-around pleasure for your garden. (85c each) (3 for \$2.25) (6 for \$3.95) (12 for \$7.50) prepaid.

DWARF APPLE TREES

Small Space—Big Fruit

For planting in the lawn or any place where space is at a premium, these beautiful little dwarfs are ideal; they grow 8 to 10 ft. They load themselves with full-size fruit and are a wonderful sight when they bloom in the spring. Your choice of these varieties: Cannot be shipped to Colo.

Baldwin
McIntosh
Northern Spy
Red Delicious
Stayman Winesap
Yellow Transparent

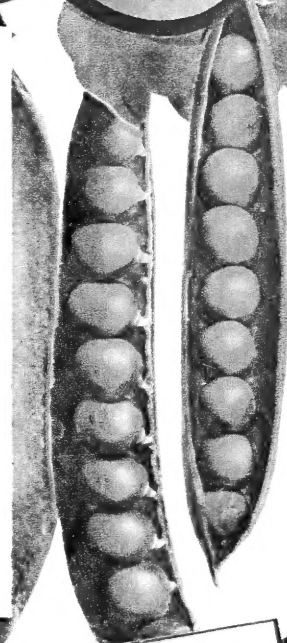

2 to 3 ft. (\$2.60 each) (2 to 3 trees \$2.30 each) (4 to 6 trees \$2.10 each) prepaid.

(See page 60 for Dwarf Pears)

Burgess' Famous DROUGHT-PROOF PEAS

LAUGHS AT DROUGHT,
SMILES AT RAIN

70 days (Wilt-Resistant). Will do well under a wider range of weather and soil conditions than any other variety. It will grow a crop during the driest, hottest summer months, at a time other varieties would be a failure. If it rains and the soil is kept moist, it will produce as large a crop as any variety we know of; if it doesn't rain, and it gets hot and dry, you will get a crop anyway. Vines medium height with stout, fleshy stems that can take the dry weather and keep the pods up off the ground. Pods medium green, 4¼ inches long, and contain 7 to 9 large, sweet and tender peas. (Jumbo Pkt. 40c) (Economy Pkt., 12 oz., 75c) (Family Pkt., 24 oz., \$1.25) (3 lbs. \$1.95)

World's Finest TOMATO SEED

Burgess' PURE STRAINS — Disease-Resistant

Although the Burgess company grows most of the seed it sells (very unusual in the retail seed trade), it specializes in Tomato Seed.

The Leading Grower

We are the leading Tomato Seed grower, and grow more varieties than any other concern in the world. Although we 'might' admit that some one else could have "as good" varieties as we do in some classifications, in Tomato we feel we are at the top of the trade, with more experience in more varieties than any one else. We feel we are qualified to produce the finest Tomato Seed that can be produced. All are pure strains—disease resistant.

All Michigan Grown

All of our Tomato Seed is produced right here in Michigan, the ideal growing area for seed to plant in all climates. Our trade-name is "BLIZZARD-BELT". All of our seed is carefully produced for Seed Only. None of it is produced as a by-product of tomato juice, as is the case with many other growers.

"3-Way" Quality Check

Our seed is all fermented in its own juices and pulp to properly cure it and destroy seed borne fungus and disease germs. As a further check on quality, most of our fields are inspected for varietal purity and disease by the State of Michigan. As a final precaution the seed is then all chemically treated against disease to insure success for our customers.

Newest and Best of the Old

New varieties are in process of hybridization or testing at the Burgess' Seed Breeding Station and will be offered for sale as soon as they are proven worthwhile. Old strains are constantly being improved. You will make no mistake in planting Burgess' Tomato Seed. No other can be finer.

Burgess' GIANT BEEFSTEAK

Very Mild—Few Seeds—Crimson Fruits

88 days. For mildness and tremendous size it is hard to beat Beefsteak, the standard large, late Tomato for the Home Garden. Fruits average 10 to 12 oz. in size, with many weighing a pound and some even more. Not as large as Ponderosa, but with better color, flavor and mildness. The meat of Beefsteak is solid, fleshy and very mild, with few seeds. It makes an excellent slicer—nothing is more beautiful than a perfect 6" slice of a Beefsteak fresh from the garden. Its large crimson fruits are deep, but flat. The Burgess strain is remarkably smooth and well-shaped compared to others. For a home garden variety for slicing and canning, we recommend it highly.

SUGAR TOMATO

Requires Less Sugar

60 days. The sweetest of all Tomatoes. The round, brilliant scarlet fruits are $\frac{3}{4}$ " across and are borne in long clusters 8 to 12 inches long. It ripens early and continues to bear throughout the season. The fruits are small, but are so sweet they can be used for preserves, juice and canning without adding sugar. They are delicious and attractive when served with olives and pickles.

SUNRAY

Mild and Acid-Free

80 days. Here is a new orange-yellow tomato developed by the USDA which is by all odds the best in its class. It is sweet and mild and deliciously flavored. Its smooth fruit has firm, solid flesh colored all the way through. It makes interestingly different salads. Also resistant to fusarium wilt. Supersedes Jubilee.

JUBILEE

80 days. Jubilee has the quality of the red and pink varieties, but is golden-orange in color. The large upright plants yield abundantly. Fruits are large, globular and meaty. They are slightly drier than standard varieties and are most attractive when sliced in combination with red and pink fruits.

HOMESTEAD

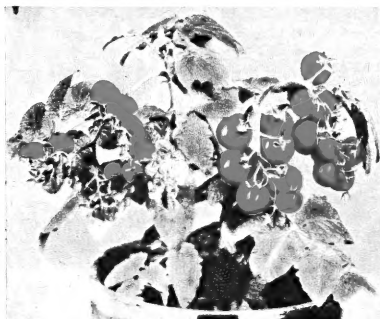

77 days. This new main crop variety is an important addition for green wrap shippers. The vines are semi-determinate and carry the fruit well up on the limbs. Fruits are slightly larger and ripen firmer than Rutgers. They finish well to a bright red and have thick walls and few seeds. Homestead is very productive under a wide range of conditions and makes a fine home garden variety. Wilt-Resistant.

WHITE BEAUTY

The Anti-Acid Tomato

84 days. The White Beauty Tomato is ivory-white in color and the flesh is almost paper white. It is of large size and of excellent quality for slicing, canning and juice. Extremely mild, containing less acid than other tomatoes, so can be eaten by thousands of people who have heretofore avoided Tomatoes on account of the acidity.

TINY TIM

The Window-Box Tomato

45 days. Dwarf and compact, growing to a height of 6 to 8 in. and only about 14 in. across. It is the earliest of all tomatoes and is loaded with clusters of bright red fruit that are nearly round and are $\frac{3}{4}$ to 1 in. across. Even though the fruits are small, they are fine flavored and will give you ripe tomatoes before other home-grown varieties are available. Very colorful when potted or planted in window boxes. The fruits cling to the stems well and are ornamental as well as useful in salads or for preserving. A pretty sight in flower garden, too.

JUNE PINK

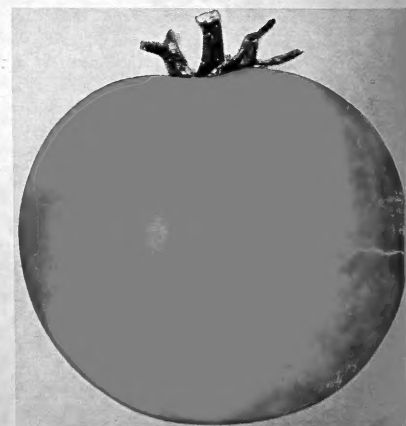

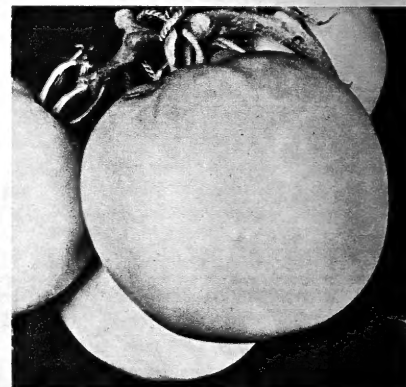

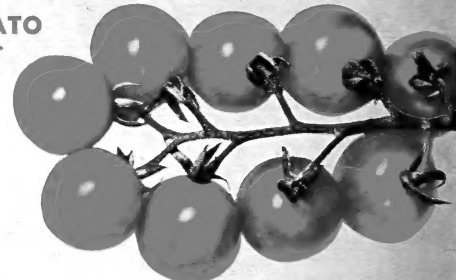

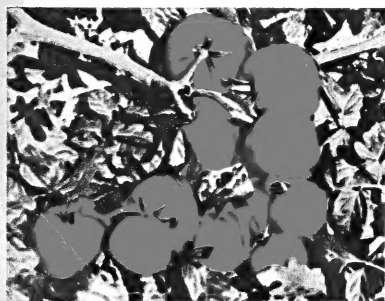

Earliest Pink Tomato

64 days. The earliest pink variety. The same size and shape as Earliana, only the fruit is pink and of milder flavor.

BONNY BEST

(Early Strain)

68 days. Our select Early Strain of Bonny Best is the finest on the market, being earlier, larger and more productive than Standard Strains. The smooth, scarlet fruit is practically free from cracks and of fine flavor. Fruits average 5 ounces and are about a week later than our Earliana.

Burgess' Climbing TRIP-L-CROP

BIGGEST YIELDS—By Far!

Burgess' Climbing Trip-L-Crop Tomato is by far the most productive of all Tomatoes, often producing 2 to 3 bushels from one vine. The plants are of rank growth, sending out long runners capable of setting clusters of fruit at each joint. This feature is not found in ordinary varieties.

Burgess' Climbing TRIP-L-CROP. Famous the country over. This is a variety with many superior qualities. Vines grow rapidly to a height of 10 to 18 feet (sometimes more than 20 feet) when grown on a trellis. A trellis, however, is not necessary as it will outyield other varieties when grown in bush form.

The beautiful, large bright red fruits average 3½ in. across and 2½ in. deep, with some as deep as 3½ in. and as wide as 5 in. across. The fruits are solid, with meaty center surrounded by small seed cells which are separated by solid divisions, which makes the tomato unexcelled for both slicing and canning. It is free from blight and disease and drought resistant.

Two or Three Vines for a Family

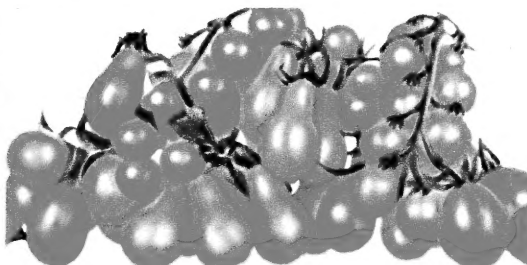

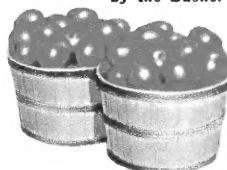

Two or three vines will produce enough fruit for an average family. It is not uncommon to pick more than two bushels of ripe tomatoes from one vine. The increasing demand for seed and the many letters we receive from satisfied customers more than substantiate all the claims we make for this wonderful Tomato. For big yields and tall vines start early and set out as soon as danger from frost is past. (Pkt. 25c) (Jumbo Pkt. 60c) (½ oz. 85c) (Oz. \$1.50), prepaid.

TOMATO MIX

Our Tomato Mix is a scientific blending of over 30 varieties of tomatoes. It includes all the colors, including yellow, orange, white, pink and a preponderance of reds. Early, midseason and late varieties are included.

For the gardener who wants a variety of tomatoes in small quantity, for bearing over the ENTIRE season, we suggest this mixture. (Pkt. 25c).

Have Trip-L-Crop
by the Bushel

SMALL FRUITED TOMATOES

Tests by the U. S. Department of Agriculture show that small fruited tomatoes have 4 times the Vitamin C of regular varieties. 75 days. Following miniature tomatoes are named for their resemblance to fruits. Delicious in salads, as preserves and pickles.

Red Cherry Red Plum Yellow Pear
Red Pear Yellow Cherry Yellow Plum

(Pkt. 20c). Your choice of above varieties.

MIXED SMALL FRUITED: A well balanced mixture of above varieties. (Pkt. 25c) (Jumbo Pkt. 60c) (½ oz. 75c) (oz. \$1.30).

INSTRUCTIONS FOR GROWING EARLIER AND LARGER TOMATOES

How to Ripen 2 Weeks Early

It is easy to grow larger tomatoes with fewer seeds that ripen two weeks earlier and produce a bigger crop by using BLOSSOM-SET.

At least a 60° night temperature is required to make tomato blooms set much fruit and when the temperature gets as low as 50° they will not set at all. BLOSSOM-SET sprayed on the blooms when they first start to open will make them set at low temperatures and will, therefore, produce earlier and more fruit that will be practically seedless. This should be particularly interesting to growers in high altitudes and cool climates. BLOSSOM-SET really produces results and is well worth the little time required to apply. PRICES for BLOSSOM-SET: (4 oz. 85c) (pt. \$1.85), prepaid.

IMPROVED COLOSSAL

Largest of All Tomatoes

90 days. Introduced by us in 1948. The Improved Colossal series are the largest of all tomatoes. The large spreading plants are well branched with heavy foliage, giving adequate fruit protection. The fruits are deep, but flat, and when well grown will average 14 oz., with some weighing as much as 3 lbs. The flesh is thick, meaty and extremely mild. Fine for canning and slicing. Just think of thick, meaty slices of beautifully colored tomatoes up to 6 inches across!

Improved Colossal Crimson. This beautifully colored fruit is a natural for taking prizes at fairs.

Improved Colossal Golden. Equally as large as Crimson, and its deep golden color makes it a suitable companion.

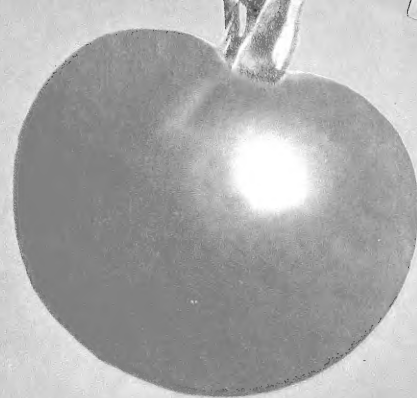

Improved Colossal Red. This brightly colored tomato is slightly smaller in circumference than Crimson and Golden, but is deeper and, therefore equal to them in weight.

Improved Colossal Yellow. Mildest flavor. It is also a little flatter, but is as broad as Crimson and Golden.

PRICES: (Pkt. 25c) (Jumbo Pkt. 60c) (½ oz. 85c) (oz. \$1.50) (¼ lb. \$4.50).

BURGESS' CRACK-PROOF The Perfect Tomato

80 days. The most outstanding Tomato introduction in years. As the name implies, Burgess' Crack-Proof will not crack under average growing conditions and is practically free from cracking under the most adverse conditions. The truly perfect Tomato!

Burgess' Crack-Proof Tomato. Famous the country over. A thrifty second-early variety, which bears over a long period. It bears large sub-globular to globular scarlet fruits that are remarkably smooth and well finished from stem to blossom end. It has little or no objectionable cracks and skin blemishes that sometimes mar tomatoes and cause undue loss of the upper slice or two in preparation for salads and canning.

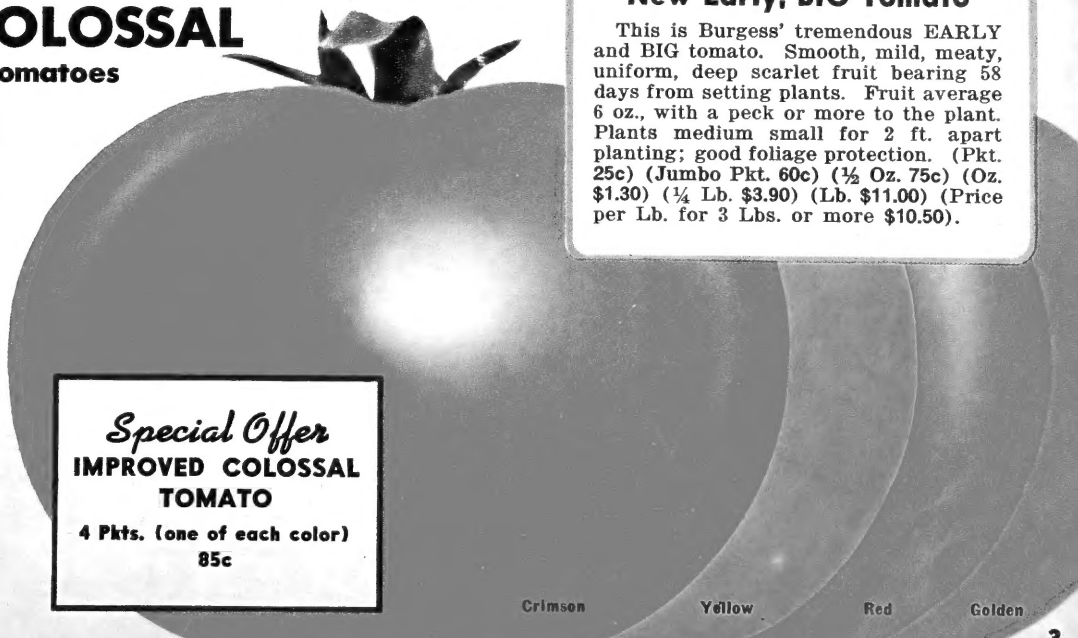

The foliage of Burgess' Crack-Proof is distinct from other large-fruited varieties and remains green throughout a long season, permitting continuous heavy pickings of fruit until the plants are killed by frost in the fall. (Pkt. 25c) (Jumbo Pkt. 60c) (½ oz. 75c) (oz. \$1.30) (¼ lb. \$3.90) (lb. \$11.00). (Price per lb. for 3 lbs. or more \$10.50).

EARLY WONDER

"New Early, BIG Tomato"

This is Burgess' tremendous EARLY and BIG tomato. Smooth, mild, meaty, uniform, deep scarlet fruit bearing 58 days from setting plants. Fruit average 6 oz., with a peck or more to the plant. Plants medium small for 2 ft. apart planting; good foliage protection. (Pkt. 25c) (Jumbo Pkt. 60c) (½ Oz. 75c) (Oz. \$1.30) (¼ Lb. \$3.90) (Lb. \$11.00) (Price per Lb. for 3 Lbs. or more \$10.50).

Crimson

Yellow

Red

Golden

Burgess' Famous ◀ EARLIEST and BEST

68 days. This famous Burgess variety, although not as new as many others here, is continuing to gain in popularity. Its bright scarlet fruits are smooth, solid, meaty, entirely free from core and average 5 oz. A tremendous yield and continues to bear over a long season. It should now be considered a medium-early.

RUTGER'S

82 days. **Wilt-Resistant.** This main-crop tomato is widely grown for green-wrap shipping, canning, catsup and juice. The main features are its ability to ripen from the inside out and the coarse bushy foliage that protects the fruit from sun scald. Our extensive breeding work has made our type outstanding for setting a full first fruit cluster. Fruits will average 6½ oz., are smooth, deep, globe-shaped, mild and bright red.

PRITCHARD (Wilt-Resistant)

72 days. This main-crop variety is very productive and fine for home and market garden, shipping and canning. The light scarlet fruits are globe-shaped, average 5½ oz., have thick walls and are of milder flavor than Marglobe.

SOUTHLAND

80 days. **Wilt-Resistant.** This superb variety holds its foliage well because of resistance to blight. It was developed particularly for the South but is outstanding as a main crop variety anywhere wilt and blight are a problem. The deep red fruits are slightly flattened, globe-shaped and will average 6½ oz. It is suitable for shipping and for the home garden.

MARGLOBE

75 days. **Wilt-Resistant.** A main-crop variety for home and market gardeners, as well as for shippers and canners. Our stock is a special strain. The deep scarlet fruits are uniformly globe-shaped, smooth, solid, and average 6½ ounces.

It ripens evenly from inside out to a uniform scarlet. One of the most widely grown of all tomatoes.

LOUISIANA "All-Season"

70 days. This new tomato is notable as a large-fruited variety that sets fruit well under severe summer conditions in the South which prevent ordinary varieties from yielding satisfactory crops. It is medium early, and long bearing. Large thrifty plants provide ample foliage protection against sun scald. Fruits large, globular (flattened globe) good deep pink, meaty and well flavored.

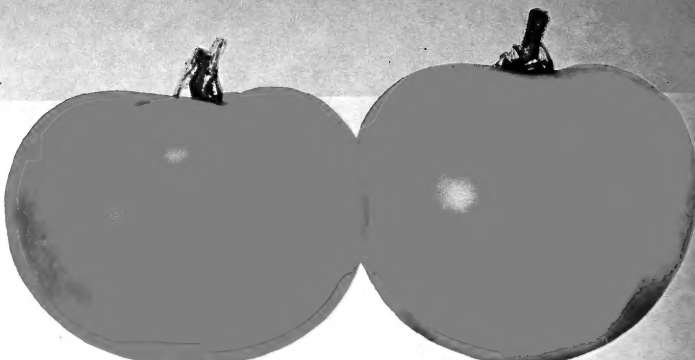

◀ SAN MARZANO

For Tomato Paste—Preserves

75 days. A mild, dry-fleshed Italian variety used extensively for making tomato paste. Also useful for preserves and sauces. The oblong fruits are deep scarlet. Our strain is large fruited, averaging 4 inches long and 1¼ inches across.

BREAK O'DAY

68 days. **Wilt-Resistant.** Used extensively for early market where Fusarium Wilt is present in the soil. The bright-scarlet fruits are globe-shaped, and average 6 oz. It is a good yielder and continues to bear throughout the entire season.

FIRESTEEL

A Large Early One

60 days. Largest fruit of the early varieties. Medium size with fairly dense foliage, giving good fruit protection. The scarlet-red, fleshy fruits are smooth, globular and free from cracking.

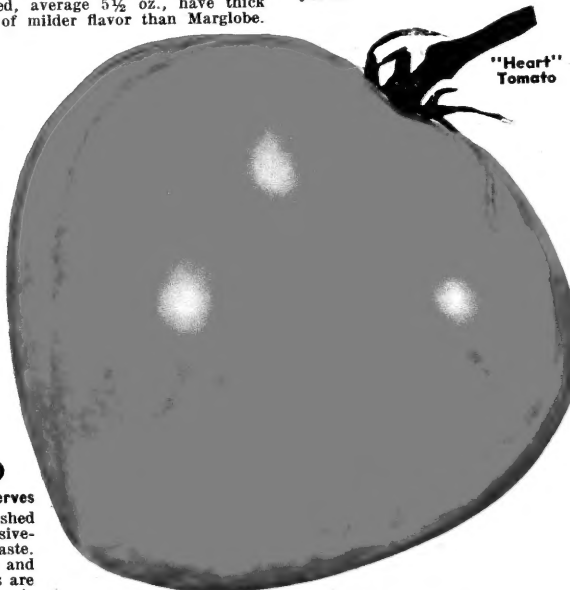

LEMON TOMATO

68 days. An excellent early lemon-yellow tomato about in season with Bonny Best, and heavily productive over a long season. Fruits are of medium size, flattened globe type, smooth and uniformly yellow.

BISON

Can Transplant in Full Bloom

52 days. This variety starts ripening with Early Chatham, but the fruits ripen over a longer season and with slightly green markings around the stem end. Plants may be started early and transplanted to the field in full bloom without retarding their growth, and ripe tomatoes may be picked in less than 52 days. The red fruits are smooth, solid, meaty and of medium size. This variety is one of the few that is recommended for direct seeding in the North.

◀ Large, Pink OXHEART

Smooth, Thick, Tender

95 days. A large heart-shaped tomato that is smooth, thick, tender and almost seedless; frequently showing two inches thick without a seed cavity. Three pound specimens are quite common. A pink tomato with a delicious mild flavor that every lover of this fruit likes. For quality it is unexcelled.

"WISCONSIN 55"

72 days. The fruits are large, smooth, globular, of fine quality and of good scarlet red color. They are notably firm and meaty, with rather small seed pockets. The medium size plants are moderately open in habit and continue to bear over a long season. Suitable for slicing, canning, juicing and green-wrap shipping.

GROTHEN'S GLOBE

68 days. **Wilt-Resistant.** A popular variety for hot climates and well adapted to green-wrap shipping. Resembles Break O'Day, only the fruit is deep scarlet and the plants have heavier foliage, affording better protection from sun-scald. It is a heavy cropper and fruits average 6½ oz.

VALIANT

The Smooth Early

70 days. Smooth, heavy, solid, fine quality, 7 oz. fruit. Valiant is bright scarlet in color and early fruiting with light foliage habit. Especially suited for early market and the home garden. Fine for green-wrap shipping.

WILT-RESISTANT STONE

Bright Red Fruits

84 days. If you are bothered with wilt in your locality, you will be interested in this wilt-resistant strain of the old reliable Stone. The bright red fruits are flattened, globe-shaped and average 6¼ oz. Extensively used for canning and market where Fusarium Wilt is present in the soil.

EARLIANA (Early Strain)

62 days. Our select Early Strain is without question the choicest stock of Earliana on the market. It is earlier, more productive and more uniform than other strains of Earliana. Market and home gardeners will find nothing better for an early, medium-sized, bright-red Tomato. Fruits flattened, globe-shaped and average 5 ounces.

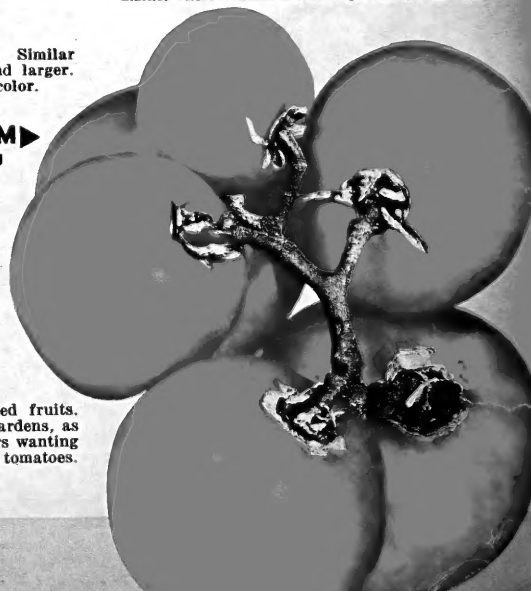

PONDEROSA

88 days. One of the mildest and finest tomatoes. Similar to Beefsteak, only the fruits are a little flatter and larger. They will average 12 oz. and are of purplish-pink color.

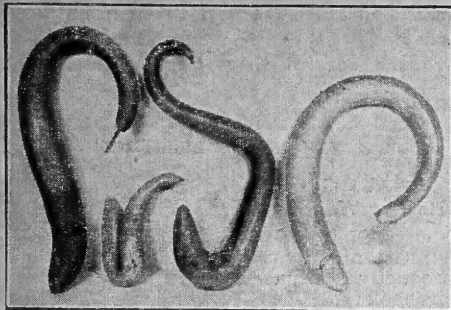

EARLY CHATHAM ▶

Ideal for Direct Seeding

55 days. Introduced by the Upper Peninsula Experiment Station of Michigan State College especially for areas with short growing seasons. It is so early, it is suitable for seeding directly in the garden in the North. The small, compact plants can stand as close as 2 feet apart and are loaded with firm, rich red, medium-sized, globe-shaped fruits. Recommended for home gardens, as well as for market growers wanting a big yield of extra early tomatoes.

NEW GUINEA BUTTER VINE

The "Jack and the Beanstalk" Bean

Grows to enormous size, one fruit often weighing 15 lbs. and from 3 to 5' long. In growth it is similar to the squash, and can be grown in the same manner or trellised up. More productive. The vines are always free from disease and insect pests, and stand neglect and abuse. The fruits should be eaten when small, while the fuzzy growth is yet on. Cook like Squash and fry like Egg Plant. When cut up in small pieces and cooked with cream or fried it is most delicious. "You should recommend them as an ornamental vine. The blooms rival Japanese Iris which they closely resemble, and bloom at a different season. They are night bloomers, too," writes one customer. (Pkt. 15c) (Jumbo Pkt. 35c) prepaid.

FRENCH ARTICHOKE

An oz. of seed will produce about 500 plants.

LARGE GREEN GLOBE

A delicious vegetable which is cultivated for its large flower-heads, which are cooked like Asparagus. It is considered a delicacy

and demands a high price in all better city markets. The plant is a perennial and set in good soil and given slight winter protection of leaves or straw, will remain in bearing several years. (Pkt. 25c) (½ oz. 75c) (oz. \$1.35) prepaid.

PEANUTS

Will Grow and Produce Good Crops in the North

IMPROVED EARLY SPANISH. Just as good. Peanuts can be grown in the Northern States—as in the South. This is the earliest variety grown, and very productive. The pods are small, but remarkably solid and well filled with nuts of the very finest quality. Shell nuts carefully so as not to break inside skin, and plant as soon as ground becomes warm, about 2 in. deep in rows 3 ft. apart, and from 8 to 10 in. apart in the row. (Pkt. 15c) (Jumbo Pkt. 35c) (qt. 95c) (2 qts. \$1.65) prepaid.

GROUND CHERRY

85 days. While it is not a true tomato, it belongs to the same family and is grown in the same manner. The small yellow fruits are borne in husks. They are delicious either raw or cooked, and when dried in sugar, are as good as raisins for cakes and puddings. For preserves and pies they are excellent. Easily grown and prolific bearers. Fruits will keep nearly all winter if stored in a cool place. (Pkt. 20c) (Jumbo Pkt. 50c) (½ oz. 70c) (oz. \$1.20) prepaid.

Plant The Best

"BURGESS' BLIZZARD BELT BRAND"

SEEDS & PLANTS

"Best for All Climates"

Back of every order we ship are 41 years of plant breeding, research and improvement which have enabled us to produce superior pedigreed strains of vegetable and flower seeds that yield larger crops of better quality. Thousands of rich acres are required to grow the hardy Northern bred seeds, bulbs and plants sold by Burgess each year. The Burgess' Seed Breeding Station of 300 acres, located in the heart of the seed growing district near Galesburg, Michigan, is devoted to vegetable seed breeding and stock seed production, and may be said to be the cornerstone of a business based on quality of seed and confidence of satisfied users.

Burgess' Seed Breeding Station is under the direction of Gordon Morrison, nationally known horticulturist, and one of America's most skilled propagators. He and his vegetable seed breeding staff select for seed production those plants that approach perfection in terms of productiveness, hardiness, drought and disease resistance, attractive appearance, superior flavor and texture and nourishing value. Thousands of dollars are spent each year in keeping our seed stocks pure and producing our improved strains. This kind of plant breeding is costly, but is one very important means of insuring gardening success.

Burgess' Seeds are represented by resistant varieties which thrive in the presence of soil-born diseases that destroy ordinary varieties in some gardening areas. As a further contribution toward the gardening success of tens of thousands of our grateful customers, we have devoted the skill of our technical staff and the use of our special equipment to the proper chemical treatment of most varieties of vegetable and flower seeds. This chemical treatment insures clean seeds for healthy gardens.

Free Seed Treatment for Our Customers

Gardening success is known to be assured in large measure by proper chemical treatment of seeds before planting, to destroy germs borne upon the surface of the seeds. These seed treatments are expensive and bothersome, particularly for beginning gardeners who lack knowledge of necessary treatments and how to employ them.

As a service, without added cost to our customers, we commenced the treatment, several years ago, of vegetable and flower varieties known to respond favorably. This has proven of such value to our customers, as expressed in the many letters we have received, that the service has been continued each year since that time, and despite the present high costs of suitable chemicals and the great amount of labor involved, we are giving this free service again this year as usual.

Free "Growth-Starter" for Trees and Bushes

This year for the first time, we are including FREE with all orders for deciduous trees, shrubs, bushes and roses (also Evergreens), a generous supply of a starter solution containing liquid fertilizers, hormones and trace elements that are of great help to newly transplanted materials. This is another FREE Burgess service, which we hope you will take advantage of. It is not necessary to ask for this material. It is sent with your order for the above materials.

The Burgess Guarantee

WE POSITIVELY guarantee all seeds and plants sold by us to be exactly as described in this catalog, and free from disease and insect pests. We also guarantee them to be true to name, and will replace free of charge any that may prove otherwise through a possible error.

We guarantee all seeds and plants to reach you in good growing condition, so it is hereby agreed that if any shipment is delayed or damaged in transit, you will be protected against loss. The life of a plant after it reaches the planter in good condition depends entirely upon conditions over which we have no control, so we cannot be held responsible if later the plant fails. A tree, shrub or other plant is a living organism, as much as a cow horse or man. It breathes, drinks and feeds, and is subject to attacks of disease and insects. Even with Burgess' superior quality seeds and plants, success depends largely upon cultivation, soil and weather conditions. It is agreed that in no case shall the Burgess Seed & Plant Co. be liable for more than the original purchase price. (Your original papers must be returned with any request for change or adjustment in your order.)

FISHING TACKLE

We encourage our friends and customers to look over our Sporting Goods Department on pages 48, 49, 50 and 51. It includes new and unusual items that merit your interest.

BEANS

Our "BLIZZARD BELT BRAND" Beans are the best that can be produced. Our stock is selected with extreme care, and the growing crops carefully rogued several times each season.

GREEN PODDED BEANS

Pkt. plants 25' of row, lb. plants 150' of row.

TOP CROP

"All-America Winner"

49 days. Enormous yields, plus earliness, vigorous growth and general all-around excellence make Top Crop deserve its name. It is fast becoming the most popular bush bean, and should have a place in your garden. Long, round, medium light green, straight, very tender and meaty; you can't say too much for it. Also resistant to mosaic. Wonderful fresh; good for canning and freezing.

WADE

Rich Flavored New One

54 days. This new USDA bean has everything. Fine dark color, wonderful flavor, fine appearance and resistance to mosaic and powdery mildew. Its 5 to 6" pods are straight, smooth, fresh-looking and meaty. Upright vines that keep beans off the ground and clean. Fine for canning and freezing, too.

TENDERGREEN

53 days. This handsome, delicious, fine-flavored snap bean has become the standard of excellence among the early round-pod varieties for home and market gardens, as well as for freezing and canning. The dark green pods are round, slender, stringless, 6" long.

Stringless GREEN POD

52 days. Our strain of Stringless Green Pod is extra choice and more productive than the older strains. Extensively used for home and market gardens. The dark green pods are round, 6½" long, stringless, and of good quality. An old variety, but still one of the very best.

BOUNTIFUL

Very Productive

47 days. Extremely productive and known to yield 1 bu. of pods per 15' of row. Excellent for home garden. The light green pods are 7" long, broad, flat and of delicious flavor.

CONTENDER

54 days. A new dark green, 6" bean resistant to common mosaic and powdery mildew. Good for home garden, market and shipping. Round and long with buff and lightly mottled seed.

Dwarf HORTICULTURAL

53 days. An all-purpose, stringless snap bean. Large attractive green shell beans in about 60 days. 5" pods, splashed with carmine at maturity; seeds light buff, spotted red.

WAX PODDED BEANS

Pkt. plants
25' of row,
lb. plants
150' of row

Early Wonder Wax

CHEROKEE

51 days. Its upright growth, keeping 6" bright yellow, oval fruit high and clean off the ground, make this productive new variety one of the very best. It is thick, crisp, very tender and free of strings. Beans turn yellow early and stay bright and tender longer.

GOLDEN WAX

Improved Strain

50 days. Our Improved strain is more productive than the older type. Widely planted for market, freezing and home gardens. Best of the flat-podded varieties. Pods are 5¼" long, stringless, tender and of fine flavor.

PENCIL POD BLACK WAX

Pods are 6" long, stringless and tender. This productive variety is suitable for freezing and canning.

BRITTLE WAX

or Round Pod Kidney Wax

55 days. Finest quality of the wax varieties. Highly recommended for freezing and canning. The round, golden-yellow pods are 6" long, stringless, free from fiber and of mild, delicious flavor.

EARLY WONDER

40 days. This earliest bean is a bountiful early yielder and continues throughout the season. Plants 18" high. Pods 5 to 7" long, flat, plump, handsome and meaty, of a clear waxy-yellow color, tender, brittle and of fine texture. Rustproof—stringless.

53 days. The leading round-podded wax variety. The round, deep-yellow pods are 6" long, stringless and tender. This productive variety is suitable for freezing and canning.

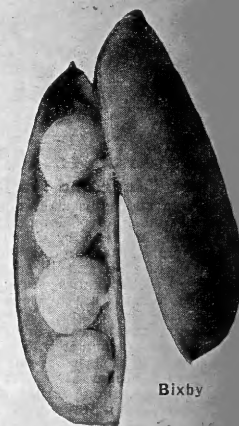

BUSH LIMA BEANS

Pkt. plants 20' of row, lb. plants 125' of row.

BIXBY

Best in Hot Weather

70 days. New disease resistant, highly productive. Lima of Fordhook type, but Henderson size. Compact, dwarf plants, with 2½ to 3" pods containing 4 thick beans. Bright green color makes them ideal for canning or freezing. Stands hot weather better than others.

Bixby

HENDERSON'S

The Earliest One

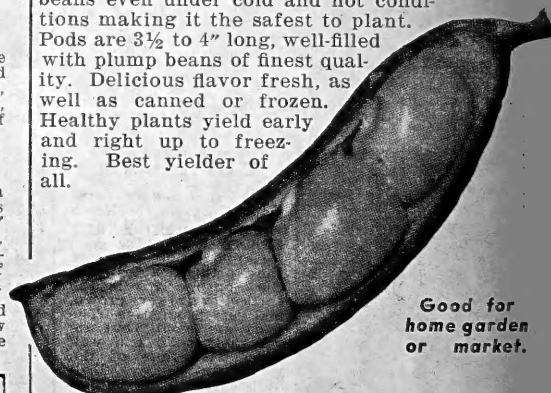

65 days. Improved Bush. The earliest and most productive Lima. Will produce an abundant crop under a wider range of weather and soil conditions than any other variety. Pods contain 3 to 4 small oval beans of the finest quality. Excellent for freezing and canning.

IMPROVED GIANT BUSH

75 days. This home and market garden variety is the largest of the Bush Limas. Most pods contain 4 large, flat, pale-green beans. Suitable for freezing.

FORDHOOK NO. 242

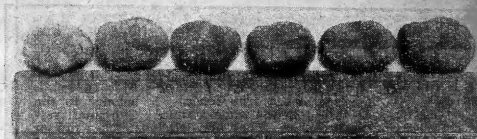

75 days. Unquestionably the finest and deservedly the most popular of all Limas. It sets beans even under cold and hot conditions making it the safest to plant. Pods are 3½ to 4" long, well-filled with plump beans of finest quality. Delicious flavor fresh, as well as canned or frozen. Healthy plants yield early and right up to freezing. Best yielder of all.

Good for home garden or market.

"Frostproof" BROAD BEAN

Survived 24° on Our Michigan Seed Farms

Six Broad Beans laid on a 6-inch ruler to show size.

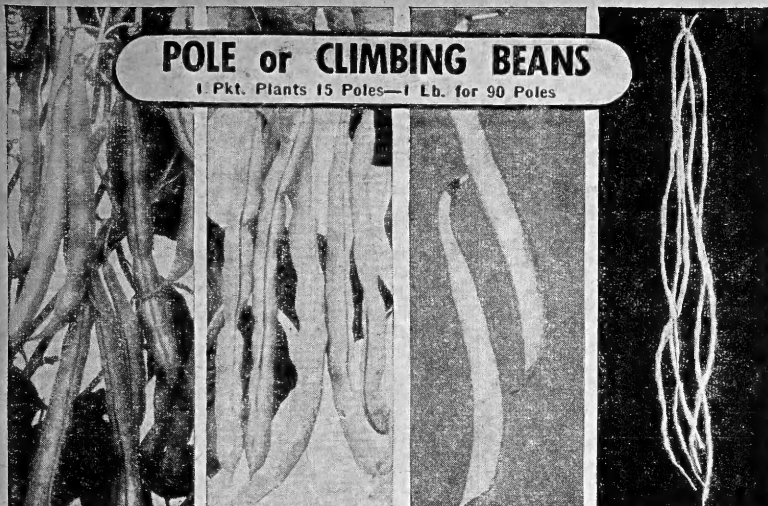

It differs from other beans in that it should be planted early. We plant them here in Michigan as soon as the ground becomes workable, sometimes in March. Plants are hardy and not sensitive to cold. As large as Lima Bean, and same shape. Botanically, it belongs to the bean family, but the flavor is more like that of the pea. Sometimes called Lima Pea.

The plant is a bush of upright growth, about 2½ ft. high, with strong, sturdy stalks. Pods 7 in. long and 1¼ in. wide, flat and straight. Each holds 5 to 7 mammoth size beans. It is wonderfully productive and is delicious cooked either fresh or as a winter shell bean. (Pkt. plants 15' of row. Lb., 100'.)

Burgess Seed & Plant Co., Galesburg, Michigan

POLE or CLIMBING BEANS

1 Pkt. Plants 15 Poles—1 Lb. for 90 Poles

KENTUCKY WONDER

65 days. The finest flavored snap bean grown. The silvery-green pods grow $8\frac{1}{2}$ " to 9" long and are so fleshy they are often greater in thickness than width. They are solid, meaty and very crisp. Bear early and if gathered as they mature will continue until frost.

EDIBLE SOYBEAN

BANSEI. Delicious when eaten green or dry and superior to navy beans for baking. The food value is very high; the starch content low. 1 Pkt. plants 25' of row.

CHESTNUT or Garbanzo Bean

This chestnut-flavored bean is one of the most delicious grown. Forms bush 18" high completely covered with pods. For soup and turkey stuffing it cannot be beat. 1 Pkt. plants 20' of row.

KENTUCKY Wonder WAX

68 days. An ideal pole wax bean for all localities. Similar in habit of growth to the green podded Kentucky Wonder. The 8" yellow pods are so fleshy that often the thickness surpasses the width. Of delicious quality, a heavy yielder and bears a long season.

White-Seeded KENTUCKY WONDER

(Burger's Stringless). 65 days. It combines attractive appearance with productiveness, and for quality it is unsurpassed. Straight, round, dark green pods, 7 to 8 in. long, fleshy, entirely stringless, fiberless, and tender.

YARD LONG BEAN

Pods 3' Long

70 days. An excellent variety, as well as an interesting curiosity. Vines are rampant growers and produce an enormous crop of long, slender, round pods which are of excellent quality for snap beans when young. The round pods have the thickness of a lead pencil and sometimes grow to a length of 3 ft. Very productive, tender and of fine flavor.

POLE LIMA BEANS

KING OF THE GARDEN. 88 days. A vigorous grower, requiring but two vines to each pole. Begins flowering early, at the bottom of the pole, producing a continuous bloom and fruitage throughout the season. Pods are large and beans are of excellent quality, well-formed and mammoth in size. One lb. of this variety will plant about 100 poles.

SIEVA ("Butter Bean"). 75 days. A climbing variety similar to Henderson's Bush Lima. Begins bearing very early and continues to produce until frost; very productive; excellent quality. Should be extensively grown because of its hardness, earliness and long bearing season. One lb. of this variety will plant about 250 poles.

TINY GREEN

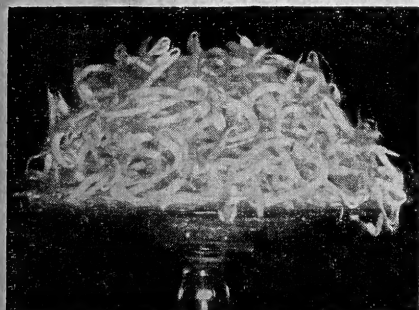

Half the Size and Twice as Tender

58 days. Tiny Green is just what the name implies, a 3 to $3\frac{1}{2}$ " round, straight, stringless and light green bean of amazing tenderness and good flavor. For freezing and canning whole it is unsurpassed. Plants are strictly bush in habit and very productive, coming into bearing just after Tendergreen passes its peak. This is a brand new one. You should try it!

CHINESE SALAD or MUNG BEAN

All-the-Year-Around Salad

A delicious bean that is used for bean sprouts and served in chop suey and salads in the finest Oriental Cafes. Chinese Bean Sprouts are an all-the-year-around salad. Enough for a good sized family can be grown in a small dish or pan in the kitchen in only 3 to 5 days. Grows without soil, sunshine or chemicals of any kind. This bean is unexcelled for soups.

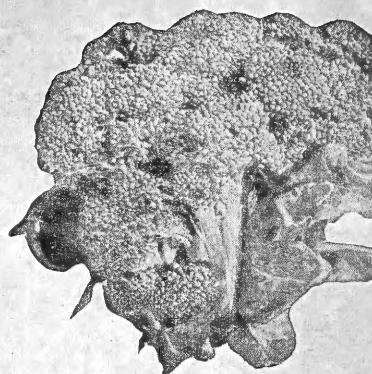

Bean Sprouts Like These in 5 Days

BROCCOLI

One ounce will produce about 2,000 plants

EARLY SPROUTING CALABRESE. A delicious variety, having the combined flavor of Cauliflower and Asparagus. Simply sow the seed in the open ground in the spring and transplant the plants when large enough. The heads or sprouts, when ready to use, are deep green. After the central head.

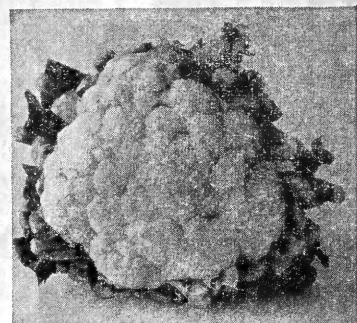

Early Sprouting Calabrese Broccoli is removed, the plant produces numerous branch heads which are fully as desirable as the first head produced. A continuous supply may be had for a long time from a few plants. (Pkt. 15c) (oz. 50c) ($\frac{1}{4}$ lb. \$1.50) (lb. \$4.00) prepaid.

CAULIFLOWER

(Disease-Treated Seed)

One Ounce for 3,000 Plants

EARLY SNOWBALL. Our strain of Early Snowball is extra select and the earliest Cauliflower grown. A very reliable heading variety with rich, snow-white, close, compact heads of the best quality, and usually weighing about 2 lbs. each. (Pkt. 25c) ($\frac{1}{4}$ oz. 80c) ($\frac{1}{2}$ oz. \$1.50) (oz. \$2.50) ($\frac{1}{4}$ lb. \$7.00) prepaid.

Early Snowball

DRY WEATHER, or DANISH GIANT. Our strain of this variety is especially selected to produce self-protecting leaves which protect the heads from the sun and make tying unnecessary. Our strain will stand more adverse weather conditions than any other variety and it may be grown in hot, dry districts where others fail. Large creamy-white heads weigh 2 to 3 lbs. each and about 10 days later than Early Snowball. (Pkt. 25c) ($\frac{1}{4}$ oz. 80c) ($\frac{1}{2}$ oz. \$1.50) (oz. \$2.50) ($\frac{1}{4}$ lb. \$7.00) prepaid.

BROCCOLI-CAULIFLOWER. Hardier and more easily grown than Cauliflower, but cultivated and used in the same way. Heads of large size, creamy-white; delicate flavor. (Pkt. 20c) ($\frac{1}{2}$ oz. 85c) (oz. \$1.60) ($\frac{1}{4}$ lb. \$4.75) prepaid.

GARDEN DANDELION (Improved Thick Leaf)

One Ounce Will Sow 100 Feet of Row

An improved type which should not be confused with the wild Dandelion. It is one of the earliest spring vegetables, and is much prized as a blood purifier and for its other health-giving qualities. The leaves are of a dark green color, but can be blanched by sheltering from light with inverted pots, covering with boards. It remains over winter and is ready for cutting the following spring. (Pkt. 15c) ($\frac{1}{2}$ oz. 60c) (oz. \$1.10) ($\frac{1}{4}$ lb. \$3.00) prepaid.

BRUSSELS SPROUTS

1 Oz. of Seed Makes 2500 Plants

A variety of the Cabbage family, possessing the peculiarity of bearing upon its stem or stalk from 50 to 100 small, compact round heads. Plants are very hardy, are not injured but improved by hard frosts, and are left in the garden or field during the early winter until wanted.

LONG ISLAND IMPROVED. A choice variety grown extensively by market gardeners. Plants are 20" tall, and are well filled, nearly the entire length of the stalk, with solid sprouts measuring $1\frac{1}{4}$ to $1\frac{1}{2}$ inches in diameter. (Pkt. 15c) ($\frac{1}{2}$ oz. 45c) (oz. 75c) ($\frac{1}{4}$ lb. \$2.00) (lb. \$5.50) prepaid.

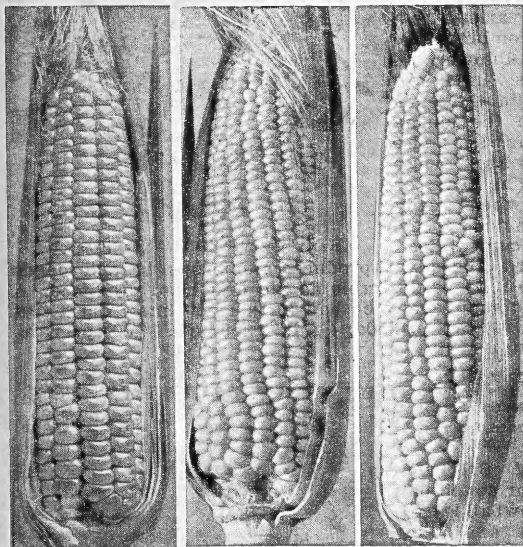

Long Island Improved

Burgess Seed & Plant Co., Galesburg, Michigan 7

HYBRID SWEET CORN

1 Pkt. Plants 30 Hills or 100' of Row: 8 to 10 lbs. per Acre. The Hybrids are superior to open-pollinated varieties. They are more vigorous, uniform and productive and have better quality.

Spancross

Tendergold

G. Cross Bantam

SPANCROSS

The Earliest One

64 days to table. Very early hybrid highly resistant to bacterial wilt. So hardy and cold resistant it may be planted earlier than most. 5 ft. tall. Ears are 6½ in. long, slender and well filled with 10 to 12 straight rows of delicious golden-yellow kernels.

TENDERGOLD

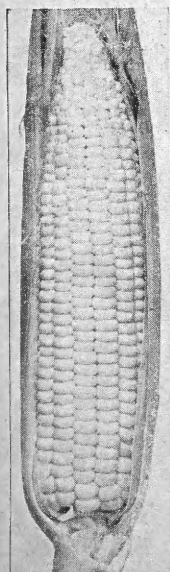

As Good as Its Name

72 days to table. A cross of Purdue Bantam and Golden Sunshine. Highly resistant to bacterial wilt or Stewart's Disease. Stalks sturdy and bear attractive, 7½-in. ears with 12 to 16 straight full rows of tender, sweet, golden-yellow kernels. A superb variety for home gardens, and commercial canning.

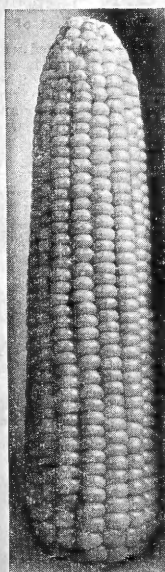

GOLDEN CROSS BANTAM

Most Popular of All

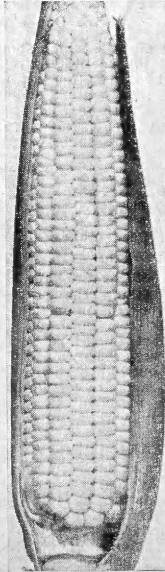

80 days to table. Superb for home gardens. Attractive uniform ears of top quality, and high yields. Plants large and thrifty, often produce 2 to 3 ears. Ears 8 in. long and filled compactly with 10 to 14 straight rows of tender, sweet, delicious kernels.

Ioana

Aristogold

Iochief

Aristogold

Bantam EVERGREEN

87 days to table. Golden ears are 16 to 18 rows, 9 to 10 inches long, with clean stalks 8 to 9 feet tall. It has yielded as much as ten tons of snapped ears per acre under favorable conditions and is resistant to ear worm, smut, and hot weather. Don't let the size mislead you, as the corn is strictly first class, and compares in tenderness and flavor with the smaller varieties.

IOANA

A Tempting Yellow

84 days to table. The main crop variety for canning and the market garden. A luscious tempting yellow, with medium depth, narrow, tender and juicy kernels. A standard of excellence the country over.

IOCHIEF

The Drought Tolerant Corn

89 days to table. One of the most highly productive of the new hybrids, with longer ears and a superior flavor. This main crop sweet corn is ideal for canning and market. Its golden, deep and uniform rows of kernels make it one of the most attractive, as well as delicious. Keeps in edible condition longer during hot weather than any other.

"All-Season"

CORN COLLECTION

Here are the 4 best Hybrids, each a different maturity. By planting all 4 you get corn from early to late—all season.

SPANCROSS

TENDERGOLD

GOLDEN CROSS BANTAM

ARISTOGOLD BANTAM EVERGREEN

(1 Pkt. of each, all 4, only 65c)

(1 Jumbo Pkt. of each \$1.45) (1 Economy

Pkt. of each \$2.50) all prepaid.

STOWELL'S HYBRID

The White One

100 days to table. Here is the leading white sweet corn for home and market in hybrid form. A highest quality late variety with white, medium wide but deep kernels of good quality and delicious sweetness.

Medium Early MARCROSS

75 days to table. One of the earliest hybrids that is very popular with market growers and home gardeners. A wilt-resistant type, it makes fine quality ears, with light creamy-yellow, deep and uniform kernels.

Open Pollinated SWEET CORN

Carefully Bred Northern Seed Unexcelled for Earliness and Dependability.

1 pkt. plants 30 hills or 100' of row: 8 to 10 lbs. per acre, with exception of Country Gentleman, which requires only ½ as much seed.

BURGESS' EARLIEST GOLDEN

62 days. 10 to 12 days earlier than Golden Bantam, hardy and can stand early planting. A wonderful yielder when planted on good soils. Market gardeners will find no equal among the yellow corns for extremely early planting. Plan on planting some of this variety and be the first to have yellow corn in your locality. Ears 6 to 7 inches long, with 12 rows of tender golden kernels.

Early Saskatchewan

62 days. Quality superior to that of most varieties of extra early Corn; extremely hardy; can be planted early, withstanding cold, wet weather to a wonderful degree. Ears 6 to 7 inches long; 8 rows; kernels pure white, sweet and tender.

Country Gentleman

95 days. The standard of excellence in late white. Dependably productive and best in extremes of heat and drought. Plants very large, often bear two or more large ears; yields heavy tonnage of forage. Ears about 8" long. Kernels white, sweet and tender; very long, slender, shoe-peg shape; closely packed in irregular rows.

Stowell's Evergreen

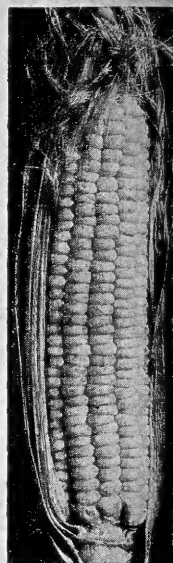

98 days. We have a fine strain of this standard late variety and it is recognized everywhere as the best type of its class. The large ears are 9" long with 16 rows of deep, white kernels. It is hardy, productive, sweet and tender, and remains a long time in cooking condition.

Golden Evergreen

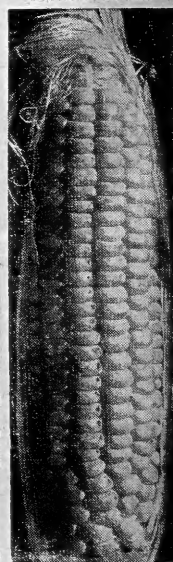

90 days. Best late yellow variety. A cross between Stowell's Evergreen and Golden Bantam, possessing all the splendid qualities of both. Same color as Golden Bantam, with an added sweetness and superior flavor. Ears 8" long, with 12 to 14 rows of kernels.

Golden Bantam

75 days. Popular early Sweet Corn; sweet, rich and delicious. Ears 6 to 7 inches long, with 8 rows of kernels which are of a creamy-yellow color. It is suited for extra early and later plantings.

2 "New and Unusual" SWEET CORNS

AUNT MARY'S

Better Flavor—More Tender

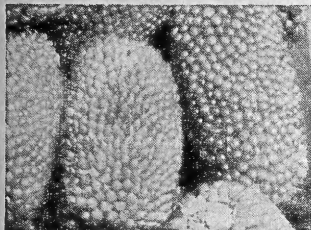

Aunt Mary's is matchless in every respect. It grows stronger, has a better flavor, is more tender and stays in the roasting ear longer than any corn known—besides being sweeter. That's what they say about it. It ripens over a long period, giving you time to pick or can it. Large plants, most with two big ears with straight rows and deep tender white kernels.

GOLDEN MIDGET The Tiny One

Its tiny 4" ears are the sweetest and earliest of all. Truly amazing flavor. 30" plants mature in 60 days. Midget size, wonderful for canning and freezing whole.

Grow Your Own POPCORN

Plant 5 to 6 lbs.
per Acre

Hybrid Australian Hullless

Hybrid Australian Hullless

85 days. Here is the last word in Pop Corn, far surpassing standard Australian Hullless in yield and popping expansion. Records show 16% greater yield per acre. Its most amazing feature is apparent when the corn is popped, for it expands to a surprising volume (measuring 29% more than ordinary Australian Hullless).

Hybrid South American Giant

92 days. Pops larger, more tender and better flavored kernels than the Standard South American Giant. When popped, the kernels are creamy white and are nearly hullless.

It is earlier than standard South American Giant and can be planted earlier as it is cold resistant. The long roots go deep into the soil and will withstand drought and high winds better than any other variety.

Australian Hullless

85 days. Also known as Tom Thumb and Bumble Bee. A heavy yielder of little short ears, nearly as thick as long. Its crowning merit is its popping quality, fine flavor and absence of hull or shell.

South American Giant

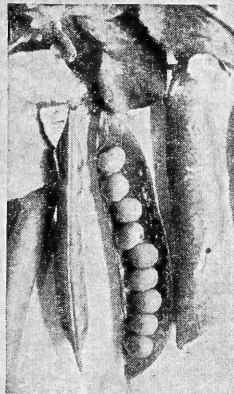

95 days. The kernels are deep orange in color, extra large and smooth. When popped, they are larger than any other standard variety and are of a rich creamy yellow color.

Black Beauty

82 days. Ripens earlier than any other variety, yet the ears are large in size and the yield is as heavy as that of any of the later sorts.

NORTHERN-GROWN PEAS

1 Jumbo Pkt. Plants 25' of Double Row—120 to 180 lbs. per Acre

Laxton's Progress

LAXTON'S PROGRESS

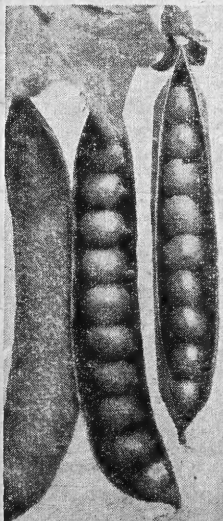

63 days. The largest podded of the Laxtonian family and the leading early shipping variety. Fine for canning and freezing. Vines dwarf. Pods dark green, 4½ inches long, and contain 7 to 9 large, dark green peas of the best quality.

Inoculation

of seed hastens maturity, increases the yield and enriches the soil. Nod-O-Gen Inoculator good for Beans, Peas and Sweet Peas. Sufficient for 6 lbs. of seeds, 15c, postpaid.

WYOMING WONDER (Mammoth-Podded).

74 days. Wilt-Resistant and one of the most valuable main-crop varieties. Used extensively for freezing, canning and home garden. Vines semi-dwarf. Pods dark green, 5" long, and contain 8 to 10 mammoth sized, dark green peas of exceptionally fine flavor. Extra sweet and tender.

Wyoming Wonder

Burgess' Famous DROUGHT-PROOF PEA

(Wilt-Resistant)

Laughs at Drought, Smiles at Rain

(See Front Cover for Color Photo)

BURGESS' Drought-Proof. 70 days. Will do well under a wider range of weather and soil conditions than any other variety. It will grow a crop during the driest, hottest summer months, at a time other varieties would be a failure. If it rains and the soil is kept moist, it will produce as large a crop as any variety we know of; if it doesn't rain, and it gets hot and dry, you will get a crop anyway. Vines medium height with stout, fleshy stems that can take the dry weather and keep the pods up off the ground. Pods medium green, 4¼ inches long, and contain 7 to 9 large, sweet and tender peas.

ALASKA (WILT-RESISTANT)

56 days. Standard extra-early, smooth-seeded variety. Used extensively for canning and early planting. Vines medium height. Pods light green 2½ inches long, and contain 6 to 8 small, round, light green peas of fair quality.

PREMIUM GEM

64 days. One of the finest home garden peas; good for canning and wonderful for eating fresh. Dark green, medium early, highly productive, with 20" vines, holding a heavy set of pods containing 6 to 7 peas of excellent quality.

AMEER (WILT-RESISTANT)

Earliest Large-Podded Pea

58 days. A money maker for the market gardener and fine for the home gardener wanting a Large-Podded Alaska. Produces a heavy crop and may be harvested all at one time. Vines medium height. Pods medium green, 3½ inches long, and contain 7 to 8 large, smooth, light green peas of good quality.

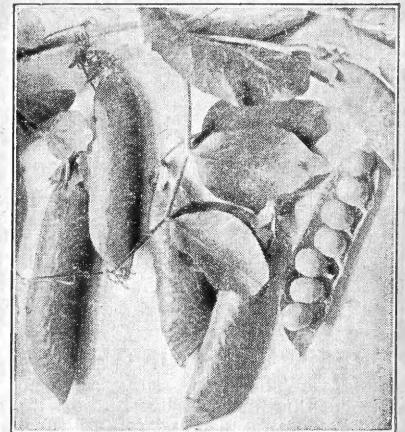

EDIBLE-PODDED PEAS

(Cook Like Snap Beans)

Edible-podded or Sugar Peas are picked when the peas are partly grown. They are prepared like snap beans and have the sweetness and flavor of fresh green peas. When the peas become larger, they are shelled and eaten as regular peas.

Dwarf Gray Sugar (Wilt-Resistant). 62 days. The earliest of the edible-podded peas. Vines dwarf. Pods light green, 3 inches long and unusually sweet and tender.

Mammoth Melting Sugar (Wilt-Resistant). 72 days. This is the best of the large, flat, edible-podded varieties. Vines tall. Pods light green, 5 inches long and ¾ inch broad. Sweet, tender and of delicious flavor.

Thomas Laxton

THOMAS LAXTON (Dark Podded)

62 days. One of the sweetest and finest home garden varieties. Excellent for freezing, shipping and canning. One of the most productive peas. Vines tall. Pods very dark green, 3½ inches long, and contain 6 to 8 large, dark green peas of choicest quality.

ALDERMAN OR DARK-PODDED TELEPHONE (Wilt-Resistant)

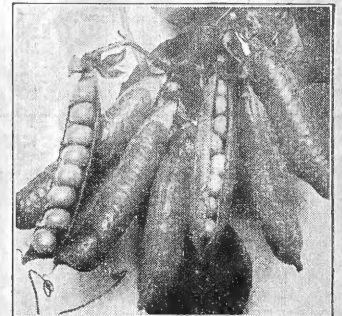

74 days. A large podded, main-crop variety. Fine for the home garden, shipping and freezing. Vines tall. Pods dark green, 4½ inches long, and contain 8 to 10 large, dark green peas of excellent quality. Extra sweet.

DWARF TELEPHONE (Wilt-Resistant)

75 days. A productive main-crop variety for home gardens and shipping. Vines dwarf. Pods light green, 4½ inches long, and contain 7 to 10 large light green peas of excellent quality.

LITTLE MARVEL (Finest Early Variety)

64 days. The surest to produce a big crop of exceptionally fine quality peas. Used extensively for early shipping, freezing and canning. Vines dwarf. Pods dark green, 3 inches long, and contain 7 to 8 large, dark green peas of exceptional quality and flavor.

BEET SEED

1 Oz. Plants 100' of Row

GREEN TOP BUNCHING

58 days. The leaves stay a glossy green on this fine new beet. Roots are round, smooth and blood red and flesh is very fine and with a low fiber content. Most attractive beet of all; perfect for "greens."

DETROIT DARK RED (Perfection Strain)

60 days. The leading main-crop variety. The color is deep blood-red with indistinct lighter red zones. The roots are globe-shaped, smooth and uniform, with small tap root. Free from woodiness until the beets attain their full size.

BABY BALL Perfect Little Beet

62 days. A beautiful beet for early spring, summer and fall use. Unsurpassed for canning and pickling whole because of its small size, uniform shape (nearly round), excellent quality, smoothness and beautiful deep crimson color.

EARLY WONDER BEET

57 days. Our market gardeners' strain of this variety is valuable to market growers as a first early variety. It is so uniform in growth that the entire crop can be lifted at one time. Tops small, roots flattened, globe-shaped with small tap root. Flesh deep purplish-red with little zoning.

BEST BEET GROWN BURGESS' "SPECIAL" DETROIT (Short Top Strain)

58 days. This is an improved strain of Detroit Dark Red Beet which is a few days earlier, extra deep dark red throughout and more uniform in shape and color than our standard strain. It is of the very best quality and unequaled for either home garden or market, and without doubt the most valuable variety of beet offered.

SWISS CHARD

GIANT LUCULLUS. 60 days. Grown for its large, tender leaves and leaf stalks. Leaves grow to a length of 2 to 2½ feet; stalks are nearly as thick and broad as Rhubarb and never get tough. By picking off the large outside leaves, as wanted, more continue to grow and keep right on growing until killed by severe frost in the fall. The whole leaf can be used for greens, or the leaf stalks can be cooked like asparagus. Also extensively used as a green feed for poultry.

SUGAR BEET or MANGEL

1 Oz. to 100' of Row; 5 to 6 lbs. Per Acre

MAMMOTH LONG RED—Heaviest cropping Mangel. Roots 2' long, ½ to ¾ above ground for easy harvesting. Skin bright red, flesh white veined pink. Good keeper.

GIANT HALF SUGAR—An early favorite Mangel with white flesh, sugary.

SUGAR BEET & MANGEL PRICES: (Oz. 15c) (¼ lb. 40c) (lb. \$1.30) (Price per lb. for 3 lbs. or more of a Variety \$1.10)

and of high nutritive value. Big yielder. **GOLDEN TANKARD**—Quick to mature, big yielding Mangel for poor land or good, Yellow flesh.

KLEIN WANZLEBEN—Leading sugar beet, high in sugar content and enormous yielder. Good keeper.

CHICORY—(French Endive)

One Ounce to 200' of Row

WITLOOF CHICORY. A delicious salad, served like lettuce. Sow seed in open in spring or early summer. You can top the roots in fall, set them out in boxes of sand in cellar and have fresh, crisp home-grown salad all winter. (Pkt. 15c) (oz. 65c) (¼ lb. \$1.95)

ASPARAGUS CHICORY. Tender sprouts can be served hot or cold, also can be blanched like celery. (Pkt. 15c) (½ oz. 40c) (oz. 75c) (¼ lb. \$2.25)

MAGDEBURG or COFFEE CHICORY. The large roots, when roasted and ground make a delicious drink, somewhat like coffee. Leaves make fine salad. (Pkt. 15c) (oz. 50c) (¼ lb. \$1.50)

Witloof Chicory

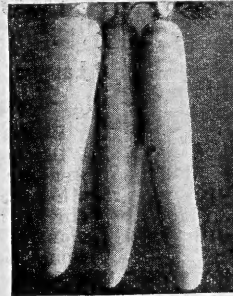

10 Burgess Seed & Plant Co., Galesburg, Michigan

CARROT SEED

1 Oz. Plants 200' of Row
2 to 4 Lbs. Per Acre

TENDERSWEET

80 days. The sweetest of all Carrots. This second-early sort is ideal for bunching. Roots 10 inches long, and only 2 inches broad at shoulder, gradually tapering to a point. Deep orange color, with indistinct core. Fine for shipping and unexcelled for home garden use.

CORELESS NANTES

63 days. Desirable for forcing and one of the best for home garden and market. Roots 7 inches long and 1¼ inches thick; stump-rooted. Flesh bright orange with inconspicuous core and is as "coreless" as a Carrot can be.

IMPERATOR

The 10-Inch Carrot

77 days. An outstanding bunching carrot which is popular with market gardeners. Fine for shipping and for the home garden. Roots 10 inches long, smooth and uniformly tapered to a semi-blunt end. Flesh rich orange color, extending to center of root, with indistinct core; fine grained, tender and of best quality.

DANVER'S HALF LONG

75 days. Adapted to all soils and enormously productive; 5 to 6 inches in length; flesh very tender and sweet; rich-orange color; fine grained and free from woody fibre.

CHANTENAY, RED CORED

70 days. A popular early bunching carrot; also suitable for storage. Roots are 5½ to 6 inches long and 2¼ inches in diameter at the shoulders. Very smooth, deep orange in color, tapered and stump-rooted.

IMPROVED LONG ORANGE

85 days. 10 to 12 inches long; smooth and of rich orange color. An excellent keeper. Fine quality for table use. Also planted extensively for stock feeding on account of its high yielding qualities and food value. Succeeds best in light soil.

OXHEART

80 days. A good variety to grow on soils too hard and stiff for longer-rooted sorts. Root short and thick, nearly as thick as long but of good size and excellent quality.

CHANTENAY LONG TYPE

70 days. A selected strain of Chantenay for the market gardener. More suitable for bunching and shipping than the standard sort. Carrots are smooth, cylindrical, stump-rooted, with small tap root; red-orange in color, with indistinct core. They average 7 inches in length and 2 inches in diameter at the shoulder. They are of the highest quality, tender and of excellent flavor.

POULTRY CABBAGE—Chinese Chokurei

A wonderful green feed for poultry known to yield 3 tons in 40x60 feet. Sow from early spring until the middle of July. In the South throughout the year, or from July to

September for main crop. Sow in rows 24" apart, allowing 2" between the seed. Feed when 4" high, pulling out alternate plants. Thin until plants are 1' apart. These should make heads of 5 to 7 lbs. in 70 days and may be fed immediately or allowed to stay in ground until cold weather. These heads may be fed whole as they are very tender and 100 per cent edible. Chopping is not required even for young chickens. Will not discolor the yolks of eggs. (Pkt. 10c) (oz. 40c) (¼ lb. \$1.10) (lb. \$3.20) (Price per lb. for 3 lbs. or more \$2.80) prepaid.

CABBAGE SEED

Days Indicated are from
Plant Setting to Maturity
1 Oz. Makes 3000 Plants
—1/4 Lb. Per Acre

All Burgess Cabbage Seed is Treated
Against Seed-Borne Disease

GOLDEN ACRE

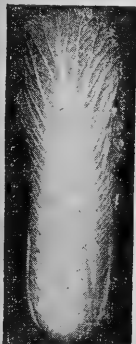

62 days. (Special Strain). Heads hard and solid, about 4 lbs., and 6 to 7" in diameter. Stand well without bursting and may be shipped long distances. Plants are small and compact, with few outer leaves. Suitable for late planting as well as early.

JUMBO or Large Late Drumhead

Largest of All Cabbage

107 days. Only a week later than Danish Ballhead and the largest cabbage grown. On good soil very few heads will weigh less than 12 lbs. Heads flat, rounded at top; very solid; sure to head; excellent keeper.

CHINESE or Eat Like CELERY CABBAGE

Michihli

A most delicious vegetable which combines the rich celery flavor with that of the cabbage. Can be cooked or eaten raw like celery. Makes as good salad as the finest head lettuce. The mid-ribs can be cooked like asparagus, and for cole slaw no other cabbage compares with it. It is extremely productive, easily grown and unexcelled for fall to early winter use from seed sown directly in the garden in mid-summer.

CHIHILI (Improved Peking)

The first Chinese Cabbage and still preferred by many. Heads are 19" to 20" in length and 3 1/2" to 4" thick;

solid, white, very crisp and tender and very good quality.

MICHIHLI—Newest and Finest

A new and far superior type with attractive dark green leaves that fold closely together and blanch pure white inside. Tender, crisp and sweet. Earlier than Chihli, much more uniform and better in every way.

Burgess' LIGHTNING EXPRESS

Be First With This Early One

59 days. The perfect Home Garden Cabbage because of its extreme earliness, fresh delightful flavor and compact growth. Heads are pointed, firm and solid, with few outer leaves, thus permitting much closer planting in the garden. Although slightly smaller than Jersey Wakefield, it is just as productive and is good for the extra early market, too. For the gardener who has the least space we suggest this outstanding Burgess variety.

EARLY JERSEY WAKEFIELD

62 days. The standard early cabbage—and very productive. Heads weigh 2 to 3 lbs. each, are conical or pointed, solid and of very best quality. Makes a compact growth, with few outer leaves.

Popular COPENHAGEN MARKET

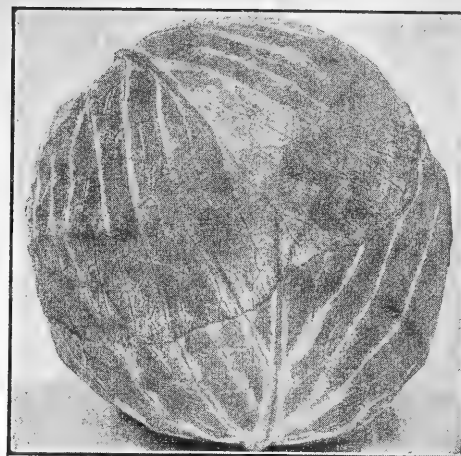

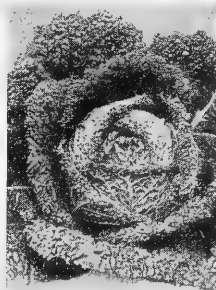

70 days. One of the most valuable varieties for the home garden and one of the most profitable for market gardeners. With the exception of Golden Acre, it is the earliest round-headed Cabbage. When ready for cutting, Copenhagen Market is the heaviest of the extra-early varieties and is as good, in its class, as the old favorite Danish Ballhead. The stem is short; the head is round and solid, averaging 5 pounds or more, and uniform in shape and size. A vigorous grower and an excellent keeper. The heads all mature at one time, and will stand well without bursting.

SAVOY CABBAGE

The Dark Green Odorless Cabbage CHIEFTAIN

90 days. Savoy Chieftain excels all other cabbages in flavor. The crumpled, dark green leaves are more tender, milder, sweeter, have less of a cabbage odor, and the vitamin content is higher than in the smooth-leaved varieties. Heads weigh 5 to 6 lbs. and are almost round.

DANISH BALLHEAD

Most Popular Winter Cabbage

100 days. The most popular cabbage for winter. It is fine grained, tender and crisp. The round heads average 6 1/2 lbs. and are so hard and solid that they will weigh one-fourth more than other varieties of equal size, and will stand shipping better than other sorts. It is not necessary to dispose of the crop in the fall if market prices are not satisfactory. The crop can be stored just as safely as potatoes and they will be just as solid in the spring as when put away in the fall.

MAMMOTH RED ROCK

95 days. Largest and best red cabbage. The solid round heads are red throughout. Sure cropper; used extensively for salads and relishes.

YELLOWS-RESISTANT CABBAGE

Cabbage Yellows or Fusarium Wilt is a disease that is soil-borne, and is not, therefore, controlled by seed treatment. We, however, treat our Yellows-Resistant varieties against seed-borne diseases for double security. If there is any danger of the Yellows disease, by all means plant these strains.

RACINE MARKET

68 days. Early, round and uniform 7" deep, solid heads. Good quality. Similar to Copenhagen Market, but resistant to yellows.

YELLOWS-RESISTANT GOLDEN ACRE

64 days. Highly resistant to Yellows; otherwise the same as Golden Acre.

MARION MARKET

80 days. (Wisconsin Copenhagen.) This Yellows-Resistant strain of Copenhagen Market is larger and 10 days later than our regular strain.

WISCONSIN HOLLANDER

Yellows-Resistant Ballhead

110 days. Disease-proof variety of the Danish Ballhead type. In addition to its ability to resist Yellows, has all the good qualities of the old Danish Ballhead, and will weigh 1 1/2 lbs. more.

WISCONSIN GOLDEN ACRE

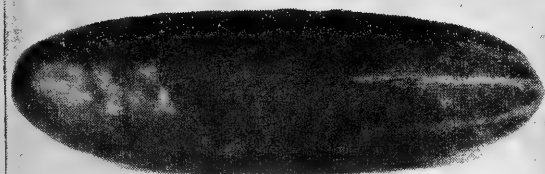

The Earliest Round Head

59 days. A fine, round resistant strain of Golden Acre, and earlier. Finest for the home garden and market. Several plantings made at two-week intervals will keep you supplied throughout the season.

CUCUMBERS

One Ounce of Seed for 100 Hills—2 to 3 lbs. to the Acre. We grow our own seed and all of it is treated for disease for you—an added Burgess service.

EARLY MICHIGAN

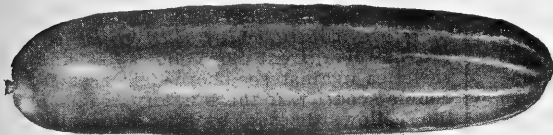

The Earliest Slicing Cucumber

54 days. This famous Burgess introduction is our most popular slicer, and ready for slicing in only 54 days. It is an Early Fortune type, the dark green fruits being slim with well-rounded ends, and averaging 7" long. Good for pickles as well as slicing, as a great many fruits set at one time. Its ability to continue bearing over a long period makes this variety ideal for the home garden, as well as for the early market.

LEMON CUKE

Sweetest—Finest Flavor

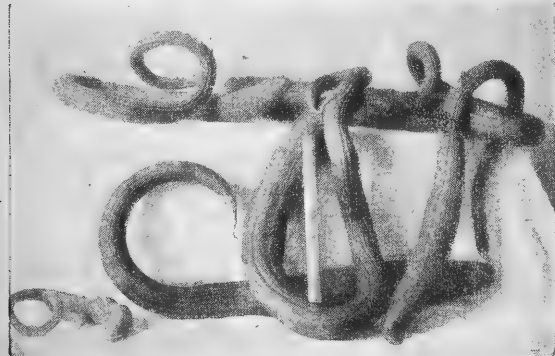

64 days. A real Cucumber, similar in size, shape and color to a lemon. Sweeter than others and by many it is considered to be the finest flavored variety. Highly esteemed for pickling, either green or ripe, and for slicing just as the fruits are turning yellow. Rust and drought resistant. Produces a big crop almost regardless of weather and soil conditions.

"Early Surecrop" HYBRID

The Early and Late Cucumber

60 days. Here at last is an all-purpose Cuke that comes into bearing early, stays on in perfect condition very late, and is good for pickling and slicing. It is the best new cucumber in over a decade and the only one ever to get an All-America Award. Its 8", deep green, blunt-ended fruits have a very small seed cavity. It is smooth, crisp and deliciously fresh for longer than others. Resistant to mosaic and downy mildew, too, and because of its long-season bearing, it is a tremendous producer. All in all, you just can't beat it. (Pkt. of 30 seeds 30c) (Jumbo Pkt., 90 seeds 75c) (½ oz. \$2.50) (oz. \$4.50).

Serpent or Snake Cucumber

This curious Cucumber resembles a green snake. The long, slim fruits coil into most realistic serpent-like shapes. They are usually 2 to 3 feet in length, sometimes attaining a length of 5 feet. See the above photograph, showing six of the cucumbers and a one-foot rule, to show the comparative size.

A & C or COLORADO

Bears Over Long Season

68 days. This extremely dark green cucumber holds its color well and is practically free from white stripes. Fruit is 2½x9 inches in size and tapered at both ends. It bears over a long season and is fine for shipping and the home garden.

MARKETER

The Leading Shipper

65 days. This very uniform and prolific bearer has earned its way as "the leading shipper." Fruits are dark green, 2½x7¾ inches in size and slightly tapered at each end. It has practically no white striping or tipping.

HIGHMOOR

Blight Resistant

64 days. Highmoor not only resists blight, but is one of the most productive of the slicing varieties. Dark green fruits are 2½x9 inches in size with uniform, rounded ends. Very attractive. Ideal for shipping as well as for the home garden. If blight is your problem, be sure to give this variety a trial.

JAPANESE CLIMBING

(Wilt Resistant)

60 days. A good variety to save garden space as the vigorous and healthy vines throw out strong tendrils, enabling them to climb trellis, wire netting or any other suitable support. The most wilt resistant of all. Fruits long and thick, crisp, tender and of good quality. If kept picked, the vines will bear freely all season.

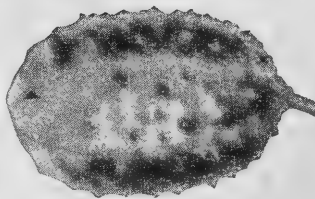

IMPROVED LONG GREEN

Best for "Chunk Pickles"

67 days. Fruits 12 to 13 inches in length. Fine for slicing and whole pickles, but its solid, crisp flesh makes it most popular for chunk pickles. More widely used for this purpose than any other variety.

WHITE WONDER

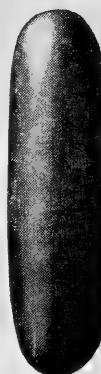

58 days. White at all stages of growth and, when about 3 in. long, make very attractive pickles. The quality is also all that could be desired. If allowed to mature, the fruits are about 7 in. long by 2½ in. thick. Exceptionally mild and excellent for slicing. Bear in great abundance, beginning early and continuing until fall. Especially recommended for the home garden.

West India Gherkin

STRAIGHT-8

For Dependable Yields

Straight-8

64 days. Fruits rich deep green; straight, cylindrical; about 8 inches long and 1½ inches thick. Superb home garden variety for slicing and salad use; good for home pickling; ideal for "Bread and butter" pickles. Fruits streamlined for packing and shipping. Straight-8 has natural capacity for extremely high yields under favorable conditions; plants bear relatively high proportions of fruit-producing female flowers and correspondingly low proportions of non-productive male flowers.

CHINA LONG

2 Feet Long

72 days. This remarkable cucumber from the Orient is of finer quality than any other variety. Fruits 20 inches to 2 feet in length and only 2 inches through. Skin deep green, nearly smooth, the spines being few and small. Flesh white, extremely crisp; the nearest seedless of any variety. Vines vigorous and have shown great ability to produce under adverse conditions as it is mosaic resistant.

5 BEST PICKLING CUKES

EVERBEARING

The Earliest Pickler

52 days. Extremely prolific. If fruits are kept picked, it will continue to bear until frost. Fruits dark green; average 4 to 5 inches in length. Excellent for small pickles.

NATIONAL PICKLING

55 days. Rich dark green, straight, rather blunt at each end. Can be used when quite small or when larger for dills.

HEINZ SPECIAL

56 days. An improved type of pickling cucumber. Highly prized for fancy pickles. Shorter and earlier than Chicago Pickling, and more uniform in size, shape and color.

CHICAGO PICKLING

58 days. The standard pickling variety. Very prolific.

WEST INDIA GHERKIN

60 days. Small, oval-shaped, prickly fruit; used exclusively for pickling; very prolific.

Grow Your Own DILL

Used in making "Dill Pickles." (Pkt. 15c) (oz. 30c) (¼ lb. 65c) (lb. \$1.90) postpaid.

LETTUCE SEED

One ounce of seed to
400 feet of row; 3
pounds to the acre.

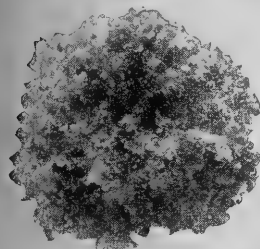

LEAF LETTUCE VARIETIES

Oak Leaf Lettuce

OAK LEAF—with the Butter Flavor Small Thick Leaves

38 days. Oak Leaf is neither a head lettuce nor a true leaf lettuce since it forms a compact deep rosette of small thick leaves that provide the good features of both types. It is earlier than other varieties, and the tender, deep green leaves have the superb butter-type flavor. Plants are still in prime condition until 12 to 14 in. across and weigh up to one-half pound. Will not become bitter in hot weather.

Salad Bowl

SALAD BOWL

1952 All-America
Selection

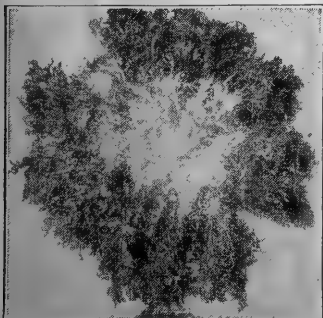

48 days. All the judges recommended this new lettuce. It's a loose-leaf variety with rich green leaves that make the prettiest salad. It stands sun better than Oakleaf and is a faster and larger grower.

CRESS (High in Iron)

EXTRA CURLED (Pepper Grass). Grows rapidly, being ready for use in 30 to 40 days after seed is planted. Fine for salads, garnishing and as a green in sandwiches. Has an agreeable pungent taste. (Pkt. 15c) (oz. 35c) (¼ lb. \$1.00) prepaid.

PERENNIAL UPLAND CRESS. 60 days. Same flavor as Water Cress. Grows on high, dry land. An easily grown hardy perennial that remains for several years without replanting. (Pkt. 20c) (½ oz. 50c) (oz. 90c) prepaid.

PERENNIAL WATER CRESS. 50 days. A hardy plant which will thrive well only when the roots are submerged in water. Can be easily grown in springs or along the edges of shallow running streams. One of the most delicious of all small salad plants. (Pkt. 25c) (½ oz. 70c) (oz. \$1.30) prepaid.

Green Curled Endive

GRAND RAPIDS

43 days. The best loose-leaved sort for forcing under glass and an excellent variety for outdoor planting.

BLACK SEEDED SIMPSON

42 days. A popular curled or loose-leaved sort for early outdoor planting. Used extensively by market gardeners.

EARLY CURLED SIMPSON or SILESIA

42 days. (White seeded.) A very early, hardy and dependable loose-leaved sort. Especially popular for home gardens. Plants large, compact, light lustrous green; leaves broad, frilled, firm, crisp, sweet and of good quality.

Lettuce Bargain

1 Pkt. Beefsteak
1 Pkt. Great Lakes
1 Pkt. Oak Leaf
1 Pkt. Black Seeded Simpson
All 4 Packets Only 50c Prepaid

BEEFSTEAK

PRIZEHEAD. 45 days. One of the best varieties for the home garden. Does not form tightly folded heads, but makes a compact bunch of leaves. The large, crimped leaves are highly colored brownish-red; crisp, sweet, exceedingly tender; and it stands a long time without going to seed.

SLOBOLT

It Stands Longest

42 days. A heat resistant variety of the excellent Black Seed Simpson type that is especially desirable for warm weather culture because it "bolts" to seed much slower than other varieties. Delightfully crisp outer leaves may be picked as plant progresses, thus plant remains dwarf.

CORN SALAD

(Hardy Winter Salad)

Served like lettuce; also for garnishing meat dishes, and can be cooked like spinach. Sow thinly in August or September to supply fresh leaves during the cool fall and winter months. One oz. will plant 40' of row. (Pkt. 15c) (oz. 50c) (¼ lb. \$1.50) prepaid.

COLLARDS

Non-Heading Cabbage

GEORGIA. A form of loose-headed cabbage that succeeds in locations where other cabbages cannot be grown to perfection. In the South it continues to grow all winter. 1 oz. makes 3000 plants. (Pkt. 10c) (oz. 25c) (¼ lb. 65c) (lb. \$1.65) prepaid.

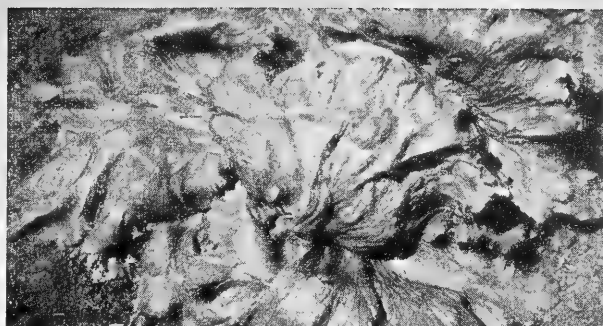

ENDIVE

One Ounce of Seed
for 150 Feet of Row

GREEN CURLED. One of the most refreshing of all salads. May be grown any season of the year. Plants grow 17" across. The leaves are fringed and are a rich green in color; but blanch to creamy white in the center. (Pkt. 15c) (oz. 30c) (¼ lb. 80c) prepaid.

WHITE CURLED. Quite similar to Green Curled, but more easily blanched to pure white in the center. (Pkt. 15c) (oz. 30c) (¼ lb. 80c) prepaid.

BATAVIAN FULL HEART. Foliage broad and flat—deep green leaves with thick midrib, that is exceedingly palatable when well blanched. Stands dry weather best. Unsurpassed for salad when blanched by an experienced gardener, but is more generally used cooked like Kale or Spinach or as flavoring for soups, stews, etc. (Pkt. 15c) (oz. 30c) (¼ lb. 80c) prepaid.

Great Lakes, Most Outstanding of All Home Garden Head Lettuces

HEAD LETTUCE VARIETIES

GREAT LAKES—Best of All Headers

Early Strain. 80 days. This variety is slow to bolt and has the ability to head under the most adverse conditions. It is tipburn resistant with large well-folded protecting leaves. Great Lakes is of the Imperial type developed by the USDA and Michigan Experiment Station and is one of the leading shipping varieties. It produces large solid heads; crisp and tender. Unquestionably the finest head lettuce for the home garden. It is such a sure header under almost any conditions, that no garden should be without it.

NEW YORK, Los Angeles or WONDERFUL

The Largest Header

80 days. This popular head lettuce furnishes fine, crisp lettuce during the hot summer months. The largest variety grown, often producing heads weighing 2 to 3 pounds each, nearly as solid as a cabbage, and inside leaves blanched to beautiful creamy-white. Stands shipping well and remains in good condition longer than other sorts.

COS or ROMAINE LETTUCE →

Paris White. 65 days. The earliest and best of the Cos type lettuce. The plants are of erect growth, forming elongated heads of crisp leaves. It does not need tying in order to blanch the heart, but larger, firmer heads may be had by tying. The outer leaves are medium green and the inner leaves bleach to snowy white. Always sweet and tender and does not become bitter during hot weather. The young leaves may be eaten as leaf lettuce.

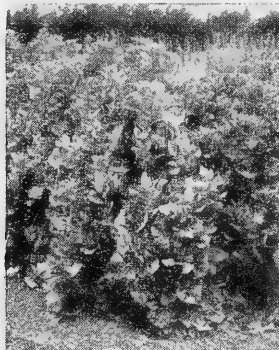

ICEBERG—Crisphead Type

82 days. An easily grown lettuce of the crisphead type; no other variety surpasses it in quality. The heads are of medium size, firm, and hard, exceedingly crisp, juicy, sweet and tender, with heart leaves blanched to almost white.

BIG BOSTON—"Butter-Heading" Type

75 days. A sure-heading, long-standing variety of superb texture, color and flavor for forcing and home garden. Known as a "butter-heading" variety because of smooth delicate leaves and the creamy-yellow heart.

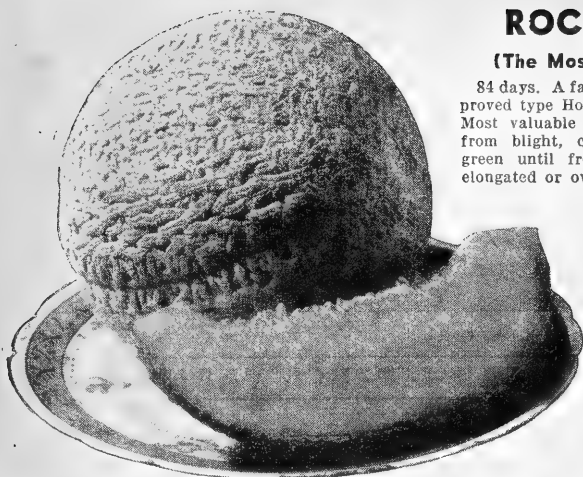

CHICKEN OR RABBIT LETTUCE

Feed All Spring and Summer

The best green feed for chickens and rabbits. In this variety you will find a feed that yields as much or more than other green feeds. It is economical to grow, for when cut it resumes its growth rapidly and can be cut again and again; or the leaves can be pulled off each stem like the Jersey Kale. The yield is extremely heavy. Chicken or Rabbit Lettuce is too coarse for a table variety. Grows 3 to 4 feet high and just loaded with large leaves. Large enough to commence feeding in 40 to 45 days.

Burgess Seed & Plant Co., Galesburg, Michigan 13

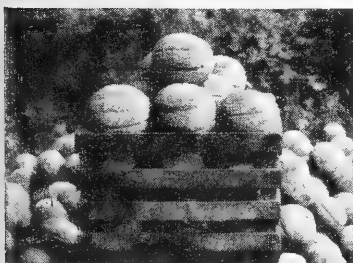

ROCK O'HONEY

(The Most Productive Melon)

84 days. A famous Burgess variety. An improved type Honey Rock, distinctly superior. Most valuable characteristic is its freedom from blight, causing the vines to remain green until frost. The fruits are slightly elongated or oval in shape and will average 5" across and 7" long. The skin remains gray-green at maturity and is well covered with a coarse netting.

The flesh is much deeper than Honey Rock and the fruits are heavy and very solid, making it an ideal shipping sort. Since its introduction, we have been able to fix in Rock O'Honey a high percentage of female flowers. This allows more fruits to set and makes it the most productive melon.

Improved HEARTS of GOLD

90 days. Improved Hearts of Gold, an outstanding Burgess muskmelon, is a great improvement over the old type. It is larger in size, with thicker meat, and has the same superior quality and flavor of the old strain. The fruits average 6x7 in. and weigh 5 lbs. each. Flesh deep orange, extremely thick, fine grained and very sweet and melting.

New! All-America GOLDEN DELIGHT

90 days. A large, broad, oval melon of the Pride of Wisconsin type but larger and earlier. Very thick salmon flesh and finest flavor in its class. Perfect for home garden or local market, but does not ship well. Produces high quality yields under adverse weather conditions.

HALE'S BEST—Special Stock

The Big Money Maker

80 days. Our special stock of Hale's is only a few days later than Lake Champlain. Can be shipped clear across the country or trucked a great distance and reach the customers in the best of condition. One of the best yielding varieties. The large Western melon growers grow more Hale's than any other variety. Fruits are oval, 6½ in. long and 5 in. in diameter; inconspicuous ribbing with very heavy netting. Flesh extremely thick, salmon-orange, sweet and of very fine quality. Our strain is grown in Michigan, and we do not believe there is any question about its being earlier than and superior to any other stock of Hale's.

PRIDE OF WISCONSIN

Delicious—Attractive—Productive

86 days. Our special Michigan-grown strain of this variety is earlier and is extra fine. The oval fruits are 5½ in. across and 7 in. long. They are slightly ribbed and covered with coarse netting. The orange flesh is thick and of fine flavor. Suitable for short distance shipping.

VINE PEACH or MANGO MELON

90 days. Fine for canning, preserves and marmalade. The fruit is about the size of a large peach, and can be used in every way in which a peach can be used, except that it is not usually liked raw. A jar of these fruits cut in halves and cooked in syrup presents a beautiful and tempting appearance. Easily grown in any garden; wonderfully prolific.

MUSKMELON SPECIAL!

1 Pkt. Bender's Surprise 1 Pkt. Lake Champlain
1 Pkt. Imp. Hearts of Gold
All 3. Packets only 40c Prepaid

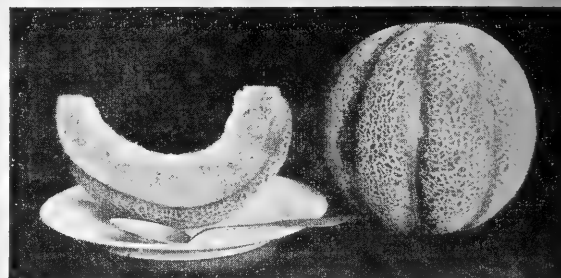

HONEY DEW

Smooth, ivory colored skin; flesh green, thick, tender, and the juiciest and sweetest of all muskmelons. A late melon, requiring 100 to 115 days. Prefers a warm dry climate. A good shipper; will keep good for months, if kept in a cool, dry place. Full grown fruits that do not ripen on the vines before the fall frosts can be picked and will ripen in storage.

MUSKMELONS

One Ounce of Seed for 50 Hills—3 Lbs. per Acre

ALL OUR MUSKMELON SEED IS RESISTANT TO DISEASE AND TREATED FOR YOUR ADDITIONAL PROTECTION.

LAKE CHAMPLAIN—The Earliest One Very Vigorous and Healthy

78 days. Our Special Michigan-grown seed of this variety produces ripe fruits ahead of any other melon, giving you a crop ahead of competitors and netting you the top market price. The flesh is deep, very sweet and melting, of golden yellow color; a medium sized melon; nicely netted. The plant is very vigorous and healthy, setting and ripening melons even under adverse conditions. It is not a long distance shipping melon, but is of high quality and will give you the earliest melons for the local market.

BANANA MUSKMELON

Flesh Almost Solid

92 days. This melon surpasses all others in its delicious flavor: The flesh (the melon being nearly solid) is of a rich salmon. The quality is excellent when the melon is thoroughly ripe. 18 to 36 inches in length; very prolific. Exceptionally sweet, spicy and delicious. Don't fail to try it.

BENDER'S SURPRISE

The Best Large Size Muskmelon

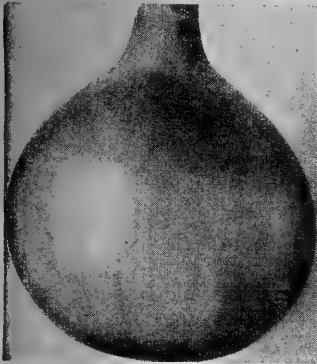

90 days. Exquisitely fine flavor; large size and medium earliness combine to make this melon a great favorite. Many weigh 10 lbs. or more; oval in shape; light green with coarse netting, and turn a golden tint as they mature. Flesh deep orange, very thick and deliciously sweet. Keeps a week after picking, and actually improves in flavor. We know of no other large Muskmelon that will equal Burgess' Special Strain of Bender's Surprise for either the market or the home garden.

Disease-Treated ONION SEED

One Ounce for 200 Feet of Row—4 to 6 Lbs. Per Acre

All our onion seed is treated for you against seed and soil borne disease.

SWEET SPANISH

YELLOW SWEET SPANISH

The Largest and Sweetest Onion

UTAH STRAIN—This globe-shaped Onion is the largest and sweetest variety grown. The flesh is pure white, of very fine grain, crisp, juicy, and so mild and sweet that it is unsurpassed for eating raw. The skin is light yellow. Although of gigantic size, it has a small top, is a fair keeper, and, if allowed to dry thoroughly, will stand shipping. Utah Sweet Spanish is more resistant to thrips and mildew blight than most varieties.

WHITE SWEET SPANISH

The Largest White Onion—Jumbo Strain

Identical in every way to the above described Yellow Sweet Spanish except color, which is pure white. Mammoth in size, solid, crisp, juicy, sweet and mild. The most handsome white onion ever grown.

SOUTHPORT RED GLOBE

The best round red Onion. Keeps well and a good yielder.

Early Yellow Globe

EARLY YELLOW GLOBE

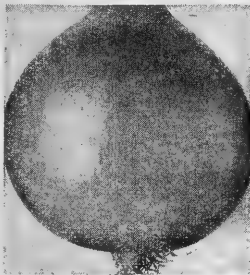

Sure-Crop Onion

Early Yellow Globe is the earliest yellow globe onion. Onions of good size, fine globe shape and beautiful yellow color. As to maturity, it can be put on the market fully two weeks earlier than Danvers or Southport Strains of yellow globe. On several occasions onion crops have been a failure except Early Yellow Globe, which produced a fine crop of good sized onions that brought a price much above market. An enormous cropper and a good winter keeper.

Early YELLOW GLOBE HYBRID

Double-Vigor Onion

The amazing vigor of hybridization has been fixed into this new early onion, resulting in more uniform crops and a tremendous increase in yield. A wonderful addition to home gardening, since it will keep longer, be more productive, yield earlier, and thrive under a wide range of climate. If you were to plant just one onion, this should be it.

Early Yellow Globe Hybrid

YELLOW BERMUDA—EXCEL 986

The "Northern" Bermuda

An earlier, slower-to-bolt Bermuda that can be planted farther North. Highly recommended for South. Heavy yielder of quality onions. An All-America Winner.

SOUTHPORT WHITE GLOBE

This large, round, white Onion is the most widely planted of the white varieties as it keeps well in storage and always brings a fancy price on the market.

SOUTHPORT YELLOW GLOBE

Brigham Strain

This fine strain is superior to the old strains of Southport and is preferred by most growers. Brigham Strain of Southport has better keeping qualities and larger yields. Our seed is grown from large, yellow, globe-shaped bulbs and is extra fine and is a week earlier than standard Southport Yellow Globe.

EBENEZER

The Extra Long Keeping Onion

The flesh is white, firm and of a very delicate flavor. The Onions are quite similar to Yellow Globe Danvers in shape but much larger in size, yellow skinned and have very small tops. Those who want a nice Onion, either for large Onions or bottom sets, would do well to try the Ebenezer. Sets of this variety rarely produce seed stalks as other kinds do. They will keep sound and hard all winter. The best variety for sets and the heaviest yielder.

CRYSTAL WHITE WAX

The Best Pickler (White Bermuda)

This White Bermuda Onion is extra mild and sweet. The onions are medium-large, flat and pure white. Many car loads are grown annually in Texas and shipped North for early Spring use. Also does well in the North. One of the earliest Onions grown, and the earliest of the Bermuda type.

Evergreen White

Evergreen White Bunching

For "Green" Onions

A very profitable home and market garden variety for young or bunching onions. Produces a cluster of 4 to 6 long, white shoots from a single seed in the first season. By drawing the soil up around the plants these tender shoots can be blanched. Winters over well and provides a heavy crop for early spring if planted in midsummer.

PARSLEY

1 oz. to 150' of Row

PARAMOUNT. Extra-triple-curved type of unusually dark green color. When thinned, the plants grow about 12" high and have a spread of 20". The uniform stout stems are ideal for bunching. Highly resistant to tipburn and will not turn brown at edges. (Pkt. 15c) (oz. 30c) (¼ lb. 80c) (lb. \$2.10) prepaid.

MOSS CURLED or TRIPLE CURLED. The earliest variety of parsley. (Pkt. 10c) (oz. 25c) (¼ lb. 70c) (lb. \$1.85) prepaid.

PARSNIP-ROOTED or Hamburg. The fleshy root resembles a small parsnip. Excellent for flavoring soups, stews, etc. Although plain-leaved, it can be used like any other Parsley. (Pkt. 10c) (oz. 25c) (¼ lb. 70c) (lb. \$1.85) prepaid.

Culinary and Medicinal

HERBS

Herbs are both useful and ornamental, and are easily grown in beds, flower borders, rockeries and in the vegetable garden. They contribute flavor to the menu and fragrance to the home. For winter use, cut stalks on a dry day, when not quite in full bloom, thoroughly dry in the shade, and pack in air-tight jars. Varieties marked with an asterisk (*) are perennial.

BASIL. Sweet—For spicy flavoring. (Pkt. 15c) (½ oz. 40c).

***CATNIP, or CATMINT**—For seasoning and animal tonic; also used as tea for nervous headaches. (Pkt. 15c) (½ oz. 60c).

***CHIVES**—For salads and wild onion flavor. (Pkt. 15c) (½ oz. 50c) (oz. 90c). Plants (50c each) (3 for \$1.20) (6 for \$1.95), prepaid.

DILL—For seasoning pickles. (Pkt. 15c) (oz. 30c) (¼ lb. 65c) (lb. \$1.90), prepaid.

***HOREHOUND**—Used for flavoring candy, and tea for coughs. (Pkt. 20c) (½ oz. 60c).

***LAVENDER**—For fragrant sachets. (Pkt. 25c) (½ oz. \$1.50).

MARJORAM, Sweet—Used in soups and salads; also as a tea for indigestion. (Pkt. 20c) (½ oz. 60c).

***ROSEMARY**—For soups and aromatic oil. (Pkt. 15c) (½ oz. 60c).

SAFFRON—For flavoring and coloring. (Pkt. 20c) (½ oz. 60c).

***SAGE, Broad-Leaved**—For seasoning dressings, sausages, etc. (Pkt. 15c) (½ oz. 60c).

SUMMER SAVORY—For flavoring salads, dressings and gravies. (Pkt. 15c) (½ oz. 50c).

***TARRAGON**—Wonderful flavorer. Seed (Pkt. 25c) (½ oz. \$1.00). Plants (60c each) (3 for \$1.50) (6 for \$2.50) prepaid.

***THYME**—For seasoning and making tea for nervous headaches. (Pkt. 25c) (½ oz. 90c).

ANNUAL HERB MIXTURE

This seed packet is a mixture of the annual varieties described on this page, plus Anise, Borage, Caraway and Coriander. Pkt. 25c.

PERENNIAL HERB MIXTURE

This seed packet is a mixture of the perennial varieties described on this page, plus Balm, Sweet Fennel and Wormwood. Pkt. 30c.

GROUND ALMONDS OR CHUFA

200 to 300 NUTS IN A HILL

The Ground Almond, or Chufa, has a fine flavor, resembling the Coconut or Almond. The meat is snow-white, covered with a thin shell or skin of brown color. It grows close to the surface. Is very prolific, a single nut yielding from 200 to 300 nuts in a hill and will do well in any kind of soil. If nuts are planted in the spring a big crop can be expected about potato harvest time. Usually eaten raw but have an excellent flavor either raw or roasted. (Unable to ship to California.) (Pkt. 15c) (¼ lb. 40c) (1 lb. \$1.20) (3 lbs. or more, \$1.00 per lb.), prepaid.

FINOCCHIO or FLORENCE FENNEL

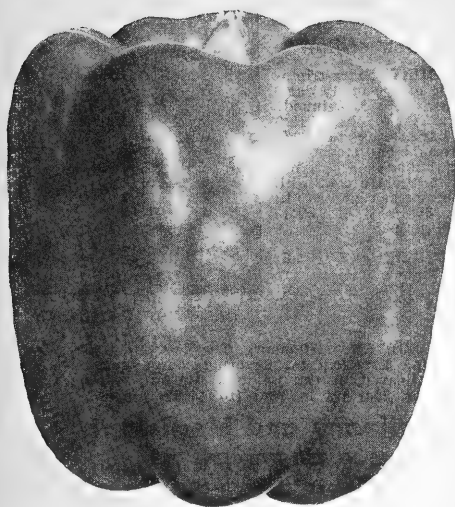

More Easily Grown Than Celery

The flavor is somewhat like celery, but sweeter. A delicious vegetable which should be more largely grown. It is extensively used as a salad in some parts of Europe, and is particularly palatable when served boiled, with a cream dressing. Very distinct from Sweet Fennel, easily cultivated, and matures quickly from seed sown in early summer. The thickened bases of the leaf-stalks form a bulb-like growth, which is blanched by earthing up like celery. Requires less blanching than celery. (Pkt. 15c) (oz. 35c) (¼ lb. \$1.00), prepaid.

MICHIGAN WONDER

Burgess' "Thick-Meated" Pepper

68 days. This is the famous Burgess "Thick-Meated" Pepper that has become No. 1 with our customers. Fruits are dark green, changing to crimson at maturity. They are $4\frac{1}{2}$ inches long and $3\frac{3}{4}$ inches across with extremely thick flesh. Michigan Wonder is the most uniform and the finest pepper we know of for the market and home gardener. Will weigh more for its size than any other pepper.

PACEMAKER

"The Earliest One"

55 days. This fine variety is the earliest Pepper grown. Fruits are ready to pick in 55 days after setting out plants. It is extremely prolific and continues to bear until killed by frost. Fruits $3'' \times 2''$, dark green, changing to bright red. Mild and sweet.

Burgess' Disease Treated

The Pepper is one of the most easily grown vegetables if our disease-treated seed is used. One ounce of Pepper seed will produce 1,500 plants. Days indicated are from plant setting to picking.

"KING OF THE NORTH"

Big Fruit, Abundant Yield

65 days. This is the earliest of the mammoth-size Peppers. The fruits, which, when ripe, are of a brilliant red color, average about $5\frac{1}{2}''$ long and $3\frac{1}{2}''$ across. The flesh is firm, very sweet and mild. The plants are of a branching growth and literally covered with the large fruit, which are borne from the bottom right up to the top of the plant. Most valuable Pepper for stuffing.

CHINESE GIANT

Large and Blocky

80 days. A large, blocky pepper. Fruits $4\frac{1}{2}$ inches long and $4\frac{1}{2}$ inches across, fairly thick flesh, of fine flavor and very mild. Plants well branched and thickly set with fruits.

GOLDEN WONDER

A Yellow Michigan Wonder

65 days. An early, large, thick-meated yellow pepper like Michigan Wonder, except earlier and golden yellow.

PIMIENTO

Heart-Shaped One

73 days. Grown for canning and home gardens. Fruits medium sized, heart-shaped, sweet and of excellent flavor. 3 in. long and 2 in. through the shoulder. Start early in far North.

CALIFORNIA WONDER

An Old Standby

75 days. A Pepper of exceptional merit. Its thick walls are firm and the flesh is deliciously sweet and spicy, with no bite to it. The fruits will average about 4 inches in diameter and $4\frac{1}{2}$ inches in length. The skin is smooth and glossy, deep green, turning to crimson.

"SPECIAL" PEPPER MIX

We recommend this mixture for the home gardener who has but little space for peppers and wishes to grow several kinds. Many varieties, sweet and hot, large and small.

PEPPER SEED

HUNGARIAN YELLOW

The Early Hot One

65 days. The earliest Hot Pepper. Fruits $1\frac{1}{2}$ inches across at shoulder and taper to 6 inches in length. Extremely hot and of bright waxy yellow color, changing to bright cherry red at full maturity. Fine for pickling and canning. Its beautiful color almost makes it an ornamental in garden.

LONG RED CAYENNE

70 days. The leading hot pepper. 5 inches long and about $\frac{1}{2}$ inch thick. Very early. Flesh is thick and pungent. Smooth, tapered, waxy light yellow, turning bright red.

RUBY KING

"Good for Stuffing"

70 days. A large, early, sweet pepper for home and market gardens. Walls are of medium thickness and are desirable for stuffing.

HARRIS' EARLY GIANT

63 days. The plants are very vigorous, growing $1\frac{1}{2}$ to 2 feet high and actually loaded down with fruits measuring $4\frac{1}{2}$ inches long and $3\frac{3}{4}$ inches across. The flesh is thick, sweet and pleasant flavored.

RED CHILI

"One of the Hottest"

82 days. One of the hottest peppers for making pickles and Tabasco Sauce. Fruits 2 inches long and $\frac{1}{2}$ inch thick and cone-shaped. They are light green, changing to deep red.

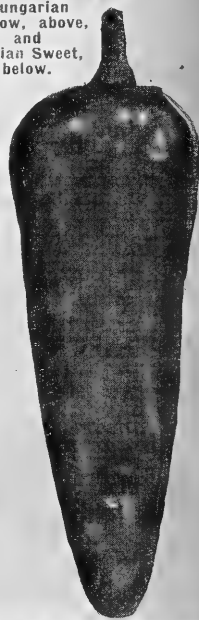

ITALIAN SWEET

Long, Red, Mild and Sweet

60 days. A new sweet pepper that is redder than it is mild. Wonderful to decorate salads. $5''$ to $6''$ long, $2\frac{1}{2}''$ wide, tapering to blunt point. Deep green at early stages, turning bright red. Dwarf, upright plants. Delicious eaten raw or cooked.

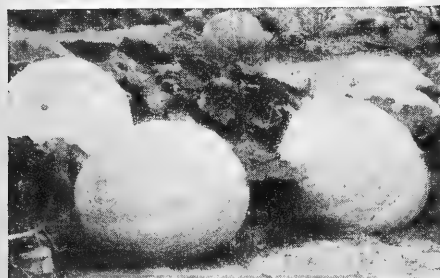

Hungarian Yellow, above, and Italian Sweet, below.

PUMPKINS

JUMBO PUMPKIN

110 days. This pumpkin is really a giant. When well grown will average 75 lbs. with specimens weighing over 100 lbs. Always a prize winner at exhibitions. It is a splendid keeper and valuable for feeding purposes as well as first quality for pies. Our strain is earlier and extra select. (Pkt. 15c) (oz. 35c) ($\frac{1}{4}$ lb. 85c) (lb. \$2.40) (Price per lb. for 3 lbs. or more \$2.20), prepaid.

Excellent Source of Vitamins B. and A
One Ounce for 20 Hills; 3 to 4 Pounds Per Acre

BIG TOM OR CONNECTICUT

Improved Large Field

115 days. Leading corn field Pumpkin. Smooth, hard, red-dish-orange skin, with rich orange-yellow flesh. Wonderfully prolific. (Pkt. 10c) (oz. 25c) ($\frac{1}{4}$ lb. 60c) (lb. \$1.60) (Price per lb. for 3 lbs. or more \$1.40), prepaid.

GIANT SWEET POTATO

110 days. When cooked, resembles a sweet potato in flavor, but more delicious. Pear-shaped and slightly ribbed. Creamy white, striped with green. Flesh is fine grained and very dry. (Pkt. 15c) (oz. 30c) ($\frac{1}{4}$ lb. 75c) (lb. \$2.10) (Price per lb. for 3 lbs. or more \$1.90), prepaid.

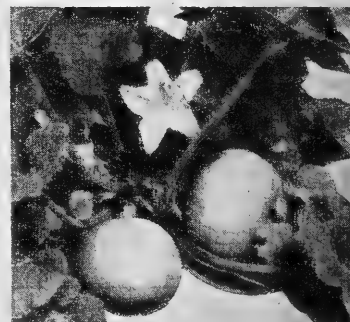

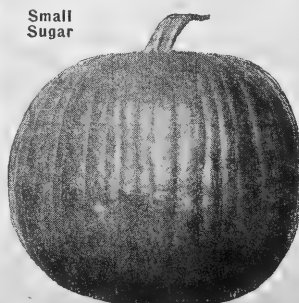

WINTER LUXURY

100 days. Best pie Pumpkin. Winter keeping qualities unequalled. Slightly oval and medium size. Evenly and finely netted and is yellowish russet color. Flesh deep and golden; sweet, and cooks quickly. A great producer. (Pkt. 15c) (oz. 30c) ($\frac{1}{4}$ lb. 75c) (lb. \$2.10) (Price per lb. for 3 lbs. or more \$1.90), prepaid.

SMALL SUGAR

100 days. The most popular pie pumpkin. Looks like a Field Pumpkin, but is smaller and of much better quality. Flesh sweet and tender; excellent keeper. (Pkt. 10c) (oz. 25c) ($\frac{1}{4}$ lb. 60c) (lb. \$1.60) (Price per lb. for 3 lbs. or more \$1.40), prepaid.

Small Sugar

CHEYENNE BUSH

75 days. Pumpkins can be successfully grown in the small garden. Cheyenne Bush is a real space saver, as it forms compact bushes 2 feet high and only 2 feet across. Each bush will produce 2 or 3 fine quality pumpkins, each one just right for a pie. Cheyenne Bush Pumpkin was introduced by the Cheyenne, Wyoming, Horticultural Field Station. It is extremely early and can be grown in climates having a short season. (Pkt. 15c) (oz. 30c) ($\frac{1}{4}$ lb. 75c) (lb. \$2.10) (Price per lb. for 3 lbs. or more \$1.90), prepaid.

EGG PLANT

(Disease-Treated Seed)

EARLY DWARF. 18 to 20" plants with slightly smaller fruit than Black Beauty—glossy and deep purple. Two weeks earlier. (Pkt. 20c) (½ oz. 55c) (Oz. \$1.25) (¼ lb. \$3.50) prepaid.

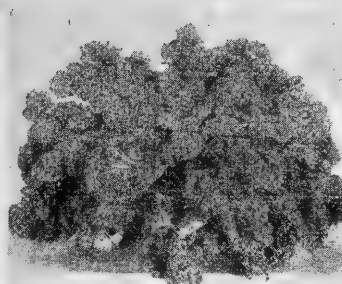

BLACK BEAUTY. Compact and robust bushes are laden with the mammoth fruits. Bear continuously until frost. The skin is a rich, lustrous, purplish black. Very productive; entirely free from spines or thorns. (Pkt. 15c) (½ oz. 50c) (Oz. 85c) (¼ lb. \$2.50) prepaid.

KOHL-RABI

One oz. of seed for 200 feet of row. A Cabbage that does not make a head, but forms a turnip-shaped swelling above ground. May be cooked either like cauliflower or turnip, resembling cauliflower, but milder. Delicious when used raw in mixed salads.

EARLY WHITE VIENNA is the best variety of Kohl-Rabi and is ready for the table in 60 days from seed. Flesh firm but very tender, sweet and delicious. (Pkt. 15c) (oz. 50c) (¼ lb. \$1.35) (lb. \$4.00) prepaid.

KALE

One Oz. Plants 200' of Row

This is a species of the cabbage family which is extensively grown for greens. It is hardier than cabbage; plants withstand several degrees of frost.

DWARF SCOTCH. The best variety Large, finely curled, parsley-like leaves which can be used for garnishing as well as for greens. Tender and finest flavor. (Pkt. 15c) (oz. 35c) (¼ lb. 95c) (lb. \$2.75) prepaid.

TURNIPS

Turnips and Rutabagas One oz. for 200 ft. of row; 1½ to 2 lbs. per acre

EARLY PURPLE TOP STRAP LEAF
Earliest of All

45 days. The standard early variety. Roots broad and flat, of medium size; white, purple top. Extensively sown for table use.

PURPLE TOP WHITE GLOBE

Choose This One First

55 days. (See Photo Above.) The most popular white Turnip for fall and winter use. Flesh pure white, fine grained and of fine flavor. Heavy yielder and splendid keeper. Desirable for table or stock.

WHITE EGG

55 days. A quick growing, egg-shaped, smooth, pure white variety. Flesh firm, sweet and mild. Adapted to either spring or fall sowing.

FOLIAGE OR SHOGOIN

30 days. Edible tops and roots. Will grow and thrive in hot, dry weather, giving an abundance of both greens and sweet, tender turnips of excellent quality.

TURNIP PRICES: (Pkt. 10c) (oz. 25c) (¼ lb. 50c) (lb. \$1.30) (Price per lb. for 3 lbs. or more of a variety \$1.20) prepaid.

RUTABAGA

AMERICAN PURPLE TOP YELLOW

90 days. The best all-around variety. The flesh is yellow and of fine flavor. (Pkt. 10c) (oz. 25c) (¼ lb. 50c) (lb. \$1.30) (Price per lb. for 3 lbs. or more of a variety \$1.20) prepaid.

MUSTARD

One Oz. of Seed to 75' of Row

GIANT CURLED. Leaves large, yellowish-green, much crumpled on the edges and most palatable type of greens. Cut young. Sow early. Ready for table in about 35 days. (Pkt. 10c) (oz. 20c) (¼ lb. 45c) (lb. \$1.25) prepaid.

MUSTARD SPINACH or TENDERGREEN

Ready for the table in 3 to 4 weeks. Resistant to insects and blight. The leaves, twice the size of Swiss Chard, are mostly used when young. Resistant to hot and cold weather, so early and late plantings are possible. The leaves are cooked and prepared the same as Spinach. (Pkt. 10c) (oz. 25c) (¼ lb. 50c) (lb. \$1.35) prepaid.

GARDEN SORREL

One Oz. of Seed for 100' of Row

LARGE-LEAVED FRENCH or GARDEN. An improved variety which is used for soups, and when cooked like Spinach makes a very palatable dish. Also fine for salads. Ready for use in 60 days, and the plants will continue in full bearing from 3 to 4 years. (Pkt. 15c) (½ oz. 50c) prepaid.

SPINACH

Disease-Treated Seed
1 oz. to 100' of Row; 8 to 10 lbs. per acre.

AMERICA

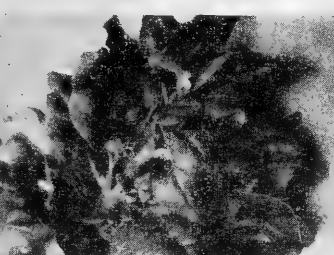

Outstanding New One

We predict that America will soon supplant almost all other Spinach varieties—it is just that outstanding. It grows 6 to 8" high, spreads 10 to 12", and stands longer than any other Spinach. Its glossy, deep medium dark green leaves are broad and roundish. Most important it holds 8 to 14 days longer in the garden.

GIANT THICKLEAVED

(Nobel)

45 days. An excellent early spinach that is more long standing than most varieties, grows rapidly, and is the largest spinach grown. Plants 10" high and 2' across. Large arrow-shaped leaves, rather smooth, only slightly crumpled, very thick, of handsome green color, unusually tender and of finest quality.

NEW ZEALAND or Everbearing

(Hot Weather Spinach)

70 days. Not a true Spinach, though similar when cooked. It makes large, spreading plants, with small, thick, pointed, dark green leaves. Only the young leaves and tips of branches are used, and the more they are picked the faster the plant grows. It will give fine greens all summer and fall. Especially suited to dry and hot locations.

BLOOMSDALE SAVOY LONG STANDING

42 days. Very attractive, highly crumpled dark green leaves. Resembles the old Savoy, but stands heat better and holds 12 to 14 days longer before throwing seed stalks. Can be planted in Fall to winter over.

Okra or Gumbo

One oz. of seed to 100 feet of row

The pods are boiled as a vegetable, and are extensively used in soups, stews and relishes. They are best when only 2" or 3" long.

DWARF GREEN LONG POD. 50 days. Plants only 18" to 24" high with dark green tender pods 7" to 8" long. It is the earliest green-podded variety and is fine for the home garden. (Pkt. 10c) (oz. 25c) (¼ lb. 50c) (lb. \$1.25) ppd.

PERKIN'S LONG POD. 55 days. Plants 4' tall with slender pods 7" to 8" long and dark green. The leading market and canning variety. (Pkt. 10c) (oz. 25c) (¼ lb. 50c) (lb. \$1.25) prepaid.

WHITE VELVET. 60 days. Plants 3' tall with smooth, creamy white pods 6" to 7" long. Very prolific. (Pkt. 10c) (oz. 25c) (¼ lb. 50c) (lb. \$1.25) ppd.

TOBACCO

Easy to Grow Your Own

One oz. for 5,000 plants

FINE HAVANA. Extra select strain; large leaf; one of the earliest. The leading all-purpose variety for the Northern states. Easily grown. (Pkt. 15c) (oz. 80c) (¼ lb. \$2.25) prepaid.

TAMPALA

Delicious Vegetable from China

A delicious green vegetable, the leaves of which may be eaten raw or cooked like spinach. Entirely different in flavor. More food value than spinach or chard, and so tender the leaves require only five minutes to cook. Branches 4 to 5" in length may be quickly gathered instead of picking individual leaves. Plant early. Ready for eating in six weeks after seed is sown. Produces all summer. (Pkt. 15c) (Jumbo Pkt. 35c) (½ oz. 60c) ppd.

SALSIFY or Vegetable Oyster

One oz. to 75 ft. of row.

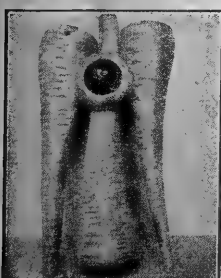

MAMMOTH SANDWICH ISLAND.

Salsify or Vegetable Oyster is grown like Parsnip and is very delicious. Cover the plants with leaves or straw in the fall and you can dig them all winter and spring when other fresh vegetables are scarce. The young leaves or shoots that start in the spring are most delicious in salads. (Pkt. 15c) (oz. 55c) (¼ lb. \$1.65) (lb. \$4.50) prepaid.

Burgess Seed & Plant Co. 17

PARSNIP

One oz. to 150 ft. of row; 4 to 6 lbs. per acre.

HOLLOW CROWN.

Parsnips contain a good supply of Vitamin B₁ and potassium, also a fair amount of Vitamins C and G. Our seed is grown from selected stock and is extra fine. (Pkt. 10c) (oz. 25c) (¼ lb. 65c) (lb. \$1.75) (Price per lb. for 3 lbs. or more of a variety \$1.60) prepaid.

LEEK

One oz. of Seed to 200 ft. of Row

GIANT FLAG. Highly esteemed as a fall and winter substitute for green onions. Excellent for stews, soups or creamed. Belongs to the onion family but is considered of finer flavor. Mild and sweet; very hardy and easily cultivated in the home garden. The edible stems are 6 to 8 inches in length and about 3 inches in diameter. (Pkt. 15c) (oz. 60c) (¼ lb. \$1.75) prepaid.

WINTER SQUASH

One Ounce to 10 Hills; 2 to 3 Lbs. per Acre

Squash growing is one of our specialties. It is rather difficult to keep squash varieties in line, and we spend considerable time and money in producing the finest strains. With the exception of Bush Buttercup and Uconn the varieties listed on this page send out runners, and sufficient space should be provided for their growth. The fruits are usually eaten after they are fully matured, but are fine when picked real young and prepared like summer squash. The mature fruits can be stored in a dry cool place for winter use, or they may be steamed and frozen.

Warty Hubbard Squash

TRUE WARTED HUBBARD

105 days. Our stock of this variety is extra select, uniform in shape and very warted. An extra good keeper and will average 14 lbs.

GOLDEN OR RED HUBBARD

95 days. Fruits orange-red and average 8 lbs. The flesh is drier than the other Hubbards, which makes it exceptionally fine for pies, freezing and canning.

BUTTERNUT

95 days. This variety is more resistant to disease and to the squash bug than the other varieties. Fruits are 10" to 12" long, and are bottle shaped. The neck is 4" in diameter and is solid flesh. The small seed cavity is located in the base of the fruit. The skin is buff colored and the flesh is light yellow, extremely firm, dry and fine grained. Will average 4 lbs. It is a good keeper and is fine for pies and delicious when baked or boiled.

UCONN—Bush Table Queen

75 days. Most remarkable of the winter squash varieties. A bush type of Acorn that occupies only 3 x 3 ft. of space; and a dual type that can be eaten as a summer squash or held for winter keeping. It has a rich, meaty, delicious flavor when eaten early or late. Ideal for the home garden, but because of good keeping qualities, good for market, too. Highly productive; easily grown. Don't pass up this one.

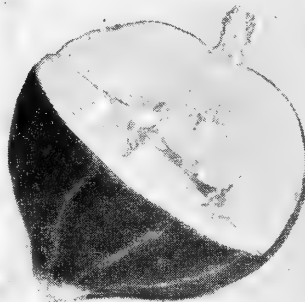

Buttercup Squash

BUTTERCUP

Excellent Flavor—Very Sweet

96 days. A variety of superb quality, developed at the North Dakota Experiment Station. The squashes weigh between 3 and 5 pounds and have thin, tough, green skin. There are no strings or fiber and the deep, rich orange flesh is untinged with green. It is a squash of excellent flavor, very sweet; the texture smooth and comparatively dry. Many who have tried it pronounce it to be the best squash they have ever tasted.

Delicious Squash

DELICIOUS

Sweet, Rich Flavor

98 days. Unsurpassed for sweetness, richness of flavor and extraordinary quality. Excellent for fall and winter use; keeps well into the winter. Fruits usually weigh 7 lbs.; rind dark green, mottled in lighter shades; dark orange flesh; very thick and fine grained.

BANANA

2 to 3 Feet Long

105 days. One of the finest of all Squashes; 2 to 3 feet in length; a great yielder and a good keeper. Will produce a crop where other winter squashes do not succeed.

BURGESS' BUSH BUTTERCUP

"Now Everybody Can Grow Squash"

92 days. This new bush variety was introduced by us 2 yrs. ago and should be grown in every garden. Bush Buttercup takes up 3 feet of space instead of trailing. It produces 3 to 7 delicious Buttercup type fruit, 4 to 5 lbs. each, with thick, orange flesh of excellent flavor and texture, each just right for a meal.

TABLE QUEEN OR ACORN

Deep Yellow, Dry, Sweet

85 days. The most convenient size for baking and serving in the shell. The fruit is dark green, deeply ribbed and will average 5 inches long and 4 inches in diameter. Flesh deep yellow, dry, sweet and of delicious flavor. When picked about half grown and cooked like summer squash, it is extremely fine. An enormous yielder and a good winter keeper.

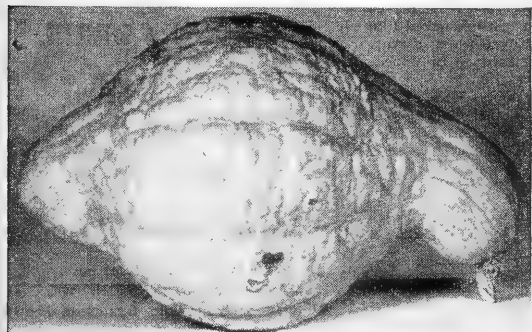

VEGETABLE SPAGHETTI

Spaghetti on a Vine in Nature's Own Package.

This delicious vegetable from Asia thrives in all climates and in any ordinary garden soil. Each plant produces from six to ten beautiful bright yellow, oblong fruits about 8 to 10 inches long. Each fruit is filled with a delicious spaghetti-like pulp. When fully ripe the rind is deep yellow in color and the fruits are ready for cooking. Cook the whole fruit (without cutting or peeling) 20 minutes in boiling water; then cut it in

half. Remove seeds from center, the same as from a squash; then, with a fork pull the spaghetti-like contents from the shell. A dishful of this delicious vegetable spaghetti comes out of each fruit. Season with salt, pepper and butter and serve hot. Can also be served hot with catsup or tomato sauce or served cold, as a salad, with mayonnaise or French dressing. This vegetable is also delicious fried like egg plant when small and tender. Can be stored for fall and early winter use. This remarkable vegetable is most valuable as well as a novelty.

Blue Hubbard Squash

BLUE HUBBARD

105 days. Fruits average 12 lbs., blue-gray in color and pointed at both ends. The thick orange flesh is fine grained and superior in flavor to the other Hubbard varieties. Our select stock will meet the most critical market grower's requirements.

SUMMER SQUASH

One ounce to 25 hills; 3 to 4 lbs. per acre

Bush Summer Squash is a popular vegetable and is gaining in popularity as more gardeners are learning when to harvest and how to prepare for the table. They are of easy culture and require only a small space in the garden. If the fruits are kept picked, they will continue to bear all summer. Early White Bush should be picked when only 1½ to 2" across and the other varieties should be picked before they reach 7" in length for the best eating. They should be boiled whole until tender. After draining, the surplus water should be pressed out of them. Add seasoning to taste, plus a generous portion of butter, and mash. Early Prolific Straightneck is good to larger sizes and is the best variety for slicing and frying.

EARLY PROLIFIC STRAIGHTNECK
Productive to Frost

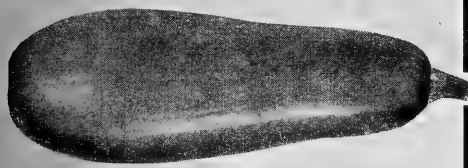

50 days. Productive from the time the first fruits are formed until killed by frost. It is strictly bush in habit of growth, which permits close planting. The beautiful clear yellow fruits are smooth and straight. They are firm and in fine condition at any length from four to fourteen inches. It is equally suitable for the home or market gardener. The uniformly straight fruits are convenient for packing and shipping. The table quality is unsurpassed by any of the summer squashes.

EARLY WHITE BUSH SCALLOP
(Patty Pan)

52 days. Very productive; a favorite with market gardeners. Best for eating when only 2 inches across and sold as the "Dollar Squash" on some markets.

EARLY SUMMER CROOKNECK
Most Popular Crookneck

52 days. This variety has a curved neck and should be picked when only a few inches long, as it becomes stringy when larger. Exceedingly prolific when kept picked. Popular for home gardens as well as shipping.

PROLIFIC BLACK ZUCCHINI
Pick Them Small When Tender

62 days. This is an increasingly popular bush squash which belongs to the vegetable marrow family. The fruits are of a blackish-green color; grow long and slender, but should be picked when but a few days old, when 5 to 6" in length. They are very tender, and a table delicacy. Fine when boiled or cut in slices and fried in butter. Also delicious when cut lengthwise and baked with a strip of bacon on each piece. The Burgess' strain is a vast improvement, producing a high percentage of female blooms, and thus increasing the yield over ordinary strains.

SQUASH COLLECTION

RADISH

(MICHIGAN GROWN)

One ounce of seed for 100 feet of row

Saxa

SAXA—Earliest Radish
Only 18 to 20 Days

We have found this radish to be earlier than any of the other so-called earliest sorts. The best extra early variety for forcing, and for growing in the open ground it has no superior. Round, bright scarlet in color and has a very small top and taproot. Flesh pure white, crisp, brittle, mild and juicy. The Saxa is one of the slowest to shoot to seed.

Burgess' Special
Scarlet
Globe

CRIMSON GIANT

28 days. A fine, large, bright red radish which differs from most others in that the roots attain a larger size without becoming pithy. Sweet, crisp, juicy, brittle; finest quality.

EARLY SCARLET GLOBE—MEDIUM TOP

22 days. A popular early round radish which is recommended for both forcing and outdoor planting. Color rich scarlet.

FRENCH BREAKFAST

25 days. Oblong shaped; red, white tipped. Of quick growth and excellent quality.

ICICLE

27 days. The best long white Radish; mild and sweet. A favorite with market gardeners and for the home garden. Roots 6" long.

BURGESS' SPECIAL

Scarlet Globe—Short Top

22 days. Our Special Market Gardener's Strain of Early Scarlet Globe is unequalled. Specially selected for short top, earliness, truthness to type and color. Our seed is produced from transplanted roots and is specially milled and screened so that the plump seeds are all one size, which makes even drilling. For the market or home gardener who wants the best, this stock is well worth the additional expense.

CHERRY BELLE

Early Round Red—Short Top

24 days. This is the best new radish in many years. It has beautiful red coloring, with pure white, flavorful flesh and crisp texture. Its short tops and slender root make it ideal for both home and market. You cannot go wrong on this new one; we recommend it without qualification.

POULTRY RADISH

15 to 25 Lbs. Each

SAKURAJIMA, or Poultry Radish. The largest variety of radish in cultivation. Often attains a weight of 15 lbs., and some grow to more than 25 lbs. Nearly round. A great curiosity and a radish of extraordinary quality. Flesh solid, firm and brittle, and of most excellent flavor. A favorite for fall and winter use, and a valuable winter feed for cattle and poultry. Every poultryman should plant some of them.

WINTER RADISH

Winter Radishes mature in 50 to 60 days. For winter use, plant in mid-summer. When harvested store in moist sand and fresh, crisp radishes may be had nearly all winter.

WHITE CHINESE, OR CELESTIAL. The finest of all white winter radishes. 9" long, and about 3" in diameter. The flesh is crisp, juicy, tender, and mild.

CELERY

Disease-Treated Seed

Golden Self-Blanching

GIANT PASCAL

The Green Stemmed Celery

A green variety for fall and winter use. It is tall with large, thick and solid green stalks, which are stringless, crisp, of fine nutty flavor, and an excellent keeper. (Pkt. 15c) (½ oz. 50c) (oz. 85c) (¼ lb. \$2.30) prepaid.

GOLDEN PLUME

Thick, Heavy Stalks

A semi-dwarf early variety, producing thick and heavy stalks with a well-blanching solid heart; crisp—and of the highest table quality. More vigorous than Golden Self-Blanching and quite resistant to blight and rot. (Pkt. 20c) (½ oz. 60c) (oz. \$1.10) (¼ lb. \$3.00) prepaid.

GOLDEN SELF-BLANCHING

A very desirable shipping sort; plants are of medium size, compact and stocky, and grow about 20 to 24 inches tall; leaf stalks are thick and solid; blanches readily and is crisp, tender and of a sweet nutty flavor. (Pkt. 20c) (½ oz. 65c) (oz. \$1.20) (¼ lb. \$3.25) prepaid.

Celeriac

CELERIAC

Instead of long leaf stalks like celery, it has globe-shaped, turnip-like roots. Its celery flavor fine for salads and flavoring. Keeps all winter. (Pkt. 15c) (½ oz. 55c) (oz. \$1.00) (¼ lb. \$2.70) prepaid.

Burgess Seed & Plant Co., Galesburg, Michigan

WATERMELON

One Oz. for 25 Hills—4 Lbs. per Acre. Michigan-Grown Burgess Watermelon is best for all climates.

NEW HAMPSHIRE MIDGET

Smallest of All

65 days. This relatively new Watermelon has had phenomenal acceptance by almost all gardeners. Being "Ice-Box" size, only 7" in diameter or from 4 to 6 lbs. in weight, it is ideal for every day use, even as a breakfast melon. Fruit is thin rinded, with deliciously sweet, strawberry-red flesh. A very prolific, light green melon with dark green stripes and brown seeds. If you plant only one melon, this should be it.

GOLDEN HONEY

A Delicious Yellow-Fleshed Watermelon

85 days. Flesh of rich golden color, firm, crisp and glistening, sweet as honey, and fairly melts in your mouth. No hard core or stringiness. Fruits oblong, dark green with darker green stripes and average 20 lbs.

WINTER WATERMELON

The Long-Keeper

90 days. A home grown melon for your Thanksgiving dinner. It is not a citron or a freak, but a very prolific long-keeping true Watermelon. Flesh red, extremely firm, very brittle and deliciously sweet. Fruits taken from the field before killing frost and stored in a cool place will keep long into the late fall and early winter and retain their delicious sweetness and flavor.

CONGO

New USDA Melon

90 days. A new outstanding melon developed by the U. S. Dept. of Agriculture. It is a long, medium thick melon with slick green appearance and darker green stripes. Anthracnose resistant, even in wet weather. Beautiful red deep heart, medium size, white seeds with brown smears. Excellent shipper, good for home garden.

CITRON

For Preserves

90 days. Preserving Melon—Flesh white and solid. Used exclusively for making preserves and candied fruit.

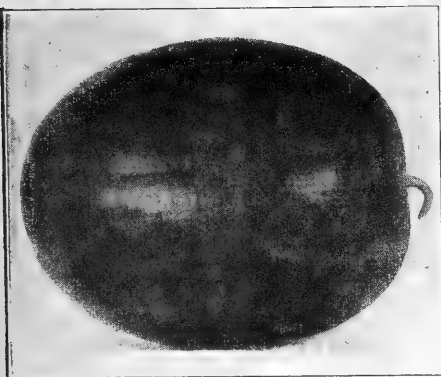

STONE MOUNTAIN

Large, Round and Dark Green

88 days. Stone Mountain is a large, round, medium dark green, high quality melon. Flesh highly colored, very solid, with fewer seeds than most varieties. The fruits average 35 pounds. The rind is tough enough to stand handling for nearby markets, but will not stand long distance shipping. Seeds white with black tips. It produces an abundant crop and can be grown successfully on all types of soil.

NORTHERN SWEET

Early Icebox Melon

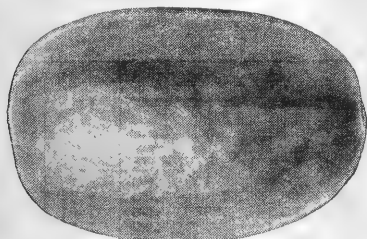

68 days. This Early Ice-Box-Size Watermelon weighs only 15 lbs., and is one of the earliest watermelons. Fruits are nearly round, medium green with dark green stripes; rind very thin. Flesh very deep red, crisp, sweet, and delicious; seeds light brown. Ideal for home garden and local truckers.

TOM WATSON

No White Heart

88 days. The improved "Cut-Red" or "Red-Heart" strain has no white heart. The handsome, dark green rind is thin, but hard and tough, so is unsurpassed as a market sort. The melons are usually 20 to 24" in length and 10 to 12" through, averaging 40 lbs. each. A good yielder and a great money maker in all markets. Flesh dark red, firm and of excellent quality.

KLONDIKE—Sweetest of All

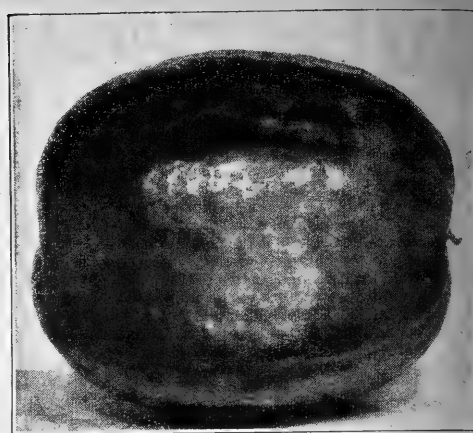

Early Long One

78 days. One of the best early melons. They are oblong, of an even dark green color, and usually weigh 25 lbs. Flesh is deep red, exceptionally crisp and tender, as well as most delicious in flavor. The seeds are small, black, with brown markings. Our strain of this melon is an exceptionally heavy yielder and gives excellent satisfaction in the North.

Improved Kleckley (Wilt-Resistant)

85 days. A wilt-resistant strain of Kleckley's Sweet that will grow and thrive on wilt-sick soil. It retains all the superb qualities of the old reliable Kleckley's Sweet or Monte Cristo. The attractive, oblong melons will average 30 lbs. The rich, glossy, dark green rind is tougher than Kleckley's Sweet, making it a better shipper. The flesh is bright red, crisp, tender and deliciously sweet and melting.

Jumbo Watermelon

100 LB. JUMBO

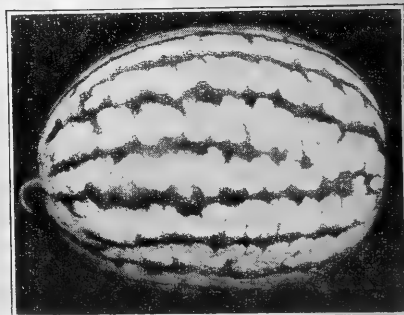

State Fair Melon

90 days. This mammoth variety was introduced by us in 1941. Grow some of these giant Watermelons and win some prizes at your State or County Fair. More prizes for large melons have no doubt been won with Jumbo than with all other varieties of Watermelons combined. With rich soil and good care, mammoth size melons can be produced wherever ordinary melons can be successfully grown. The dark green oval fruits will average 50 lbs., but melons weighing 100 lbs. have been grown. The rind is hard and tough and will ship long distances. The deep red flesh is firm, sweet and of the finest quality. Seeds large, dark brown.

Michigan Grown DIXIE QUEEN

The Earliest Strain

80 days. Our Michigan grown seed of this melon, like all other varieties, is better than Southern grown seed for planting either in the North or the South, for it produces EARLIER MELONS of the very best quality.

Dixie Queen is a very prolific second-early variety used extensively for shipping, and is rapidly gaining popularity for the home garden. Fruits are oval-round, light green with dark green stripes, of medium size but often growing to a larger size and weighing as high as 40 pounds. Rind is thin, but tough. The bright red flesh is crisp, sweet and practically free from fiber, and the few seeds are small and white.

ANNUAL FLOWER SEED

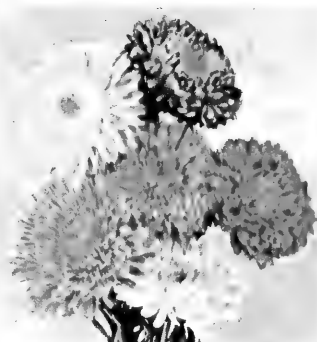

ASTERS

The annual or "China" Asters are easily grown, requiring only rich, well-drained soil and plenty of sun. Plants started from seed indoors 4 to 6 weeks ahead of your usual outdoor planting time begin to bloom in early summer but plants from seed sown outdoors after frost blossom over a long period. Varieties designated as "W. R." are wilt-resistant.

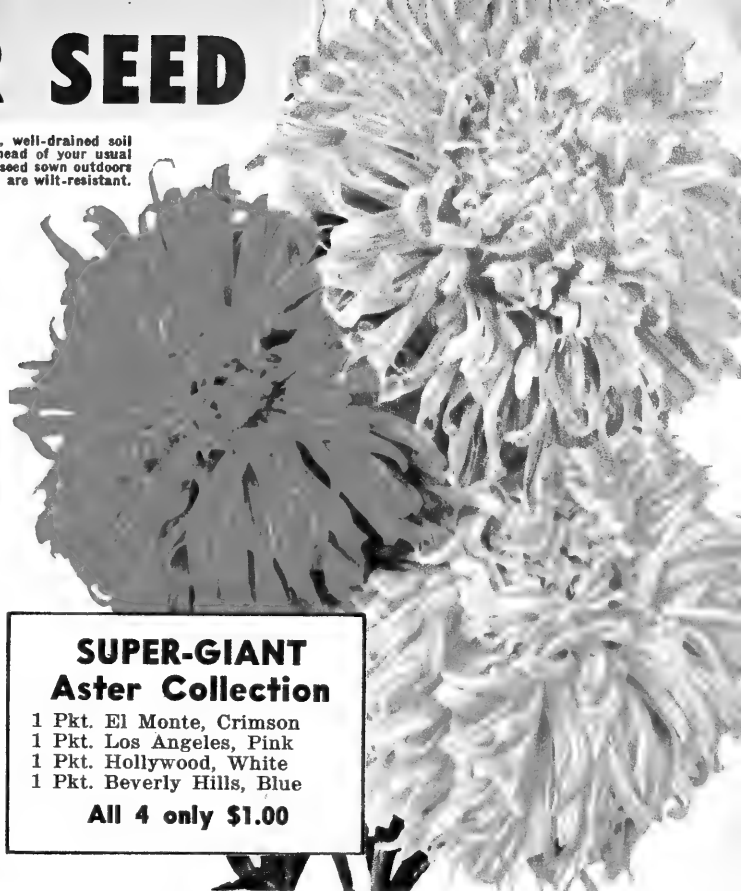

QUEEN of the MARKET
Earliest of All

W. R. Superb for bedding and cutting. Plants 20" high, branching freely from close to ground, long stems. Best for the South. Very double flowers in shades of Crimson, Dark Blue, Light Blue, Pink, White or Scarlet. **Mixed Colors Only:** (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

PRINCESS ASTER

W. R. One of the most brilliant, this new type Aster received hearty applause from our customers. 3 to 3½" flowers on long stems have crested centers that remain full when the several rows of encircling petals are fully open. Florists praise it for cutting and its long-keeping qualities. Has the delicate colors like orchid, pink, rose, yellow and blue. In mixture only. (Pkt. 20c) (Jumbo Pkt. 50c).

SUPER-GIANT Aster Collection

- 1 Pkt. El Monte, Crimson
- 1 Pkt. Los Angeles, Pink
- 1 Pkt. Hollywood, White
- 1 Pkt. Beverly Hills, Blue

All 4 only \$1.00

Special ASTER MIXTURE

This blend of seeds of all the varieties of Asters described on this page offers you a mixture of all the popular types at low cost. The mixture is carefully balanced for color and variety. (Pkt. 20c) (Jumbo Pkt. 50c).

SUPER GIANT ASTERS

Largest of All — 6 to 8" Across

W.R. Extra large, extra double flowers, their petals curled and interlaced like ostrich feather. (See color photos above.)

EL MONTE. Huge flowers of deep, glowing crimson.

LOS ANGELES. Large blossoms of soft pink.

BEVERLY HILLS. Big Azure blue flowers.

HOLLYWOOD. Giant blooms of lovely, pure white.

MIXED. Mixture of above and other Super Giant varieties.

(Pkt. 30c) (Jumbo Pkt. 75c).

CREGO ASTERS

W.R. Big double flowers 4 to 5" across with long, ribbon-like petals gracefully curled and twisted. The effect is fluffy and feathery. Robust plants 2½' high in bloom by mid-August. Cregos are easy to grow and this strain is wilt-resistant. All colors included in mixture: Azure Blue, Crimson, Dark Violet, Shell Pink, White and others. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 75c).

GIANTS OF CALIFORNIA

Large flowers of Crego type on sturdy 3' plants. Colorful and open well when cut in bud. **Mixed Colors.** (Pkt. 15c) (Jumbo Pkt. 35c).

Bargain ASTER Collection

- 1 Pkt. American Branching

- 1 Pkt. Crego

- 1 Pkt. Queen of the Market

- 1 Pkt. Princess

All 4 only

55c

GOLDEN SHEAF

W. R. The deepest yellow Aster. Flowers are of good size, fully double, with an attractive crest-like center cushion of quill-like petals surrounded by an outer band of broad petals. (Pkt. 20c) (Jumbo Pkt. 50c)

POMPON ASTERS

Its small, round 2" flowers come in a wide range of Aster colors from white to pinks, blues and darkest red. Oftentimes it has 30 to 50 flowers on a single plant. Plant is early flowering, upright and compact in growth, up to 15". A fine cut flower. (Pkt. 20c) (Jumbo Pkt. 50c).

AMERICAN Branching

W.R. Strong, branching plants 2 to 2½' high, bearing on long, strong stems, flowers which are very double and under ordinary cultivation, average 5" across. Fine mixture of Crimson, Scarlet, Bright Rose, Flesh Pink, Sky Blue, Purple, White, etc. Late flowering. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

GIANT RUST-RESISTANT SNAPDRAGONS

Everybody loves Snapdragons (*Antirrhinum*) and now that rust-resisting varieties have been achieved everybody can grow them again. They're wonderful for cutting. Flower spikes to 3 ft. and each flower to 1½ in. across. Scarlet, chartreuse, crimson, rose-pink, deep rose, white all in one glorious **MIXTURE OF COLORS.** (Pkt. 20c) (Jumbo Pkt. 50c) (¼ oz. \$1.00).

GIANT RUFFLED "TETRA SNAPS"

A mixture of tetraploid Snapdragons that are marvels of modern plant science. Individual flowers 2-in. across profusely borne on strong spikes branching freely from the base. Includes all Snapdragon colors. (Pkt. 25c) (Jumbo Pkt. 60c).

Stately LARKSPURS ►

GIANT IMPERIAL. Large, double flowers on 3 to 4' spikes branching from the base. Fine mixture of colors. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 50c).

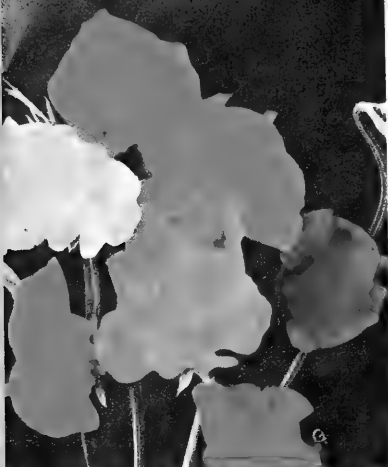

SUPERFINE MIXTURE. Resembles perennial Delphinium but with a tremendous color range. This splendid strain of annual larkspur will make your garden a show place. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

PORTULACA or Rose Moss

These gaily flowering creeping plants are always in prolific bloom from early summer to frost. Brightest scarlet, orange-scarlet, yellow, vivid purple, pink, rose and white. Thrive in light, sandy loam in full sun.

DOUBLE MIXED. (Pkt. 20c) (Jumbo Pkt. 50c) (¼ oz. 75c).

SINGLE MIXED. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

BURGESS' "Special" BLEND

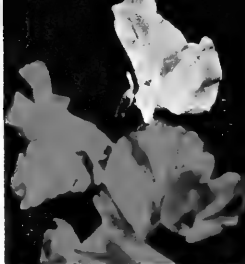

GIANT SPENCER SWEET PEAS

The Spencers have large, round open flowers of extraordinary size, usually measuring 2" across, with wavy standards and widespreading wings, a very large percentage bearing four of these immense blossoms to the stem, which is long and strong, making them of exceptional value for cutting.

This mixture contains 35 distinct varieties in a perfect blend of colors. The color blend is, we believe, as near perfection as it is possible to attain. (Pkt. 15c) (Jumbo Pkt. 35c) (oz. 60c) (¼ lb. \$1.60).

EARLY FLOWERING SPENCERS

Our Early-flowering Spencers come into bloom from 3 to 4 weeks earlier than the Giants. Valuable for greenhouse culture, for outdoor planting in sections of the South where later varieties cannot be successfully grown, and for early blooms in cool climates. Choice mixture of all shades and colors. (Pkt. 15c) (Jumbo Pkt. 35c) (oz. 60c) (¼ lb. \$1.60).

CUPID SWEET PEAS

The Cupid or Dwarf Sweet Peas are excellent for bedding and borders; form a line of emerald green foliage a little over a foot wide and 8 in. high, and from June until late summer are literally a sheet of bloom. All the best colors and shades mixed. (Pkt. 20c) (Jumbo Pkt. 50c) (oz. 75c) (¼ lb. \$2.00).

SUNSET GIANTS

Largest flowers of any Marigold with real fragrance. Mixture of colors from deep orange through golden shades of orange and yellow, light yellow and lemon to delightful primrose. 4 ft. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c)

SPECIAL!!

You will find that this carefully blended mixture of large-flowering Marigolds is really EXTRA-special! It includes such choice varieties as Sunset Giants, Mission Giants, Crown of Gold and Yellow Supreme. Order BURGESS SPECIAL MARIGOLD MIXTURE (Pkt. 20c) (Jumbo Pkt. 50c).

Double DWARF FRENCH

Blooms Constantly

Choice mixture of yellow, bronze and mahogany shades on compact plants 10 to 12" high. Constantly in flower. Best on soil that is not very rich. (Pkt. 15c) (¼ oz. 50c).

MINIATURE

TAGETES SIGNATA PUMILA. This dwarf, free-flowering flower grows only 8" tall and is just right for edgings, borders and beds. Fern-like foliage makes it ideal background for bright golden-yellow blooms. (Pkt. 15c) (¼ oz. 50c).

MARIGOLDS

MISSION GIANTS

Good for Cutting

Orange, yellow and lemon yellow flowers 4 to 5 inches across on stems long enough for cutting. Vigorous plants 18" high. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 70c)

ALL DOUBLE

A fine mixture of All Double Marigolds, including golden-orange and bright lemon colors. Flowers at least 2½" across on stiff stems 30" high, with attractive foliage. Very wonderful cutting flower, as well as being perfect in the garden. (Pkt. 15c) (¼ oz. 60c).

Burgess' Annual FLOWER GARDEN

Whole Season Bloom

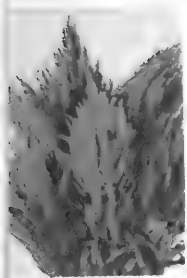

Hundreds of Varieties of Pretty Flowers, especially selected with colors and types being carefully proportioned to produce a constant and varied bloom the whole season, are contained in this fine mixture. Wonderful for cutting garden, bare spots in the landscape or to plant along fence row. (Pkt. 15c) (oz. 50c) (¼ lb. \$1.50).

FOUR BEST CELOSIAS

CHINESE WOOL FLOWER (Childs). Spectacular woolly blooms often 2' around. Plants 2½ to 3'. Mixture of crimson, white and yellow. (Pkt. 15c) (¼ oz. 45c).

FIRE FEATHER. Flery crimson plumes on 12" plants. Free blooming. Good for window boxes. (Pkt. 25c).

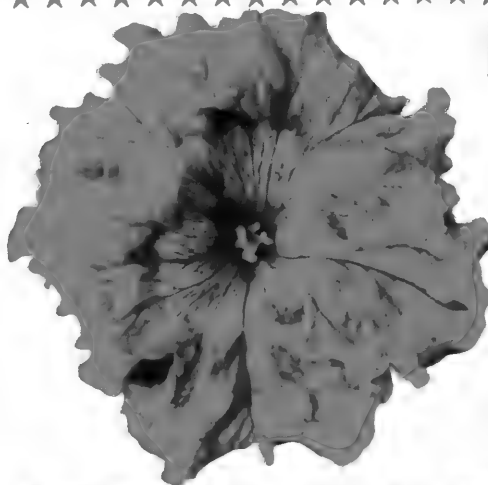

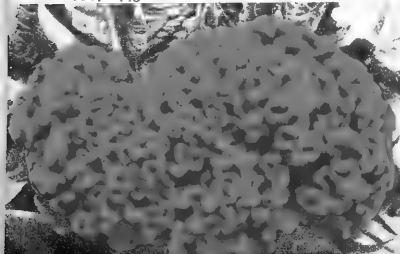

PLUMED CELOSIA. Of pyramidal growth with brilliant red and yellow plumes waving gracefully above the plants. 2½ to 3". (Pkt. 15c) (¼ oz. 50c).

Fire Feather

DWARF COCKSCOMB

(See Photo Below) **Cristata.** This free-blooming popular species of Celosia does well in light soils that are not very rich. Makes a delightful cut flower; keeps borders colorful all summer. Also attractive in pots. (Pkt. 15c) (¼ oz. 50c).

PETUNIAS

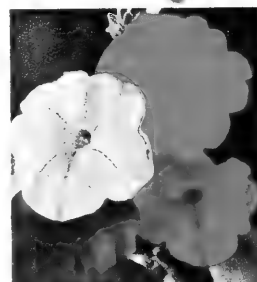

PETUNIA COLLECTION

- 1 Pkt. Balcony
- 1 Pkt. Miniatures
- 1 Pkt. Triumph of the Giants

All 3 only 55c

TRIUMPH of the GIANTS

The largest of the single Petunias. Flowers often measure 7" across. Gorgeous colors and markings. This is the one the florists prefer. (Pkt. 25c) (Jumbo Pkt. 60c).

BALCONY PETUNIAS

Best type for porch boxes, hanging baskets, beds, terraces or rockery. Big 3" blooms borne so profusely they cover the plant all season. Mixture of colors including velvety purple, brilliant rose-pink, pure white, etc. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 75c).

MINIATURES

Neat, compact, large ball-shaped plants 6 to 8" high and 8" in diameter, literally smothered with blooms. One plant will often carry as many as 25 to 30 blossoms at one time. Indispensable for borders, boxes, pots and bedding. All colors mixed. (Pkt. 25c) (Jumbo Pkt. 60c).

COMANCHE

This giant-flowered All-America winner was listed for the first time last year and has become one of our most popular petunias. It is truly redder than red. It grows about 13" high and holds its red color even under shady conditions. 2½ to 3" blooms. (Pkt. 50c) (Jumbo Pkt. \$1.25).

BEDDING PETUNIAS

FLAMING VELVET

Velvety, deep mahogany-red with a luster of scarlet. Magnificent, large, single blossoms in great profusion. Semi-compact plants. (Pkt. 25c) (Jumbo Pkt. 60c)

Bedding Mixture

A splendid mixture of single bedding varieties. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

FIRECHIEF

The brilliant fiery-red Petunia. Its dwarf, compact habit makes it ideal for border or bed. (Pkt. 25c) (Jumbo Pkt. 60c).

DAINTY LADY

A distinct new color in Petunias. Delicate golden-yellow single flowers of medium size, beautifully fringed and produced in generous quantities on neat compact, semi-dwarf plants. (Pkt. 30c) (Jumbo Pkt. 75c).

CELESTIAL ROSE

This dwarf, compact deep-rose Petunia is the best of all the pinks. Its huge blooms are a brilliant sight all summer, and they do not fade. (Pkt. 25c) (Jumbo Pkt. 60c).

BEDDING PETUNIA COLLECTION — 1 Pkt. each of 4 Bedding Petunias above only 90c.

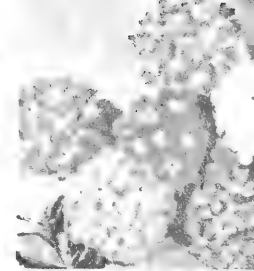

GIANT RUFFLED SWEET PEAS ►

The highest achievement yet attained in Sweet Peas. Beautifully ruffled, duplexed and frilled, giving the large wavy flowers a double appearance. Long stems, each carrying four fully developed blooms. Twelve sprays make a more massive bunch than 18 sprays of an ordinary Spencer. The vines make a sturdy growth and bear a profusion of blooms. Choice mixture of colors including all the soft roses, pinks, blues, carmines, whites, salmons and lavenders. (Pkt. 15c) (Jumbo Pkt. 35c) (oz. 60c) (¼ lb. \$1.60).

Lovely, Annual CINERARIA

(Brachycome iberidifolia). Free flowering, easily grown annual, 10-in. high, covered with dainty flowers in blue, purple, rosy lilac and white with dark eye. Also called Swan River Daisy. For edgings, massing in small beds or pot culture. (Pkt. 15c) (¼ oz. 50c).

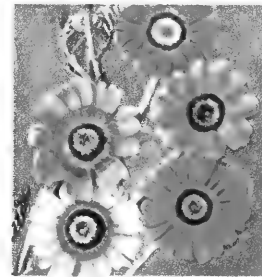

VERBENA

Our strain of Mammoth Verbena is free blooming, very large and the finest we know of. The clusters of showy flowers are borne in constant succession from June to frost. It contains the complete range of Verbena colors. Good for beds, borders and window boxes. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 80c).

Burgess' Giant CARNATIONS

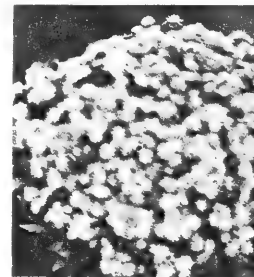

Delightful Fragrance

These are deservedly the most popular Carnations with the amateur, as they begin flowering in four months after seed is sown. Sown early, the plants will bloom during the later summer and early fall, and by repeated sowings they may be had in bloom all winter in conservatory. A fine mixture of colors, including red, pink, yellow and white. (Pkt. 20c) (Jumbo Pkt. 50c) (¼ oz. \$1.00).

ANNUAL 'MUMS

One of the most brilliant of the summer blooming annuals, and very easy to grow. Quite distinct from the autumn-flowering Chrysanthemums, they come in a range of bright colors that range from brightest scarlet, through purple, orange, salmon, yellow and white. Mixture of doubles and Singles. (Pkt. 15c) (¼ oz. 40c).

AGERATUM

MIDGET BLUE. Uniformly dwarf, dense, spreading plants 3 to 4" high and 12 to 15" in width, and almost smothered with clear azure-blue flowers. Superb for edging beds or for borders or the rock garden. Easily grown, and makes a nice little pot plant. (Pkt. 25c) (Jumbo Pkt. 60c).

ALL-DOUBLE GIANT FRINGED PETUNIA

Aristocrats of All Petunias

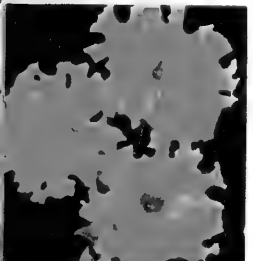

ALL DOUBLE MIXED. These are the mammoth "All-Double" Giant Fringed Petunias. The dwarf compact plants grow about 10 in. high and are suitable for borders, beds and for potting. The flowers are exquisitely fringed and duplexed and come in a wonderful assortment of colors and combinations. Blooms measure up to 5 in. across. (Pkt. 100 seeds, \$1.00).

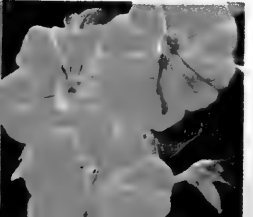

Flaming Velvet

Firechief

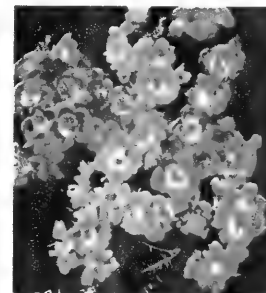

Dainty Lady (above) and C. Rose

RUFFLED GIANTS—Largest of All Petunias

6" Across Many Colors

Ruffled Giants are truly giant-flowering Petunias. Their blooms measure up to 6 in. across and are deeply ruffled. A wide range of colors and color combinations. Fine for cutting as well as for borders and window boxes. (Pkt. 30c) (Jumbo Pkt. 75c).

BUTTERFLY FLOWER

SCHIZANTHUS GIANT HYBRIDS. These long-lasting dainty flowers even make wonderful corsages. They have loads of charming blooms that completely obscure the delicate fern-like foliage. Easily grown, they come in white through shades of cream and pink to crimson and mauve. (Pkt. 20c) (Jumbo Pkt. 50c).

UNWIN DAHLIAS

The giant decorative Dahlia in perfect miniature, growing only 18 to 24" tall, with flowers about 3" in size, but with all the color and glamour of its bigger relative. Easy to grow, blooms early and late. Perfect bedding annual. (Pkt. 25c) (Jumbo Pkt. 60c).

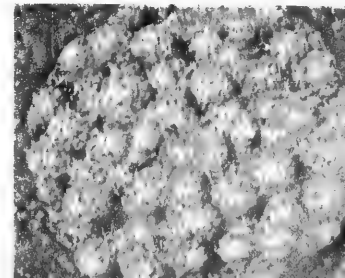

ALYSSUM ROYAL CARPET

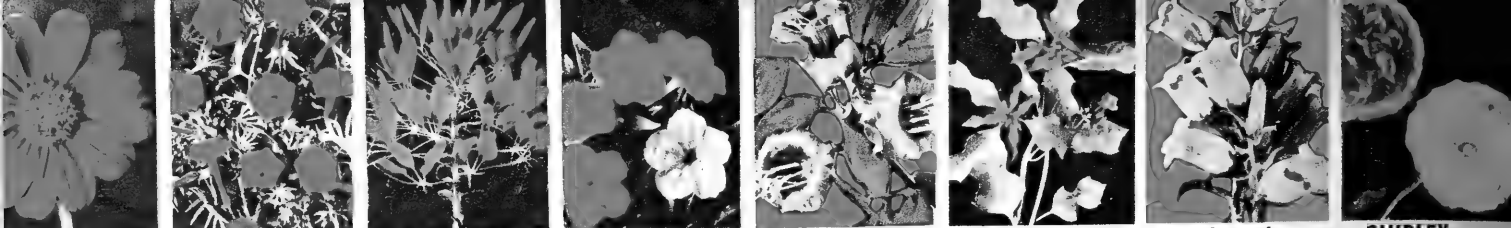

It's 4" Tall and 12" Wide

(See Photo Below) In drifts of vibrant purple color like a tropical sea or as a neat and well-behaved edging for the flower bed, this new delightful All-America Winner Alyssum will find a place in every garden. It grows to only 4" tall and covers a circle of 12". Who can be without it. (Pkt. 25c) (Jumbo Pkt. 60c).

LITTLE GEM

This ever popular, fragrant Sweet Alyssum is a perfect "carpet of snow" which blooms from spring to frost, its white blooms borne on 4" plants. (Pkt. 10c) (Jumbo Pkt. 25c) (¼ oz. 60c).

TITHONIA

TORCH. In brilliant bloom from August until frost and only waist-high. Earlier than old ones. Keeps long in water. (Pkt. 25c) (Jumbo Pkt. 60c)

Cardinal Climber

Fast-growing annual climber to 25'. Beautiful fern-like foliage ablaze with fiery, cardinal-red flowers from mid-summer until frost. (Pkt. 15c) (Jumbo Pkt. 35c).

CLEOME

Pink Queen
Robust plants 4 to 5' high with great, salmon-pink panicles of bloom. Plants from seed sown in open ground in May blossom July to frost. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 65c).

FOUR O'CLOCK

Myriad bright, fragrant flowers; glossy foliage. Flowers open in the afternoon. Make nice low hedge. 2'. (Pkt. 10c) (¼ oz. 30c) (oz. 50c).

COBAEA

scandens
(Cup - and - Saucer-vine; Cathedral-bells.) Annual climber 30 to 50'. Large, bell-shaped flowers are first green, then turn beautiful lilac-purple. Unusual. (Pkt. 15c) (Jumbo Pkt. 35c).

Annual Poinsettia

MEXICAN FIRE PLANT (Euphorbia heterophylla). Grows quickly from seed to 3 ft. About the middle of summer the top central leaves turn to rich orange-scarlet, similar to the greenhouse varieties. (Pkt. 20c) (Jumbo Pkt. 50c).

Annual CAMPANULA

Like Canterbury-bells but bloom first season if sown early indoors and set outside after frost. 2 to 2½'. Mixed pink, rose, light blue, dark blue and white. (Pkt. 15c) (¼ oz. 50c).

SHIRLEY POPPIES

Gorgeous mixture of giant double flowers. They defy frosts. (Pkt. 10c) (¼ oz. 30c).

CENTAUREA

Corn Flower (or Bachelor's Button). Choice, double-flowering strain; used in bouquets. Mixed colors. (Pkt. 10c) (¼ oz. 45c).

BALSAM

Colorful flowers like tiny camellias fill symmetrical bushy plants. Good for borders, bedding or in pots. About 2'. (Pkt. 10c) (¼ oz. 50c).

LACE-FLOWER

Lacy, lavender-blue flowers 2½" across on 2' stems, fine for cutting from July to hard frosts. Keeps well in water. (Pkt. 15c) (¼ oz. 50c).

CANDYTUFT

Popular, low annual for bedding, borders and cutting. Sown in April, flowers in June. Fine mixture of white, pink, lilac and red. (Pkt. 10c).

AFRICAN DAISY

Gorgeous daisies: 2½" across in white, cream, yellow, orange and rose. Easy to grow and early to bloom. About 1'. (Pkt. 20c) (Jumbo Pkt. 50c).

GAILLARDIA

Colorful as a Navajo Indian blanket. Long stems for cutting. Quite free flowering from early summer until late fall. Mixture of bright colors. (Pkt. 10c) (¼ oz. 40c).

MOONFLOWER

Sweet scented flowers to 6" across on fast growing vines 20' high. Dense foliage furnishes shade. Mixed pink and white. (Pkt. 15c) (¼ oz. 45c).

NICOTIANA

Plant near porch or window for evening fragrance. Easily grown and free-flowering. 3'. Plants are of branching bushy habit. Mixed colors. (Pkt. 10c) (¼ oz. 40c).

CALENDULA

Often called Scotch or Pot Marigold, Calendulas are popular, indispensable annuals which can always be relied upon to furnish cut flowers and continuous bloom in the garden from May until frost in the north—practically all year 'round in the south. We are offering you this year a superb mixture of the finest, newest strains with long, straight stems ideal for cutting and big, well-formed flowers in clear, bright yellow, golden yellow, orange and orange-red, some with lacinated petals. Order the **SPECIAL CALENDULA MIXTURE**. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

DIANTHUS (Pinks)

SWEET WIVELSFIELD. A cross between annual Pink and Sweet William, combining the free and continuous blooming qualities of the former and the hardness of the latter. Good for borders, cut flowers. Height 1'. Colors from intense crimson to rose, light pink and white. (Pkt. 20c) (Jumbo Pkt. 50c).

DOUBLE MIXED. Clusters of brightly colored, very double flowers. (Pkt. 15c) (Jumbo Pkt. 35c).

MOLTEN-FIRE

Magnificent foliage plant to 3'. Leaves are bronze until plants are 2' high, then turn gradually into a bonfire of crimson-rose, lasting 3 months or more. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

EVERLASTINGS for Winter Bouquets

You don't need a greenhouse to have cut flowers during the winter. Sow these easily grown Everlastings outdoors in spring, cut the flowers at the peak of their beauty, tie them in small bunches and hang them heads down in a dry place until needed for winter bouquets. Our popular mixture of the best kinds. (Pkt. 15c) (Jumbo Pkt. 35c).

MORNING GLORY

ROSE MARIE—(See Photo Above.) Lovely, deep rose-pink flowers like the double ruffled Petunias. Begins blooming early and continues all summer and fall. Used on trellis, porch, arbor, fence, etc. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 50c).

DARLING. Wine-red with snow-white throat. (Pkt. 15c) (¼ oz. 45c).

GIANT IMPERIAL. Largest flowers; all colors intermingled. (Pkt. 15c) (Jumbo Pkt. 35c).

PEARLY GATES. Purest white, 4½" flowers. (Pkt. 15c) (¼ oz. 45c).

SCARLET O'HARA. Vivid 4" flowers freely produced. (Pkt. 15c) (¼ oz. 45c).

HEAVENLY BLUE. (See Photo Below.) Most popular; sky blue 5" blooms. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 65c).

RED, WHITE AND BLUE MORNING GLORY COLLECTION. 1 Pkt. each of Scarlet O'Hara, Pearly Gates and Heavenly Blue. All 3 only 40c.

Heavenly Blue

NASTURTIUMS

Double Gleam Type

A semi-dwarf type, forming vigorous large bushes. Flowers are large, double and semi-double, sweet-scented and borne on long, erect, stiff stems.

SCARLET GLEAM

Rich, dazzling orange-scarlet double blooms of immense size. (Pkt. 15c) (Jumbo Pkt. 30c) (¼ lb. \$1.00).

GOLDEN GLEAM

A mass of large, sweet-scented golden yellow semi-double flowers. (Pkt. 15c) (Jumbo Pkt. 30c) (¼ lb. \$1.00).

DOUBLE GLEAM HYBRIDS

Wide range of reds, oranges, yellows and crimson. (Pkt. 15c) (Jumbo Pkt. 30c) (¼ lb. \$1.00).

Double Globe Type

Dwarf, compact bushes 1 ft. high, fragrant flowers on long stems.

DWARF GOLDEN GLOBE

Giant, golden-yellow double flowers. (Pkt. 15c) (Jumbo Pkt. 30c) (¼ lb. \$1.20).

DWARF GLOBE HYBRIDS

Colors from yellow to deep maroon. (Pkt. 15c) (Jumbo Pkt. 30c) (¼ lb. \$1.20).

DWARF SCARLET GLOBE

Fiery scarlet, double blooms of huge size. (Pkt. 15c) (Jumbo Pkt. 30c) (¼ lb. \$1.20).

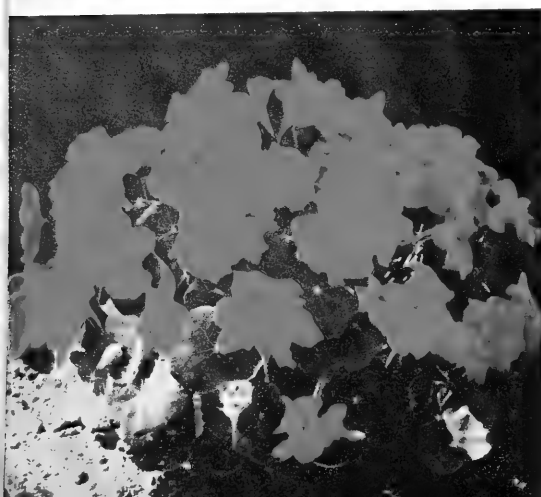

SINGLE-FLOWERED

DWARF. All shades and colors. Free-blooming and fine for beds, borders and rockeries, as well as cutting. (Pkt. 10c) (oz. 30c) (¼ lb. 85c).

1 Pkt. each of Golden Gleam, Scarlet Gleam, Golden Globe and Scarlet Globe. All 4 only 50c.

NASTURTIUM COLLECTION

24 Burgess Seed & Plant Co., Galesburg, Michigan

LINARIA

NORTHERN LIGHTS: This "baby snapdragon" blooms quickly from seed. Bright, vibrant hues. 12". (Pkt. 15c) (½ oz. 45c).

RAINBOW

AMARANTHUS

Mixed—Many varieties including brilliant blood red and gorgeous variegated red, green and yellow foliage, too. 3 ft. (Pkt. 15c) (Jumbo Pkt. 35c).

Nierembergia

500 cup shaped blue flowers are not unusual in a single season. A most dependable low border plant. A foot high but bushes out to the size of a half bushel basket. (Pkt. 25c).

Hyacinth Bean

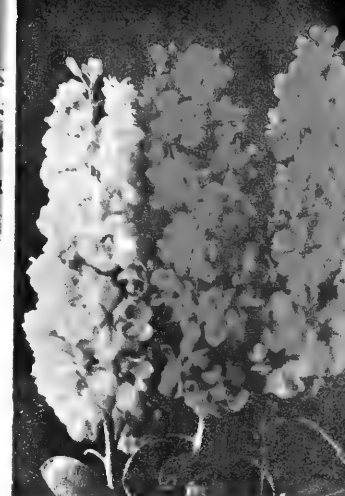

Dolichos. A rapid growing climber with Wistaria-like clusters of flowers of white and purple. Grows to 10 ft. and is fine for screening porches. Attractive, ornamental seed pods. (Pkt. 15c).

Tall Double Scabiosa

LARGE FLOWERED TALL DOUBLE. 2½ ft. Exquisite shades of pink, rose, cherry red, fiery scarlet, white, yellow, amethyst, lavender, light and dark blue, purple. July until frost. (Pkt. 15c) (Jumbo Pkt. 35c) (½ oz. 50c).

Snow on the Mountain

(Euphorbia variegata). One of the finest foliage plants, attractively veined and margined with white. 2 ft. Excellent for beds and borders. (Pkt. 15c) (½ oz. 50c).

STOCKS

DOUBLE GIANT IMPERIAL. If sufficient room is given, the plants develop in enormous dimensions, forming magnificent bushes with long and thick flower stalks. If started early they will bloom from midsummer to frost, producing numerous spikes set with very large, double, delightfully fragrant blooms. (Pkt. 15c) (Jumbo Pkt. 35c) (½ oz. 70c).

Strawberry Popcorn

Tiny 2 in. ears are rich, shiny mahogany color like a huge Strawberry. Makes attractive decoration with its decorative husk. It pops, too. (Pkt. 20c) (Jumbo Pkt. 50c).

RICINUS

Castor Oil Plant

Ornamental Foliage. Drives away Moles, Grasshoppers and Jap Beetles. Giant foliage plants up to 14 ft. by July, forming perfect pyramid of tropical-like foliage and brilliant colored fruit. Leaves 2 to 4 ft. across, dark green, coppery-bronze with reddish ribs. (Pkt. 10c) (oz. 30c) (½ lb. 80c).

CUT FLOWER MIXTURE

Our popular mixture of brightly colored, easily grown, freely blooming annuals furnishes a variety of flowers for cutting from early summer until frost. (Pkt. 15c) (½ oz. 50c) (oz. 90c).

ORNAMENTAL VINE MIXTURE

A "prize-package" assortment of fast-growing annual climbers for covering porches, trellises, arbors, fences, stumps, etc., with foliage and bright flowers. Useful for carpeting terraces or banks and on rock piles. (Pkt. 15c) (½ oz. 50c).

ICE PLANT

Fine trailing plant for borders and hanging baskets and valuable for dry, sunny situations on banks, rockwork, old walls, etc. Foliage with ice-like globules which glitter in sun. (Pkt. 15c) (Jumbo Pkt. 35c).

JOB'S TEARS

Ornamental Grass

A decorative ornamental grass bearing clusters of large seed. Used for making beads and other ornaments. (Pkt. 15c) (oz. 40c).

MIGNONETTE

LARGE FLOWERED MIXED. Many shades and types, all fragrant. Will bloom from early summer to frost; will also do well indoors in pots. (Pkt. 10c) (½ oz. 35c).

Novelty BIRD PLANT

UNICORN PLANT. The seed pods have a distinct and curious appearance because of the long curved horn which splits into two parts as they ripen and harden. They may be painted to represent Humming Birds, Canaries, Blue Jays, etc. Mounted on a piece of sandpaper they are quite a distinct novelty. While its greatest interest is in the seed pod stage, it has pretty flowers of pale yellow with purple spots. The green seed pods are fine for pickles. (Pkt. 25c) (Jumbo Pkt. 60c).

EVENING SCENTED STOCKS

MATTHIOLA BICORNIS (the Perfume plant). No annual, even Mignonette, surpasses it for delicate perfume. Pink and lilac blossoms are partially closed during the day, but expand and produce their fragrance in the evening. (Pkt. 10c) (½ oz. 35c).

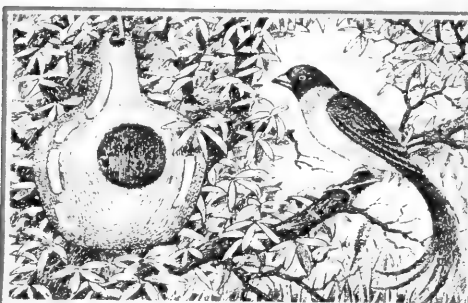

SALVIA

The Scarlet Sage has long been a favorite bedding plant. We offer disease-treated seed of the two finest varieties in cultivation.

FIREBALL: Early, continuous bloomer; plants uniform in size. 1½'. (Pkt. 25c) (Jumbo Pkt. 60c) (½ oz. \$1.50).

SPLENDENS: Brilliant scarlet flowers. 3 to 4'. (Pkt. 15c) (Jumbo Pkt. 35c) (½ oz. \$1.00).

Gourds for Bird Houses

Attractive and inexpensive Bird Houses can easily be made from gourds. All that is needed is the right kind of gourd and a sharp knife. Hang these Gourd Bird Houses in trees and other places, away from the reach of cats, and they will attract many beautiful birds. Birds are not only ornamental in the garden and on the lawn, but are very beneficial, destroying worms and other insect pests. Plant some of our Bird House Gourd seed this spring and grow your own Bird Houses. (Pkt. 25c) (Jumbo Pkt. 60c).

Penguin Gourds

Penguin Gourds

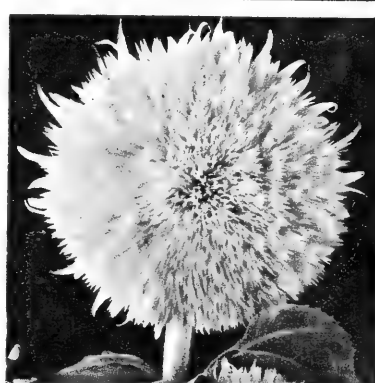

These charming and curious snow birds attract the curiosity and admiration of everyone, and are easily made from Calabash Pipe Gourds. They make delightful gifts, and also find ready sale. The gourds are easily grown, and no particular skill is required, as the gourds are simply harvested when ripe, painted, mounted on a wooden or plaster base and absorbent cotton is placed around to represent snow. (Pkt. 15c) (Jumbo Pkt. 35c).

KOCHIA

The annual that looks like an evergreen. Red in fall. 2½'. (Pkt. 10c) (Jumbo Pkt. 25c) (oz. 45c).

GODETIA Satin Flower

DOUBLE MIXED. Bushy plants with masses of large, colorful blooms during summer and fall. Good for shady spots. Large double flowers in rose, pink, scarlet, lavender, white and combinations. 2 ft. (Pkt. 10c) (½ oz. 45c).

Chrysanthemum—Flowered Sun Gold

SUNFLOWERS

DOUBLE SUN GOLD

Big as a Man's Hat

Chrysanthemum—Flowered. Rich golden-yellow big as a man's hat. 5 ft. tall. (Pkt. 15c) (Jumbo Pkt. 35c) (oz. 65c).

SINGLE RED

It Grows Lower

Different shades of red and red margined with yellow. 2 to 5 in. flowers, 3 to 4 ft. tall. (Pkt. 15c) (Jumbo Pkt. 35c) (oz. 55c).

MAMMOTH RUSSIAN

Largest of All

Largest of all with heads up to 22 in. across. Immense quantity of seed, highly valued for poultry. (Pkt. 10c) (½ lb. 25c) (lb. 70c) (5 lbs. \$3.00).

Tall, Lovely COSMOS

EARLY DOUBLE

Lovely crested or anemone-shaped flowers 2 to 2½ in. across. Frequently double and single flowers on same plant. (Pkt. 20c).

SENSATION

Enormous blooms 4 to 6 in. across on long stems. Plant 4 to 6 ft. tall. Mixture contains white, crimson, rose and pink. (Pkt. 15c) (Jumbo Pkt. 35c) (½ oz. 60c).

HELICHRYSUM

For Winter Bouquets

(Strawflowers or Immortelles)

Gay in the summer garden and unexcelled for winter bouquets, our large flowering strain has beautiful blossoms in manifold hues of red, violet, purple, rose, pink, salmon, yellow and white. To preserve for winter use, cut when flowers are partly opened, tie in small, loose bunches and hang with heads down (to keep stems straight) in a cool, shady place to dry slowly. **Mixed seed only.** (Pkt. 15c) (Jumbo Pkt. 35c) (½ oz. 65c).

ZINNIAS

ZINNIA COLLECTION: 1 Pkt. each of Dahlia Flowered, Improved Fantasy, Peppermint Stick and Tom Thumb. All 4 only 65c.

Giant Dahlia Flowered

Mammoth size like a perfect Decorative Dahlia. A strong grower with long, stiff stems. A complete range of delicate, bright and rich colors from white, yellow, lavender and rose to orange, scarlet and crimson. (Pkt. 15c) (Jumbo Pkt. 35c) (½ oz. 75c).

GIANTS OF CALIFORNIA

Largest of all. Magnificent double flowers 5 to 6 in. across with overlapping petals. Well-branched plants grow 3 ft. with long, stiff stems. Mixture of colors. (Pkt. 15c) (Jumbo Pkt. 35c) (½ oz. 75c).

SUPER-GIANT MIXTURE

A superb mixture of the four Giant Zinnias listed here, including all colors. (Pkt. 25c) (Jumbo Pkt. 60c) (¼ oz. 75c).

Giant "Hybrid" Cactus

This new GIANT combines all the loveliest colors in Zinnias with tremendous size, making it the outstanding flower of its kind. There is just nothing else like it, and no annual flower garden could possibly be complete without it. All the colors with fluffy and ruffled—bigger than dahlia-flowered—blooms borne on 3' stems. (Pkt. 25c) (Jumbo Pkt. 60c) (¼ oz. \$1.00).

Giant Improved Fantasy

Large 5 in. blooms of irregular quilled petals, like a shaggy chrysanthemum. Complete range of colors from brightest reds and oranges to pastel pinks and creams. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

CUT-FLOWER ZINNIAS

EARLY WONDER MIXED. This "earliest of all Zinnias" is different in that it is basal branching and produces its blooms on 20 in. stems without laterals, making it ideal for cutting. Fully double flowers 3 to 4 in. across in fine mixture of all colors. (Pkt. 20c) (Jumbo Pkt. 50c) (¼ oz. 70c).

SCABIOSA FLOWERED ZINNIA. 3 in. flowers with row of broad outer petals surrounding a deep, full cushion crown of quill-like petals like Scabiosa. Mixture of exquisite colors and shades. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

TOM THUMB ZINNIA

4 to 6 in. plants, compact and covered with well formed perfectly double flowers. Colors range through red, orange, yellow, pink, rose, etc. A most effective border plant and excellent for bouquets. (Pkt. 25c) (Jumbo Pkt. 60c) (¼ oz. 75c).

PEPPERMINT STICK

Striped Like a Candy Stick

A completely new, cut-and-come-again Zinnia with striped colors that remind you of Peppermint Stick. Combinations of red and white, orange and yellow, and purple and white striping. 3 ft. (Pkt. 20c) (Jumbo Pkt. 50c) (¼ oz. 70c).

LINEARIS ZINNIA. This unusual dwarf is only 8 to 10 in. tall and 1 to 2 feet through, has literally hundreds of tiny golden-orange blooms at one time. Perfect for edging. (Pkt. 15c) (¼ oz. 50c).

LILLIPUT or Pompon

Very double flowers of dwarf, compact bushes 12 to 15" tall. A full range of colors. One of the best cut flowers and perfect for borders or bedding. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

SWISS GIANTS

"Super Giant"

Often called "super giant," plants are robust and flowers are really big, often 3½ in. across with stiff stems. Richest reds, coppers, bronzes and yellows, plus the choice rosy pinks and rare light blues. (Pkt. 35c) (Jumbo Pkt. 90c) (½ oz. \$1.75).

FELIX (New)

"Cat's Whiskers"

"The Cat's Whiskers!" See them in flower above. Ruffled flowers in all pansy colors—apricot, purple, wine, bronze pastels, smoky hues, yellow and blue. Notice the ruffles. (Pkt. 50c) (Jumbo Pkt. \$1.25).

(Prize) PANSIES

PANSY BARGAIN

A packet each of all 3 Pansies. Only \$1.20.

GIANT ENGELMANN'S

Biggest of All

Unsurpassed for size, beauty, thick velvety texture and wide range of colors. Long stiff stems ideal for cutting. Light, dark and intermediate shades, flowers blotched, spotted, splashed and striped. (Pkt. 50c) (Jumbo Pkt. \$1.25) (¼ oz. \$2.50).

CLARKIA

ELEGANS DOUBLE. Blooming like a flowering almond, this easily grown annual does well in poor soil, either sun or shade. Grows 2 to 3 ft., with beautiful double flowers. A fine mixture of colors from pure white, flesh pink, bright pink, rose and salmon to the orange, orange-scarlet, etc. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

SALPIGLOSSIS

DWARF GIANTS. Gorgeous, funnel-shaped flowers of rich velvety texture. Wonderful range of colors including crimson, primrose, purple and gold, rose and gold, scarlet and gold and white and gold all charmingly penciled, netted and veined. Blooms 3 in. across on plants 20 in. tall. Bloom all summer. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 60c).

Annual PHLOX

Phlox Drummondii LARGE-FLOWERED MIXED. 15 in. tall with large flower heads. All best colors. (Pkt. 15c) (Jumbo Pkt. 35c) (¼ oz. 65c).

STARRED AND FRINGED MIXED. Star-shaped pointed petals very different and slightly smaller, but with brilliant colors. (Pkt. 15c) (Jumbo Pkt. 35c).

Gay, Colorful ORNAMENTAL GOURDS

Gourds make gay winter decorations when thoroughly ripened, cured and varnished. When painted in bright color combinations, they are very attractive braided in strings for wall decorations or when loosely arranged in flat bowls for the table. Many useful things are made from Gourds, such as hanging baskets, vases, wall pockets, fruit bowls, dippers, pipes, nest eggs, bird houses, toys, etc.

ALL KINDS MIXED. Our Gourd mixture is an extra fine blend, including a great many kinds of all shapes and sizes. (Pkt. 15c) (Jumbo Pkt. 35c) (oz. 55c).

PERENNIAL

All perennials on this page are 1 yr., field-grown plants. All will bloom this first year. They are shipped SEPARATELY from other perennials, so might not arrive on the same day. Note that BOTH seeds and plants are offered.

Plant prices are at right, the same for all varieties or a mixture of them. Seeds are priced separately.

TALL, STATELY DELPHINIUMS

PACIFIC HYBRIDS

For sheer, delightful, breath-taking beauty, no flower can compare with the tall stateliness of the Delphinium, of which the Pacific Hybrid is by far the best. With individual florets $2\frac{1}{2}$ " across and spikes 5' to 6' tall, they surely deserve their title

of "Queen of the Garden." Many combinations of blue, purple, rose and lavender. (Pkt. 35c) (Jumbo Pkt. 90c) ($\frac{1}{2}$ oz. \$2.00).

GIANT ENGLISH HYBRIDS

The superb Blackmore and Langdon strain of Hybrid Delphiniums has a color range from pale blue

through delicate lavender and rose variations. Large 4 to 5' spikes with massive flowers make a tremendous sight in the garden. Very large percent of double flowers. (Pkt. 30c) (Jumbo Pkt. 75c)

DOUBLE PURITY—Our select strain of Pacific Hybrid White. SEED ONLY (no plants). (Pkt. 40c)

GYPSOPHILA or Baby's Breath

PANICULATA DOUBLE WHITE— $2\frac{1}{2}$ '. A great improvement on the single-flowered types and more lasting. Feathery sprays add greatly to any mixed bouquets, either fresh or dried for winter. (Pkt. 25c) (Jumbo Pkt. 60c).

PACIFICA or Pink—A rosy mist of tiny single flowers in airy panicles. Seed Only (no plants) Pkt. 25c.

DIANTHUS

Garden Pinks. Double Clove Pink (Plumarius). 12 to 18". The favorite of the old fashioned garden. Double carnation-like flowers with pleasing, spicy fragrance, and many colors. (Pkt. 25c) (Jumbo Pkt. 60c)

PYRETHRUM

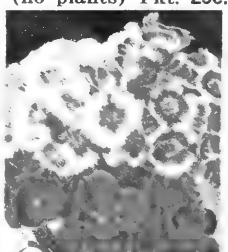

Painted Daisy. Fern-like foliage surmounted by many pink and red, yellow-eyed daisies on 18 to 24" stems. It blooms in late spring and is one of the finest for cutting. (Pkt. 25c) (Jumbo Pkt. 60c)

CAMPANULAS

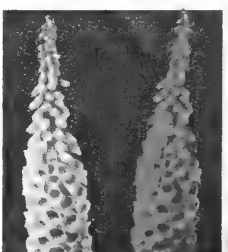

CANTERBURY BELLS (Medium)—Old-fashioned biennial with large blue, rose and white bell-shaped blooms. (Pkt. 15c)

CUP AND SAUCER (Calycanthemum)—Large, semi-double blue, white and rose striped blooms like cup and saucer. (Pkt. 15c)

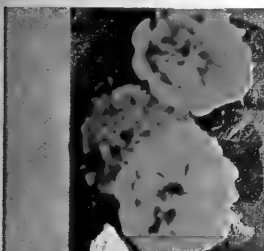

SWEET WILLIAM

Wonderful array of vivid colors in fancy patterns. Clustered and colored, much like Phlox, the markings being more sharply defined. A fine mixture of all colors. One of the early blooming perennials. (Pkt. 20c) (Jumbo Pkt. 50c)

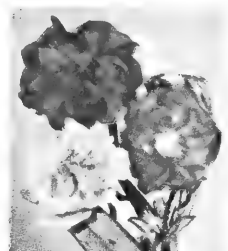

DIGITALIS

FOXGLOVE. Enormous spikes 3 to 4' tall, covered with bell-shaped flowers of pink, rose and white spotted with crimson and maroon. Blooms during July and August. One of the most stately of all garden perennials. (Pkt. 20c)

HOLLYHOCKS

EARLY GIANT DOUBLE MIXED—Very large with frilled outer petals and double rosette in center. A fine mixture of all of the Hollyhock colors. (Pkt. 15c) (Jumbo Pkt. 35c)

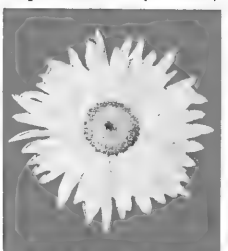

SUN ROSES

Helianthemum. Evergreen, shrubby perennials forming low clumps 1 to 2' in diameter with hundreds of double and single rose-like flowers from June to Aug. Good for border, rockery and poor soil. All colors. (Pkt. 25c) (Jumbo Pkt. 60c)

GAILLARDIA

"The Blanket-Flower" Needed to add that dash of color through the hot dry summer. Our mixed hybrids contain all the new types and colors, from clear yellow to almost red. (Pkt. 15c)

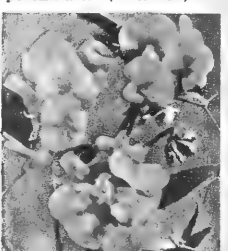

SHASTA DAISY

ALASKA. It is giant in size, blooms profusely on tall, stiff stems, with heavy, overlapping petals. Flowers average 4 to 5" and we have seen many of them as large as 7" across. (Pkt. 15c) (Jumbo Pkt. 35c)

COLUMBINE

Wide Range of Colors
AQUILEGIA LONG SPURRED HYBRIDS. Wide range of colors from bright yellow to vivid scarlet, daintiest blues to deep purple. (Pkt. 25c) (Jumbo Pkt. 60c)

SWEET PEAS

Lathyrus. The large true pea-shaped flowers in pink, red and white, are produced in clusters on stems long enough for cutting. Mixed colors. (Pkt. 20c) (Jumbo Pkt. 50c) ($\frac{1}{2}$ oz. 90c)

PLATYCODON

Chinese Bellflower

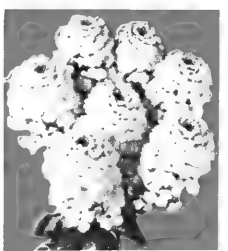

Its odd, balloon-like buds open into showy, deep blue flowers on tall 20" spikes. It blooms June to Sept., is very hardy and one of the best for cutting. (Pkt. 20c)

HELIOTROPE

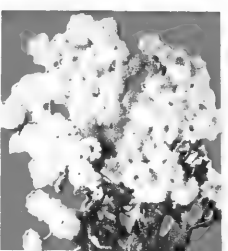

Valeriana

Abundant red flowers in umbels on 12" stems from June to October. Rich green foliage. Known most for its delightful fragrance. (Pkt. 25c)

CANDYTUFT

IBERIS SEMPERVIRENS. One of the best of all edging flowers, its white clusters of bloom a delightful sight. 12 to 18" and does well in sun or shade. (Pkt. 25c) (Jumbo Pkt. 60c)

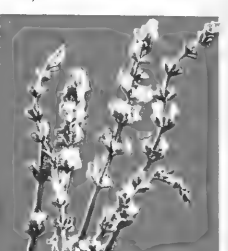

FEVERFEW

MATRICARIA. A free-flowering, hardy perennial, growing 12" tall with fine, double white flowers resembling pompon 'Mums. Blooms June to October and is one of best all-season cut flowers. (Pkt. 25c) (Jumbo Pkt. 60c)

VIOLA

The Tufted Pansy CORNUTA. 6 to 8" hardy, true perennials resembling pansies. They bloom constantly from April until frost. A fine assortment of many shades and colors. (Pkt. 25c) (Jumbo Pkt. 60c)

LAVENDER

Fragrant Lavendula

The true lavender cherished for its fragrance and blue flowers in summer. About 18" tall. Foliage may be dried and used as sachet. (Pkt. 25c) ($\frac{1}{2}$ oz. \$1.50)

FANCY LEAVED CALADIUMS

Brilliant Decorative Foliage

No plant in bloom could attract more attention than the foliage of our Caladium. They are indispensable wherever brilliant decorative plants are required. Plant them in window boxes, jardinières, and among ferns or other green leaved plants to add color. They are also suitable for bedding out-of-doors in partial shade. Not hardy but easily stored for use again the following season. We especially recommend Fancy Leaved Caladiums planted among your Ferns.

Collection of 3 Bulbs, all different, only \$1.00
2 collections (6 bulbs) \$1.85
4 collections (12 bulbs) \$3.60 prepaid.

The Lovely FAIRY AMARYLLIS

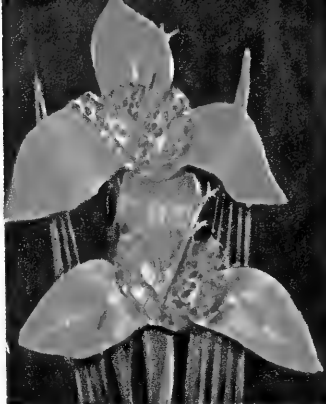

One of the Easiest Bulbs to Grow

The Fairy Amaryllis (Zephyranthes) belongs to the Amaryllis family and is one of the prettiest and easiest grown bulbs. For an effective display, plant several bulbs in a pot. If planted in the garden they flower in great profusion during the summer. Bulbs should be taken up in the fall and treated the same as Gladiolus. Pink, yellow and white flowers sold in mixture of colors only. We send out only blooming size bulbs. (3 for 60c) (6 for \$1.00) prepaid.

Fragrant, HARDY AMARYLLIS

"The Surprise Lily"

The Amaryllis Belladonna or "Surprise Lily" produces its fragrant rose-pink, lily shaped flowers in clusters of 8 to 12 delightful blooms on tall stems. Perfectly hardy in Southern Michigan with light winter protection. The foliage completely dies and disappears about July and the flowering stem appears in late summer, almost as a complete surprise. Large blooming size bulbs. (85c each) (3 for \$2.10) prepaid.

TIGRIDIA or AZTEC LILY

Showy, bulbous plants suitable for the mixed border, growing about 18 in. high, bearing erect spikes of large flowers with oddly blotched cup-shaped centers. Few flowers are more gorgeously colored or so beautiful. Bloom from middle of July to September. The bulbs are edible. Easily grown. Planted and handled same as Gladiolus. **Mixed Colors only.** (3 for 55c) (6 for \$1.00) (12 for \$1.75) prepaid.

SUMMER HYACINTH

Hardy with Winter Protection

The Summer Hyacinth (Galtonia) is a species of Hyacinth. Blooms late in summer. Huge spikes of pure white flowers on stems 3 to 4 feet high. Winter hardy if protected. Blooming size BULBS (3 for 55c) (6 for \$1.00) (12 for \$1.85) prepaid.

GLOXINIAS

This is the magnificent Giant Flowered kind with huge bell-shaped blooms. These showy flowers are self-colored, spotted or mottled. Finest for house plants and window boxes. SEED (Pkt. 50c) (Jumbo Pkt. \$1.25). Blooming size BULBS. Choice of Pink, Purple, Red or White. (50c each) (3 for \$1.20) (6 for \$2.25) ppd. GLOXINIA COLLECTION: 1 ea. of 4 colors, \$1.45.

RANUNCULUS ▼

Our Giant Flowered Hybrids are by far the largest and finest strain. Full double flowers with a blending of semi-double and single blooms. Range in color through all the shades of red, rose, salmon, orange, yellow, etc. Plant outside after the ground thaws, or grow indoors. (12 for 60c) (25 for \$1.00) (50 for \$1.85) (100 for \$3.50) ppd.

CALLA LILIES

BLACK CALLA—Flowers deep purple, almost black. Blooming size bulbs. (\$1.00 each) (3 for \$2.50) prepaid.

PINK CALLA—Bright pink flowers and long narrow leaves. One of most exquisite flowering plants. Sweet scented. Blooming size bulbs. (50c each) (3 for \$1.20) prepaid.

WHITE CALLA—Purest white, unusually large flowers on stiff stems. Attractive spotted foliage. Blooming size bulbs. (50c each) (3 for \$1.20) prepaid.

YELLOW CALLA—Beautiful pure golden yellow flowers, 4 to 5" broad. Leaves are attractively marked with white spots. Blooming size bulbs. (50c each) (3 for \$1.20) prepaid.

CALLA COLLECTION

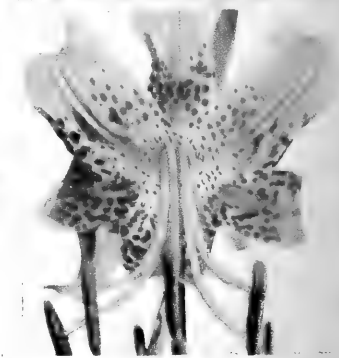

1 bulb each of Pink, White and Yellow, all 3, only \$1.25 prepaid.

New Garden Calla "PURPLE HEART"

A new Calla that not only makes a fine pot plant but will also grow in our Northern Gardens where it blooms in the summer. The arrow shaped foliage is dark green, spotted white and the flower is creamy white with a purple blotch in the center. (\$1.00 each) (3 for \$2.50) prepaid.

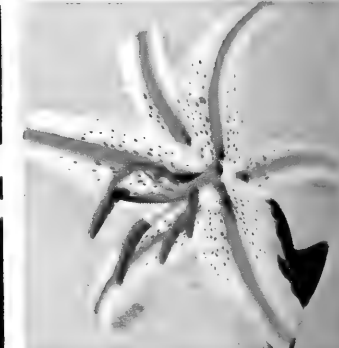

HARDY EASTER LILY

RED BAND LILY

Regal (above) Philippine (below)

Gold Band (above) Tiger (below)

Bulbs

Outdoor Spring Planting and Indoor Winter Planting

Note Bulbs on this and page opposite. It is easy to grow flowers from bulbs and the hardy varieties will live for years outdoors. Lift bulbs that are not hardy, per instructions with each order. Note those that bloom easily indoors as house plants. All prepaid.

MONTBRETIAS

One of the most floriferous and showy of summer flowering bulbous plants, producing in great numbers, graceful spikes 8 to 12 in. in length, each spike bearing from 18 to 30 star-shaped flowers, 1½ to 2 in. across. Very popular for clumping among perennials and shrubbery, easily grown. Also highly valued as cut-flowers and can be grown in flowerpots in the house. Montbretias are hardy, prefer a warm, sunny location, should be protected during the winter with a covering of leaves, or stored the same as Gladiolus. Our mixture contains many bright shades of yellow, salmon, orange and scarlet. **Special Mixed.** (3 for 55c) (6 for \$1.00) (12 for \$1.85) prepaid.

"THE MAGIC LILY"

Bloom Appears "as if by Magic"

The Magic Lily, *Lycoris Squamigera*, is a native of Japan and one of the most beautiful of the Amaryllis family. It produces attractive green foliage in the spring which disappears in midsummer. About a month later, as if by magic, the flower stalk appears, bearing a cluster of 7 to 12 fragrant Lily-like flowers of delicate lilac-pink, with blue shades. Perfectly hardy in the northern States, where it may be left in the ground year after year unmolested. (55c each) (3 for \$1.25) (6 for \$2.10) prepaid.

GIANT DUTCH Hybrid Amaryllis

"Its Unbelievable Bloom Cannot Be Matched"

No potted plant will attract more attention or give both the amateur and professional grower more pleasure than to see one of our Giant Dutch Hybrid Amaryllis unfold its gigantic blooms. We have thoroughly tested them during the last 2 years and have found them so far superior to any other strain that we recommend them to you as best. They may seem expensive when compared in price to the many cheaper strains offered, but we know you will find them well worth the difference. All produce blooms 6 to 8 inches across and sometimes larger. We have seen 4 and 5 blooms on a 2 foot stem giving a floral display hard to believe.

We offer Giant Dutch Amaryllis (imported bulbs) in the following colors.

BRIGHT SOLID RED ROSE
SALMON ORANGE
RED & WHITE STRIPED WHITE

Prices: (\$3.50 each) (3 for \$9.00) prepaid.

COOPERIA or RAIN LILY

Blooms After Every Rain

The Rain Lily, in its native state, blooms through the summer and fall after nearly every rain. The flowers are 2 to 3 in. across, waxy white with a tinge of pink outside. Borne on 8-in. stems. They flower several times each year. Perfectly hardy for outdoor planting and may also be used as a pot plant. Blooming size bulbs. (3 for 55c) (6 for \$1.00) (12 for \$1.85) prepaid.

Gorgeous, Imposing GIANT CANNAS

These stately favorites with the massive blooms and tropical flavor are a showy sight all summer and fall. The deep green of their foliage and brilliance of bloom is unsurpassed by anything.

KING HUMBERT—Red flowers, bronze foliage.
CITY OF PORTLAND—Pink flowers, green foliage.
YELLOW KING—Yellow flowers, green foliage.

(3 for 85c) (6 for \$1.50) (12 for \$2.75) prepaid.

CANNA COLLECTION—2 each of 3 above (6 roots) only \$1.50 prepaid.

HARDY LILIES

HARDY EASTER LILY

Popular Estate Lily

A true, long-trumpet white one like you'd pay \$3 to \$4 for at the florists. Amazingly beautiful and perfectly hardy. You'll have blooms this summer and for years and years to come. Grows 2½ to 3' tall. (75c each) (3 for \$1.95) (6 for \$3.50) prepaid.

RED BAND LILY

Waxy Pink Flowers

Rubrum. From late July through September this loveliest of all Lilies displays its bright pink bloom with small maroon spots. It grows 3 to 4' tall and its waxy flowers blend with all other colors in the border. Plant in sun or shade. (75c each) (3 for \$1.95) (6 for \$3.50) prepaid.

REGAL LILY

Delightful Fragrance

Large, trumpet-shaped flowers are 4 to 6" in length and white slightly suffused with pink and with yellow at the throat. It blooms in late spring and early summer in great profusion and with a delightful fragrance. Multiplies rapidly. (45c each) (3 for \$1.15) (6 for \$2.00) prepaid.

GOLD BAND LILY

With the Giant Blooms

Auratum. Immense, fragrant flowers measuring nearly a foot in width when fully expanded. Broad petals, gracefully recurved. White, thickly studded with crimson-maroon spots with wide gold band down center. (75c each) (3 for \$1.95) (6 for \$3.50) prepaid.

PHILIPPINE LILY

One of the whitest of the lilies with purple tinted on the outside. Up to 10 flowers, each 7 to 8" long on stems 4 to 6' tall. Blooms through August and into Fall. Very hardy; comes up year after year. Delightfully fragrant. (60c each) (3 for \$1.50) (6 for \$2.75) prepaid.

TIGER LILY

Here is the easiest of all Lilies to grow, thriving in almost any location. Its spotted orange flowers are produced in great profusion in August and throughout the fall on stems 4 to 5' tall. (65c each) (3 for \$1.65) (6 for \$3.00) prepaid.

GIANT LILY COLLECTION

Bulbs**

Among the thousands of Glad varieties in our trial grounds each year, we select 25 as outstanding to present to Burgess customers. All bulbs are Giant size, the kind that will be sure to bloom for you.

ABU HASSAN—Clear, dark blue on tall, straight spikes. Most popular blue. Early. (3 for 50c) (6 for 90c) (12 for \$1.65).

BLACK OPAL—A deep, almost black-red, with welcome trouble-free growing qualities. (3 for 45c) (6 for 80c) (12 for \$1.45).

BLUE BEAUTY—Medium blue shaded darker at edges; large, wide open flowers. Early midseason. (3 for 35c) (6 for 60c) (12 for \$1.10).

BURMA—Deep rose, ruffled blooms; 7 to 10 open together on medium tall plants. Early midseason. (3 for 45c) (6 for 80c) (12 for \$1.45).

CORONA—Creamy-white with rose margins; large; midseason. In great demand. (3 for 35c) (6 for 60c) (12 for \$1.10).

ELIZABETH THE QUEEN—Beautiful lavender with darker lines in the throat; 7 to 8 wide open flowers at a time. Midseason. This is the finest lavender. (3 for 35c) (6 for 60c) (12 for \$1.10).

FLORENCE NIGHTINGALE—Tall, vigorous white with creamy-white throat. (3 for 50c) (6 for 90c) (12 for \$1.65).

FLYING Fortress—A smoky-lavender with prominent red tongue on lower petals. (3 for 50c) (6 for 90c) (12 for \$1.65).

GEN. EISENHOWER—Bright, clear tint of begonia pink; large flowers on tall stems open over a long period. In great demand by cut-flower growers and bids fair to become one of the top favorites of all time. (3 for 40c) (6 for 70c) (12 for \$1.25).

HARRY HOPKINS—A crystal clear, rose-red, probably the best in its class. (3 for 45c) (6 for 80c) (12 for \$1.45).

MANSOER—A brilliant cardinal red—bright as a fire engine. (3 for 45c) (6 for 80c) (12 for \$1.45).

NANCY—A fiery red and one of the best cut flowers of all. (3 for 45c) (6 for 80c) (12 for \$1.45).

PAUL RUBENS—Enormous flowers of reddish-purple—8 to 10 open at a time. (3 for 45c) (6 for 80c) (12 for \$1.45).

PICARDY—Salmon pink; large florets. Clean stock of this great, midseason favorite. (3 for 35c) (6 for 60c) (12 for \$1.10).

POLYNESIE—A new deep salmon. One of highest rated of all glads. (3 for 60c) (6 for \$1.00) (12 for \$1.85).

PURPLE SUPREME—Bright purple; tall, straight spikes. Midseason. (3 for 45c) (6 for 80c) (12 for \$1.45).

RAVEL—A tall, easy to grow blue with violet shadings and purple throat. (3 for 45c) (6 for 80c) (12 for \$1.45).

RED CHARM—An early medium red with deeper lower petals. (3 for 45c) (6 for 80c) (12 for \$1.45).

RED STOPLIGHT—Clear, brilliant red, large florets, slightly ruffled. Midseason. (3 for 45c) (6 for 80c) (12 for \$1.45).

REWI FALLU—Immense, deep blood-red; texture like heavy velvet. Don't lose the name of this one—you'll want to get more! (3 for 45c) (6 for 80c) (12 for \$1.45).

SPIC & SPAN—A brand new sensation, with perfect form and giant, ruffled flowers of rich pink—sometimes 20 of them at once. (3 for 65c) (6 for \$1.10) (12 for \$2.00).

TIVOLI—A clear, delicate pink with canary-yellow throat. (3 for 45c) (6 for 80c) (12 for \$1.45).

VAGABOND PRINCE—A brown-red smoky of tremendous size. (3 for 45c) (6 for 80c) (12 for \$1.45).

WEDGEWOOD—A very lovely ruffled blue-lavender. (3 for 60c) (6 for \$1.00) (12 for \$1.85).

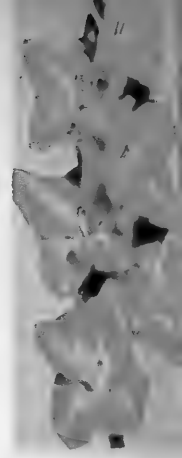

YELLOW SPOTLIGHT—Golden yellow with small red markings. (3 for 35c) (6 for 60c) (12 for \$1.10).

SPECIAL GLAD COLLECTION

1 each of 25 outstanding Glads above (unlabeled) only \$2.75.

The Famous FRAGRANT GLADIOLUS

This variety came from Ethiopia as *Gladiolus Murialae* and while some botanists consider this to be its correct classification, others classify it as a species of *Acidanthera*. Under whichever name you choose to call it, you will find it to be one of the finest additions to your *Gladiolus* garden. The flowers are pure white with a maroon-

black blotch on the lower petal, produced on spikes about 2 feet tall. When in bloom, the entire garden is filled with a delightful perfume suggestive of carnations. Blooming size bulbs which are smaller than regular *Gladiolus* bulbs. (3 for 45c) (6 for 80c) (12 for \$1.50).

GLORIOUS GLAD COLLECTION

HUNDREDS of colors go to make up this amazing collection of Large Size Bulbs. 12 for 95c—25 for \$1.80—50 for \$3.25—100 for \$5.95.

BURGESS GIANT DAHLIAS

EXHIBITION DAHLIAS — all 12" to 14" across
ALL "Honor Roll" Varieties — All Prepaid

ALICE MAY

This "finest of all the whites" comes to us from Australia, and is sometimes called the white Lord of Autumn, because of its giant size and perfection of bloom. It is a low grower producing many exhibition blooms. Excellent stem and foliage—a consistent winner at the shows. (\$1.25 each) (3 for \$2.95)

COMMANDO

Big, dark lavender-blue flowers averaging better than a foot across. Strikingly beautiful, it is generally considered to be the best of its color. Here is a dahlia you will always be proud to exhibit. (65c each) (3 for \$1.50)

GIRL OF HILLCREST

A massive informal decorative of bronzy-buff with no other shadings—finest of its color. It is a very husky grower, with heavy foliage and medium height. (80c each) (3 for \$1.95)

PREMIER'S WINSOME

The most attractive pink since Kathleen Norris. Very large deep blooms, long, strong stems, heavy foliage and tall robust plants. An informal decorative type of startling beauty. (\$1.25 each) (3 for \$2.95)

THE COMMODORE

Far and away the finest yellow. Its gigantic blossoms of clear lemon-yellow will bring sunshine into your garden even on cloudy days. Really superb. (50c each) (3 for \$1.25)

MRS. THOS. EDISON

(See Photo, Right.) The most glorious red of them all. It fairly glows with color, besides being one of the handsomest plants. You will surely want this one above all others. (\$1.00 each) (3 for \$2.50)

EXHIBITION DAHLIA COLLECTION. 1 each of 6 above only \$3.95.

All Dahlias

PURPLE BALL—Large, clear, dark purple. Blooms freely. (40c each)

RED CHIEF—A perfect, bright red ball. (45c each)

STORM KING—Pure white. 4-inch flowers. (35c each)

YELLOW DUKE—Clean, brilliant yellow; a perfect cut flower. (40c each)

BALL DAHLIA COLLECTION—1 each of 5 varieties listed only \$1.35 prepaid.

CACTUS DAHLIAS

BABY ROYAL—A very nice, salmon-pink. (45c each)

BERTHA HORNE—Bronzy buff-yellow; fine for cutting. (40c each)

BRIDE'S BOUQUET—Pure white; medium-size flowers. (45c each)

CELIA—Beautiful lavender-pink; large flowers. (40c each)

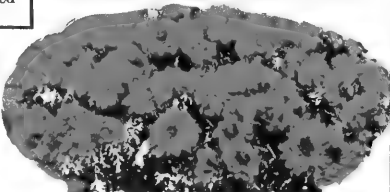

LIBELLE—Royal purple; a very rich hue. (40c each)

CACTUS DAHLIA COLLECTION—1 each of 5 above only \$1.45 prepaid.

DAHLIA SEED

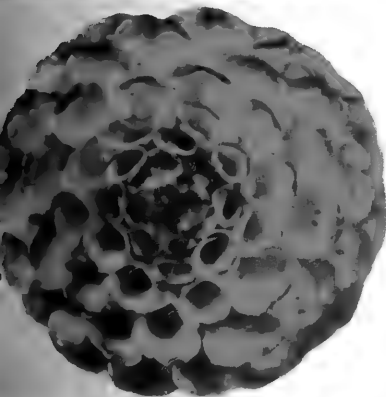

BURGESS' SPECIAL MIXTURE. A select mixture of Decorative Cactus-Flowered, Hybrid-Cactus, Ball or show type, and Peony-Flowered. All types mixed. (Pkt. 35c) (Jumbo Pkt. 90c).

Brand New BEDDING DAHLIA

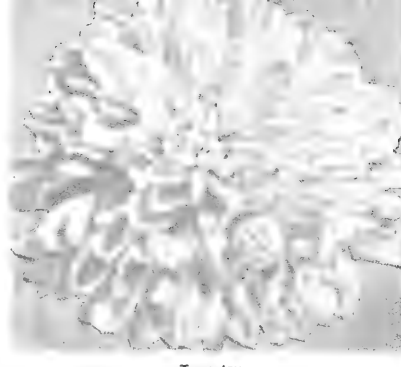

A Circular Bed of Dahlias

FRED SPRINGER—Here is something startlingly new in Dahlias—a bedding variety only 18" tall with huge 6 to 8" blooms, almost the size and just as beautifully formed as the luscious Exhibition varieties we all love so well. Color is a brilliant, glowing red. To make a circular bed, plant one dahlia in the middle, and five others 24" from the center and 24" apart. Can be used very effectively as hedge, too, or in the border. (75c each) (3 for \$1.75) (6 for \$2.95), prepaid.

Remembrance

Tapestry

Early-Flowering GIANT 'MUMS

Blooms Up to 5" Across

ALERT. Fully double dark purple that never fades. One of the large ones.

AVALANCHE (not illustrated). A giant, almost 6" across and the purest of all whites.

HUNTSMAN. Bright scarlet-orange overlaid with bronze tints.

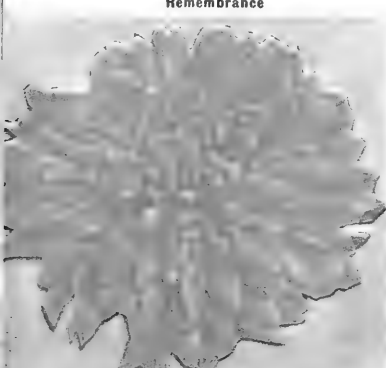

LEE POWELL. Chinese yellow with orange-yellow center.

TAPESTRY. One of most prolific bloomers. Deep pink turning to rose.

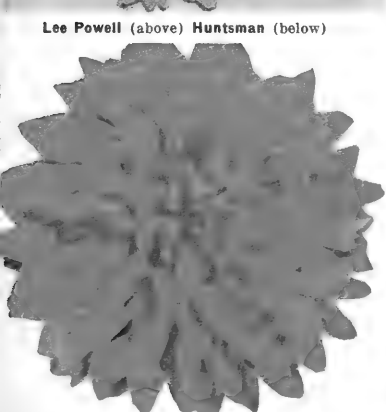

REMEMBRANCE. A deep red that holds color even after hard frost.

PRICES: (60c each) (3 for \$1.50) (6 for \$2.75) (12 for \$4.95) prepaid.

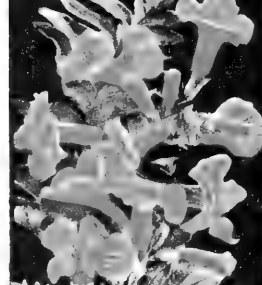

EARLY FLOWERING 'MUM COLLECTION: 1 each of 6 above only \$2.70 prepaid.

Lee Powell (above) Huntsman (below)

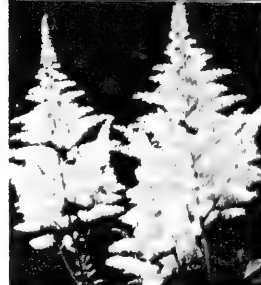

Alert

Hardy GLOXINIA

Trumpet-Flower

INCARVILLEA. Rose-pink, trumpet-shaped flowers on 18" stems. Make striking and unusual appearance. Like to have deep, rich loam and a well drained situation. Not suitable in damp and heavy soils. Keep them in the sun. A fine new perennial for the border. (50c each) (3 for \$1.20) (6 for \$2.10) prepaid.

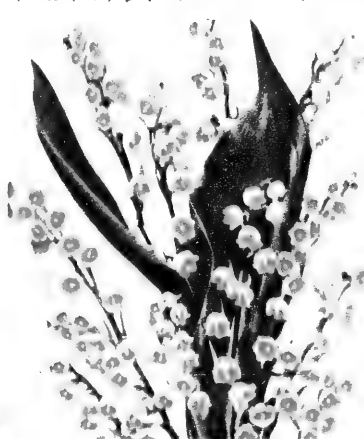

ASTILBE

Many attractive branched, feathery heads in June and July. Fine for cutting, 18". Do well indoors as pot plants.

DEUTSCHLAND—White. (65c each) (3 for \$1.65) prepaid.

FANAL—Red. (75c each) (3 for \$1.95) prepaid.

RHINELAND—Pink. (60c each) (3 for \$1.50) prepaid.

Fragrant LILY of the VALLEY

DOUBLE WHITE. Just like the popular single Lily of the Valley except that each bell has a second one inside and usually two miniature bells at the side. Very rare and unusual. Plants (40c each) (3 for 95c) (6 for \$1.75) prepaid.

SINGLE WHITE. The fragrant white Lily of the Valley will grow most anywhere but prefer shade. Plants (6 for 85c) (12 for \$1.50) prepaid.

PINK—(Photo above). Exactly like the white Lily of the Valley except color which is lilac-pink. Plants (45c each) (3 for \$1.00) (6 for \$1.85)

HARDY ASTERS

Few flowers provide more late summer and fall bloom than the hardy Asters with their great mass of color.

AMARANTH—Clear, vibrant purple.

BEECHWOOD—All call it the best red.

HARRINGTON PINK—A clear pink.

MT. EVEREST—Pure white with yellow eye.

(75c each) (3 for \$1.95) (6 for \$3.40) prepaid.

HARDY ASTER COLLECTION: 1 each of 4 above only \$2.35 prepaid.

SEED, Perennial Hybrids: (Pkt. 25c).

ORIENTAL ROSE VINE

Climbs Trellis or Bank

HARDY DOUBLE MORNING GLORY. Full double, rose-like flowers of clear bright pink, 2" across, that bloom all summer. Plant along dry sunny banks or where a low vine is needed. Climbs 4 to 6' on a trellis or fence. Takes all kinds of abuse and still blooms profusely. (50c each) (3 for \$1.20) (6 for \$2.10).

HARDY GARDEN CARNATIONS

Here are the Hardy Garden Carnations that add so much brilliance and fragrance to any garden.

Sold in Collection only, 1 Red, 1 Pink, 1 White, 1 Maroon and 1 Yellow. All 5 carnations only \$1.25 prepaid. 2 Collections (10 plants) \$2.25 prepaid.

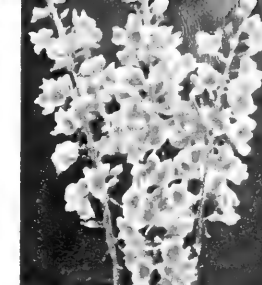

SEED: (Pkt. 25c) (Jumbo Pkt. 60c).

BUTTON 'MUM

Here is a brand new race of tiny Button 'Mums, introduced to you last year for the first time, with a very small picture. Here you can see them to better advantage, and with a new color added. They are compact, bushy plants, with blooms by the hundreds. Really bright-eyes in the garden. Four colors to choose from: Yellow, White, Pink and Orange. (70c each) (3 for \$1.80) (6 for \$3.25) prepaid.

BUTTON 'MUM COLLECTION: 1 each of 4 colors above only \$2.25 prepaid.

FORGET-ME-NOT

(MYOSOTIS). Hardy perennials that bloom continually from early spring to frost.

BLUE GEM—9". Lovely, bright sky-blue flowers. **SEED:** (Pkt. 25c).

PINK BEAUTY—9". Pink with strong habit and loaded with bloom.

PLANTS of each: (50c each) (3 for \$1.20) (6 for \$2.10) pdp.

JAPANESE IRIS

BLUE RIVER. A very deep purple.

JEANETTE. White, veined blue with yellow center.

MARGARET HENDRICKSON. A lovely blue.

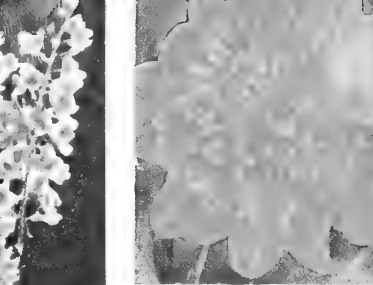

ROSANNA. Delicate amethyst, veined red.

PRICES: (65c each) (3 for \$1.70) (6 for \$2.95) prepaid.

JAP IRIS COLLECTION: 1 each of 4 above only \$1.95 prepaid.

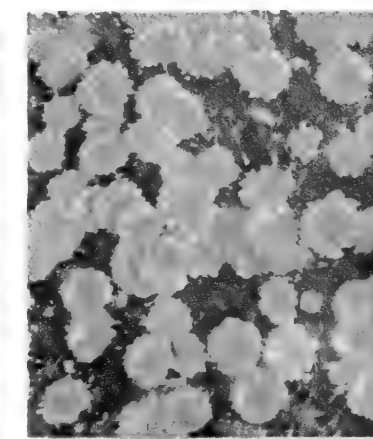

MIXED JAP IRIS: (All colors and shades)—(3 for \$1.35) (6 for \$2.35) (12 for \$4.50) prepaid.

SEED (Mixed): (Pkt. 30c) (Jumbo Pkt. 75c).

HARDY ZINNIA

Hellanthus Loddon Gold. Few hardy, free-blooming perennials even compare with this daughter of the sun. Its golden-yellow blooms, borne on stiff 3 to 4' stems throughout the summer and fall months, are an inspiration. Grows easily anywhere. Wonderful cut flower. Comes, and comes again. Multiplies. (65c each) (3 for \$1.65) (6 for \$2.85) prepaid.

GOLDEN CARPET 'MUM

Covers Ground Like a Carpet

Here is something startlingly new in hardy Chrysanthemums—a low grower that literally clings to the ground. A single plant will cover a 3 ft. area with bright golden-yellow pompons. A splendid edger, good for the rock garden and a thousand other places in the garden. Profuse and continual bloomer. (75c each) (3 for \$1.95) (6 for \$3.40) prepaid.

Brand New! DAY LILIES-Hemerocallis

A Whole New Race of Brilliant Sunshine Colors

(A) **HONEY REDHEAD.** Velvety, bright red. (\$1.50 each) (3 for \$3.75).

(B) **HYPERION.** Pure lemon-yellow, fragrant. (\$1.00 each) (3 for \$2.50).

(C) **MARY GUENTHER.** Carmine and yellow bicolor. (\$1.25 each) (3 for \$3.00).

(D) **PERSIAN PRINCESS.** Velvety, wine-red. (\$1.50 each) (3 for \$3.75).

(E) **PINK CHARM.** Peach-pink, shaded coral. (\$2.50 each) (3 for \$6.50).

(F) **WINNIE NIGHTINGALE.** Clear, bright tangerine-orange. (\$1.50 each) (3 for \$3.75).

NAMED DAY LILY COLLECTION: 1 each of 6 above only \$7.50.

SHOW GARDEN Daylily Collection

We have broken up our Show Garden of 268 separate varieties of Daylilies. These plants sell from \$1 up to \$10 each. They are all being put into this "Amazing Value." No matter how many you order we will send each different. Unlabelled. (3 for \$1.95) (6 for \$3.50) (12 for \$6.95) prepaid.

Colorful PHLOX

We are pleased to present this year for the first time, an "all new" list of this delightful flower. You will really enjoy the sparkling color, huge blooms and hardy nature of these five fine varieties.

CHERRY GLO. (Photo above). Brilliant, glowing red.

RUBY LEE. The best purple.

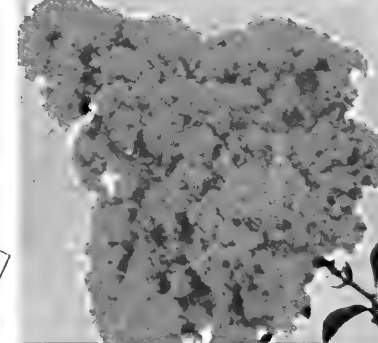

SALMON GLORY. Bright, salmon pink.

SIR JOHN FALSTAFF. Brilliant pink.

WORLD PEACE. The finest pure white.

PRICES: (65c each) (3 for \$1.70) (6 for \$2.95) prepaid.

PHLOX COLLECTION: 1 each of 5 above only \$2.35, prepaid.

Glamorous GRAPE MYRTLE

This loveliest of all flowering shrubs, the South's most beautiful, can now be grown in the North with winter protection and a sheltered situation. Our hardy varieties will sometimes die down completely, and return the next year. Well worth the little extra care you give them. It blooms in hot summer months, its glossy green leaves almost as attractive as its tremendous blooms. Choice of Red, Pink or Purple. (\$1.00 each) (3 for \$2.65) (6 for \$4.95) prepaid.

GRAPE MYRTLE COLLECTION: 1 each of 3 colors above only \$2.50 prepaid.

Lovely, TALL, BEARDED IRIS

Often Called German Iris

(A) **BERKELEY GOLD.** Golden yellow.

(B) **DAUNTLESS.** Mahogany red.

(C) **EMPRESS.** Light blue.

(D) **NIGHTFALL.** Midnight blue.

(E) **PINK SATIN.** Orchid pink.

PRICES: (50c each) (3 for \$1.20) (6 for \$2.10) (12 for \$3.85) prepaid.

DWARF IRIS COLLECTION

Bloom in April. 6 to 10" high. 2 each of Pink, Purple and Yellow. All 6 only \$1.25, prepaid.

HARDY OUTDOOR FERNS

They Are Easy to Grow

Hardy Ferns do well in shady and half-shady places and are useful for growing close to houses, in corners which are too dark for most plants. Ferns do best in light soils containing much vegetable matter, so it is always best to work leaf mould into the soil of a fern bed. They are easy to grow. We have a fine assortment, and sell them in a fine mixture of varieties at (3 for \$1.00) (6 for \$1.75) (12 for \$3.00) prepaid.

BLEEDING HEART

DICENTRA SPECTABILIS (above). 2 ft. April-June. One of the earliest blooming hardy plants; long racemes of graceful heart-shaped rose-pink flowers; easily grown anywhere; especially valuable for border planting and for shade. Also makes a beautiful house plant if potted late in the fall and kept in a cool place until a few weeks before the flowers are wanted. (85c each) (3 for \$2.25) (6 for \$3.95) prepaid.

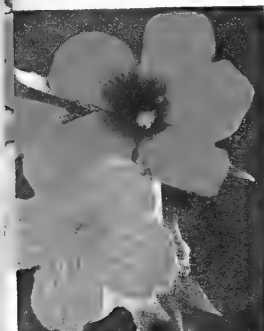

DICENTRA EXIMIA (Everblooming or Plumy Bleeding Heart). 18 inches. An everblooming sort with beautiful finely cut foliage and showy racemes of heart-shaped deep pink flowers from April to August. Shade or sun. SEEDS (25c per pkt.) PLANTS (60c each) (3 for \$1.50) (6 for \$2.50) prepaid.

GROUND COVERS

TRAILING EVERGREEN VINCA (See Photo Above). Splendid in shade or full sun. Glossy evergreen foliage and bright blue flowers. (10 for \$2.00) (25 for \$4.50) (100 for \$15.00) prepaid.

PACHYSANDRA (Japanese Spurge). The bright glossy-green evergreen foliage of Pachysandra is probably the most attractive of all ground covers. Thrives under the most dense shade. (10 for \$3.00) (25 for \$6.50) (100 for \$24.00)

HARDY HIBISCUS

Sometimes called Rose Mallow or Mallow Marvel. Huge 6- to 8-inch flowers on tall growing, bushy plants. Flowers range in color from white with red eye through pink to deep red. Will do well in any soil. SEED (Pkt. 20c) (Jumbo Pkt. 50c). PLANTS (60c each) (3 for \$1.50) (6 for \$2.50) prepaid.

TRITOMAS

PFITZER'S IMPROVED. Scarlet blooms 12" to 15" long in Aug. and Sept. SEED: (Pkt. 20c) (Jumbo Pkt. 50c)

MARTIN'S HYBRID. Scarlet and yellow blooms in July.

GOLDEN SCEPTRE. Canary yellow. Blooms in June.

PLANT PRICES (Choice of above): (75c each) (3 for \$1.95) (6 for \$3.40) prepaid.

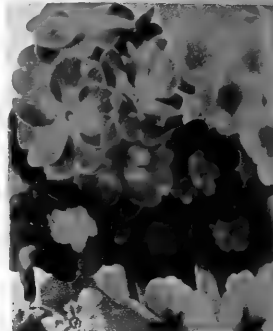

CHINESE LANTERN

The Chinese Lantern (Physalis Franchetti) is highly prized for winter decoration. The balloon-like pods or lanterns measure 6 to 9 inches in circumference, are brilliant orange in color and retain their shape and color all winter. Easily grown in almost any soil. PLANTS (50c each) (3 for \$1.20) prepaid.

Hardy AGERATUM

Delightful masses of blue flowers in August thru fall. One of the easiest to grow and will stand considerable shade. Wonderful for cutting, as it will last a week in a bouquet. (60c each) (3 for \$1.50) (6 for \$2.50) prepaid.

Hardy PRIMULA

Pfitzer's Colossal

These colorful, low-growing beauties come in every color but blue. Plant in shade. Do well in moist conditions. Make sheet of bloom in early spring. (70c each) (3 for \$1.80) (6 for \$3.25) prepaid.

PERENNIAL FLOWER GARDEN

An inexpensive way of obtaining a good assortment of perennial plants is to send for our Perennial Flower Seed Packet, which includes all the leading varieties in a grand mixture. (Pkt. 25c) (Jumbo Pkt. 60c) (1/4 oz. \$1.00).

ALL
Perennials
Prepaid

ORIENTAL POPPIES →

Oriental Poppies can easily be grown from seed, although particular varieties will not come true. Our mixture contains a dozen or more, and you can expect practically all the colors from it. This way you can select the colors you like best from the many you get out of a packet of seed. These giants of the garden are truly outstanding, and growing them from seed is the economical way to get the quantity you need. SEED ONLY (no plants): (Pkt. 25c) (Jumbo Pkt. 60c) (1/4 oz. \$1.00)

ICELAND POPPIES

IMPERIAL JEWELS. Dazzling as the Imperial Crown Jewels. The mixture contains wonderful color shades, from light to very deep orange, all shades of yellow, creamy white and pure white, pink from shell pink to salmon pink, deep rose and nearly red tones and many pastel hues of apricot, buff and chamol. Beautifully frilled and fluted, many semi-double and all 4 to 5 in. or more in diameter. Stems 20 to 24 in., bearing flowers upright in regal splendor. SEED ONLY (no plants): (Pkt. 25c) (Jumbo Pkt. 60c)

GIANT DOUBLE WHITE SHASTA DAISY. This strain includes an assortment of various types of double flowers ranging from the most fully double fringed petaled sorts through semi-doubles, to a type which though single, forms unusual and beautifully shaped flowers with lacinated, curled and quilled petals. SEED ONLY (no plants): (Pkt. 25c) (Jumbo Pkt. 60c)

CHINESE MONEY PLANT

LUNARIA. A hardy biennial, about 2 feet in height. Flowers are violet-purple, white and dark crimson, followed by silvery seed pods, which present a beautiful and rather curious appearance. When dried, the stems, which are loaded with these glistening seed pouches, will last indefinitely for winter bouquets. SEED ONLY (no plants): (Pkt. 15c) (Jumbo Pkt. 35c)

RUSSELL LUPINES

Spikes 3 to 4' tall. Flowers resemble sweet peas, set closely along the stalk. Shades of yellow, orange, red and purple, with many bi-colored and two-toned. An excellent cut flower, blooming with poppies. SEED ONLY (no plants): (Pkt. 25c) (Jumbo Pkt. 60c)

Hardy VERBENA →

One of the best low-growing perennials with a continual display of pink bloom. Fine for cutting and excellent border flower, growing only 12" high and covered with flowers from early summer to late fall. (65c each) (3 for \$1.65) (6 for \$2.85)

Giant — Double PEONIES

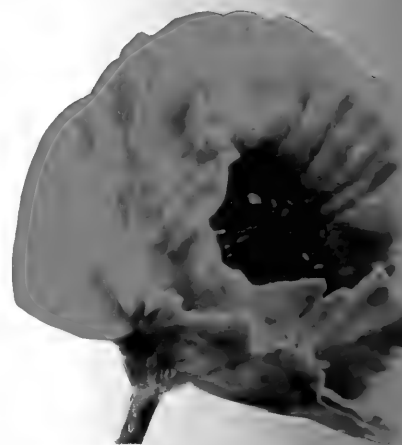

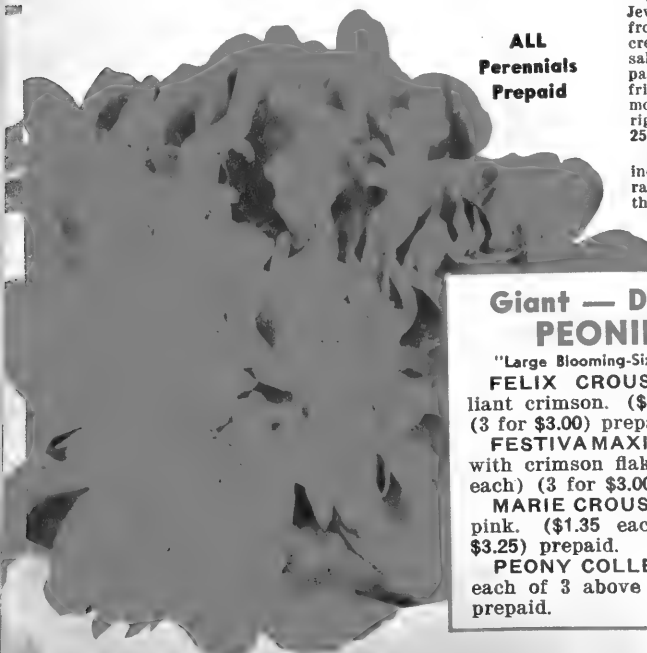

"Large Blooming-Size Plants"

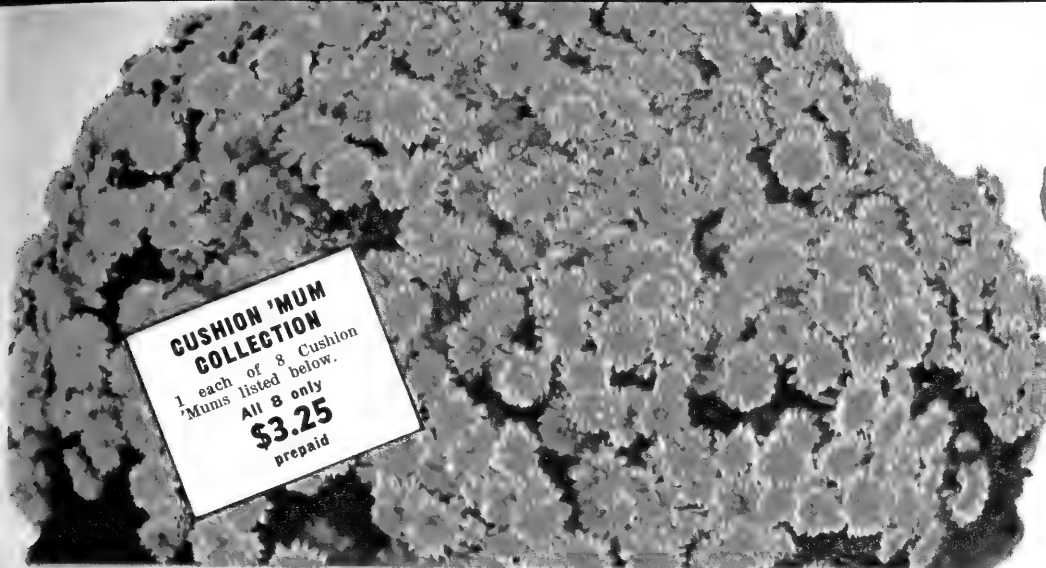

FELIX CROUSSE. Brilliant crimson. (\$1.25 each) (3 for \$3.00) prepaid.

FESTIVAMAXIMA. White with crimson flakes. (\$1.25 each) (3 for \$3.00) prepaid.

MARIE CROUSSE. Bright pink. (\$1.35 each) (3 for \$3.25) prepaid.

PEONY COLLECTION: 1 each of 3 above only \$2.95 prepaid.

**CUSHION 'MUM
COLLECTION**
1 each of 8 Cushion
'Mums listed below.
All 8 only
\$3.25
prepaid

Burgess' CUSHION 'MUMS—Flower of 1000 Blooms

COLOR 'MUM COLLECTION

1 each of Red,
Yellow, Pink and
White. All 4 only
\$1.60 prepaid.

Cushion 'Mums are best known for their hardiness and profusion of bloom. There are literally thousands of blooms, each plant making a sheet of color that really startles the eye. A welcome sight in fall. They bloom early and until hard-freezing weather.

AURORA. Bronze-red.

BLACK VELVET. Very dark red.

BRONZE BETTY. A rich, beautiful
bronze.

NANOOK WHITE. Purest white.

GOLDEN WAVES. (See Photo

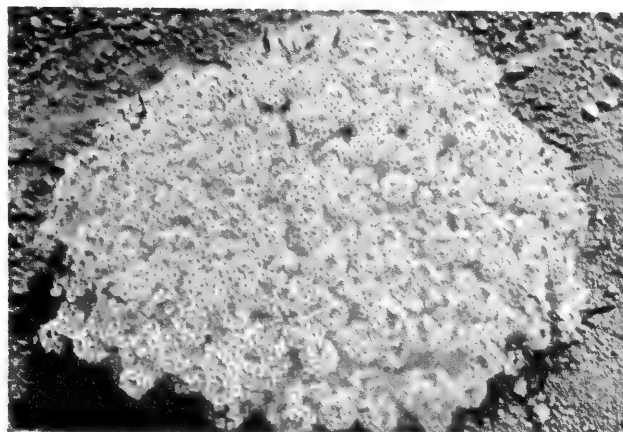

Above) A delightful lemon yellow.

ORCHID HELEN. An orchid-pink.

PURPLE GLORY. Bright purple.

ROUGE. Burgundy red.

PRICES: (55c each) (3 for \$1.35) (6 for \$2.50) (12 for \$4.75) prepaid.

CREeping PHLOX—Subulata Grows in Poorest Soil

Moss-like evergreen mats of foliage completely covered with flowers in very early spring. They withstand drought and will grow on the poorest soil. An ideal plant for the rockery, border, terrace or bank. Your choice of **Blue, Pink, Red or White.** (55c each) (3 for \$1.45) (6 for \$2.50) (12 for \$4.65)

PHLOX SUBULATA COLLECTION: 2 each of Blue, Pink and Red, all 6 only \$2.25 prepaid.

◀ EVER-BLOOMING BUTTERFLY BUSH

The perpetual blooming (Buddleia) shrub, flowering without a break from early summer until frost. Grows 4 to 6'

BLUE SPIRES. A bright Eleanor blue.

PINK CHARM. A glowing true pink.

RED GLORY. A startlingly rich ruby-red.

ROYAL PURPLE. (See Color Photo Left) A deep, rich, glowing purple.
(85c each) (3 for \$2.25) (6 for \$3.95)

BUTTERFLY BUSH COLLECTION: 1 each of 4 above
only \$2.85 prepaid.

Double, Camellia-Flowered

TUBEROUS BEGONIAS

Tuberous BEGONIA Collection

1 each of 5 colors
only \$1.00.

2 Collections, 10
bulbs, only \$1.90.
All prepaid.

This charming class of Begonia is perhaps the most handsome of all summer-flowering tuberous-rooted plants. Fine for pot plants and for planting outside in a semi-shady location. Their culture is of the simplest, and with the least regard for their requirements they will repay with an abundance and brilliancy of bloom not equaled by any other class of plants. All blooming size bulbs.

Available in **Pink, Scarlet, Crimson, Orange and Yellow.** Your choice of colors.
(3 for 80c) (6 for \$1.45) (12 for \$2.50)

EVERBLOOMING TREE ROSES

The blooms of Tree Roses are exactly like the Hybrid Teas, except that they are grafted on top of a standard or trunk about 3 to 3½ feet high and will eventually reach a height of about 5 feet. They flower the first year they are planted and bloom more profusely than when grown in bush form.

ETOILE de HOLLANDE—Red.

THE DOCTOR—Pink.

WHITE AMERICAN BEAUTY—White.

MRS. P. S. DUPONT—Yellow.

PRICES: (6.25 each) (2 for \$10.95).

TREE ROSE COLLECTION: 1 each of 4 above only \$19.95.

Tree Roses are too big to ship Parcel Post. They go by Express. Not Prepaid.

Instructions for winter care are sent with each shipment.

Two-In-One TREE ROSE

Here's something amazingly beautiful and different. Two roses grafted on the same trunk, both Etoile de Hollande and Mrs. DuPont, so you have BOTH red and yellow roses at the same time. (\$7.50 each) (2 for \$12.00) Express Not Prepaid.

Thornless

FESTIVAL

Everblooming—
Fragrant

Plant Pat. 545. A beautiful, red Hybrid Tea Rose. Large flowers, everblooming and fragrant. One of the finest red roses for your garden and entirely free of thorns. Very double flowers bloom from June until freezing weather. (\$1.50 each) (3 for \$3.75) prepaid.

SWEETHEART ROSE

Exquisite Salmon-Pink baby blooms. An everblooming, practically thornless plant that grows to about 2' and blooms all summer. Last summer 252 blossoms were counted on one plant. Exceptionally hardy and disease resistant. **Pot Grown Plants.** (85c each) (3 for \$2.10) prepaid.

Hardy, Field-Grown **EVERBLOOMING** HYBRID TEA ROSES

From the many hundreds of roses on the market today we have selected the ones (see on this and opposite page in color) which we believe will give most satisfaction to the average or the most discriminating grower and still remain within a moderate price. Note, too, our selection of what we consider the nine finest Patented Roses.

They are all free-blooming, easy to grow varieties that will do well for you. Take advantage of price reductions by ordering in quantity or by collection.

Roses on this and the opposite
page.
All 10 only \$10.50 Prepaid

◀ "Best Red Rose"

ETOILE de
HOLLANDE

Hardest of All

Hollande is not a new rose, but it is more popular today than ever. No other red rose can beat it, either for color, hardiness or freedom from diseases and pests. It just blooms and blooms, all summer long. Huge flowers by the bushful.

LOW PRICES

These prices are for Etoile de Hollande, The Doctor, Golden Charm, McGredy's Scarlet, Poinsettia, Grenoble, K. A. Victoria, Talisman, Golden Dawn and Editor McFarland.

(\$1.25 each) (3 for \$3.60) (6 for \$6.85) (12 for \$12.95) prepaid.

Burgess' **HARDY, FIELD-GROWN**

Climbing Roses

There are a hundred places for climbers. Grow them on the fence, on a trellis, against an outbuilding. They are perfectly hardy almost anywhere.

AMERICAN BEAUTY—The vigorous pink with the dark glossy foliage.

PAUL'S SCARLET—Favorite of all. Deep scarlet bloom.

YELLOW RAMBLER—Clusters of bright lemon-yellow flowers.

PRICES: (\$1.25 each) (3 for \$3.60) prepaid.

Everblooming CLIMBING ROSES

BLAZE—Sensational scarlet climber. Hardy—needs no winter protection.

PINK DAWN—A lovely, delicate pink. Blooms all summer. Hardy.

TALISMAN—Golden yellow and copper. Needs winter protection in the North.

WHITE DAWN—We think this is the finest everblooming white climbing rose. Hundreds of pure white completely double blooms resembling gardenias. Blooms 1st year and is the most persistent. Developed at the University of Minnesota—a cross between New Dawn and Sub-Zero Lily Pons. Really outstanding.

PRICES: (\$1.35 each) (3 for \$3.85) prepaid.

White Dawn

FLORIBUNDA (ROSES)

The great revival of interest in Floribundas of the last few years started with introduction of **FASHION**, that terrifically wonderful rose, that produces unbelievable blooms in unbelievable quantities. Floribundas are so useful for any garden spot, that it now amazes us that we paid so little attention to them. All of them are perfectly hardy and free blooming. They grow about the same height as Hybrid Teas, and can be planted with them.

CHATEAU

Here is the red to end all reds. The color is red as Etoile de Hollande, and the plant is entirely covered with bloom. Very hardy, no troubles from any thing or condition. Just one very, very good rose. (\$1.35 each) (3 for \$3.85) prepaid.

CARNATION FLOWERED

The Carnation-Flowered, or Grootendorst type of rose deserves more attention than it gets. We predict a great revival of interest in it. Perfectly hardy, even in the far North, without protection. Free from disease. They bloom early, late and all the time. Perfect for the shrub border or hedge or foundation planting.

36 Burgess Seed & Plant Co.

Burgess' Special!

CLIMBING ROSE COLLECTION

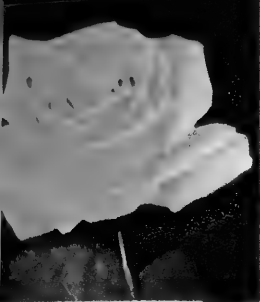

American Beauty

I Talisman

Paul's Scarlet

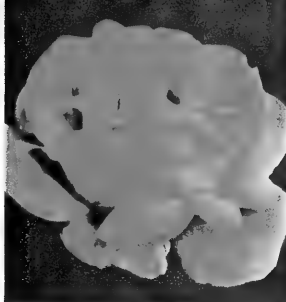

I Pink Dawn

All 4 only \$4.89 prepaid.

THE DOCTOR

Exquisitely fragrant with long pointed, sparkling silvery-pink flowers.

GOLDEN CHARM

A golden-yellow with long pointed buds. A compact, strong grower. Fragrant.

McGREDY'S SCARLET

35 petal, cup-shaped blooms of orange-scarlet. One of the longest bloomers.

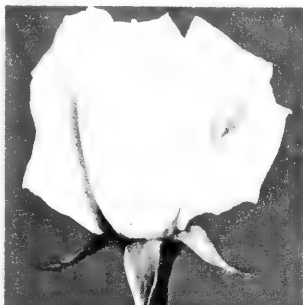

POINSETTIA

Rich fragrance and deep scarlet coloring make it very outstanding.

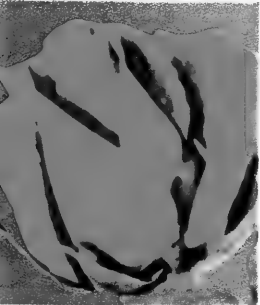

GRENOBLE

One of the darkest reds of all. A very hardy, healthy free-blooming rose.

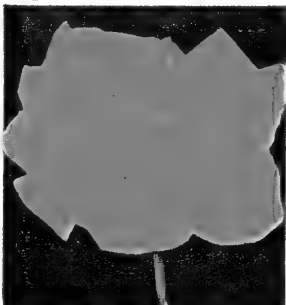

K. A. VICTORIA

Still the cleanest, purest white of all. One of the strongest and hardiest of all Roses.

TALISMAN

Most popular two-tone of golden-yellow and copper. Best of the two-tones.

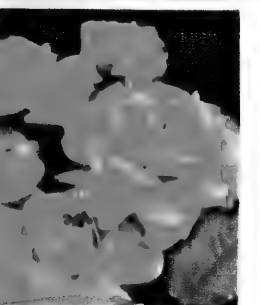

GOLDEN DAWN

A lemon-yellow with a delicious fragrance. Petals edged with carmine.

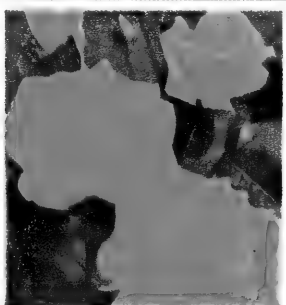

EDITOR McFARLAND

Many consider it the best of all pinks. Pointed buds and a wonderful fragrance.

FLORADORA

For abundance of bloom Floradora can't be beaten, with sometimes 10 blooms opening in a single cluster. A healthy, hardy coral-orange-red of great beauty. (\$1.25 each) (3 for \$3.60) (6 for \$6.85) (12 for \$12.95) prepaid.

GOLDILOCKS

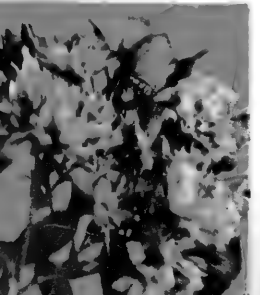

The Best Yellow

Pat. No. 672. Goldilocks is surely a ray of sunshine in any garden. Its golden-yellow blooms, hundreds of them in a season, are as perfectly shaped as the best Hybrid Tea, and more of them. (\$1.50 each) (3 for \$3.90) (12 for \$15.00)

FASHION

Pat. 789. This "highest award winner of all time," is truly the greatest Floribunda. If you have only one, this surely must be it. Profuse bloomer, with luminous coral suffused with gold, so delicate and fragile looking, but withal very hardy, healthy and strong. (\$2.00 each) (3 for \$5.25) (12 for \$20.00)

CARNATION FLOWERED

RED GROOTENDORST →

This rugosa type is ideal for hedges or use as a shrub. Double blooms. Very hardy. Strong grower. (\$1.25 each) (3 for \$3.60) (6 for \$6.85) (12 for \$12.95) prepaid.

← PINK GROOTENDORST

Same as red except a delicate pink. (\$1.25 each) (3 for \$3.60) (6 for \$6.85) (12 for \$12.95) prepaid.

PATENTED ROSES

PEACE ►

Best of All Roses

The perfection of bloom in Peace has never been questioned. Strong, healthy, huge — EVERYTHING. Its delicate yellow is tinged with pink at the edges. (\$2.50 each) (3 for \$6.35)

BEST 7 PAT. ROSES
1 each of Peace, Mission Bells, Mirandy, Sutter's Gold, Nocturne, Evangeline and Taffeta. All 7 only \$11.75

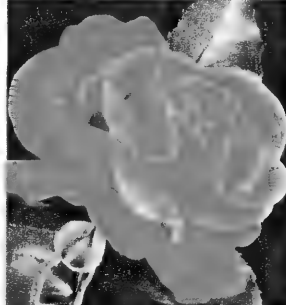

MISSION BELLS

Pat. 923. Huge, fragrant, salmon-pink blooms. (\$2.25 each) (3 for \$6.00)

NOCTURNE

Pat. 718. Large, richly textured red. (\$1.75 each) (3 for \$4.65)

SUTTER'S GOLD

Pat. 885. Yellow buds, richly shaded with orange. (\$2.25 each) (3 for \$6.00)

MIRANDY

Pat. 632. Glant, deep crimson. Vigorous grower. (\$1.75 each) (3 for \$4.65)

EVANGELINE

Creamy-white, thornless rose—pink edging. (\$1.50 each) (3 for \$3.75)

TAFFETA

Pat. 716. Rich bronze turning to copper. Fragrant. (\$1.75 each) (3 for \$4.65)

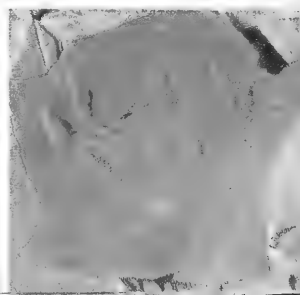

TWO BEST "SUB-ZERO" ROSES

CURLY PINK

A large, striking two-toned pink. (\$2.00 each) (3 for \$5.00) prepaid

QUEEN O' THE LAKES

A long stemmed very deep crimson. (\$2.00 each) (3 for \$5.00) prepaid.

Burgess "SELECT" HOUSE PLANTS

WE GUARANTEE ALL POT PLANTS TO REACH YOU IN GOOD GROWING CONDITION and will replace free of charge any that do not, provided we are notified within ten days from date plants reach you.

Careful Packing

We exercise the greatest care in packing to insure against frost and breakage in transit. House plant orders are sometimes held up during sub-zero winter weather.

Quality

Do not confuse Burgess' Select House Plants with the many "cheap" offers you find in the Sunday supplements. Our guarantee above, assures you of quality.

NOTE! For obvious reasons we cannot ship House Plants during the hot weather after the first week in June. All orders received after that date will be held until we resume shipping again in September.

Although Geraniums are listed here as indoor plants, they can all be used in outdoor window and porch boxes and in the garden.

"Unusual" Geraniums

MOUNTAIN OF SNOW. (See Color Photo.) Brilliant scarlet blossom is set off with soft green leaves with the whitest borders of all. Really a Mountain of Snow. (\$1.00 each) (3 for \$2.50) prepaid.

GOLDEN BUTTERFLY. The leaves are very light green with a large, irregular golden-yellow center suggesting a yellow butterfly which is surrounded by a deep olive-green ring. The color is best in full sun. The single flowers vary from pink to crimson. (\$1.00 each) (3 for \$2.50) prepaid.

APPLE BLOSSOM. (See Color Photo.) The dainty little flowers of Apple Blossom Geranium look exactly like a half-open miniature rose, just at that stage when Roses are at their best. They are white rimmed with carmine-pink suggesting the color of apple blossoms and are borne freely on strong healthy plants. (\$1.00 each) (3 for \$2.50) prepaid.

"UNUSUAL" GERANIUM COLLECTION

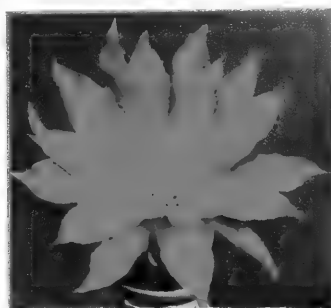

1 each of 3 above only \$2.50 Prepaid

GERANIUM SEED

A superb strain of the finest American and European varieties, many of them with zoned and variegated leaves. A choice mixture of all colors. Easily grown. (Pkt. 35c) (Jumbo Pkt. 90c).

ORCHID Flowering CACTUS

The Orchid Cactus (Hybrid Epiphyllum) is fast becoming one of our most prized indoor plants. Unlike the desert Cactus, it is entirely free from thorns. It is not uncommon for a well-grown plant to produce fifteen or twenty gigantic blooms, ten and even twelve inches across, in a single season. It is not at all difficult to grow this spectacular flower under ordinary home surroundings. The blooming season varies from April through June with the different varieties. Your choice of colors—Red, White, Pink and Orange—(\$1.00 each) (3 for \$2.50) prepaid.

10-Inch Blooms on Small Plants

ORCHID FLOWERING CACTUS COLLECTION

1 each of 4 colors above only \$3.25 prepaid

GERANIUM

"Double Flowered"

RED GLORY—Very large bright scarlet flowers on strong plants. (75c each) (3 for \$1.95)

PINK BEAUTY—(See Color Photo) Large double flowers of delicate salmon-pink. (75c each) (3 for \$1.95)

SPRINGFIELD VIOLET—(See Color Photo) Large double flowers of rich Tyrian-purple. Massive heads of 25 to 30 flowers are produced in abundance. (75c each) (3 for \$1.95)

PICARDY—Semi-double flowers of deep salmon-pink. Dwarf branching habit and almost ever-blooming. One of the best. (75c each) (3 for \$1.95)

SNOWBALL—Full double, pure white blooms on dwarf branching plants. The best white Geranium we have found. (75c each) (3 for \$1.95)

BETTER TIMES—Semi-double flowers of true rose-red nearly 2" across. Outstanding for both pot culture and bedding. (75c each) (3 for \$1.95)

All Prepaid

"Double" Geranium Collection

1 each of 6 above only \$3.50 Prepaid

Lovely FUCHSIA

Best Indoor Flowering Plant for Hanging Baskets

The Fuchsias, with their delightful blooms, gracefully sparkling in shining green foliage should be even more popular than they are. There is just no other plant like them, and they grow so easily indoors or out. This year, we have put four of them (see opposite) in natural color so that you can better appreciate their usefulness and beauty.

FASCINATION (Giant Pink)—Giant double ruffled flowers of soft rose-pink and deep pink sepals. (65c each) (3 for \$1.65) prepaid.

LORD BYRON—Double flowers, scarlet and purple. (65c each) (3 for \$1.65) prepaid.

PRIDE OF ORION—Double flowers, crimson and white. (65c each) (3 for \$1.65) prepaid.

TROPHEE—An easy-to-grow, continuous bloomer. Double flowers, waxy-white and violet-blue. (65c each) (3 for \$1.65) prepaid.

FUCHSIA PICTURE COLLECTION

1 each of 4 above only \$1.95 prepaid

FUCHSIA SEED

A fine mixture of many varieties, all easily grown from seed. (Pkt. 20 seeds, 35c) (Jumbo Pkt. 90c).

Ornamental and Edible Fruit for Pot Culture

Everbearing DWARF LEMON

Beautiful Plant—and Bears Fruit, Too

A true everbearing Lemon that can be as easily grown in a pot as a Geranium and which produces fruit weighing from one to three pounds each. These enormous fruits are borne on plants one to two feet high growing in pots. Delicious for lemonade and culinary purposes. Flowers are as fragrant as orange blossoms, which they somewhat resemble. 1 yr. (\$1.25 each) (3 for \$3.00). 2 yr. (\$2.00 each) (3 for \$5.00) prepaid.

DWARF FRUITING ORANGE

A fine pot plant, with glossy leaves, fragrant waxy-white blossoms, and an abundance of little Oranges that will hang on the plants for six months after they are ripe. While it will grow 3 to 4 feet high and branch freely, it is not an uncommon thing to see little 5 to 6 inch plants full of bloom and even bearing one or two Oranges. Plants (\$1.00 each) (3 for \$2.50) prepaid.

DWARF FRUITING KUMQUAT

A very fine and unusual pot plant, with beautiful glossy leaves and bearing oblong, 2 inch fruit, highly regarded for preserves. The fruit remains on the trees for long periods and is very decorative. (\$1.00 each) (3 for \$2.50) prepaid.

CITRUS FRUIT COLLECTION

1 Lemon (1 yr.)

1 Orange

1 Tangerine

All 3 Citrus Fruits

Only \$2.65

Prepaid

IMPORTANT NOTICE

Owing to quarantines, we do not ship Orange, Tangerine, Kumquat or Lemon plants to Alabama, Arizona, California, Florida, South Carolina, and Puerto Rico.

DWARF FIG

Bears 1st Year

Our Dwarf Fig makes a very satisfactory and interesting house plant. As a pot or tub plant it is an abundant bearer of the most delicious fruit. Plants bear the first year and abundantly each year thereafter. The fruit is very sweet and of fine quality. Field grown plants for outdoor planting are offered on Page 59. Pot plants (\$1.00 each) (3 for \$2.50) prepaid.

STRAWBERRY GUAVA

Fragrant Flowers—Luscious Fruit

A luscious tropical fruit which makes a beautiful house plant. It bears edible fruit and fragrant flowers at the same time. The fruit is about the size of a walnut, reddish in color, and of delicious, sweet and spicy flavor. Fine for eating, and for making jelly. These plants are usually grown from seed and begin to bloom while quite small. Seed only (Pkt. 40c) (Jumbo Pkt. \$1.00). No plants to offer this season.

DWARF TANGERINE

The Most Unusual House Plant

We'll bet you've never even seen a Tangerine house plant, not to mention have one. And a real one, too. Easy to grow, glorious glossy-green leaves, and fruit that defies description for its brilliant color. Good to eat, too. Here is something really unusual. You'll be the only one in ten thousand to have one, so get your order in early—the supply is limited. (\$1.00 each) (3 for \$2.50) prepaid.

GARDENIA

"The Flower of Romance"

This fragrant flower of romance can be grown in the warm temperature of the living room. The beautiful, waxy-white flowers, together with the glossy, green foliage, make an almost "fairy-like" combination. Cannot be shipped into California. Strong, blooming-size plants. (\$1.00 each) (3 for \$2.50) prepaid.

LARGE PLANTS IN BLOOM OR BUD (shipped during April only) (\$2.50 each) prepaid.

IXORA

FLAME of the WOODS

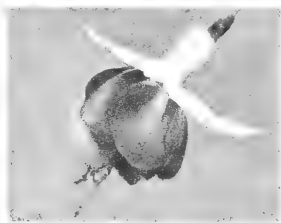

"Jungle Flame"

Beautiful dark green, glossy foliage covered with huge clusters of bright red-orange blooms. Will bloom almost continuously if well fed and kept damp. Makes an ideal house plant because it blooms in sizes varying from smallest to largest pot. It is one of our "new" plants this year and we don't think you will find it in many other places. (\$1.00 each) (3 for \$2.50) prepaid.

CHRISTMAS CACTUS

The most popular of all the flowering Cactus. Its showy blooms are a welcome sight. Will do well under the most adverse conditions, and will bloom profusely year after year. We send big plants that will go on increasing in size and loveliness for you. Does well in any indoor location, but must have sunny window to bloom. (\$1.00 each) (3 for \$2.50) prepaid.

Trophee

BIRD of PARADISE

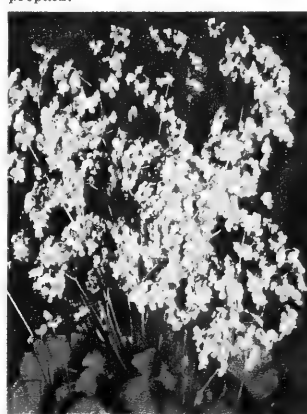

'Jungle Magic'

For Your Indoor Garden

Strelitzia Reginae. Festeemed with reds, yellows, blues and oranges rivaling the jungle bird of the same name and exotic nature, this amazing plant speaks for attention from everyone. Its flower seems alive and ready to speak, and its broad, tropical foliage is charmingly decorative. (\$1.50 each) (3 for \$3.75) prepaid.

STARFISH ▼

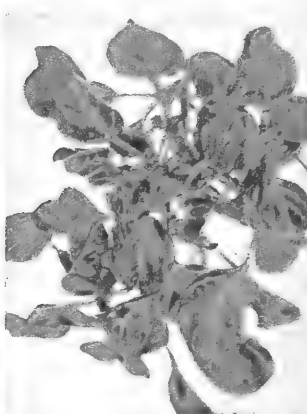

A branching succulent plant from Africa, somewhat resembling a Cactus. Produces grotesque star-shaped flowers nearly two inches across, spotted yellow and brown. A very attractive plant and a great curiosity (75c each) (3 for \$1.95) prepaid.

BEEFSTEAK BEGONIA

Coral-Red Flowers

A low spreading Begonia, with circular leaves, red beneath and dark glossy green above, and of heavy texture. Dainty coral-red flowers. The finest pot Begonia for house culture. Grown as easily as a geranium. (75c each) (3 for \$1.95) prepaid.

Trailing BLOOD LEAF BEGONIA

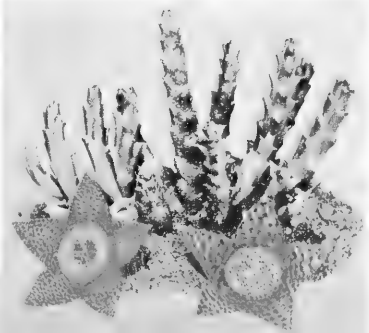

Blood Red Leaves

Oval shaped leaves 2" long are blood red with darker blotches. They are produced the entire length of drooping branches that hang over pot or basket. Easy to grow. (75c each) (3 for \$1.95) prepaid.

TRAILING IVY GERANIUM ▼

For Indoors and Out

These popular Geraniums are of trailing habit, with Ivy shaped foliage. The flowers are clear, brilliant, and literally cover the plant all summer. Ideal for trailing over stone walls and better than Ivy for porch and window boxes. Finest blooming trailer for indoors and out. Your choice of Pink, Purple, Red or White. (80c each) (3 for \$2.10). IVY GERANIUM COLLECTION: 1 each of 4 colors only \$2.45 Prepaid.

EASTER LILY CACTUS

Usually begins to flower at Easter time and will continue to do so intermittently for several months. The pink and white flowers are extremely large, often 6 to 10 inches in length and diameter of the widely spread frilled petals, and some are quite fragrant. They are one of the easiest of all cacti to grow, and stand neglect and need no special care. (50c each) (3 for \$1.20) prepaid.

NIGHT-BLOOMING JASMINE

The Night-Blooming Jasmine (Cestrum Parqui) is a highly prized house plant. The foliage is a deep green color; produces richly fragrant blooms. Their fragrance is most noticeable at night. (75c each) (3 for \$1.95) prepaid.

WEATHER PLANT

It Predicts the Weather

If the leaves stand upright the weather will be fine. If they stand out straight, changeable weather is expected, and the leaves droop or "go to sleep" during a storm. Light purple flowers; brilliant red seeds which are used for beads. (Pkt. 30c) (Jumbo Pkt. 75c).

Burgess
Pays the
Postage

OLEANDER

It can be trimmed in either shrub or tree form, requires very little care and rewards the grower with a wealth of double, fragrant blooms in early summer. In warm climates plant outdoors. **Pink, Red or Yellow**, your selection. (85c each) (3 for \$2.25) prepaid.

MINIATURE PALM

An Indoor "Royal Palm"

Here at last is a tiny palm, almost like the Royal Palm of Hawaii in shape and appearance, except that it is miniature size for dish gardens and indoor display. A real novelty. (75c each) (3 for \$1.95) prepaid.

CALCEOLARIA

Our select strain of seed is, we believe, the finest in cultivation; beautiful pocket-like flowers large in size and beautifully spotted and blotched in exceedingly rich and varied colors; very free flowering. No plants to offer. Seed (Pkt. 35c) (Jumbo Pkt. 90c).

COLEUS

Every indoor garden must have a few coleus plants to brighten up the greens. Our stock is variegated with an amazing assembly of burnt reds and oranges shading into the greens. (50c each) (3 for \$1.20) prepaid. SEED (Pkt. 35c) (Jumbo Pkt. 90c).

GIANT CYCLAMENS

Unsurpassed for Color

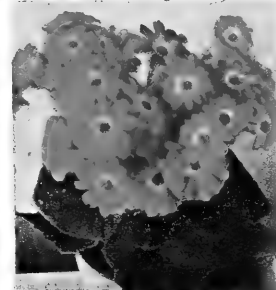

Cyclamens are, without question, one of the best and most beautiful house plants. Our Cyclamen seed is grown for us by a specialist, seeds being selected only from plants of superior bloom and foliage. The flowers are unsurpassed for size, color and substance. The seed we offer is a mixture of bright red, dark red, light pink, deep pink, salmon, white, white with carmine eye, etc. In fact, the colors range from white to darkest crimson with all intermediate shades.

Price Mixture of Giants. Extra large and choice. Pkt. (10 seeds), 30c (Jumbo Pkt. 30 Seeds 75c).

Cyclamen Plants. Choice of Red or Pink. (\$1.00 each) (3 for \$2.50) prepaid.

SHOO-FLY PLANT

It is said that flies will not stay in a room where it is grown if they can conveniently escape. What repulses them is not clear. As the plants and flowers have no odor. Beautiful plant that blooms in 60 days from seed. A profuse bloomer in pots both summer and winter, blossoms large, cup-shaped and of a lovely light blue color with white center. (Pkt. 20c) (Jumbo Pkt. 50c).

CINERARIA

Our Giant Exhibition Strain is unsurpassed in size of flower, bright colors, and delicate fragrance. Plants grow into round bushes, completely covered by the massive flowerheads. For Christmas blooming, sow seed in April; for spring, June or July. (No plants). (Pkt. 50c) (Jumbo Pkt. \$1.25).

Indoor FERNS

BOSTON—Long drooping fronds of soft delicate green. (75c each). (3 for \$1.95) prepaid.

OSTRICH PLUME—Fronds delicately cut and curved like ostrich plume. Easiest to grow and healthiest of all. (75c each) (3 for \$1.95) prepaid.

PRIMROSE

One of the finest winter blooming pot plants. Can be easily grown in any light window, flowering abundantly and continuously, bearing immense trusses of giant flowers in pure white and soft pink through the different shades of rose and red to the brightest crimson. (Pkt. 35c) (Jumbo Pkt. 90c).

GROW YOUR HOUSE PLANTS from SEEDS

Our SPECIAL MIXTURE of House Plant Seeds contains the following list of varieties and others, all easily grown.

Begonia

Primrose

Weather Plant

Cineraria

Coleus

Cyclamen

Asparagus Fern

Cigar Plant

Carnation

Cactus

Fan-Leaf Palm

Fuchsia

Geranium

Heliotrope

Lantana

Lobelia

Periwinkle

Jerusalem Cherry

You can secure a nice collection of House Plants at practically no cost by sowing this seed in pots or boxes in the house. This collection contains 18 or more varieties that can be easily and successfully grown in the ordinary home. The seed is put up in mixture of varieties, a few seeds of each, and at our price of 75c a packet, a large assortment of plants can be grown for less money than you would pay a florist for one plant. Were you to buy these seeds in separate packets, they would cost you from \$3.00 to \$4.00. We have a good stock of these seeds and expect to be able to supply everyone who wants them, but should our supply of one or more varieties run short, we reserve the right to substitute other choice varieties or return your money. This is a bargain package that will please the most critical lover of house plants. With each packet we send full directions for planting the seed and caring for same. (Pkt. 75c) (Jumbo Pkt. \$1.85).

Exhibition CHRYSANTHEMUMS

Giant Flowers—Up to 8" Across

The Exhibition or late flowering Chrysanthemum is the queen of Autumn flowers. This giant-flowered type will bloom in the open in Southern States but should be taken inside in the North and will make a most beautiful house plant.

ALBATROSS—White (75c each) (3 for \$1.95).

DE-TOIT NEWS—Bronze (75c each) (3 for \$1.95).

GARNET KING—Red (75c each) (3 for \$1.95).

GOLDEN GLORY—Yellow (75c each) (3 for \$1.95).

PINK ROCKET—Pink (75c each) (3 for \$1.95).

EXHIBITION MUM COLLECTION—1 each of all 5 above only \$2.95 prepaid.

CHINESE HIBISCUS

The Chinese Hibiscus is one of the showiest tropical plants in existence. It makes an excellent house plant in the North and has proven to be one of the most popular shrubs in the South and West. Hardy above 25°.

AMERICAN BEAUTY (Violaceous)—Double Pink. (\$1.00 each) (3 for \$2.50) prepaid.

RED GLORY (Minimus)—Medium sized double red. (\$1.00 each) (3 for \$2.50) prepaid.

SUNBURST (Aurantica)—Large, double—orange-yellow. (\$1.00 each) (3 for \$2.50) prepaid.

CHINESE HIBISCUS COLLECTION—1 each of 3 above only \$2.65 prepaid.

Mermelon Begonia

Withstands the dry air. Leaves thick and waxy-like, are distinctly variegated white and green, and have the appearance of being powdered with frosted silver. (65c each) (3 for \$1.65) prepaid.

Ornamental Cotton

Cotton makes a very ornamental plant in the North for any flower garden indoors or out with large showy flowers, followed by large fluffy balls of white cotton. Cannot be sent to Calif. (Pkt. 25c).

Angel Wing Begonia

Bright Red Flowers

Here is a brand new blooming begonia. Its unusual wing-shaped, waxy leaves and bright red flowers will brighten your indoor garden all winter long. A little expensive, but well worth it. (75c each) (3 for \$1.95) prepaid.

SPECIAL BEGONIA COLLECTION

1 Beefsteak 1 Watermelon
1 Angel Wing

All 3 Begonias only \$1.85 prepaid.

WAX PLANT

The Fragrant Climber

The true Wax Plant (Hoya Carnosa) is an easily grown climbing house plant suitable for window gardens and trellis work. Umbels of fragrant, waxy-white flowers with pink centers, produced in succession. The shining succulent, dark green foliage makes it an interesting plant even when not in bloom. (75c each) (3 for \$1.95) prepaid.

BRAZILIAN PLUME PLANT

Delightful Pink Blooms Come Again and Again

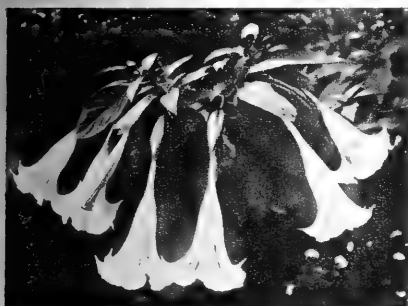

A native of Brazil. It is of the easiest possible culture, and seems to do well everywhere, requiring but little attention. It is a strong, rapid grower, throwing many shoots, each of which is tipped with beautiful pink, plume-like flowers that come again and again. Plants (\$1.00 each) (3 for \$2.50) prepaid.

BEGONIA
SEED

SEMPERFLORENS HYBRIDS. Of sturdy growth, about one foot high, forming dense bushes, which from May until frost are completely hidden with flowers. As a house plant, it blooms throughout the entire year. A fine mixture of colors, from pure white to deepest crimson. (Pkt. 35c) (Jumbo Pkt. 90c).

CACTUS SEED

A mixture of 30 choice varieties including many rare and unusual kinds. An interesting hobby. (Pkt. 35c) (Jumbo Pkt. 90c).

Giant Angel's Trumpet

The Giant Angel's Trumpet (*Datura arborea*) is a magnificent plant. Hardy outside in the South. In the Northern States it can be kept indoors in winter and on the porch or garden in summer. Blooms both winter and summer. Large tropical leaves; beautiful trumpet-shaped flowers nearly a foot long, pure white, and as fragrant as the Jasmine. One of the most gorgeous of all blooming plants. Seeds. (Packet 30c) (Jumbo Pkt. 75c).

Blooming age plants (shipped in May only) (\$1.25 each) (3 for \$3.00) prepaid.

PIGMY DATE PALM ▼

Fruit for Your Living Room

The Pigmy Date Palm is a close relative of the larger commercial variety. While in warm climates it will reach a height of ten feet, it seldom grows over two or three feet high indoors. From an ornamental standpoint, the Pigmy Date Palm is just as attractive and desirable as other varieties of Palms, and in addition it will produce edible fruit in your own living room, under pot culture, as well as outside in the South. Plants (\$1.00 each) (3 for \$2.50) prepaid.

Burgess Seed & Plant Co.

Cobra Orchid

It Catches Flies, Eats Raw Meat,
Likes Ants and Bugs

One of the most fascinating plants known to man. It resembles the hooded cobra of the jungles of India, and is one of the few carnivorous plants known to science.

The plant has no leaves, the stalks are twisted and funnel shape, small at the bottom, growing larger with a rounded hood at the top from which hang two crimson and green appendages which have the appearance of feelers or whiskers.

by white translucent areas through which the interior is lighted. Both hood and appendages bear many honey glands, the excretion from which tempts bugs, ants, flies, in fact all kinds of insects toward the mouth, an orifice on the under side of the hood, and are lured inside the funnel-like stem from which they can not come back, as the stem is lined with innumerable little hair-like prongs all pointing downward, and once they get below a few of these points they have to continue on downward where the victim is absorbed in the digestive fluid or liquid in the bottom of the stem.

The Cobra Orchid, or *Darlingtonia*, is a perennial which will grow year after year out of doors, provided it is given a shady position and never allowed to become dry. Along the banks of a pool is an ideal place. It also may be grown as a house plant, in pots of sandy soil and leaf mould.

If kept in a room free from all insects, it is advisable once or twice weekly to place a few small particles of raw beef, about the size of a grain of wheat, in the orifice for its nourishment; however, if placed where there are other plants, in the average room, a sufficient number of insects will be attracted from them, making artificial feeding unnecessary.

The Cobra Orchid blooms in the spring, having unusual purple and yellow flowers. Available from October 1st until June.

Plants (\$1.95 each) (3 for \$5.00) prepaid.

MINIATURE ROSE

POMPON DE PARIS. Just imagine a rose bush in full bloom small enough to put under a tumbler. The tiny buds, no larger than a pea, open into well-formed, double rose-pink flowers the size of a dime. Blooms year around. (85c each) (3 for \$2.25) prepaid.

PAINTED LEAF BEGONIA ▼

Painted Leaf or Rex Begonias are rich in color and beautiful in design and easily handled under almost any condition. The large, broad leaves, high colorings and exquisite markings make them invaluable as decorative plants for house culture and for baskets and vases if given plenty of moisture and not exposed to the full rays of the sun. We can supply a fine assortment of varieties, all beautifully marked, some with broad bands and borders, some blotched and speckled. Some with markings of deep maroon, various shades of red, silvery-rose, silver, bronze, etc. We cannot fill orders for special colors or varieties but each plant will be a different variety. (\$1.25 each) (3 for \$3.00) prepaid.

FLOWERING DOGWOODS

A Breath-taking Sight Every Spring

WHITE FLOWERING. 3 to 3½" in diameter, produced in spring before leaves appear; foliage grayish green, glossy and handsome; in the autumn turning to deep red, presenting a gorgeous spectacle. Size 2 to 3 feet. (\$1.00 each) (3 for \$2.50) prepaid.

Pink Flowering Dogwood

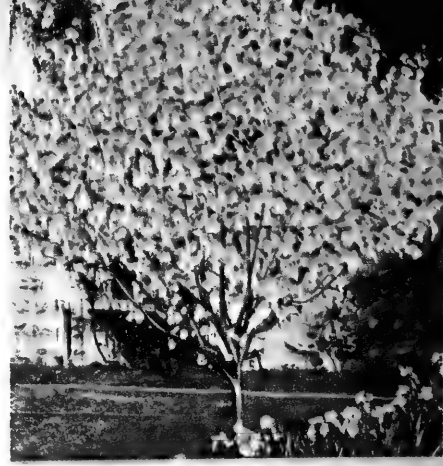

Similar to above but with handsome pink flowers. An attractive lawn specimen or group subject. Size 2 to 3 feet. (\$4.50 each) (3 for \$12.00) prepaid.

HYBRID NANKING BUSH CHERRY

"Fruit and Beauty"

Now all can have cherries in the smallest of gardens. This hardy bush grows only 3 to 5 feet and will bear a heavy crop of full-sized quality fruit in early August. Taste similar to Montmorency and makes superb pies and sauces. Large thrifty plants that will bear the first year. No diseases or pests bother it. Makes one of the loveliest of flowering shrubs. (\$1.45 each) (3 for \$3.65) prepaid. Cannot be sent to Ariz., or Colo.

BECHTEL'S FLOWERING CRAB

A fine, small flowering tree to 15 feet high which, when in bloom, presents the appearance of being covered with delicate pink roses, scenting the atmosphere for a long distance with the fragrance of the Tea Roses. The cut blossoms are often mistaken for roses. The ideal lawn tree for the small yard. Size 2 to 3 feet. (\$2.35 each) (3 for \$5.95) prepaid. Cannot be sent to Colorado.

SCARLET HAWTHORN

The most popular variety of English Hawthorn. Flowers deep crimson-scarlet and very double; produced in great profusion late in spring, followed by showy red fruits and autumnal colorings of foliage. 15 feet. Thrives on poorest soil. Plant in groups or as a single specimen tree. Size 2 to 3 feet. (\$2.95 each) (3 for \$7.50) prepaid. Cannot be sent to Colorado.

▼ CRIMSON KING MAPLE

(Plant Pat. 735) The deep maroon-purple foliage of Crimson King makes it really king of the maples. It maintains its wonderful coloring from earliest spring right through the season. The perfect street or specimen tree, beautiful from the first year you plant it. Giant 5 to 6 foot size, too big to mail. Shipped Express not prepaid. (\$6.50 each) (3 for \$15.00).

HEAVENLY BLUE ALTHEA

No sight from midsummer into fall can beat the startling bloom of the tree Althea. Its sky-blue blooms, as perfectly formed as roses, literally cover the plant, which will grow 10 to 12 feet if properly pruned. Planted in the shrub border or as a specimen on the lawn it is a wonderful sight. Perfectly hardy, easy to grow, sure to bloom. (\$1.25 each) (3 for \$3.00) prepaid.

RED LEAF PEACH

Red Fruit—Red Tree—Red Flower

This unusual ornamental tree has brilliant red foliage in the early spring, dulling to a deep maroon towards fall—and best of all it gives delicious fruit, too. Its deep rose blossoms against the red foliage are a pleasing contrast. Fruit is inch and a half size—just right for pickling. Like the foliage it is red, with white flesh deliciously sweet. This tree is a fine specimen and can also be used for background color in the shrub border. 3 to 4'. (\$1.95 each) (3 for \$5.00) prepaid. Cannot be shipped to Ariz., Calif., Colo., Ida., or Wash.

ALMEY CRAB

Glistening, fiery-crimson blooms the size of a dollar make Almey crab the most beautiful of all flowering crabs. White markings at the base of each petal give the effect of a five sided star. When in bloom this strong growing healthy tree looks like a mass of flame. 3 to 4 feet. (\$3.65 each) (3 for \$9.85) prepaid. Cannot ship to Colorado.

MAGNOLIA SOULANGEANA

Magnolia Soulangeana (Photo Below) is probably the most beautiful of all flowering trees. When its delicate blossoms appear, before the leaves, early in spring, it is a breath-taking sight, that many travel far to see. Sometimes it also blooms in the fall. Although it is not hardy in the far North, it grows to wonderful perfection here in Galesburg in a favorable location. Blossoms are very large, sometimes 8" across. After blossoming the glossy leaves are themselves very beautiful. 2 to 3 ft. (\$3.50 each) (3 for \$9.00) prepaid.

TULIP TREE

With the Glossy Leaves

A beautiful rapid-growing tree to 60 feet high. Flowers appear in June and resemble large greenish yellow tulips. Beautiful, glossy leaves which, in fall, turn to brightest yellow. Makes a wonderful specimen tree for any lawn. Size 2 to 3 feet. (\$1.50 each) (3 for \$3.75) prepaid.

SAUCER MAGNOLIA

Magnolia tripetala. Everybody wants one or more of these magnificent trees. Nothing more striking. Its huge white flowers produce a startling sight in the spring with the large glossy leaves. 2 to 3 ft. (\$1.00 each) (3 for \$2.50) prepaid.

Burgess' HARDY TREES

For Shade, Street and Wonderful Bloom

Listed and pictured on this and the opposite page are what we consider to be the best lawn, street, shade and flowering trees. All of them are hardy, strong growers and should do well for you.

The dwarf trees serve the same purpose as many of our larger shrubs in the tall shrub border, in clumps or as single lawn specimens. They do not grow tall enough to afford much shade, but are highly ornamental both in foliage and flower. All are sturdy, healthy trees, 2 or more years old and guaranteed to reach you in good growing condition anywhere in United States. We pay the postage on all parcel post shipments.

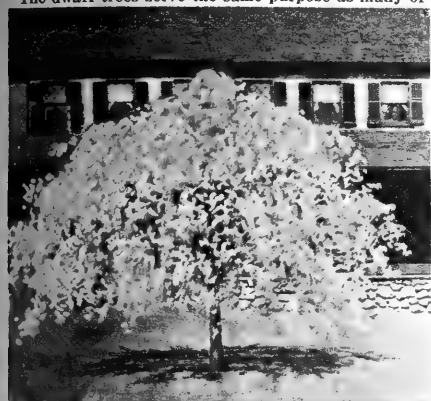

All trees are state inspected.

FREE

with your order

Included FREE with every order for deciduous plants (trees, shrubs, small fruit, nuts, roses) (also evergreens) is a supply of "plant starter" to assure you the best possible transplanting condition for your plants.

This plant starter is a liquid fertilizer, plus growth-promoting hormones and essential mineral elements that are of great benefit to newly set out plants. We encourage you to use this free material. Full directions are given on each package. You do not have to ask for this material. It is sent to you FREE—another "extra" Burgess service.

JAPANESE WEeping CHERRY

The finest of all weeping, flowering trees. 12 ft. The showers of double pink flowers hang in long sprays almost to the ground. Trees are grafted on 5 to 6 ft. stems and are too large for parcel post shipment. (\$8.95 each) (3 for \$24.00). Shipped by Express only, not prepaid. Cannot be shipped to Ariz. or Colo.

Cut Leaved WEeping BIRCH

A tall, slender tree to 30 ft. in height. The branches are of drooping habit with deep green finely cut foliage. One of the most desirable lawn trees with its silvery white bark contrasting with green foliage. Trees 3 to 4 ft. high. (\$3.25 each) (3 for \$9.00) prepaid.

PAPER BARK BIRCH

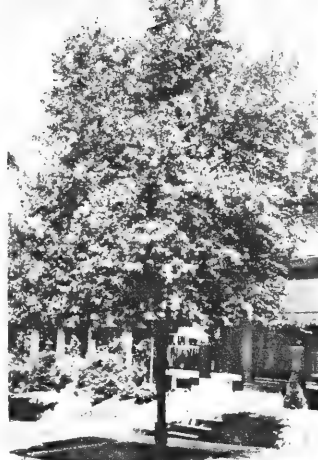

The American White Birch is the native Birch of the north woods growing to 40 ft. high. The white bark referred to throughout our Native Indian Lore had many uses. Thrives on most any soil, both wet and dry. Trees 2 to 3 ft. high. (\$1.00 each) (3 for \$2.50) prepaid.

SUGAR MAPLE

Aristocrat of Trees

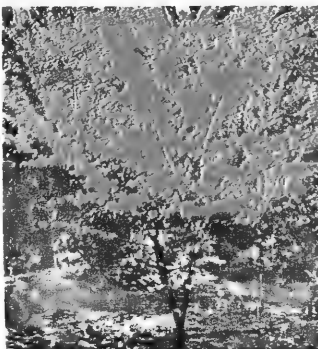

The Sugar Maple is a spreading, symmetrical tree growing to 80 ft. in height, affording very dense shade and glorious autumn colors. Deep green foliage turns to red, yellow and orange in Fall. One of the longest living trees. It grows in any situation. 3 to 4 ft. (\$1.25 each) (3 for \$2.95) prepaid.

Hardy Northern CHINESE ELM

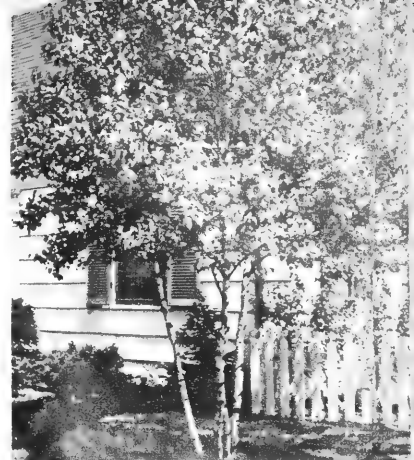

The Fastest-growing Hardy Tree

You need not wait 15 to 20 years for shade, as the Chinese Elm grows 40 ft. in height and 20 ft. in spread in five years. It has dense, dark green foliage; the first shade tree to put out leaves in the spring and the last to shed them in the fall. Thrives on either rich or poor soil, resists drought, and makes a fine showing even if neglected. It succeeds in all parts of the United States, including both the cold and semi-arid regions, and, thrives everywhere except on low, wet ground. Size 4 to 5 ft. (\$1.00 each) (3 for \$2.50) (6 for \$4.50) (12 for \$8.00) prepaid. Cannot be sent to Calif.

RED BUD (Judas Tree)

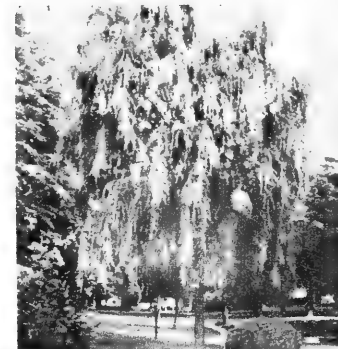

A very ornamental tree of medium size, with perfect heart-shaped leaves. Blooms early in spring, before the leaves appear, covering the branches with small rosy-pink, pea-shaped flowers. Size 2 to 3 ft. (75 each) (3 for \$1.95) prepaid.

Hardy White CLUMP BIRCH

Three Separate Trunks

In recent years there has been much demand in landscape planting for the white barked Birch in clumps of three or more separate trunks. Grown in this manner, they develop into most attractive specimens for lawn and must be seen to be really appreciated. In former years, clumps have been developed by planting several trees together, but should one die, the result is out of balance. We offer a clump of three separate trunks, growing from a single root. Grows to a height of 50 or 60 ft. Size 3 to 4 ft. (\$3.95 each) (3 for \$10.00) prepaid.

NIOBE WEeping WILLOW

Hangs to the Ground

The Niobe Weeping Willow is the best in its class and one of the most beautiful of all weeping trees. Broad spreading branches that arch in cascades clear to the ground make it a perfect ball of lovely green. Or, it can be trimmed to shape as desired. Branches are long and slender with attractive golden-yellow bark. It is a rapid grower to 35' tall. Thrives on either wet or dry soil. Makes beautiful specimen on the lawn or as a background for other plantings. The Niobe Weeping Willow is an ideal tree for planting in the background or back lot lines on new properties which have little or no trees or plant growth. Their amazingly swift growth provides color, shade and fresh greenness almost over night. 3 to 4 ft. (\$1.50 each) (3 for \$3.50) prepaid.

Burgess Still Pays the Postage

Please note that practically everything in the Burgess catalog comes to you prepaid. In spite of the vast increases in postal rates this year, we are continuing our policy of making it easy and economical for our friends and customers to buy by prepaying shipments. Do not compare our prices with those that are not prepaid.

HARDY EVERGREENS

RHODODENDRON

Aristocrat with the Evergreen Foliage and Tremendous Bloom

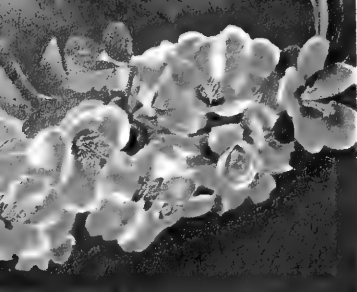

ROSEBAY RHODODENDRON (R. maxlimum). This garden aristocrat with the lustrous, dark green leaves throughout the year and 4 in. clusters of delightful white flowers in late June or July, should be in every garden. Plant in acid soil in a northern or western exposure where it gets plenty of light but little direct sun. Maintain a permanent mulch of pine needles, oak leaves or peat moss on the ground around it. Grows slowly to a height of 10 to 15 ft. and nearly equal spread. (90c each) (3 for \$2.45) ppd.

MOUNTAIN LAUREL

Lovely Broad-Leaved Evergreen Shrub

KALMIA LATIFOLIA. One of the most beautiful of the broad-leaved evergreen shrubs, hardy to 15° below zero with a little protection against wind and sun. Its thick, waxy leaves make a striking effect the year round. Pink and white buds expand into delicate white and flesh colored flowers. They will attain the size of a small tree, or may be trimmed to fit your landscape. (85c each) (3 for \$2.30) prepaid.

FIREBUSH, CYDONIA

Flowering Quince. Dazzling, scarlet flowers in early spring, followed by small Quinces in the fall. Foliage dark green and waxy. Good for hedge. Grows to 7 ft. Cannot ship to Colo. or Utah. (95c each) (3 for \$2.40) prepaid.

WHITE SNOWBALL

Spectacularly white globular clusters of flowers in May. Can be planted in the shrub border but shows to advantage as a lawn specimen. Very attractive foliage all through season. Grows to 12 ft. (85c each) (3 for \$2.10) prepaid.

ROSE ACACIA

A most striking sight in spring when the pea-shaped flowers of rose-purple in loose panicles cover the plant in May and June. Easily grown and will thrive on poor soil. (60c each) (3 for \$1.35) prepaid.

ALTHEA Rose of Sharon

Large double flowers resembling roses in late summer and fall. They stand out vividly in border or as specimen on lawn. 8 ft. Your choice of Pink, Red, Purple or White. (65c each) (3 for \$1.50) prepaid.

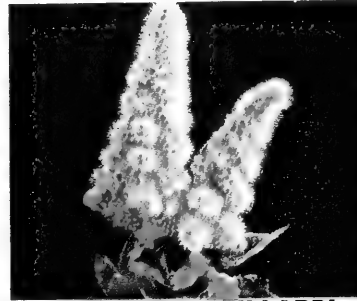

WEIGELA ROSEA

Showy, summer-flowering shrub with bell-shaped pink flowers in June all over the plant. Grows in semi-shade. Rich, heavy dark green foliage. Grows to 5 ft. (65c each) (3 for \$1.50) prepaid.

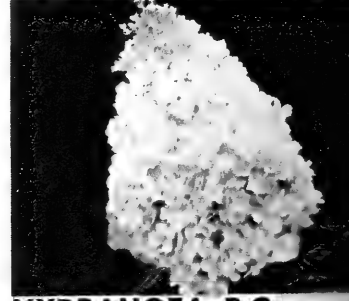

SPICE BUSH, CALYCANTHUS **Delicious, Spicy Fragrance**

Double, mahogany-red flowers with a spicy fragrance, produced in June. Large, deep green, glossy leaves. Its attractive seed pods hang during Fall and early Winter. Grows to 6 ft. (75c each) (3 for \$1.80) prepaid.

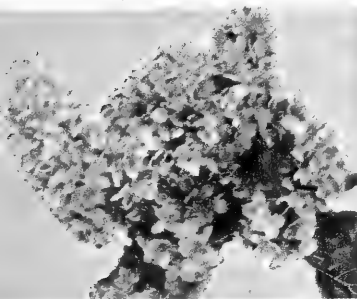

PINK SPIREA, BILLARDI **With the Long Pink Bloom**

A semi-dwarf shrub growing only to 4' with an enormous crop of bloom in early summer, repeating throughout season. Fuzzy, cone-shaped bloom is unique among shrubs. (70c each) (3 for \$1.65) prepaid.

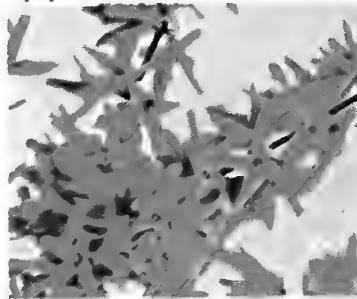

HYDRANGEA P.G.

Huge panicles of blooms a foot or more in length literally cover plant with white blooms in August. In the Fall the blooms gradually change to deep rose and then to bronze. Fine for winter bouquets. (75c each) (3 for \$1.80) prepaid.

PERSIAN LILAC

Its lacy, pinkish-lavender blooms come after the old-fashioned lilac, thus extending the season. Soft green foliage that is always decorative. 6 to 8 ft. (75c each) (3 for \$1.80) prepaid.

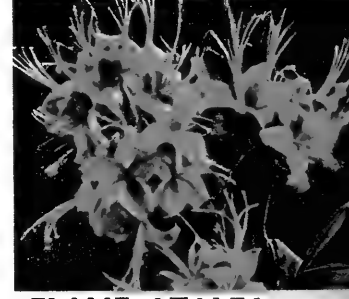

GOLDEN BELL FORSYTHIA **Brightest Bloom of Spring**

Hundreds of bright yellow, bell-shaped flowers in early spring before the leaves appear. Grows to 8 ft. (60c each) (3 for \$1.35) prepaid.

SNOWHILL HYDRANGEA

The earliest blooming hydrangea; grows 4 to 5'. Large balls of snow-white flowers from June to August. Grows in full sun or partial shade. One of the finest for shrub border. (80c each) (3 for \$1.95) prepaid.

FLAME AZALEA

The flame-colored flowers on this beautiful shrub are 2" across and produced in clusters of 5 to 7 blooms—a tremendous sight in May and June. The plant will grow to 10 ft. Should be planted in acid soil to do its best. (75c each) (3 for \$1.80) prepaid.

RED SPIREA **ANTHONY WATERER**

Best of the Low Growers

The red Spirea Anthony Waterer forms a compact, rounded bush growing 2½ to 3' tall, topped with large, flat heads of bright red flowers. Blooms from early summer until late fall. (85c each) (3 for \$2.10) prepaid.

Fragrant VIBURNUM

The fragrant Viburnum Carlesii (Pink Snowball) grows 4 ft. high and is probably the most spectacular of all spring flowering shrubs. Large, ball-shaped flower heads cover the plant. White, with a tinge of pink, with the fragrance of the Trailing Arbutus. You will never regret owning this one regardless of price. (\$3.75 each) (3 for \$10.00) prepaid.

BEAUTY BUSH

More Beautiful Than Its Name

Kolkwitzia. Probably the finest flowering shrub of them all. Grows 9' tall, arching to the ground. Fragrant, pink, tubular-shaped flowers are produced in abundance along the entire length of the branches. Will do well in semi-shade or full sun. Grows rapidly and reaches stately proportions. (95c each) (3 for \$2.40) prepaid.

DOUBLE **MOCK ORANGE**

A beautiful variety, growing 5 to 6 ft. tall with fragrant double flowers to 2" across, produced in loose clusters all over the plant. Has a long blooming season and makes an excellent cut flower. One of the most outstanding white shrubs in existence. (85c each) (3 for \$2.10) prepaid.

Burgess' FLOWERING SHRUBS

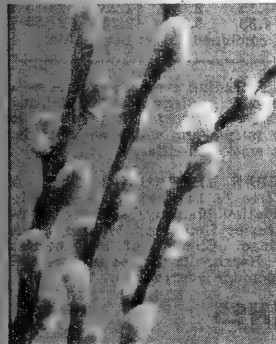

The lovely flowering plants on this and the page opposite represent the cream of all shrubs. They are all well-branched, sturdy, field-grown stock. All "state certified" free of disease and insects. They cover a range of bloom from the very first days of Spring until killing frosts.

TAMARIX

Summer Glow

Also known as Feather Bush, it has hundreds of tiny, coral-pink flowers in long sprays. Fine, fern-like, blue-green foliage. Grows to 5 ft. (75c each) (3 for \$1.80) prepaid.

PUSSY WILLOW

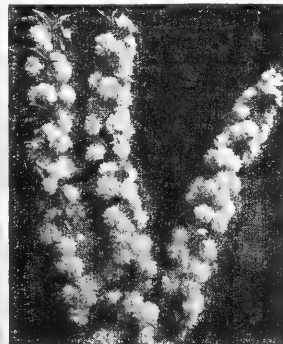

Our French Pussy Willow should not be confused with the common wild varieties. Large, silvery catkins nearly 2 in. long. Excellent for background or screen plantings. May be cut for winter bloom. Grows to 15 ft. (60c each) (3 for \$1.35) prepaid.

DEUTZIA

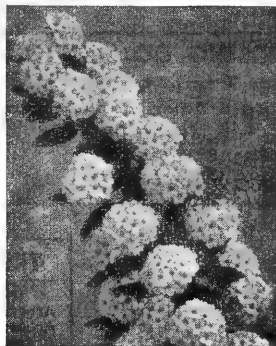

PRIDE OF ROCHESTER

Double white, ball-shaped flowers tinged with pink. An extra hardy shrub that blooms in June. Has light green, pointed leaves. Grows to 6 ft. (55c each) (3 for \$1.20) prepaid.

FLOWERING ALMOND

In early spring it is completely covered from the ground to the tips of the long graceful branches with double pink blossoms half inch across. Grows to 5 ft. (Cannot be shipped to Ariz., Calif., Colo., Ida., or Wash.) (90c each) (3 for \$2.25) prepaid.

SPIREA VAN HOUTTEI

Spirea Van Houttei or Bridal Wreath is the most popular and useful of all shrubs. Its graceful, arching branches are covered in early spring with thousands of pure white flower clusters. Grows to 6 ft. (55c each) (3 for \$1.20) prepaid.

SNOWBERRY

Small pink or white flowers followed by clusters of berries, remaining on the branches until mid-winter. Thrives in sun or shade, even under trees, where its delicate foliage is so much appreciated. PINK or WHITE. (60c each) (3 for \$1.35) prepaid.

HEDGE PLANTS

Although the hedging plants listed below are the most popular, almost any of the flowering shrubs will also make beautiful hedges. The Red and Green Barberries listed below are also beautiful additions to the shrub border.

CHINESE ELM

When planted close together (9" to 1' apart) and kept trimmed, will make an ideal hedge; or, if planted 2 to 3 ft. apart, makes an attractive tall hedge or screen to cover vacant lots and unsightly places.

PRIVET

This hardy northern type of Amoor River Privet will withstand 40 degrees below zero without injury. Bright green lustrous leaves; fragrant white flowers followed by blue-black berries. Set 9 to 12" apart.

GREEN BARBERRY

(Thunbergi) makes an ideal hedge growing about 3 ft. high. It is also indispensable as a foundation plant mixed with other shrubs or Evergreens. Grows in partial shade. For hedging, set plants 12 to 18" apart.

RED BARBERRY

Exactly like the Green except for the color of the foliage, which is a rich, bronzy red. The color is best when planted in full sun.

SPIREA VAN HOUTTEI*

Most popular and useful of the flowering shrubs and one of the most startling hedges. Since this is a dual-purpose plant, you can use extra plants for foundation or border plantings.

Prepaid Prices for Hedge Plants

	5	10	25	50	100

MULTIFLORA ROSE

for Farm Fence or Garden Hedge

Multiflora Roses grow quickly into thick, impenetrable, blossoming hedges that form effective barriers to livestock and people. The mature hedges are 6 to 8 ft. high and 5 to 7 ft. wide. On the farm they are easier and cheaper to establish than wire fences and require no maintenance. Foliage is rich, restful green covered by a mass of white flowers in late spring. Does not sucker. Effectively confines cattle in 3 years and in another 2 to 3 years "will even turn a razor-back hog."

Set plants 12 in. apart for farm fences (6 in. for hogs) and 18 in. apart for garden hedges. Plant experimentally in far north or deep south and in arid regions. Not recommended in swamps or heavy shade. Especially valuable for contour-planting. (10 for \$1.85) (25 for \$3.25) (50 for \$5.50) (100 for \$9.00) (500 for \$37.00) (1000 for \$55.00) prepaid.

Burgess' HARDY "Bargain Counter" FLOWERING SHRUB

The shrubs listed below are SMALLER in size than those listed above and on the opposite page, but are otherwise the same healthy, sturdy, field-grown stock. For those who can wait another year for a showing, we suggest this size.

ALTHEA—(see opposite page for description). Four colors. Pink, Red, Purple and White.

FLAME AZALEA—(see opposite page for description).

ROSE ACACIA—(see opposite page for description).

WEIGELA ROSEA—(see opposite page for description).

SPICE BUSH (Calycanthus)—(see opposite page for description).

SPIREA VAN HOUTTEI (Bridal Wreath)—(see above for description).

GOLDEN BELL FORSYTHIA—(see opposite page for description).

PINK SNOWBERRY—(see above for description).

DEUTZIA PRIDE OF ROCHESTER—(see above for description).

PINK SPIREA BILLARDI—(see opposite page for description).

PINK BUSH HONEYSUCKLE—Excellent for screens, tall hedges and background plantings. Covered with sweet-scented pink flowers in early spring followed by thousands of bright red berries attractive to birds. Grows in shade. Grows to 15 ft.

5 Norway Spruce

All 25 Evergreens only \$1.95

TRANSPLANTED EVERGREEN COLLECTION

4 Year 6 to 10"

2 Colorado Blue Spruce 2 American Arborvitae
2 Juniper Virginiana 2 Mugho Pine
2 Norway Spruce

All 10 Evergreens only \$2.95

ARBORVITAE

AMERICAN ARBORVITAE (White Cedar) To 30 ft. Hardy, reliable evergreen for clipped or informal hedges, windbreaks, screen plantings or as specimens alone or in groups. They make attractive backgrounds for your favorite flowering shrubs, perennials, annuals and bulbs. Broadly pyramidal in shape with thick foliage which is bright green in spring, darker green in summer and bronzy in winter. Grows in full sun or slight shade and prefers a rather moist soil.

GLOBE ARBORVITAE 3 to 4 ft. This is the Woodward variety, best of the globe-shaped arborvitae because it requires little or no trimming to keep it in shape. Its dark green foliage holds its color all winter, brightening as the new growth appears in the spring. Valuable in foundation plantings, to mark garden corners and at entrances where a degree of formality is desirable.

PYRAMIDAL ARBORVITAE to 20 ft. One of the best accent plants to use next to the house and in boundary or background plantings. Slimmer and more compact than American Arborvitae, it is brighter green both summer and winter and it grows rapidly. Easily kept at a desired height by trimming. A popular variety for hedges for which they should be set about 18 inches apart.

FIRS

DOUGLAS FIR to 60 ft. In gardens, taller in woodland. A fast-growing tree especially suited to commercial production for the Christmas tree market as well as being a valuable timber tree. A very graceful specimen in the garden. Grows well over a large part of the country except in the extreme South. Very symmetrical with long needles, flexible branches and foliage varying, according to season, from light blue to green. The blueness intensifies as the trees increase in age.

BALSAM FIR to 80 ft. The fragrant Balsams of the north woods are the most popular Christmas trees, bringing the best prices on the market. Since they grow rapidly, a small planting will provide a continuous supply of Christmas trees for home use for several years and a larger planting will prove profitable commercially. Grows best in a fairly moist location. Makes the best outdoor, permanent Christmas trees.

JUNIPERS

IRISH JUNIPER 8 ft. An exclamation point (!) of blue-green foliage admired as an accent in foundation plantings and in formal gardens. Does best in regions of mild winters with light snows.

PFITZER JUNIPER 4 ft., often spreading to 8 ft. wide. The most useful of all evergreens. Grows in sun or semi-shade, on windy corners where other evergreens would be winter-killed and even tolerates the smoke of cities. Its steel-gray foliage has a soft, feathery appearance despite its mass.

BARGAINS in Evergreen Seedlings

For a small investment you can, in a few years, develop a paying crop of Christmas Trees. You can also greatly increase the appearance and value of your property by planting hedges and windbreaks of Evergreens. Plant a few of them in the garden and grow them a few years before setting in a foundation planting. Planting instructions with each order.

IMPORTANT—READ BEFORE ORDERING

Because of our low prices on Evergreen Seedlings we cannot accept orders for quantities other than listed. If you want 25 of one variety and 25 of another, order each variety at the 25 rate. No less than 10 of a variety sold. These Seedling Evergreens can be shipped from late Sept. until late May, and are delivered prepaid at the following prices:

Variety	Size	10	25	100	500

PLUMY JUNIPER to 1 ft. A low, spreading evergreen for carpeting sandy or rocky slopes, to use in rock gardens and for planting in the foreground of taller evergreens and shrubs. Its soft feathery foliage is grayish green in summer turning in fall to a gay purple hue which enlivens the winter landscape. It tolerates some shade and the smoke of cities.

JUNIPER (RED CEDAR VIRGINIANA) 25 ft. A pointed, pyramidal tree to be used for accents in shrub borders, foundation plantings and for specimens. The foliage varies from light to dark green with a blue-gray tinge. Clusters of blue berries adorn it in the fall. Because it thrives in poor soil and is easy to grow, it is popular everywhere.

PINES

MUGHO PINE (Dwarf) 3-5 ft. Effective in the foreground of foundation plantings and beside steps. Compact and symmetrical, retaining its green color through the winter. Enlivened in spring by myriads of little white "candles." Tolerates light shade if well fertilized. Because it grows well in sandy soil, it is in great demand for cemetery plantings.

PONDEROSA PINE 50-60 ft. Used in background and screen plantings; makes a strong, massive specimen on the lawn. Its rich green needles are long and heavy. Rapid in growth. Especially effective when interplanted with spruces and firs.

SCOTCH PINE 50 ft. A big, broad-shouldered evergreen resisting wind, drouth and cold and thriving on poor soils. Of rapid growth while young, it is one of the best evergreens for very exposed locations. Its irregular branching produces a picturesque effect.

SPRUCES

COLORADO BLUE SPRUCE 25-30 ft. (See photo.) A handsome specimen standing alone, it is even better displayed as an accent in boundary plantings or screens and in groups of three to five trees. Hardy, symmetrical and easily grown. Dense, steel-blue foliage. Our transplants are color-selected.

BLACK HILLS SPRUCE 25-50 ft. Compact and symmetrical with bright green foliage. A favorite for specimens and in screen and background plantings.

NORWAY SPRUCE 80-100 ft. A hardy, rugged, dependable, fast-growing evergreen popular for windbreaks, hedges and reforestation. Frequently planted for living Christmas trees. Grows well almost everywhere except in the far South.

YEWS

They Grow in Total Shade

SPREADING YEW 4-6 ft. A spreading form which makes a massive shrub as broad as it is high or may be kept trimmed to a smaller size. Often called "the Boxwood of the North."

UPRIGHT YEW to 12 ft. A conical form, broad at the base and tapering evenly to the top. This is the best variety for hedges, in which the plants are set 18 to 24 inches apart. By all means the outstanding conifer for ornamental planting.

CLIMBING VINES

Our hardy Vines, unless otherwise noted, are all 2 year old field grown plants. All are clean and healthy and guaranteed to reach you in growing condition anywhere in the United States.

CLIMBING HYDRANGEA

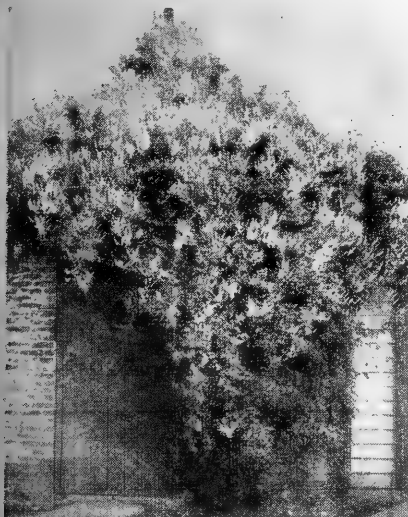

Finest of All Vines

A well-established Climbing Hydrangea (Petio-laris) is something to be really proud of. Its woody, yet clinging nature makes it outstanding among vines, with fragrant white bloom that lasts all summer. One of the best for North and East shady spots. Easily grows 10 to 20', but is sometimes slow starting. Foliage is dark green, clean and shrub-like. Truly a very remarkable vine, and we are fortunate to be able to offer a few this year. 2 yr. old pot plants. (\$1.95 each) (3 for \$5.00) prepaid.

Flowering Vine Collection

All 4 Only \$1.95 Prepaid

SILVER LACE VINE

Covered with White Flowers

Silver Lace Vine (Polygonum auberti) is one of the fastest growing hardy vines in existence, making a dense growth to 25 feet high, sometimes in a single season. During late summer and fall the entire vine is covered with foamy sprays of white flowers. If you need a vine to produce quick results, Polygonum will best suit your purpose. Two year old plants (\$1.25 each) (3 for \$3.00) prepaid.

EVERGREEN HONEYSUCKLE

Covered with masses of fragrant white and yellow flowers, throughout late spring and summer. Shiny, glossy foliage. Will grow anywhere and cover anything. (75c each) (3 for \$1.80) prepaid.

Evergreen BITTERSWEET

A beautiful evergreen vine that will succeed in sun or shade. If planted near a rough stone or brick wall it will cling to the surface but if planted in the open, it piles itself up into a low shrub-like growth. The glossy green foliage is thick and leathery and even in the north will remain on the vine throughout the winter. Bright colored berries appear in the fall and cling to the vine well into the winter months or until eaten by birds. Strong 2 year old plants. (\$1.00 each) (3 for \$2.50) prepaid.

Evergreen Bittersweet

BOSTON IVY (Ampelopsis)

Boston Ivy (Ampelopsis veitchii or Parthenocissus tricuspidata) is the most popular of all hardy vines to cover chimneys and brick or stone walls where it clings firmly to the smoothest surface. The deep, glossy green leaves turn to beautiful autumn tints after the fall frosts. Grows in either sun or shade. Heavy 2 year old plants. (65c each) (3 for \$1.50) prepaid.

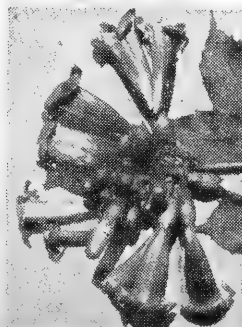

(Celastrus) BITTERSWEET

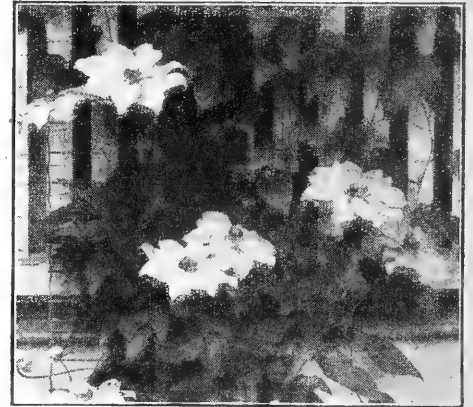

The Bittersweet (Celastrus) is a very desirable climber not only for its outdoor decorative value but for indoor winter decoration as well. The tiny blossoms are followed by clusters of brilliant orange seed capsules that can be dried for winter decoration. (60c each) (3 for \$1.35) prepaid.

ORANGE TRUMPET VINE

Used wherever a showy flowering vine is desired, also as a ground cover. Produces clusters of trumpet-shaped, orange-scarlet flowers. Grows in poor soil and may be used as a tall climber; or if it is trained to a tall stake and its longest shoots trimmed now and then, it makes a good small flowering tree. (60c each) (3 for \$1.35) prepaid.

Large Flowered CLEMATIS

One of the most highly prized of all the flowering vines because of their large colorful flowers that often measure 5 to 6 inches across. Many people have had little success with Clematis because of soil conditions which can easily be remedied. They are partial to lime and should have a handful occasionally worked into the soil around the plants. We offer 2 year old blooming age plants.

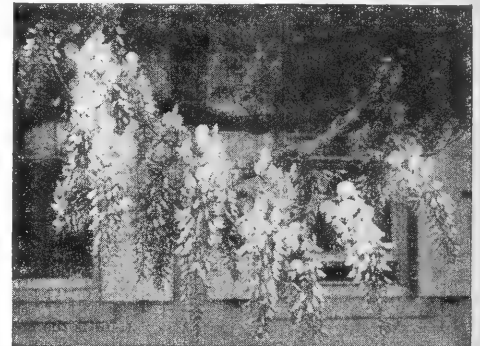

JACKMANII—Deep Violet.

LILACINA—Bright Blue.

MADAME COULTRE—Pure White.

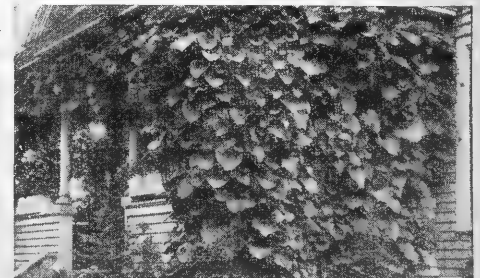

VILLE DE LYON—Best Red.

(\$2.00 each) (3 for \$5.00) prepaid.

Chinese Purple WISTARIA

The light purple flowers are produced in clusters a foot or more in length. No other vine like it. 2 yr. old plants. (75c each) (3 for \$1.80) prepaid.

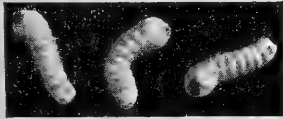

DUTCHMAN'S PIPE

The vine with brownish flowers resembling pipes. Ideal for sunny situations requiring dense shade; leaves deep green, very large, broad and closely laid. Our plants are grafted from blooming wood of selected specimens, assuring rapid growth and early blooming. (\$1.35 each) (3 for \$3.25) prepaid.

Burgess Seed & Plant Co. 47

Burgess' Selection of FAMOUS, NATIONALLY KNOWN...

FISHING TACKLE

AROMATIC PLASTIC BAIT

Aromatic wood grub and corn borer in life-size to give realistic imitation of the natural bait. Soft, lifelike and colored to imitate live worms. All insect feeders go for them. Use with Jig Flies, Jig Spiders—hook as you would the live bait. (Packed 3 in envelope only 45c)

RUBBER SPIDER— BREAM KILLER

New "Nitrogen Blown" soft rubber body prevents from sinking—ever. Soft pliable body guarantees every strike a catch.

RUBBER SPIDER—No. 10 hook (2 white, 1 orange, 1 black. Pkg. of 4, only \$1.00). Assorted only.

BREAM KILLER—No. 8 hook (1 green, 1 white, 1 red, 1 black. Pkg. of 4 only \$1.00). Assorted only.

BASS SPIDER—No. 4 hook (1 yellow, 1 orange and 1 white. Pkg. of 3 only \$1.25). Assorted only.

STANDARD SPOON

This is the standard spoon that every fisherman must have. Brilliant red and white coloring, nickel back. We can supply in large $\frac{3}{4}$ oz. or small $\frac{1}{4}$ oz. sizes. Specify size. (Only 35c each)

JIG FLIES

The bright metal and colored wings are irresistible for gills, perch and calico fishing. Come in package of three only. All No. 10 hooks. 1 Chrome Spider, 1 Chrome Yellow Spider, 1 Gold Spider. All very colorful. (Pkg. of 3 only \$1.00). Assorted only.

Tackle Tray SPIN KIT

Here is the most practical spin tackle box ever devised. It snugs easily on any belt. One-hand operation lifts box up and opens lid. No more fishing for lures dropped into stream or lake. The strong styrene plastic box is firmly riveted to metal casing. Contains 8 assorted spinning lures. Price, complete with 8 lures, only \$4.45.

Imported Japanese DRY FLY ASSORTMENT

For Trout and Pan Fish. The most astounding offer we have ever seen. The Japanese flies are well-built for hard usage. We have tested them and find them better than many domestic flies selling for twice the money and more. Our assortment consists of one each of the following popular patterns on No. 10 hooks: Black Gnat, Dark Cahill, Mosquito, McGinty, Professor, Royal Coachman, Silver Doctor and Yellow May. All 8 in Handy Plastic Tube only \$1.00.

All Prepaid

NIGHT CRAWLER HARNESS

Nylon strand gut with spinner and three hooks for crawlers, minnows, frogs and pork rind. Use in lake, river and stream for trolling, still fishing, spitting and spin fishing. Catches the nippers and short strikers. (No. 4 hook-size harness for bass and wall-eyes — 3 harnesses for \$1.00) (No. 8 hook-size harness for pan fish — 3 harnesses for \$1.00). We cannot combine hook sizes.

BUCKAROO SPOONS

The Buckaroo Spoon is used for bass, trout, cisco, white bass and all minnow feeders. Used with fly rod, or rolled it is deadly. Has more action than any fly rod spoon. Use with looped end leader. Choice of (Red & White) (Black & White) or (Silver). Fly Rod Size, $\frac{1}{4}$ oz. 35c each. Spinning Rod Size, $\frac{1}{4}$ oz. 40c. Specify color and weight.

If gardening is "good for the soul", as we all like to think, then, fishing must be a boon companion—they are the two most relaxing hobbies. On this and succeeding pages, we present our new line of Burgess' Selected Tackle.

Marsh Mouse

$\frac{5}{8}$ oz. casting. One of the most popular surface baits for all kinds of game fish. (201 Red & White) (213 all Black) (214 Gray & White). Specify color. (\$1.00 each).

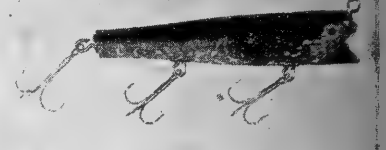

BABY MOUSE. $\frac{1}{4}$ oz. spinning. Same as above except weight. (3301 Red & White) (3313 all Black) (3314 Gray & White). Specify color. (85c each).

Skinny Minny

$\frac{5}{8}$ oz. casting. Popular under-water trolling or casting bait for all kinds of game fish. (601 Red & White) (612 Golden Scale) (620 Black & White). Specify color. (\$1.00 each).

SKINNY JUNIOR. $\frac{1}{4}$ oz. spinning. Same as above except weight. (3501 Red & White) (3512 Golden Scale) (3520 Black & White). Specify color. (85c each).

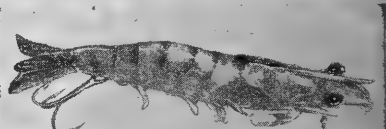

FROG PAPPY

$\frac{5}{8}$ oz. casting. Not an ordinary painted plug but covered with genuine frog skin. A natural for bass. Floats, pops and dives. (\$1.35 each). **FROGGIE JUNIOR**. $\frac{1}{4}$ oz. spinning. Same as above except weight. (\$1.25 each).

DILLINGER WEEDLESS

$\frac{5}{8}$ oz. casting. A Weedless Wonder that slips through pads and weeds like a greased eel. Runs deep with hook upright and protected from fouling by a spring steel weedguard. (101 White, Black stripes) (102 Yellow, Red stripes) (103 White, Red stripes). Specify color. (\$1.35 each).

SHRIMPY

$\frac{5}{8}$ oz. casting and spinning. A real shrimp for both fresh and salt water fishing. Scientifically coated with a transparent plastic protective and preservative material. Amazingly life-like. With proper care will last indefinitely. $3\frac{1}{2}$ " long. (\$1.35 each).

"ACTUAL" MINNOW

$\frac{5}{8}$ oz. casting. Like Shrimpy above this real minnow is treated to look natural and last indefinitely. A real fish, about $3\frac{1}{2}$ " long and weighted to hold upright in action. (\$1.35 each).

WHIRLWIND

$\frac{5}{8}$ oz. casting. Spinner-actioned, under-water, sinking bait for fresh-water game fish. (1501 Red & White) (1503 Silver Scale) (1507 Silver Shiner). Specify color. (\$1.00 each).

WHIRLWIND JUNIOR. $\frac{1}{4}$ oz. spinning. Same as above except weight. (3401 Red & White) (3403 Silver Scale) (3407 Silver Shiner). Specify color. (85c each).

UBANGI

Gets 'em on the Surface

Gets 'em under Water

$\frac{1}{4}$ oz. spinning. Sensational new spinning Lure. It floats, it pops, it dives and retrieves under water with truly amazing results. Each in individual plastic utility box. (UB 1 Green Frog) (UB 3 Yellow & Red Dot) (UB 6 Black & White). Specify color. (\$1.25 each).

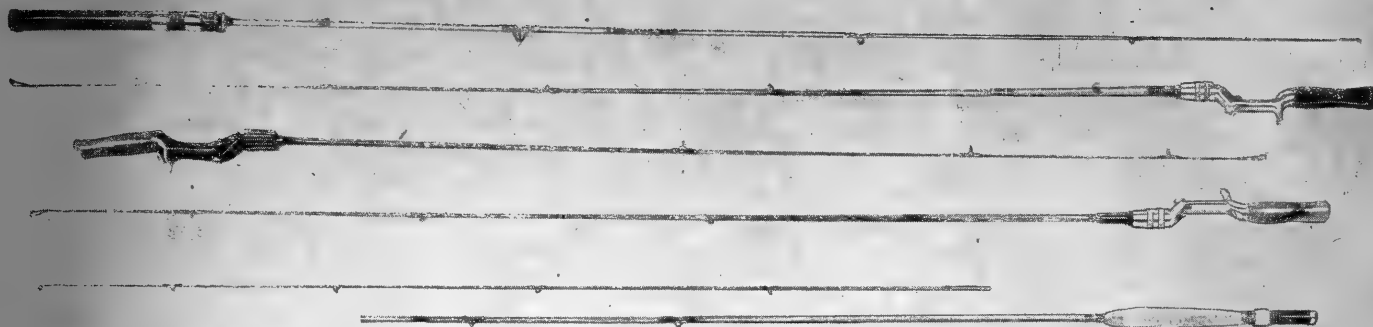

SPINNING EEL

The most natural-looking and acting artificial lure we have ever seen. Ideal for Bass, Trout and Salt Water fish. Weighs $5\frac{1}{16}$ oz., is $2\frac{1}{4}$ " long. Shiner finish. (\$1.25 each).

REAL MINNOWS

They Stay Fresh—Never Spoil. These life-like Canadian Herring Minnows look real because they are real, and sealed in plastic bags. They are "preserved" in natural silver finish; they stay on the hook; they keep indefinitely. Truly they are the world's most successful packaged bait. Ideal to have available in the tackle box. Packaged 6 fish ($3\frac{1}{2}$ " to $4\frac{1}{2}$ " long) in a plastic bag. 3 Packages (18 fish) only \$1.00.

Rods (top to bottom) are: SP 360 Phantom, 3060 Phantom, 1171 Shakespeare, GS 56 Phantom, and 1250 Shakespeare.

FISHING RODS

The Fishing Rods listed here are the finest quality in their price range. They have all been tested by us and proved worthy of you.

De Luxe CANE POLE

(See Photo Page 50.) Highest quality "Dark Male Bamboo," strongest of all. Do not confuse with cheaper bamboos. Four sections slide into two for easy carrying. 16'. (\$2.50 each) postpaid.

TAPE-ON CANE POLE GUIDES. Set consists of 3 guides, 1 tip and 1 reel seat. Can be used with above pole or any other. (Complete Set only \$1.00) prepaid.

FINEST BAIT CASTING RODS

No. 550 PHANTOM. Solid, translucent glass with burnished aluminum handle and new simplified locking reel seat screw. Red Tenite chuck-type foregrip, align guides automatically. Stainless steel guides. 5'. Best action of any low priced rod we have ever seen. Equal to many \$10.00 and \$12.00 rods. (\$3.95 each) prepaid.

No. GS 56 PHANTOM GOLDEN STAR. Solid glass with bamboo finish, square butt and round tapered tip for controlled cast. Single offset, polished aluminum handle. 5½'. (\$5.95 each) prepaid.

No. 3060 PHANTOM. An outstanding 2-piece 6' solid translucent glass rod. Aluminum handle with combination cork and rubber handgrip. Chrome-plated, stainless steel guides. A 2-piece rod with all the action of a 1-piece blade. Specially designed for casting spinning and light weight lures. (\$7.95 each) prepaid.

No. 1171 SHAKESPEARE SUPER SPECIAL. Most popular, with "Power-Flex" chuck-type handle, a handle of tough, fighting material that brings the feel of a fighting fish right down to the very butt cap. Wonderful universal action. 5½" glass rod, with cork grips, stainless steel mountings. (\$9.95 each) prepaid.

No. 1190L SHAKESPEARE SUPER DE LUXE. Here is an extra quality, light action glass rod that defies description. The finest made, with Carboloy tops, famous Tru-Aim double offset detachable aluminum handles and the new Pivot-Lock reel seat. 5½" of fishing dynamite that will make casting a new thrill for you. (\$23.10 each) prepaid.

BEST FLY RODS

GENUINE IMPORTED TOP QUALITY BAMBOO FLY ROD. This fine-balanced, light-action strong rod knocks down in 3 pieces, with an extra tip section furnished. 8'. Includes cloth case. (\$7.50 each) prepaid.

No. F 282 PHANTOM. An 8½" 2-piece fibre-glass fly rod with amazing action for so low a price. Plain cylinder shape handle with natural cork and aluminum reel seat. Stainless steel guides. (\$9.95 each) prepaid.

No. 1250 SHAKESPEARE FAVORITE. Here is a 2-piece 7'9" all-purpose glass fly rod for flies, bugs, bait and spinners. Ideal for trout or bass. Weight 5.1 oz. (\$15.95 each) prepaid.

No. 1270T SHAKESPEARE SPECIAL. The outstanding Shakespeare 2-piece, "Trout Service" glass fly rod for dry or wet fly, streamers; for trout, bass or panfish. 7'9" and only 5.1 oz. (\$22.25 each) prepaid.

TWO BEST SPINNING RODS

No. SP 360 PHANTOM. A beautiful 6' spinning rod with 12" cork handle with two ring reel seat, solid glass, 2-piece blade, and stainless steel guides. (\$6.95 each) prepaid.

No. 1262 SHAKESPEARE SPINNING WONDEROD. A 2-piece marvel of light action and great strength. 10" cork handle with rubber cap, stainless steel guides, and famous Shakespeare glass blade. 6'. (\$10.95) prepaid.

FISHING LINES

We believe the following list of Shakespeare Fishing Lines to be the best for bait casting, fly fishing and spinning.

Shakespeare Casting Lines

No. 4490 WEXFORD NYLON WONDER LINE. This famous black line wears up to 3 times longer, will not waterlog, is more flexible, will not kink—makes casting a pleasure.

Wexford 12½ lb.	\$1.15	\$2.30
Wexford 15 lb.	1.25	2.50
Wexford 20 lb.	1.40	2.80

100 yds. comes as 2 connected spools in beautiful and useful plastic case.

Shakespeare Nylon Fly Lines

With the Tougher, Smoother "Formula 12-0-9" Finish

No. 4370S Shakespeare Nylon Level Line. Size D (25 yds.) \$2.55. Size C (25 yds.) \$2.80.

No. 4370 Shakespeare Nylon Double Taper Line. Size HDH (30 yds.) \$8.45. Size HCH (30 yds.) \$8.45.

NOTE: All above Shakespeare Lines BELOW list prices.

Shakespeare Nylon Monofilament Spinning Line

	100 Yds.	200 Yds.
5 to 6 lb.	\$1.10	\$2.00
8 to 10 lb.	1.40	2.60

FISHING REELS

Every reel listed here has a purpose for which it excels, and even the most inexpensive ones will give years of delightful operation.

No. 1905 SHAKESPEARE DEUCE. A low price reel built for service with many features of high priced reels, including chrome-plated brass frame, tall spool cap casting drag, spiral cut drive gears, chrome-plated carriage. Capacity 100 yds. 8.1 oz. (\$5.80 each) prepaid.

No. 1915 STANDARD WONDEREEL. The perfect no backlash Shakespeare reel at low price. Spiral drive brass gears, chromed level-wind, 3-unit take-down construction. 100 yds. capacity. 7.9 oz. (\$7.10 each) prepaid.

No. 1921-D DIRECT DRIVE WONDEREEL. Shakespeare's World-Famous Wonder reel in its modern Direct-Drive form. Anti-backlash, nylon gears. Has everything. Capacity 100 yds. 6 oz. (\$11.10 each) prepaid.

No. 1990 SHAKESPEARE IDEAL. Handsome Direct Drive with Nylon gears, chrome steel frame, pearlhead ring and crank grips, "Automatic Thumb" casting drag, snap-on plastic arbor. Capacity 100 yds. 7.7 oz. (\$19.95 each) prepaid.

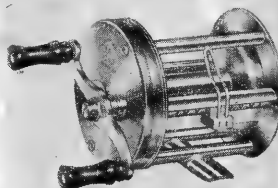

No. 1835 SHAKESPEARE TRU-ART AUTOMATIC FLY REEL. Silent winding and free-stripping. Spring is highest quality tempered steel. Green anodized finish, with chrome-plated line guards. Capacity 50 yds. (\$8.90 each) prepaid.

No. 1837, same as above except with 80 yd. capacity. (\$9.75 each) prepaid.

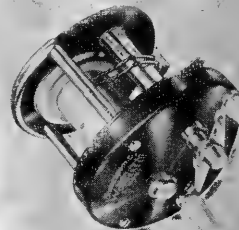

No. 35 OLYMPIC FLY REEL. Easily-controlled, single-action, sturdy, well-built, light weight, it is built for enjoyable service. (\$3.95 each) prepaid.

No. 1800 SHAKESPEARE DE LUXE SPINNING REEL. Brand New for 1954. The finest of all. Has Carboloy pick-up, oversize clutch, completely enclosed mechanism, all controls at crank, and has below-hand operation. (\$24.45 each) ppd.

No. 1750 SPIN-WONDEREEL. Shakespeare's answer to the moderately priced spinning reel. Operation same as above, and brand-new this year. (\$13.35 each) prepaid.

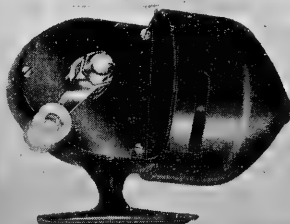

Shakespeare's Deuce

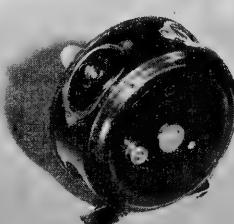

Direct Drive Wonder reel

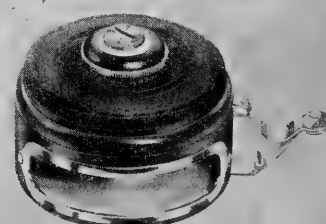

Spin—Wonder reel

Olympic No. 35

Tru Art Automatic

ALL FISHING TACKLE PREPAID

Burgess Seed & Plant Co., Galesburg, Michigan

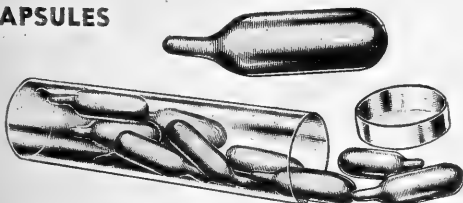

TURN OVER BAIT PAIL

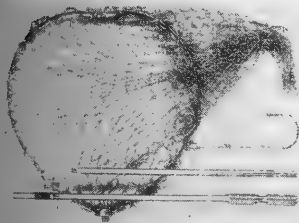

Bait Pail is 5½" in diameter, with hinged lid at both ends. Worms always on top. No groping through dirt. Use with one hand. Easy to carry and a pleasure to use. (\$1.50 each) prepaid.

FISH NIP CAPSULES

It attracts fish like cat-nip attracts cats. Convenient capsules to apply to either fresh or artificial bait. Capsules come in convenient tube, (12 for \$1.00) prepaid.

COLLAPSIBLE NET and GAFF COMBINATION

Strong cotton net, 30" deep on a 15" hoop that collapses conveniently for easy carrying and storage. 2 section, 24" aluminum handle, plus 3" by 7" hardened steel Gaff Hook. Finest we've seen. (\$4.50 each, complete) prepaid.

FLOATING TROUT NET. (See illustration in Fly Fishing Kit on opposite page.) Inexpensive, but strong and handsome net that floats. (\$1.50 each) prepaid.

"ZIPPERALL" RAIN SUIT

A complete head-to-foot garment, built like a suit of coveralls, complete with parka hood. Zips up the front. Made of highest quality cellulose acetate. Carry in car, boat or tackle box. Perfect for garden. Comes in neat case. (\$6.95 each) prepaid.

FISHERMAN'S PLIERS

This Sargent Grip Snip Pliers is 3 tools in 1—cutter, plier and wrench. It cuts hooks and wire leaders; extracts hooks; pinches sinkers, ties flies; skins fish; adjusts nuts on reels and motors; pulls and inserts pins in firearms. Perfect tool. (\$2.25 each) prepaid.

New Acme BOAT PUMP

Easy—Fast—Safe

Here is a fast, safe and easy boat pump, built to last. Barrel 1½" in diameter by 22" long, made of 26 gauge steel, heavily enameled inside and out and finished bright orange. Pumps 12 gal. a minute. (\$2.95 each) prepaid.

2-C INSECT REPELLENT

A creamy, odorless lotion that protects against biting insects. One application lasts 3 to 16 hours. Will not affect paints, plastics, nylon, rayon or coated fibres or lines. Good for children, too. It prevents such insects as black flies, mosquitoes, midges, sand flies, chiggers and others from biting. (2 Oz. \$1.00) ppd.

BAN New Stick Form Insect Repellent

There is no muss or fuss with the new BAN Insect Repellent. Comes in stick form in handy plastic case. Repels mosquitoes, flies, gnats, chiggers, etc. Carry safely in pocket, purse or tackle box. Non-greasy. Pleasant odor. (50c each) prepaid.

PLANT and FISH BY THE MOON

256 Pages

The Moon Sign Book gives complete instructions in the use of planetary influence on fishing, planting and harvesting. The result of more than thirty years of research. Why do successful farmers plant potatoes in the dark of the moon? When should Corn, Beans, and other seeds be planted for best results?

These and many other questions are answered and explained in a simplified yet scientific and practical manner, to help you work in harmony with Nature for profitable results. GIVES DAILY and HOURLY FISHING GUIDE.

The Moon Sign Book is a Planetary daily guide. Farmers, gardeners, fruit growers, poultry raisers, fishermen, in fact everyone should have this valuable book. Every year we sell more of these books than we did the previous year. This continuous and increasing sale is evidence that its 256 pages are of value. (\$1.30 per copy prepaid.)

BURGESS' GARDEN SUPPLIES

FERTO-POTS For Earlier, Better Crops and Bigger Profit THE PLANT EATS THE POT

FERTO-POTS produce earlier crops and more abundant yields. They are constructed of manure and fertilizer in the correct proportions for best plant growth and for holding the moisture at the roots of the plants. The plants are not removed from the pots when they are set out. Simply set pot and all in the ground and the roots will grow right through the pot which slowly breaks down, furnishing valuable plant food.

FERTO-POTS are made in the following sizes:

- No. 2 (about 2 inches in diameter) for lettuce, onion and small flower plants.
- No. 2½ (about 2½ inches in diameter) for tomato, cabbage, pepper, egg plant, etc.
- No. 3 (about 3 inches in diameter).

PREPAID PRICES

No. 2	Carton of 100	\$3.60

No. 3	Carton of 250 (Wt. about 25 lbs.)	5.80

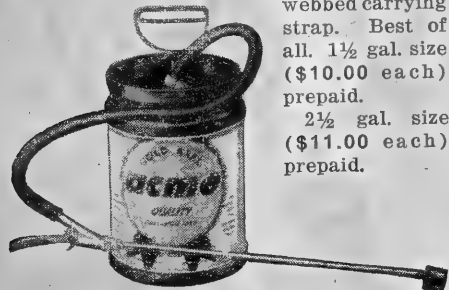

FERTO-POTS are not sold in broken cartons, but will keep indefinitely. Any that are not used this year will be good later. All shipments are made from Pittstown, N. J.

Acme Quality COMPRESSED AIR SPRAYER Galvanized Steel-Brass Tubing

An exceptionally well built sprayer designed to handle practically any kind of spraying job with any insecticide, fungicide or weed-control chemical. Does an excellent job with whitewash and cold water paints. Many new features, including: completely adjustable nozzle and new, longer hose; open top funnel for spill-free filling and inflating compression gasket for complete safety; all parts remove easily for complete cleaning; heavy galvanized steel;

webbed carrying strap. Best of all. 1½ gal. size (\$10.00 each) prepaid.

2½ gal. size (\$11.00 each) prepaid.

D. & P. FRUIT SPRAY

A Complete and Effective
Insecticide and Fungicide
The "ALL-PURPOSE" Spray

scale and other fungus diseases.

This is the complete spray for apples, peaches, plums, prunes, pears, grapes and other fruits. It contains the most effective of the newly developed chemicals for insect and disease control—DDT, Pyrethrum, Sulphur and Fermate. This combination of chemicals will easily control any leaf-cutting and sucking insects, as well as all types of plant diseases on fruits.

Controls: aphids, European red mite and other mites, mealy bugs, oriental fruit moth, codling moth, grapeberry moth, grape leaf hopper, thrips, Japanese beetles, peach twig borer, pear psylla, apple and peach scabs, cedar rust, quincy rust, sooty blotch, brown rot, curculio, San Jose

Easy to Use

D. & P. Fruit Spray is easy to mix and use; wets immediately and provides a uniform deposit. 2 lbs. makes 20 gallons of spray. (10 oz. \$1.00) (2 lbs. \$2.50) prepaid.

Forged GARDEN SHEARS

Here is the finest pair of Garden Shears you will find, at an especially low price. They are made of forged steel, polished like a mirror. (\$2.25 each) prepaid.

BERRY-SET

Makes berries grow much larger—often 50% to 100% BIGGER—meatier—sweeter—most luscious tasting. Increases berry yields greatly. Strawberries have fewer seeds. Sprayed berry plants bear ripe fruit over a longer period of time; therefore gardeners enjoy a longer season, get greater enjoyment and greater value from their berry plants. This new scientific "Hormone" powder effective on ALL berries.

ries. 1 oz. package makes 4 gallons. (1 oz. 50c) (3 oz. \$1.00) prepaid.

GARD-N-GUN

Sprays All Types of
Insecticides and
Fungicides

This small, lightweight, low priced sprayer attaches to garden hose. Then, simply flip the Touchomatic control and spray perfectly mixed insecticide or fungicide. Fine, misty spray, saturates the plant to kill all insects. Spray slants upward at correct angle for underleaf coverage and gives a complete and lasting clean-up kill. Gentle spray has enough force to penetrate inside leaves on shrubs, hedges, vegetables, etc. (\$3.25 each) prepaid.

Sprays 1½ gals. properly proportioned spray with the ½ pint jar furnished. No tank to carry, no pumping required. Use fruit jar for replacement.

CRAG HERBICIDE-1

It Prevents Weeds Before They Grow

Crag Herbicide-1 is the new "weed preventer" that kills weed seeds as they are starting to sprout. Use it to prevent weeds in many different varieties of garden plants, including roses, strawberries, raspberries, asparagus, gladiolus, beans, perennial flowers, shrubs, and evergreens. Easy to apply with either a sprayer or sprinkling can. Saves you time and money. Keeps garden neat and clean. (4-oz. can [treats 3,000 sq. ft.] only \$1.60) prepaid.

ACME HAND DUSTER Heavy-Duty Type

Built for long service. User stands upright, places nozzle tip near ground, forcing powder up through berry vines, bushes and shrubs from 6 to 7 ft. high. Equally effective for dusting the underside of low growing plants. Delivers a tremendous blast of air, due to large pump size and long stroke.

Capacity 1 lb. 37" in length. (\$1.85 each) prepaid

ACTIVO—Makes Fertilizer

COMPOST ACTIVATOR—SOIL ENERGIZER—Just sprinkle Activo on the kitchen waste, leaves, garden rubbish, etc., to make the best type of organic fertilizer easily and quickly—often in as little time as 3 weeks. Organic! Use Activo also directly in soil, mulches, hotbeds, etc., for more "grow-power," better balance. (No. 2 size, for 350 lbs. compost \$1.25) (No. 7 size, for 1600 lbs. \$2.80) (No. 20 size, for 3 tons \$6.75) all prepaid. No. 7 and 20 sizes include complete plans for building compost cabinet FREE.

COMPLETE PLANS for building compost cabinet (35c each).

HOLE-IN-ONE BULB

and Plant Setter

This handy tool makes the type of hole best suited for bulbs. They do best when planted with their roots resting on a firm flat base free from air-pockets. Merely cut the tool into the soil, remove it with a slight twisting motion and the soil comes with it, leaving a clean, flat-bottomed hole in which plants or bulbs may be set. (\$1.00 each) prepaid.

All Purpose — Convertible SPRABULB and DUSTER

Sprays under leaves and keeps plants clean and healthy. Dozens of household uses. Soft rubber. Two nozzles, one for liquid, one for dust. (8 oz. size \$1.30 each) (12 oz. size \$1.90) prepaid.

SNAROL—Kills Cutworms

SNAROL CUTWORM BAIT, containing Toxaphene, is a specially prepared bait for the control of cutworms, armyworms, grasshoppers, crickets and Mormon crickets.

SNAROL is a double action insecticide as it works as a contact as well as a stomach killer. It is extremely attractive to insects and remains in moist, edible condition for many days after application.

SNAROL should be applied in late afternoon for cutworms and armyworms as they are night feeders which hide in the soil close to plants during the day. Grasshoppers and crickets are day feeders so bait should be applied in the mornings.

SNAROL is ready and easy to use. No mixing is required. Just scatter around infested plants. One application is usually sufficient. One pound will cover 200 square feet.

2½ lb. box (Treats 500 sq. ft.) \$1.35 postpaid.

RED-ARROW

Non-Poisonous Garden Spray

RED ARROW Garden Spray is absolutely non-poisonous to children, poultry, pets and everything but insects. Death is absolutely sure to both chewing and sucking insects. When properly used it will not burn, blight or stain the tenderest leaf, flower, petal or fruit. May be sprayed on fruit or vegetables before they are eaten, and no harmful effect can ensue on health or digestion.

RED ARROW is recommended for Rose Bugs, Aphids, Red Spiders, Leaf Hoppers, Mealy Bugs, Cut Worms, Caterpillars, Cabbage Worms, Tomato Worms, Wire Worms, Army Worms, Box Mites, Currant Worms, Fern Scale, Thrips, Squash Bugs, Aster Beetles, Japanese Beetles and many other beetles and bugs.

Dilute with 200 to 600 parts of water. (2 oz. bottle 75c) (4 oz. bottle \$1.20) (1 pint \$2.95) prepaid.

ROTENONE

HAMMOND'S 75 DUST

Will Not Injure Tender Foliage

Forty times more powerful than arsenate of lead as a stomach poison, and fifteen times more effective than nicotine, yet harmless to humans and animals. Dry powder—easy to use—no water, no mixing, no muss. Perfect control for leaf-eating insects. Recommended for Mexican Bean beetle, tomato worms, aphids, and most bothersome insects. Rotenone, 1 lb., 75c; 3 lbs., \$1.60, postpaid.

SABA DUST

It Kills Squash Bugs, Too

This marvelous new discovery gives perfect control of some of the tough garden bugs which up to now have been almost impossible to kill. Such "Toughies" as stink bugs, squash bugs, harlequin bugs, lygus bugs, pickle worms, Say's plant bugs and most others are easily disposed of. Best dust of all to keep your melons, squash, cabbage, collards, etc., absolutely clean. Also, fine for chinch bugs in sweet corn, and hairy chinch bugs in the lawn.

Absolutely safe, as it contains no DDT or arsenicals. Complete directions sent with every order. (1 lb. 85c) prepaid.

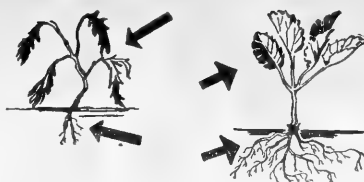

SLUG SHOT

Destroys Insects

Kills Cucumber, Melon and Squash Bugs, Bean Beetles, Cabbage Worms, Potato Bugs, Green Flies, Slugs and all chewing insects, and controls fungus. Harmless to plants, flowers and vegetables, but deadly to leaf-eating insects and fungus. Easy to use—simply dust it on. 1 lb. can, 75c; 3 lb. can, \$1.60, postpaid.

TRANSPLANTONE

CHANGES THIS TO THIS

One grower tripled his Tomato crop with **TRANSPLANTONE** and started picking three weeks earlier. Growers say "Lettuce 10 days earlier, Cabbage 3 weeks earlier." Always use **TRANSPLANTONE** when moving plants. It reduces wilting and gives the plant a quicker start.

Water your shrubs, roses and garden plants with **TRANSPLANTONE** solution and have stronger plants.

TRANSPLANTONE is a soluble powder, harmless and easy to use. 1 oz. makes 10 gallons of transplanting solution or 1,000 gallons of solution for watering. ½ oz. package, 25c; 3 oz. can, \$1.00; 1-lb. can, \$4.25, postpaid.

ROOTONE Hormone Powder

Dip Cuttings for Quicker, More Successful Rooting. Dust Flower Seeds and Bulbs for Better Germination. Stronger Plants and Earlier Flowering. Dust Vegetable Seed for Earlier and Bigger Crops.

25c Package **Rootone** (about ¼ oz.)—Will treat up to 400 cuttings; 2½ to 10 lbs. of seed; 25 to 30 seed packets; or 100 bulbs—just right for the small gardener. 25c, postpaid. 2 oz. Jar, \$1.00, postpaid.

FRUITONE—Increases Yields

Stops Premature Drop of Flowers—Fruits—Leaves

FRUITONE, the hormone spray, helps pollination, thus produces better set of fruit. Some varieties of fruit trees and berry plants that ordinarily do not set fruit unless a male plant is near to fertilize the flowers on the female plants, can be made to set fruit without the use of pollen, by spraying with **FRUITONE** when plants are in bloom.

Spraying with **FRUITONE** has given as much as a 30% increase in yield of Beans; 35 to 50% increase of Cotton; and 12 more bushels of corn per acre.

FRUITONE stops premature drop of apples and other fruits. Contains the same chemicals found by the United States Department of Agriculture to be most effective. Holds apples on the tree to maturity of size and color.

2-oz. package (enough for 25 gallons of spray), \$1.00; 12-oz. can (enough for 150 gallons), \$5.00, postpaid.

TOMATO DUST

An unsurpassed complete insecticide and fungicide for use on tomatoes, potatoes, melons, squash and cucumbers. Tri-Basic Copper and Calcium Arsenate are processed to provide an excellent control of Tomato Late Blight, Flea Beetle, Cucumber Beetle, Tomato Hornworm and Fruit Worm, Melon Worm, Potato Bug and many other leaf-eating insects and for protection against fungus diseases. Can be used as dust or spray. (10 oz. Handy Duster only 75c) (2 lb. bag only \$1.35) prepaid.

"Selective" CRAB GRASS KILLER

CRAB-NOT contains "Potassium Cyanate," the new NON-POISONOUS weed killer which readily controls crab grass in lawns with no damage to desirable grasses. Easy and safe to use. Just mix with water and spray. No poisonous residue remains on treated vegetation.

(4 oz. covers 700-1400 sq. ft. \$1.00)

(16 oz. covers 2800-5000 sq. ft. \$2.95)

All Prepaid

ROSE SPRAY BOMB

The new Antrol Push-Button Rose Spray Insecticide Flower Bomb is the answer to better roses. It operates like a mosquito bomb. No muss, no fuss, no mixing, no pouring, no sprayer to buy. Always ready to use. Cannot hurt bloom or foliage. Complete control. Has lasting effect. Good for other flowers, too. (12 oz. Bomb only \$1.75) prepaid.

RAT and MOUSE KILLERS

SLA-RAT—A prepared bait made with Warfarin, the amazing rat and mouse killer. It will successfully control infestations which have defied control by other poisons because of "bait shyness." Slow in lethal action, taking from 4 to 7 days for complete control. Because of minute amounts needed by rodents, it is very unlikely that other animals could find enough to harm them. **SLA-RAT** (1 lb. \$1.25) prepaid.

RAT-NOTS—Prepared bait, no mixing. We listed for years. Still good. Household size (9 Rat-nots) 35c. Estate size (50 Rat-nots) \$1.10.

MOUSE-NOTS—Simple, harmless to use. (50 nots) \$1.10.

GRAPE & ROSE DUST

NON-POISONOUS Safe to Use

Prevents Mildew and Black Spot. Successful Rose growers, Grape growers and florists everywhere use this non-poisonous fungicide. Safe to use—will not harm any pet or human. Easy to use—simply dust it on. Not unsightly when applied to plants. 1 lb., 75c; 3 lbs., \$1.60, postpaid.

FORMACIDE—for Damping Off Scab, Mold, Black Leg, etc.

Stop Damping-Off. Unprotected tender seedlings are helpless before this deadly fungus disease. Every planter of vegetables and flower seed should use **FORMACIDE** to prevent seeds decaying in the ground and to prevent seedling plants from dying when small. By applying **FORMACIDE** to the soil and using Burgess' Disease Treated Seeds, your seedlings and plants are, at a very small expense, doubly protected against the most serious plant disease problem confronting horticulturists. **FORMACIDE** also disinfects the soil sufficiently to kill other fungus diseases which may cause scab, mold, black leg, etc. It also stimulates plant growth, gives stronger plants, and increases productivity. Soil treated with **FORMACIDE** can be planted immediately. **FORMACIDE** can even be mixed with fertilizer and drilled directly with the seed at the rate of 1 lb. to a 450-foot row.

PRICES: ½ lb., 75c; 1 lb., \$1.25; 5 lbs., \$3.50, postpaid.

All-Purpose DUST and SPRAY

ACP ROSE AND FLORAL DUST

Amazing new chemical that makes 25 gal. of spray or is used by itself as dust. And it is not only an insecticide and fungicide, but also aphidicide and miticide. First of its kind. Controls most plant diseases and insections. Contains Ferbam, Sulfur, DDT, Lindane and Ovotran. Almost a universal garden protectant. No other product like it. (1 lb. \$1.60) prepaid.

Keeps DOGS Away

From Flowers Evergreens

Protect Plants from Dogs and Rabbits

All prepaid

LIQUID CHAPERONE—A dog repellent that does not dissolve in rain. Harmless to plants. Keeps dogs away. (4 oz. \$1.00) (8 oz. \$1.50).

POWDER CHAPERONE—Use indoors on furniture, rugs, etc. (Trial size 60c) (Large size \$1.10).

RABBIT CHAPERONE—Prevent damage to trees, shrubs and garden with this spray. Doesn't smell. Won't dissolve in rain. (4 oz. \$1.00 (8 oz. \$1.50).

MUSHROOM SPAWN

Our pure culture Spawn has numerous points of superiority over the old types, is more vigorous, more resistant to adverse conditions and more repellent of insects than other types. It is without doubt the most dependable produced. One package will plant 8 to 10 sq. ft. Instructions for growing included with every shipment. Pkt. (2 oz.), 50c; 3 pkts., \$1.35, prepaid.

Burgess Seed & Plant Co.

Stop-GRASS

Retards Growth 4 to 5 Months

Never before has there been anything like STOP-GRASS! When sprayed on grass early in the spring it makes the grass grow so slowly it does not have to be cut for 4 to 5 months. If the early spring spraying is missed, later spring application slows growth so that cutting won't be needed for 4 to 6 weeks or even longer.

Use on grass in difficult-to-mow places along lawn edges, flower-beds, driveways; next to hedges, fences, around lawn ornaments, trees; and on large grass areas such as vacant lots and roadsides. Grass stays short and beautifully green. May also be used to prevent the sprouting of onions in storage. 1 1/2 oz. (treats 400 sq. ft.) \$1.00. 4 oz. (treats 1,100 sq. ft.) \$2.25. 1 lb. (treats 4,400 sq. ft.) \$6.00. All prepaid.

WEEDUST—in Shaker Can Easy Way to Apply 2,4-D

Here is 2,4-D weed killer in dry, powder form—no mixing—no spraying—just dust weeds away. WEEDUST is ideal for spot weeding. If lawn has only a few scattered weeds, here's the easy way to kill them. Shake a pinch of Weedust on each weed. Watch it curl up and die. This 12-oz. canister holds enough Weedust to kill a thousand weeds right out to the root tips. (12 oz. shaker canister \$1.10) prepaid.

DOW 2,4-D WEED KILLER

Easily applied by dissolving tablets in water, this new Dow Chemical Co. product is becoming very popular. Kills Dandelions, Poison Ivy and Oak, Ragweed, Plantain, Thistle, Dock, and most other common lawn weeds, without damage to grass. Apply with sprinkling can. (600 sq. ft. size \$1.00) prepaid.

ALL LEATHER—WASHABLE Soft—Comfortable—Durable

Outwear 6 pairs of ordinary fabric gloves, are washable and can be used the year 'round for garden, housework, yard, painting, furnace, garage, etc.

WOMEN'S GLOVES. Size 6 (Small); Size 7 (Medium); Size 8 (Large); \$1.75 per pair, prepaid.

MEN'S GLOVES. Size 8 (Small); Size 9 (Medium); Size 10 (Large); \$1.75 per pair, prepaid.

Be sure to specify size on your order.

Green Thumb Garden Gloves

Here are the gloves that Mrs. Gardener is wearing. Smartly styled with actual green thumbs, these gloves give practical, economical hand protection for gardening, dusting, painting, driving, etc. They are washable, and will outwear several pairs of good canvas gloves. Each pair comes in an attractive, usable plastic bag. Specify size: Small, Medium or Large. (90c per pair).

ARAMITE-15W

For Positive Kill of
RED SPIDER

Effective on Evergreens, shrubs, flowers, trees, ornamentals and certain fruits. Most effective control for Red Spider and certain other mites ever developed. Safe! Sure! Easy to use! A dry wettable powder that mixes easily with water. 4 oz. package (makes 16 gal. of spray) only \$1.10 prepaid.

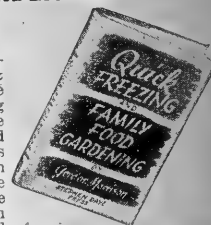

Makes Cut Flowers Last 10 Days Longer

Floralife is a bacteria-killing chemical, which, when added to the water, makes cut flowers last longer. No need to change the water or recut the stems. Saves work and saves your flowers. Used by florists everywhere. Each package of Floralife will treat 2 qts. of water. (15 pkgs. for \$1.25) postpaid.

"QUICK FREEZING and FAMILY FOOD GARDENING"

By Gordon Morrison

Mr. Morrison, plant geneticist for the Burgess Seed & Plant Co., has produced the authority on quick freezing for the family garden. He tells you how to do it and why, with all the various processes involved—which are the best and which the easiest. Along with it all he plans a year-round diet in terms of your garden—and just how to accomplish it. If you want a book on quick freezing that starts with the garden and carries it through to the freezer, you must have this new book. (\$3.00) prepaid.

HOUSE PLANT SPRAY BOMB

No Mess or Fuss

This handy Insecticide-Miticide protects House Plants from microscopic sucking insects that wither and discolor African Violets, Ivy, Bracken and Boston Fern, Fuchsia, Philodendron, Rubber Plants and similar plants. Kills mealy bugs, mites, aphids, exposed thrips, white flies, etc. Always ready for instant use. Just push the button to spray. No mess or fuss. Economical, long lasting and safe to use. 6 oz. bomb. (\$1.15 each) prepaid.

CHLORDANE-45

"Indoor-Outdoor" Insecticide

Here is one of the newest and most amazing home insecticides for use both indoors and out. It comes in a 45% concentrate solution for mixing with water for sprayer or sprinkling can application. Easy kill for Spiders, Termites, Ants, Chiggers, Chinch-Bugs, Thrips, Grasshoppers, Box-Elder Bugs, Roaches, Water-Bugs, Silverfish, Cutworms, Armyworms, Cabbage Maggot, and many others. Good for lawns, garden and home. Probably the most universal of all home insecticides. (4 oz. 90c) (1/2 pt. \$1.35) prepaid.

IT KILLS MOSQUITOES OUTDOORS MOSQUITROL

Spray Mosquitrol solution on lawns and shrubbery, around porches, terraces and garden. When mosquitoes or gnats alight on leaves, etc., they die. Mosquitrol kills. It is not a repellent. Will not harm foliage or flowers. 16 oz. can (makes 12 gal. of spray) only \$2.00 prepaid.

Wettable Flakes

THEY MAKE "TOPSOIL" OUT OF CLAY Revolutionary "New" Soil Conditioners Take the Backaches Out of Gardening

The new Soil Conditioners you have been reading so much about (the two forms are listed here) are truly miracle chemicals, that allow us to have perfect lawn and plant soils, almost overnight. Here is what they will do: They will give granular, porous structure to the most unmanageable clay soil; they will prevent surface baking and crusting and form a soil mulch which will retain moisture; they will improve drainage and aeration, control sheet erosion and make soil friable and unbelievably workable.

COMPLETE APPLICATION INSTRUCTIONS SENT WITH EACH PACKAGE

SOILIFE—Wettable Flakes

Completely soluble in water, easily mixed, 1 oz. per gallon of water. Best for lawns and established garden plantings. Quantities listed here are made on the basis of 1" penetration of the top soil. Garden Size (treats 75 sq. ft.) \$1.50. Lawn Size (treats 150 sq. ft.) \$2.25. Ranch Size (treats 300 sq. ft.) \$4.00. All prepaid.

ACP—Dust Form

Best form to spade into the soil, although it also can be applied by mixing with water. This product contains in addition certain plant hormones and some essential mineral fertilizer elements. Where more than 1" penetration is wanted, increase amounts applied in proportion. This is the best product if you intend to apply to varying depths in the garden. 1/2 lb. size (treats 25 sq. ft.) 90c. 2 1/2 lb. size (treats 125 sq. ft.) \$3.40. 10 lb. size (treats 500 sq. ft.) \$10.00. All prepaid.

ANT-X ANT TRAPS

Sanitary, safety container for use in house or garden. Just break seal of box and place where ants can get to it. Cannot be opened by a child or spilled by a pet. Ask for Ant Traps. (4 for \$1.00) prepaid.

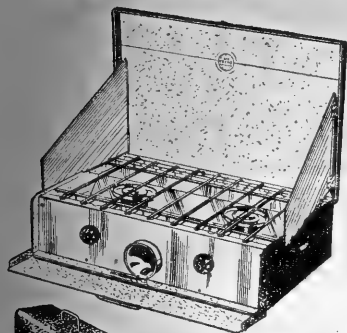

ANT-X JELLY BAIT

Ants like the taste of ANT-X. They'll carry it back to the nest and destroy the entire colony. Destroys both sweet and grease-eating ants. Comes in two forms. Bait in jelly form for outdoor use. A drop on each ant-hill is sufficient. (1-oz. tube ANT-X Jelly, 40c) (4-oz. tube ANT-X Jelly, \$1.00) prepaid.

(75 tablets, 55c)
(200 tablets, \$1.10) (1000 tablets, \$3.65) postpaid.

PREPO CAMP STOVE

- * Front panel forms handy utensil shelf
- * Adjustable windguards assure perfect operation
- * Lightweight—closes to small suitcase size.

Here is the complete and fully automatic camp stove. It operates on Prepo Fuel, which comes in a can, and can be put in operation in 5 seconds. Each burner has a capacity of 4500 BTU per hour, and each fuel tank will operate both burners for approximately 2½ hours.

There are no bulky "extras" to carry; it comes complete. No dangerous liquid fuels to pour. Independent burner control. "Kitchen-size" space for pots and pans. Fuel available at most hardware stores.

COMPLETE with 1 tank (can) of Prepo Fuel only \$17.95. Sent Express, NOT prepaid. Shipping weight 18 lbs.

Prepo
Portable

GAS RANGE

Fully automatic. Operates like above. Made in "Kitchen Quality" gleaming-white, sanitary finish. Perfect for camping or as a "standby" stove to operate in emergencies. Complete with 1 tank (can) of Prepo fuel only \$27.95. Sent Express, NOT prepaid. Shipping weight 14 lbs.

EXTRA PREPO FUEL

Sold in 6 can shipments only. Each can operates a stove approximately 2½ hours. All 6 only \$4.75. Sent Express, NOT prepaid.

Fertilize While You Sprinkle

TRI-CON

The "All-Purpose" Nozzle

Here is the truly modern sprayer nozzle. It does every job perfectly. (1) It is the perfect tool for spraying liquid fertilizer like RA-PID-GRO or GRO-STUF—you simply put the dry product in the jar, and you automatically spray "liquid" fertilizer in just the right proportion. (2) It is the perfect nozzle, giving you a full stream, a fine spray, or a strong stream. (3) It is a fine sprayer for the lawn, with its attachment for holding upright.

Lawn care and gardening need not be a chore, not if you combine the Tri-Con units with Water Soluble Fertilizer, just like the professional growers do. It's so easy to make your outdoor area the envy of the neighborhood. This combination has helped thousands to attain the seemingly miraculous achievement. And it's all so easy.

Except for Mason Jar. It's all metal construction that's built to last many, many years. (Complete with all attachments only \$5.75) prepaid.

LIQUID FERTILIZERS

And What You Should Know About Them

You have heard a lot of extravagant claims for "New Fertilizers" in the last few months. If you will analyze them, most have been for "liquid" types, and most have laid claim to a newness which has little basis in fact.

There is no such thing as a NEW FERTILIZER. They are all as old as agriculture. But in recent years it has been possible to make fertilizers in such form as to be easily dissolvable in water, and thus more readily available to plants. As a result much talk (advertising talk) has been about "foliage feeding" and "concentrated feeding." Even this is not very new.

We Have Two Best

We have handled RA-PID-GRO for many years. We also handle GRO-STUF. Both are excellent fertilizers. Both are dissolvable in water and so are liquid fertilizers. Both contain a near maximum of available nutrient materials, plus hormones and trace elements. More important they are both produced by manufacturers who have been in business in our field for many years.

As growers in the seed and nursery industry, who should know about such things, we entreat our friends and customers to be wary of extravagant claims, with the correspondingly extravagant prices of so called "NEW" fertilizers.

We recommend the following in the sure knowledge that they will do well for you; in fact, we use them ourselves.

RA-PID-GRO Sensational Plant Food

RA-PID-GRO is a concentrated fertilizer shipped in dry form. You need only to add water and apply according to directions. One pound of RA-PID-GRO in 22 gallons of water will make 176 pounds of liquid fertilizer at less than ¼¢ per pound. RA-PID-GRO contains no filler found in many fertilizers, so ask yourself, which is the best diet for your plants?

Growing plants should be fed regularly during the growing season and all food must be in liquid form before roots can absorb it. When RA-PID-GRO is used according to instructions you are applying a liquid fertilizer ready for plants to use. Help trees, shrubs and plants recover from the shock of transplanting by dipping the roots in a solution of RA-PID-GRO before planting.

Analysis: Nitrogen 23%; Phosphoric Acid 27%; Potash 17%. Also contains Vitamins B₁ and B₂.

2 oz. bag (makes 6 qts. or 12 lbs.)	\$0.35
1 lb. bag (makes 22 gal. or 176 lbs.)	1.35
5 lb. bag (makes 110 gal. or 880 lbs.)	4.75

Postpaid

GRO-STUF Concentrated Liquid Fertilizer

Make your garden the envy of all with Gro-Stuf, the new concentrated liquid fertilizer for foliage or root feeding. Try this new way to give your plants all the nourishment they need for luxuriant, healthy growth.

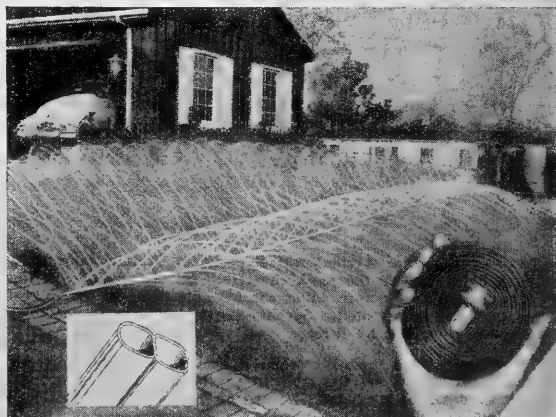

Gro-Stuf is a complete 20-20-20 plant food containing equal amounts of nitrogen, phosphoric acid and potash, plus hormones and trace elements. Just follow easy directions on the label, and you'll have a garden that will be envied by everyone who sees it.

The perfect "starter solution" for nursery stock. We like it so well that a small sample of it is sent with each shipment of trees and bushes mailed from Galesburg. Your garden will like it, too. (5 oz. 55c) (lb. \$1.35) (4 lbs. \$4.00) prepaid.

"Twin-Tube"

LAWN SPRINKLER

The new "Twin-Tube" sprinkler is built to outlast any and all flexible plastic sprinklers. It has extra thick wall strength and is seamless. It is extruded from the finest vinyl materials. "Twin-Tube" is truly flexible. It will curve around corners and will always lay flat. It can be exposed to sun and weather without rotting or mildewing. Guaranteed five years. For watering the lawn, new or old; for rows crops in the garden; for the shrub border where it must twist in and out; for almost any watering purpose, the "Twin-Tube" just can't be beat. (20 ft. Length \$3.50) (35 ft. Length \$4.95) (50 ft. Length \$5.95) prepaid.

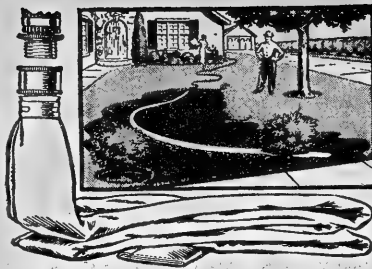

Burgess Seed & Plant Co., Galesburg, Michigan

SOIL-SOAKER

LIKE ALL NIGHT RAIN

Water seeps through entire length gently—no spray—puts water where you want it—all soaks to the roots. Made of scientifically treated, mildew resistant canvas, one end secured to water hose, other end closed. Water seeps through every pore, soaks directly into the soil over an area of several feet on all sides. No spray—no waste on walks, driveways, in street—no excessive evaporation. Ideal for lawns, terraces, flower and vegetable gardens, hedges, shrubs, trees, etc. Savings on water bills, as much as 25%.

Postpaid 12-foot length, \$2.00—18-foot length, \$2.60
Prices— 30-foot length, \$4.00—50-foot length, \$6.35

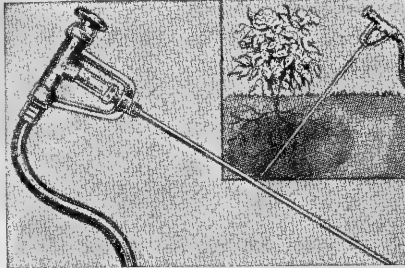

ROSS ROOT FEEDER

Water and fertilize at the same time right at the roots where it does the most good. Stops wasted fertilizer and prevents burning of foliage. Attach the Ross Root Feeder to your own garden hose, insert a cartridge of Ross Nutrient and let the feeder do the work.

One Ross Root Feeder and one dozen Nutrient Cartridges for \$5.00, postpaid.

NUTRIENT CARTRIDGES. Contain a balanced fertilizer (8-16-8) for general garden use. The cartridge will dissolve in about 30 minutes with average water pressure. Packed one dozen in a box at \$1.10 per box, postpaid.

ACID CARTRIDGE. Prepared especially for Evergreens, Blueberries, Azaleas, Rhododendrons and other acid-loving plants. Analysis 10-20-20. Packed one dozen in a box at \$1.10 per box, postpaid.

NEEGARDS

The Modern Knee Protectors
"Use Indoors and Out"
Made of Sponge Rubber

Comfortable sponge rubber reinforced with extra strong flexible rubber, cupping over knees, where they will stay exactly where they are placed—over or under clothing. Made for maximum comfort and long-wearing durability. Adjustable to any size knee. Good indoors and out. (\$2.35 per pair) prepaid.

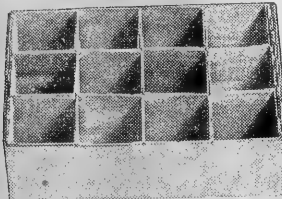

VENEER PLANT BANDS—Better Plants and Earlier Crops

Give your flower and vegetable plants a better chance by using Plant Bands for starting seedlings indoors. Better roots and no transplanting set-back for earlier crops. Inexpensive and easy to use. Complete instructions with each order. We offer only the 2½ inch size which is the most popular for annual garden plants. Our Plant Band Kit is recommended for home garden use and consists of 3 flats, each holding 12 plant bands 2½ inches square.

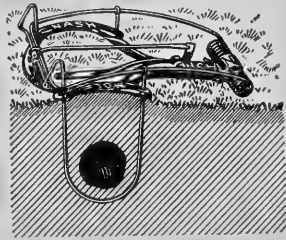

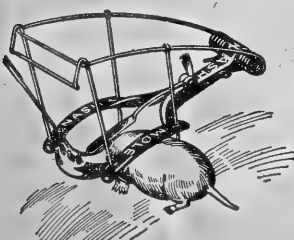

Plant Band Kit (3 flats and 36 plant bands) \$1.30, postpaid.

Plant Bands only (100 for \$1.70 postpaid) (500 for \$5.00) (1,000 for \$7.00)
By Express, not prepaid.

NASH MOLE TRAP

The Only Trap That Always Catches the Mole

Tests by the Iowa Agricultural Experiment Station show this type of trap as being by far the most effective. On the campus at Iowa State College, where moles were doing considerable damage, the three different types of traps were tested. Seventy-five moles were trapped, seventy of which were caught in Nash traps.

This trap catches the mole when it comes from either direction. The trigger is located where the mole in passing will always sweep the trap and can not fail being caught by one of the loops. \$2.95 each, postpaid.

FLYING DISK Scare Birds and Animals Away

Amazing protection for newly planted seeds, berries, tender seedlings, trees, etc. Made of shining aluminum. They spin and whirl madly in all directions—give blinding reflections and weird jingling, crackling sounds. Easily strung up. (10 for 30c).

HARDY Field-Grown VEGETABLE PLANTS

These strong, thrifty plants are grown in the open field in the South, where the climatic conditions are just suited for growing tough, hardy vegetable plants during the winter and early spring. The plants make a slow but steady growth until they are in a toughened condition and are ready to be shipped to territory farther north for planting earlier than hot-bed or cold-frame plants.

HARDY ONION PLANTS

Earlier Onions—Highest Market Prices

Burgess' Onion Plants come tied in bunches as shown above

Our hardy Onion plants will give you green onions earlier, and large, matured onions about two weeks earlier than can be had from sets. We can supply the following varieties:

CRYSTAL WAX
WHITE SWEET SPANISH
YELLOW SWEET SPANISH
YELLOW BERMUDA

Specify Variety Wanted

PRICES: (200 Plants \$1.20) (300 Plants \$1.75) (500 Plants \$2.20) (1000 Plants \$3.70) (2000 Plants \$6.20) (3000 Plants \$8.00). All prepaid.

(Order only in the quantities given above.* We cannot, for instance, furnish 100 or 250 plants.)

SWEET POTATO PLANTS

Sweet Potatoes are easy to grow in the North by planting plants, but should not be set out until after danger of frost. We can supply the following varieties:

Sweet Potato plants cannot be shipped to California

ALL GOLD. A new variety developed by Oklahoma A & M College and one of the finest we have ever tried. Brown skin, with golden yellow flesh, medium dry and excellent flavor.

RED GOLD. A new high-yielding "Sweet" of excellent quality. Purple skin and deep golden flesh. Drier than the Porto Rico yam.

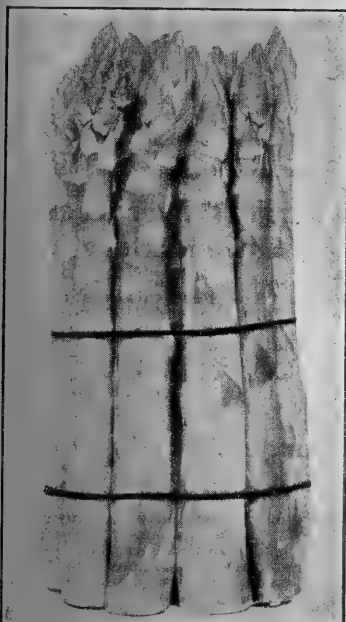

PORTO RICO. The standard market Porto Rico Yam.—A popular high-yielding variety that is too well known to require description.

(Order only in the quantities given above. Note that although we CAN supply 25 plants of New Bush, WE CANNOT supply that quantity in the other varieties. Specify variety wanted.)

PRICES FOR ABOVE VARIETIES: (50 Plants \$1.15) (100 Plants \$1.65) (200 Plants \$2.75) (500 Plants \$5.30) (1000 Plants \$9.00) (2000 Plants \$17.50) (3000 Plants \$24.00) All prepaid.

NEW BUSH SWEET POTATO

Especially recommended for the home garden as it does not cover the ground with a mass of vines but grows in compact bush form. Similar to Porto Rico in quality but a little smaller and much sweeter. (25 Plants for \$1.00) (50 Plants for \$1.80) (100 Plants for \$2.50) (200 Plants for \$3.75) (500 Plants for \$6.50) (1000 Plants for \$11.75) All prepaid.

Mary Washington Asparagus

HORSE RADISH

Every garden should have a few plants of Horse Radish. Grown from sets or piece-roots. Set them vertically, small end down, and the large end one to three inches below the surface of the soil. Cultivate until tops cover the ground.

BOHEMIAN GIANT. An improved, mammoth-rooted variety of excellent quality. Piece-roots planted this spring will make good roots by fall. (6 for 85c) (12 for \$1.50) (25 for \$2.95) prepaid.

ASPARAGUS

An ounce of seed will produce about 250 plants. 2 lbs. will produce enough roots to set an acre.

MARY WASHINGTON (Rust-Resistant). An excellent variety of Asparagus for either the home garden or market. A rapid growing sort, yielding thick, long, straight stalks, and when overgrown is perfectly tender. Practically immune to "rust" and other Asparagus diseases. (Pkt. 10c) (oz. 30c) (¼ lb. 80c) (lb. \$2.30) (Price per lb. for 3 lbs. or more of a variety \$2.00) prepaid.

PARADISE (Rust-Resistant). Similar to Mary Washington, but earlier, more productive and larger. Only 7 or 8 stalks required to the pound. Even though this variety is giant in size, it is crisp, tender and fine flavored. If you want only one variety this should be it. (Pkt. 15c) (oz. 50c) (¼ lb. \$1.50) (lb. \$4.25) (Price per lb. for 3 lbs. or more of a variety \$4.00) prepaid.

ASPARAGUS PLANTS

We supply choice one-year-old plants, which is the age we recommend, in addition to costing less than two-year-old plants, they come into bearing just as soon and are a more satisfactory size for transplanting. Asparagus plants should be set 18 inches apart.

MARY WASHINGTON. (25 for \$1.50) (50 for \$2.75) (100 for \$4.85) prepaid.

PARADISE. (25 for \$1.65) (50 for \$2.95) (100 for \$5.35) ppd.

"Frost-Proof" Cabbage Plants

Mature Heads 2 to 3 Weeks Earlier than Home Grown Plants

Our "Frost-Proof" plants will stand a temperature of 20° above zero and can be planted a month earlier than home-grown plants. We can supply the following varieties:

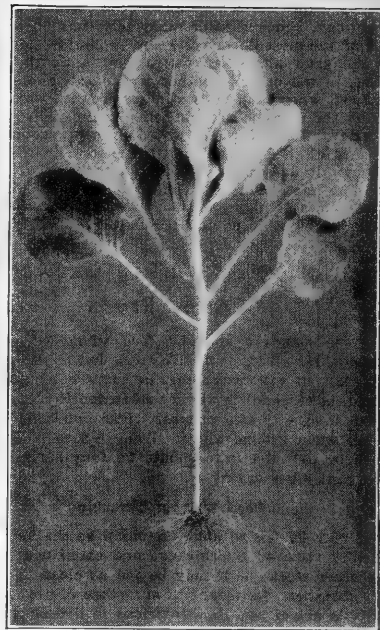

COPENHAGEN MARKET
EARLY JERSEY WAKEFIELD
GOLDEN ACRE
LATE FLAT DUTCH

Cabbage plants cannot be shipped to California.

Specify Variety Wanted

PRICES: (50 Plants 75c) (100 Plants \$1.20) (200 Plants \$1.80) (500 Plants \$3.20) (1000 Plants \$4.90) (2000 Plants \$8.95) (3000 Plants \$12.00)* All prepaid.

(Order only in the quantities given above. We cannot, for instance, furnish 25 or 75 plants.)

HOW WE SHIP

All vegetable plants are shipped PREPAID direct from Southern growing points. They are NOT shipped together, so your Cabbage plants may come one day, and your Onion plants another.

AVAILABLE DATES

Plants are shipped at the following times ONLY:

ONIONS—January 1 to June 1.

CABBAGES—January 1 to June 1.

SWEET POTATOES—April 1 to June 1.

NO TOMATO or PEPPER PLANTS

Note that WE DO NOT list or sell Tomato or Pepper plants. We have found that they do not ship well, and rather than dissatisfy our customers with poor looking plants, we have discontinued their sale.

PLEASE NOTE!

Because our plants are FIELD-GROWN instead of Greenhouse-grown, they might and often do appear rough, with leaves sometimes brown (even dropping off). DO NOT BE ALARMED! This is the nature of field-grown plants, as they have been toughened outdoors.

TARRAGON

For Delicate, Aromatic Flavor

Tarragon, a close relative of wormwood, is used principally for flavoring and is best known used with vinegar in salads. Its green parts possess a delicate aromatic flavor resembling anise and is much prized for flavoring pickles, mustard and vinegar. Tarragon dislikes wet soils, grows best in a medium garden loam. The green parts may be gathered and used at any time. Leaves may also be dried and used over winter. (Pkt. 25c) (½ oz. \$1.00). PLANTS (60c each) (3 for \$1.50) (6 for \$2.50) prepaid.

CHIVES (Schnittlauch)

A hardy perennial onion-like plant. Highly esteemed for use as a salad, and for their small leaves which are produced very early in the spring and are used for giving a mild onion flavor to various dishes. Frequent cuttings may be made throughout the season, a new growth of leaves appearing soon after each cutting. A supply may be had all winter by potting a few plants and taking them inside before freezing. (Pkt. 15c) (½ oz. 50c) (oz. 90c) prepaid.

PLANTS (small clumps), (50c each) (3 for \$1.20) (6 for \$1.95) prepaid.

SAGE, HOLT'S MAMMOTH

Produces larger leaves and better quality than the common garden sage. It does not produce seed. Plants only—(75c each) (3 for \$1.95) prepaid.

WHITE PROSO

The Most Profitable Catch Crop. Matures in 60 Days

Can Be Planted Later and Will Stand
More Dry Weather Than Any Other Grain

This white Proso was introduced from Siberia several years ago and after many tests has proven to be one of the most dependable and profitable farm crops. It will grow almost anywhere, North, South, East or West, in wet or dry weather, and on all kinds of soil. In 1933, when thousands of acres of grain were burned up by the extreme drought, this strain of Proso saved the day. Many farmers would have grown no winter feed at all had it not been for this wonderful grain. Though it does best when sown in June, it may be sown as late as July 15th and still mature a good crop. It produces as high as 70 bushels to the acre, of grain weighing 50 to 60 pounds per bushel.

Northwest Turkey Growers Prefer Proso

Proso makes a splendid feed when fed whole or ground, for all kinds of live stock and poultry. Farmers claim it will fatten hogs or cattle better than corn and that chickens lay better when fed Proso, and prefer it to other grains or mash. Proso makes a splendid mash when ground alone. When fed to poultry with corn or oats the ratio should be four parts Proso to one part other grain.

Feed Without Threshing

It may be fed without threshing as the kernels are readily removed by chickens and eaten with the hay by other stock, or it may be fed as clean grain from the thresher. Its forage in any stage of growth, or as hay, is not at any time injurious to live stock. Proso straw, which usually remains somewhat green, even though the grain is ripe, makes a good hay for winter feeding. The large turkey growers of the Northwest rely on Proso as one of their chief feed crops.

Seed Round and White

The seed of this Proso is round and larger than millet seed, growing in a sprangly head resembling oats. The inner color of the grain is pure white and should not be confused with the colored Proso or so-called hog-millet. This Proso has been selected for its white color, larger kernels and greater productiveness.

Withstands Drought

Proso is unlike any other grain because of its extreme drought resistance, together with the fact that it takes only 60 to 65 days to mature a crop of this variety, and needs only one good rain to produce a crop. It may be planted on high, dry soil that is not suitable for other grains. It is especially valuable as a summer catch crop, something that may be planted on land which has had an early crop removed or ground that has been drowned out and not in shape to work until late in the season.

Proso can be sown with a regular grain drill at the rate of 25 to 35 lbs. per acre.

PRICES (Sample Pkt. 15c) (½ Lb. 35c) (Lb. 60c) (5 Lbs. \$2.35) (10 Lbs. \$3.70) all prepaid.

EXPRESS NOT PREPAID: (25 lbs. \$3.75) (50 lbs. \$6.25) Be sure to give your Express address if different than your mail address.

FREIGHT NOT PREPAID: (100 lbs. \$10.25) (In quantities of 500 lbs. or more \$10.00 per 100 lbs.) Be sure to give your Freight address if different from your mail address.

Express on 100 lbs. or more is a lot more expensive than Freight. We, however, will ship by Express if you request it. Otherwise 100 lbs. or more will be shipped by Freight. To be sure of your costs, it is best to check with your Freight and Express Agents before ordering.

Ideal Feed for Poultry, Hogs, Cattle and Sheep. May Be Fed without Threshing. Equal to Corn in Food Value. High in Vitamin A.

**Grows

ENORMOUS
YIELDS**

**"The Dryland
Wonder Grain"**

NOTICE

If your freight or express address is different than your mail address, be sure to supply us with both, and state how you want shipment made. Express is quite expensive over long distances but is much faster. Freight is slow, so ample time should be allowed for delivery. Sorry, no C.O.D. shipments from this catalog. Cash with order, please.

Highland Bent Grass

This is the most popular grass for golf courses and it is gaining in favor as a lawn grass. It makes a soft, beautiful lawn, and a sod that is wonderful for terraces. Rain cannot wash tiny ditches in your terrace; neither will your sidewalks or driveways be covered with dirt if you use Bent Grass on your lawn and terraces. Our Highland Bent is the best Bent Grass obtainable, and we consider that we are fortunate in being able to supply our customers with a superior quality of this splendid grass. Seed at the rate of 1 lb. for each 400 square feet. (Lb. \$1.80) (3 lbs. \$4.85) (5 lbs. \$7.90) prepaid. (Per lb. in 10 lb. lots or more \$1.55 prepaid.)

White Clover

We have an Extra Fancy Dwarf White Clover that is especially fine for sowing with lawn grass mixtures. For this purpose we recommend one ounce to each pound of grass seed. Our Hormone-treated seed produces more than twice the usual root system in 9 weeks after planting. (¼ lb. 45c) (½ lb. 80c) (1 lb. \$1.45) (3 lbs. \$3.90) prepaid. (Per lb. in 5 lb. lots or more \$1.25 ppd.)

58 Burgess Seed & Plant Co.

Hormone-Treated LAWN SEED

**Produces a More Beautiful Lawn
Germinates Quicker—Withstands
Drought**

Science has proven that Hormone-treated Grass Seed germinates quicker and produces a soft, luxuriant turf that is deeper rooted and better able to withstand drought. It is the modern, scientific way of securing a finer, more velvety, better colored, stronger growing, thicker turf, and a deeper root system which taps lower ground levels and brings more food and moisture to the plants.

Those who want the finest lawn must sow the finest seed. Those who sow Burgess' Lawn Grass, sow the best obtainable, and when such high quality seed is Hormone-treated, the results are simply amazing.

We use no timothy or clover in our mixtures. Avoid lawn mixtures which contain timothy. Timothy is a hay seed and produces coarse stems which ruin the lawn. It is used in cheap mixtures on account of its low price.

MERION BLUEGRASS

Famous New Grass

This is the famous new Bluegrass that stays green in hot weather, wears better, covers better to help prevent germination of crabgrass, and stands closer mowing. It is the most important development in grass of the century. Expensive, but worth it, only ¼ to ¾ as much seed is needed for sowing. Sow 750 sq. ft. to the pound. (¼ lb. \$1.40) (½ lb. \$2.75) (1 lb. \$5.30) (3 lbs. \$15.30) (Per lb. in 5 lb. lots or more \$5.05) all prepaid.

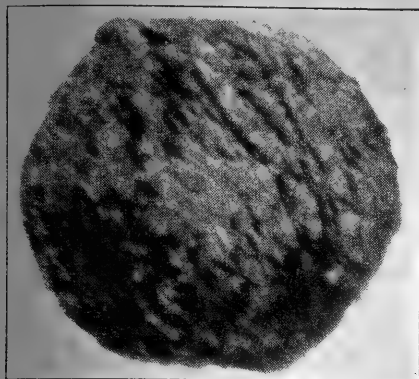

Treated plant has close to three times the root strength of untreated one.

Burgess' Evergreen Lawn Mixture

Composed of the finest lawn grasses. The best mixture obtainable, and in the end the most economical. High germination and free from chaff and weeds. One pound will sow 200 square feet. (1 lb. \$1.60) (3 lbs. \$4.25) (5 lbs. \$6.50) prepaid. (Per lb. in 10 lb. lots or more \$1.35 prepaid.)

Burgess' Shady Nook Lawn Mixture

On nearly every lawn are unsightly spots under trees, where grass does not do well. Our Shady Nook Mixture contains grasses which naturally grow in shady places. 1 lb. will sow 200 square feet. (1 lb. \$1.55) (3 lbs. \$4.10) (5 lbs. \$6.65) prepaid. (Per lb. in 10 lb. lots or more \$1.30 prepaid.)

Black Walnut

BLACK WALNUT

Walnuts are becoming more popular each year with bakers, candy makers and ice cream manufacturers. They will grow in nearly all sections of the United States and thrive with little or no attention.

NORTHERN BLACK WALNUT. A tree of large size and majestic form growing to a height of 100 feet or more. While the growth of the tree is substantially the same as the Thomas variety the nuts are smaller and have thicker shells. 2 to 3 ft. trees (\$1.25 each) (3 for \$3.00), prepaid. Cannot be shipped to Ariz., Calif., and Utah.

NORTHERN PERSIMMON

Bright golden orange fruits of rich, spicy and delicious flavor. At their best after light frosts. The only variety found hardy in the Northern States. Cannot be sent to California. Trees, 2 to 3 feet high (75¢ each) (3 for \$1.95), prepaid.

GROW FIGS in the North

Our Dwarf Fig is particularly adapted to growing in the North, as it does well in either tubs or in the open ground. The root is perfectly hardy. In localities where the tops freeze, it can be cut to the ground, and when it begins growing again it will produce fruit on the new wood.

We recommend open-ground planting wherever the growing season is long enough to grow a new top and mature a crop of fruit. Where the season is too short for this we recommend planting in tubs, so plants can be taken inside following the first few fall frosts and stored for the winter. Plants will winter safely in an ordinary cellar.

Our Dwarf Fig will develop a crop of fruit farther north than any other variety. We recommend tub culture north of Philadelphia. Plants bear the first year they are set out, and abundantly each year thereafter. The fruit is very sweet and delicious, of good size, with flesh that is firm and meaty, and of very fine quality for making preserves, jams, canning, drying, or to eat in the fresh state. 2-yr. Northern field grown stock. (\$1.35 each) (3 for \$3.25), prepaid.

Dwarf Fig Fruits, Reduced in Size

JAPANESE WALNUT

Hardest and most vigorous of the walnuts. It grows easily, assuming a handsome shape without pruning, and has withstood temperatures to 21 degrees below zero. Nuts are considerably larger than common hickory nut, and borne in clusters of 15 to 20. Shell is a little thicker than English Walnut. Kernels are meaty and of rich, delicate flavor. Handsome shade tree. 2 to 3 ft. (\$2.50 each) (3 for \$6.50), prepaid. Cannot be shipped to Ariz., Calif., and Utah.

MICHIGAN BANANA or Paw Paw

The Michigan Banana or Paw Paw is a small handsome tree about 20 feet in height, with large purple flowers, which are very beautiful and fragrant, and large dark green foliage which makes it a handsome tree for the park or lawn. Produces large yellow fruits which have the flavor of the banana and are very delicious. These fruits also resemble the banana, being somewhat shorter and thicker. The trees are very hardy and can be grown in all sections of the United States. Should be planted in every lawn and garden. Trees 2 to 3 feet high (\$1.00 each) (3 for \$2.50), prepaid.

Chinese Date

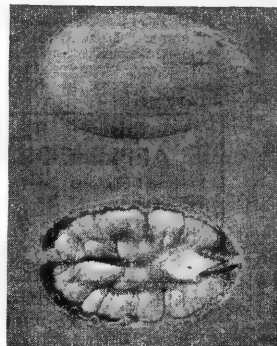

NUT ORCHARD COLLECTION

- 1—English Walnut (See Front Cover)
 - 1—Chinese Chestnut (See Front Cover)
 - 1—Butternut
 - 1—Black Walnut
 - 1—Hardy Northern Pecan
- All 5 Nut Trees only \$5.95 Prepaid

Cannot be shipped to Ariz., Calif., Ida., Ore., Utah or Wash.

HARDY NORTHERN PECANS

The Pecan is a splendid and beautiful shade tree which will reward you with bushels of delicious nuts. It is an ideal tree for the lawn, does not shed its leaves until late in the fall, and is practically immune to insects. In Michigan it has withstood temperatures well below zero. Nuts of good size and excellent quality. 2-year-old trees, 2 to 3 ft. high (\$1.50 each) (3 for \$3.50), prepaid. Cannot be shipped to Ariz., Calif., and Utah.

DWARF JUNE BERRY

A good substitute for the large or swamp Huckleberry or Blueberry which it resembles in appearance. The fruits are larger than the Blueberry and ripen earlier in the season. Fruits are borne in clusters; are reddish purple in color, changing to bluish black when ripe. In flavor it is rich, mild and subacid, and the plants are wonderfully productive. It is perfectly hardy in all climates, and has an advantage over the Blueberry in that it does well on all kinds of soil. In addition to its value as a fruit, it is a highly ornamental bush for the yard, especially in early spring, at which time it is a mass of pretty white blossoms. Plants (3 for \$1.00) (6 for \$1.75) (12 for \$3.00), prepaid.

CHINESE DATE

The Chinese Date (Jujube or Zizyphus) is a fruit from the high interior of China, which, we are sure, will prove to be one of the most valuable for our country. It is adapted to a wide range of territory and all kinds of soil. It is quite hardy, the United States Department of Agriculture bulletins reporting that it has withstood temperatures of 22 degrees below zero.

The tree is a heavy and constant bearer and commences to bear at an early age, four-year-old trees having produced 150 pounds of fruit. It blooms very late in the spring, avoiding all danger from spring frosts. The fruit is one to two inches long, and chocolate colored. It is delicious when eaten fresh or cured like dates, and is excellent for preserves and jam. Cooked in a sugar syrup and allowed to dry it becomes a most tasty and palatable confection which we believe will eventually rival the date as a commercial product. Because of its productiveness and its highly nutritious and delicious fruit, capable of being used in many ways, it is sure to be a valuable addition to the orchards and gardens. Only one tree necessary for pollination. Trees 2 to 3 feet high (\$2.00 each) (3 for \$5.00), prepaid.

HANSON'S BUSH CHERRY

The Beautiful Shrub That Bears Delicious Fruit

The Bush Cherry is suited to the small home grounds where space is limited. It makes a desirable ornamental shrub to 3 feet high and produces an abundance of black cherry-like fruits that make excellent pies and jams. Cannot be shipped to Arizona, California, Colorado, Idaho, or Washington. 2-year-old, 12 to 18 inch plants (3 for \$1.00) prepaid.

BUTTERNUT or White Walnut

The nuts are large, long, oily and nutritious. A lofty, spreading tree, valued as a shade tree and for its beautiful wood as well as for its nuts. Trees 2 to 3 ft. high (\$1.25 each) (3 for \$3.00), prepaid. Cannot be shipped to Ariz., Calif., and Utah.

Jonáthan

HOME ORCHARD COLLECTION 8 FRUIT TREES \$5.95

We offer here a collection of 2 to 4 ft. trees at an exceptionally low price. Because of the low price of this collection, we cannot make any changes in the following assortment, but if it should become impossible to furnish some of the varieties, we reserve the right to make a substitution of a similar variety.

ANOKA—Often Bears 2nd Year

Best early summer red apple. Begins to bear a year or two after planting. Very hardy. Fruit ripens in August and keeps well. Good for cooking and eating.

BALDWIN—Fine Old Standby

Winter. Large, bright red fruits are crisp and juicy. A good keeper and a favorite for cooking. Often a biennial bearer. November to April.

DOLGO CRAB—Fruit and Beauty

Early fall. Ornamental as well as fruitful, this best of the crabs is very hardy, full of juice that jells readily and makes delicious, ruby colored jelly.

EARLY HARVEST—Tender and Juicy

Summer. Fruit of medium size; bright straw color when fully ripe. Flesh of excellent quality; tender, crisp and juicy. July to August.

JONATHAN—Everybody's Favorite

Winter. A beautiful bright red apple, medium size. Is much in demand as a fancy apple. Tender, crisp and very juicy with a fine flavor. Comes into bearing rather young. November to February.

McINTOSH—Delightful Flavor

Winter. Medium size, deep crimson, highest quality, juicy, sub-acid in flavor, with a characteristic aroma. Due to its high quality and attractive appearance, it commands a ready sale at fancy prices. Comes into bearing about the fourth year. A reliable cropper. October to January.

RED ASTRACHAN—Early Red One

Summer. Most attractive early red apple. Flesh white, crisp and juicy, with a pleasant acid flavor. One of the best early eating apples. Ripens in July and keeps until September.

RED DELICIOUS—Universally Popular

Winter. Large, brilliant dark red. Flesh fine grained, tender, crisp and juicy. Mild in flavor. Has a decided aroma which is very pleasing. A splendid keeper, and an ideal apple for the fancy box trade. The tree is hardy, vigorous and productive. Bears about the fourth year. November to May.

RED NORTHERN SPY—For Cookin' or Eatin'

Winter. Large red striped, juicy, mild sub-acid, with a rich delicious flavor. Extra long keeper. None better for cooking or eating out of hand. November to May.

STAYMAN WINESAP—Reliable Cropper

Winter. Large, deep red skin, juicy, with pleasing sour flavor. Comes into bearing about the fourth year and is a reliable annual cropper. In season from December to May.

WEALTHY—Rich Dark Red

Fall. Medium to large. Flesh white, sometimes stained with red. Fine grained, tender, juicy and of excellent quality. Trees mature early and bear when 4 years old with large crops every year. September to November.

YELLOW DELICIOUS—Sweet and Juicy

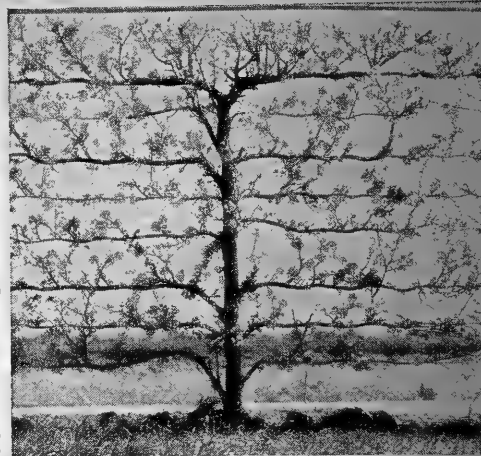

The most popular of all yellows. It's sweet, juicy and finely flavored. Bears early. Keeps well. One of the best winter apples.

YELLOW TRANSPARENT Early "Cooker"

Summer. The earliest apple. Produces good crops when trees are four to five years old. Skin pale yellow. Flesh white, crisp, juicy and mildly sub-acid. Excellent eating and cooking apple. Ripens in July and continues in season until September.

NOTE: We cannot ship Apple and Pear Trees to Colorado.

DWARF APPLE and PEAR TREES

Dwarf Pear Tree Trained in Formal Style

TAKE LITTLE SPACE—BEAR YOUNG—FRUIT FULL SIZE

Dwarf fruit trees solve the problem of fruit growing in small areas. They are ornamental for the lawn, come into bearing much earlier than standard trees and are very productive. The trees never get over 8 or 10 feet high so that the fruit can be easily picked. Set 6 to 8 feet apart. They take up so little room they can be planted in places where it would be impossible to grow a larger tree. They frequently commence to bear the second year after planting, and will bear good crops within three or four years. The fruit is of the same size as that borne on larger trees.

By pruning, Dwarf Fruit Trees can be trained to grow into interesting shapes, flat against buildings or walls, for hedges, or on a fence like the illustration above.

Elberta

NORTHERN-GROWN PEACHES

Our Peaches are grafted to hardy stock that we know will do well for you. These are the best known varieties.

NOTE—We cannot ship Peaches to Ariz., Calif., Colo., Ida., or Wash.

BELLE of GEORGIA. Very large, white fleshed with red cheek; firm, juicy and excellent flavor. Very hardy and grows with equal success in both North and South. Productive; early; stone semi-free to free.

ELBERTA. The most popular peach. Large, yellow with red cheek; flesh yellow, firm, juicy, highly flavored and sweet; exceedingly prolific, sure bearer and hardy. An ideal mid-season variety. Freestone.

GOLDEN JUBILEE. An early, yellow, freestone Peach of the very best quality. Similar to Elberta, but ripens about one month earlier.

HALE. Beautiful golden yellow, overlaid with bright carmine; larger than Elberta and ripens a week earlier. Freestone.

HALE-HAVEN. A cross between South Haven and Hale. Freestone, strong grower, very hardy and a heavy bearer. Ten days earlier than Elberta.

ROCHESTER. Only good sized yellow freestone peach of fine quality ready for market the middle of August in the North. Large, yellow with a most attractive red blush; juicy, delicious and keeps well. Strong grower, good bearer and very hardy.

SOUTH HAVEN. Better than average size; prolific, dependable, and unusually hardy; ripens early, juicy, yellow flesh and freestone.

PEARS

We cannot ship Pears to Colorado.

BARTLETT—(See photo). Most popular pear. Large, golden yellow with reddish blush on the sunny side. Flesh tender, melting and juicy. September.

BUERRE BOSCH. The highest quality and best flavored pear. Fruits large, with long, thin, tapering necks. Golden russet color. Flesh fine-grained, juicy and melting. September and early October.

CLAPP FAVORITE. Resembles Bartlett in size, shape and color. Flesh fine grained and very juicy. August.

KIEFFER. Very productive; excellent keeper. While only fair in quality, it is an excellent canner and is in great demand for this purpose. October to December.

SECKEL. Small size and rich flavor for pickling and preserving. Sweetest of all pears, juicy, delicious flavor. September and October.

SOUR CHERRIES

EARLY RICHMOND. Dark red. Best early sour cherry.

LARGE MONTMORENCY. Large red cherry; larger than Early Richmond and fully ten days later. The leading commercial variety.

ENGLISH MORELLO. The standard late sour cherry. Very dark red, almost black; excellent quality. A month later than Montmorency.

ECONOMY CHERRY COLLECTION

1 Montmorency, sour 1 Windsor, sweet
1 Early Richmond, sour 1 Bing, sweet
2 to 3 Ft. Size

All 4 only \$3.95 Prepaid

RUSSIAN MULBERRY

Save Your Cherry Crops by Planting Mulberries for the Birds

The Russian Mulberry is a rapid growing tree that bears an abundant crop of edible fruits resembling blackberries in appearance. They have an excellent flavor and make delicious pies and jams. A few Mulberry trees planted near your cherry trees or berry plants will save you many times their cost as the birds seem to prefer Mulberries to the other fruits. Two or more trees are required for pollination. Size 3 to 4 feet (\$1.00 each) (3 for \$2.50) prepaid.

HARDY BOSTON NECTARINE

The "Peach-Plum"

The Nectarine is a cross between a peach and plum. It has smooth skin like a plum, pit like a peach, and the size is that of a small peach or large plum. It has the flavor of both plum and peach; rich, delicious, juicy. It is as hardy as the peach and requires the same culture. Nectarines cannot be sent to Arizona, California, Colorado, Idaho, Oregon or Washington.

This is the finest of all hardy Nectarines. Bright yellow with red cheek; flesh yellow and of excellent quality. Tree vigorous and an early bearer. 2-year-old trees, 3 to 4 feet high at the following prices: (\$1.90 each) (3 for \$4.80) prepaid.

Big 4 to 5 Ft. Size
All 3 only \$6.15 Prepaid

SWEET CHERRIES

BING. Few sweet cherries equal Bing in size, attractiveness and quality. Almost black; early; bears abundantly. Recommended planting with another sweet variety for a pollinizer.

BLACK GIANT. Attractive in size and color; the crop is late, coming in season just before Lambert which the black fruits resemble in size and color.

BLACK TARTARIAN. Purplish-black; flesh tender, juicy and rich. Produces immense crops. Ripens earlier than Bing.

GOVERNOR WOOD. Light yellow, marbled with red; very large, juicy, rich and delicious. Extra early.

LAMBERT. A very sweet variety and one of the largest. Dark purplish red, turning almost jet black when ripe. Later than Bing.

NAPOLÉON. Yellow with bright red cheek; very large, meaty and sweet. Very productive; bears young.

WINDSOR. Hardy, prolific, late variety; fruit one inch in diameter; nearly black when fully ripe; flesh firm and of high quality.

HARDY APRICOTS

Easy to Grow

Northern-grown on hardy plum roots. Plant 2 for better pollination.

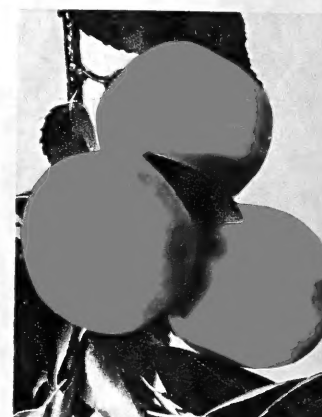

NOTE—We cannot ship to Ariz., Calif., Colo., Ida., Ore. or Wash.

HUNGARIAN. Largest and most delicious. Original tree was imported from Europe in 1914 and still bears luscious pink cheeked fruits in Northern Ohio.

RUSSIAN. Hardier than a Peach and fruit ripens a month earlier. Recommended for farthest North.

3 to 4 Ft. Size, 2-Yr. Trees (\$1.90 each, 3 for \$4.80), prepaid.

APRICOT BARGAIN COLLECTION: 1 Hungarian, 1 Russian, 3 to 4 Ft. Size. Both for only \$2.90 Prepaid.

ABUNDANCE. Large, red, sweet, very juicy, tender and melting. Hardy and productive. Ripens in August.

BRADSHAW. Fruits large, dark reddish purple. Flesh yellow and sweet. Trees vigorous and productive. Ripens in August.

BURBANK. Skin dark red over a yellow ground; juicy, sweet. Good shipper; ripens in late August, a week later than Abundance. Large.

FELLENBURG. A widely known desert prune, but good for market and preserving, too. Firm, sweet flesh. Also known as Italian.

STANLEY PRUNE. Large, dark blue, freestone and juicy. The flesh is firm, fine grained sweet and of exceptionally fine quality and flavor. We consider Stanley to be the best prune ever introduced for the North.

YELLOW EGG. Extremely large yellow fruit, with firm, sweet, rather juicy flesh. Fine quality. Ripens in late August.

PLUM-PRUNE BARGAIN

1 Stanley Prune
1 Abundance Plum
Big 4 to 5 Ft. Size
Both only \$3.40 Prepaid.

EVERBEARERS

See Prices on
Opposite Page

All Strawberries Shipped from Our Indiana Growing Station

STREAMLINER—Modern as the name suggests, the new Streamliner gives you practically everything that can be desired in a Strawberry. The jumbo-sized berries are glossy red, unusually sweet and of delicious flavor. The first heavy crop comes at the regular spring Strawberry season, begins again in August and continues right up until freezing weather.

20th CENTURY—A new one that rates at the top by Experiment Stations all over. Superior in size, quality and production. Makes a vigorous growth of good sized plants. Bright red berries of fine texture and excellent flavor. Bears fruit within 60 days and until freezing weather.

20th Century

RED RICH—Sensational new HYBRID from Wayzata and Fairfax. All luscious eating qualities of Wayzata (very sweet), plus the firm dark red qualities of Fairfax. Strongest growing of all—disease resistant. This is the new Strawberry you've read so much about. Pat. No. 993.

SUPERFECTION—It has a hardy ruggedness that makes it stand up under the worst conditions. Perfect for home garden. Firm, juicy, richly flavored berries ripen uniformly and keep well. Plants set this spring will bear in August and twice the next year. Its long bearing season makes it a Big Yields. Easy to grow; requires no special care.

MASTODON—A great money maker, as it will produce an enormous crop of big berries during the summer and fall months. Our thrifty plants set in the spring will produce a crop of berries in 90 days and continue through summer and fall. 18 or 20 berries will often fill a quart box. They are rich glossy red, of firm and solid texture, and delicious in flavor.

POPULAR BERRY COLLECTION

Giant Cultivated BLUEBERRIES

The cultivated forms of Blueberries are easy to grow in acid soil and practically free from disease and insect pests. Neutral soils can be made acid by the application of peat. As more than one plant is required for pollination we recommend that you buy at least 2 plants. With each order we furnish complete cultural directions. There are many varieties to select from but the three offered here are all of large size, excellent quality and heavy bearers. They grow 4 to 5 feet high, and differ primarily in their ripening season.

Three Best Varieties of Blueberries

RUBEL—Early
PEMBERTON—Midseason
BURLINGTON—Late

Hardy BOYSENBERRY

The Boysenberry is just as easily grown as Blackberries or Dewberries, and is much more productive. The fruit is larger and of better quality. Many of the rich, luscious wine-colored berries measure 2 to 2½ inches in length. Reports have been received of yields of nearly double that of Blackberries on the same farm. No

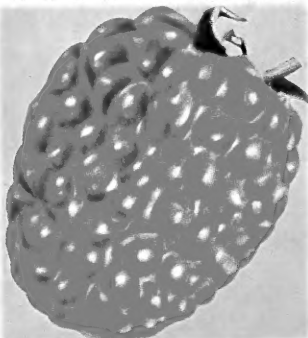

garden complete without a few of these plants. See prices on opposite page.

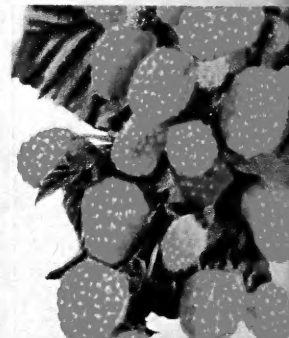

less liable to winterkill. Lucretia may be propagated from the tips, like black raspberries. It does not spread or sucker. See prices on opposite page.

DEW- BERRY

Lucretia Dewberries ripen a week or ten days ahead of common blackberries. The large berries are incomparably better than any blackberry grown; of unequaled excellence; sweet and luscious throughout, and of bright glossy black color. Its trailing habit renders it

Latham Red Raspberry
Cumberland

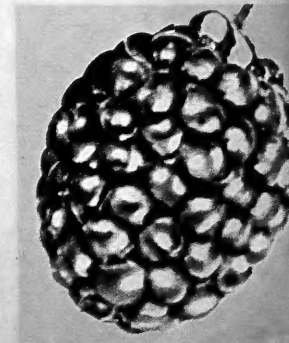

Indian Summer
Sodus Purple Raspberry

BLACKBERRY

Ebony King—The Sure Bearer

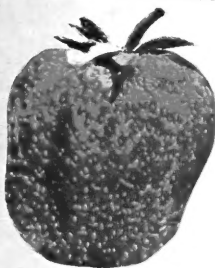

Here is a vigorous, healthy, sure to bear Blackberry that we can recommend without hesitation. We have had so many complaints on sterility in such old varieties as Eldorado, that this year we list only Ebony King, which is assured against it. A very large, glossy-black one, its flavor is outstanding—and there are no tiny shriveled-up berries. Very hardy and easy to grow. Outstanding in every way. See prices on opposite page.

JUNE FRUITING

ARMORE—Here is a new Big producer of Big berries. A late midseason variety, it is unrivaled for flavor, unbeatable for sugar sweetness. Best of all the late ones.

JUMBO—Our choice for the All American June bearer. Jumbo has everything the home gardener demands in an all-purpose berry. It is deep red all the way through and chock-full of real honey-sweet goodness. Berries are firm and solid, and in freezing tests it rated superior to almost all others. The perfect mid-season berry.

Senator Dunlap

are the largest we have ever seen. They are firm, of good color and excellent flavor. An ideal home garden variety and an outstanding money maker for the market grower.

PREMIER—A valuable extra early Strawberry. A large berry of uniform shape and size, excellent quality, rich color and highly resistant to frost. These qualities make Premier a profitable market variety.

SENATOR DUNLAP—The old standby. A mid-season variety that grows on all types of soil and in all climates. A good producer and a fine berry.

Premier

All varieties of Strawberries listed in this catalog are perfect flowering and do not require other varieties for cross-pollination.

Set Strawberries 18 inches apart in rows 3 ft. apart; 9,700 per acre.

Commercial Growers write for prices on larger quantities.

How to Grow More and Bigger Berries

Use famous **BERRY-SET**, the hormone spray that promotes bigger, more luscious berries, and makes plants bear LONGER. Simple and easy to use. Amazing results. 1 oz. makes 4 gallons. (1 oz. 50c) (3 oz. \$1.00) prepaid.

Everbearing Runnerless Strawberries from Seed

RED BARON SOLEMACHER—This wonderful novelty does not have runners, flowers within eight weeks after sowing, and produces great quantities of fruit throughout the season. Superior quality, pleasing aroma, and rich, wild-Strawberry flavor. Plant seed this spring, and harvest a crop this coming summer and fall. Hardy everywhere. (Pkt., 35c.) (Jumbo pkt., 90c.)

GRAPEVINES

CONCORD—JUICE and WINE GRAPE

Being the standard commercial blue Grape of the Northern States, Concord requires no description. The fruit is large, blue-black and of very fine quality. Ripens the middle of September in Michigan. Healthy, vigorous and very productive. A good table Grape, but grown primarily for juice and jellies.

CATAWBA. Purplish red, bunch large, berries of medium size; rich vinous flavor, of best quality for table and wine. Late, ripens here the last of September. The best keeper, lasting until March or later.

FREDONIA. The best extra early black grape, ripens two weeks ahead of Worden. Vigorous, productive and extra hardy. Large bunch and berry. Fruit firm; long lasting qualities.

NIAGARA. The leading white Grape. Ranks with Concord in vigor and productiveness and ripens at the same time. Bunch and berry large and handsome. Tender, sweet, juicy and excellent flavor.

PORTLAND. The earliest grape we have ever found. Large white grapes, very sweet and juicy. A strong grower and very hardy.

WORDEN. Larger berries and bunches than Concord, sweeter, better quality and ripens a week earlier. Fine for the local market and the home garden, but not a good shipper on account of its thin skin.

GOLDEN MUSCAT

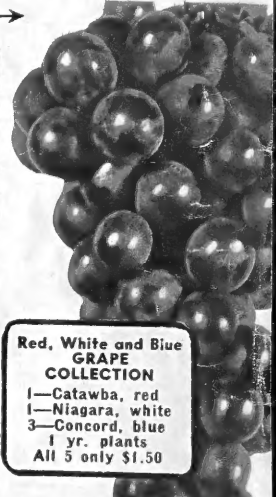

(See color photo on opposite page.) After years of plant breeding, scientists have succeeded in crossing the white California Muscat Grape with our hardy northern varieties and have given us Golden Muscat. The berries are golden yellow in color, large and meaty, with very few seeds, which separate easily from the pulp. The bunches are large and heavy. Excellent quality and fine flavor.

Seedless Concord

After years of experimentation and cross-breeding a perfectly hardy seedless Grape has been developed. The first of a new race of Grapes that should eventually replace the common large seeded varieties for table use. It is the Concord type, but slightly smaller, blue black in color, and possesses the same fine flavor found in the Concord Grape.

DELAWARE →

DELAWARE is a small red Grape. No American Grape has more delicate flavor or more pleasing aroma. Ripens with Concord. Brings from 50 to 100 per cent more on the market than other varieties. Hardy; vigorous; succeeds both North and South.

CANADA RED RHUBARB

Extremely tender and intensely red—even the inside of the stalk is red clear through. When cooked or canned it is as red as strawberry sauce. Mild and delicious, requiring a minimum quantity of sugar.

Prices of roots: (95c each) (3 for \$2.50) (6 for \$4.75) (12 for \$8.95) prepaid.

VICTORIA RHUBARB

Prices of 1 year old roots: (3 for 50c) (6 for 90c) (12 for \$1.75) prepaid.

Burgess Seed & Plant Co., Galesburg, Michigan 63

RASPBERRIES

Four Best of All

CUMBERLAND (Black). The largest and most productive black raspberry. Ripens medium-early and continues throughout the raspberry season. Very hardy, and the most profitable market sort.

INDIAN SUMMER (Everbearing Red). Decidedly superior to any other everbearing Red Raspberry. The berries are exceptionally large, dark red and of unsurpassed quality. Plants produce a heavy summer crop that ripens with the standard varieties of Red Raspberries. The autumn crop starts in early September and continues until severe frost. Plants very hardy, vigorous, of medium height and bear heavy crops. An exceptionally fine berry and a money-maker.

LATHAM (Red). Conceded to be the best main-crop red raspberry. It has more points of merit and has come into general planting more rapidly than any other raspberry ever introduced. It is vigorous in growth; withstands the winters of Canada without covering; and exceptionally free from mosaic and other diseases. The large berries, some running over an inch in diameter, and the deep red color make it most attractive, and it is the most productive variety grown.

SODUS (Purple). This is one of the finest berries ever offered. It is a cross between a black raspberry and red raspberry, and possesses all the qualities of each. The berries are of large size; purple in color; seeds small and deeply imbedded in a rich, juicy pulp. They do not crumble when picked, are good shippers and good keepers, and are better for canning and pies than either red or black raspberries. The habit of growth is like that of the black raspberry, so does not sucker or spread from the root. The canes are model growers; vigorous and healthy. Enormously productive, and is unexcelled in flavor either fresh, canned, or in pies.

Blaze ZINNIA

1954 All-America Winner. Uniformly double with graceful quilled petals 5½" across. A profusion of mandarin-red flowers which soften to scarlet-orange. A fiery free-blooming dazzler.
(Pkt., 50 seeds, 35c) (Jumbo Pkt., 150 seeds, 90c)

Nut Tree Collection

1—Chinese Chestnut
1—English Walnut
Both for only \$4.25
Prepaid

Michigan
Grown

ENGLISH WALNUT

Our trees will stand more cold than peaches, and will produce good crops of nuts which are equal to the California product. There is very little labor connected with harvesting—simply gather nuts from the ground when they fall. No shucking—simply pick them up and they are ready for use. We can recommend our hardy trees for planting in Michigan, New York and other Northern States as well as South and West. A fine shade tree. 2-yr. Trees. (\$2.65 each) (3 for \$7.00) prepaid. Cannot be shipped to Ariz., Calif., and Utah.

Chinese Sweet Chestnut

This is one of the finest trees you can plant, both for nuts and as ornamental lawn specimen. They are blight resistant and produce enormous crops. The nuts are larger than those of the American Chestnut and are equally sweet and good. Often bear when trees are only 3 to 4 feet tall. They are not particular as to soil requirements, but respond freely if fed and well cared for. Plant two trees for pollination. 2 yrs., 1½ to 2 feet. (\$1.95 each) (3 for \$5.00) prepaid. Cannot be shipped to Calif., Ida., Ore., and Wash.

Hardy AZALEA MOLLIS

Here is a hardy, very superior strain of Mollis, imported by us from Holland, that is larger, with brighter range of colors, and adapted to a wide range of climates, although cannot be grown in extreme north. It grows 3 to 4 feet and about the same around. Is a wonderfully brilliant addition to any shrub border, with its May and June bloom. Grows in shade and likes slightly acid soil. Orange, Red, Rose & Yellow. Specify color. 3 yr. plants in bud ready to bloom. (\$2.50 each) (3 for \$6.95) prepaid.

AZALEA MOLLIS COLLECTION: 1 each of 4 colors above only \$8.95 prepaid.

SCARLET LACE FLOWER—(Below)

Dwarf Polygonum Reynoutria. A handsome, low-growing perennial completely covered with airy pink sprays of flowers in early fall, changing in late fall to bright scarlet with a background of brilliant red foliage. (85c each) (3 for \$2.25) (6 for \$3.95) prepaid.

FREE at BURGESS

Every order for Trees or Shrubs contains **FREE** a supply of "plant starter" containing fertilizers and hormones to help plants get started.

Burgess GARDEN HUCKLEBERRY

Very Prolific—Large Fruit

Grows from seed the first year. A fruit that cannot be excelled for Pies and Preserves. It is very prolific, yielding an immense crop of fruit. It is an annual and must be planted each year from seed. Grows and thrives in all climates and on all kinds of soil. The fruits grow larger than the common Huckleberry or Blueberry and will remain on the plant two months after they are ripe. If cooked with apples, lemons or anything sour, they make the very finest jelly. You will be delighted and astonished with this easily grown and wonderful novelty.
(Pkt. 25c) (Jumbo Pkt. 60c) (oz. \$1.00) prepaid.

ORCHIDS

Japanese Terrestrial Orchids are true Orchids that grow in soil either in pots or in the garden and bloom year after year with little care. Most orchids will not grow in ordinary soil and require conditions not possible in the average home. Complete growing instructions with each order.

BLETILLA. A tuberous-rooted variety growing about 1 ft. high with 2 to 4 amethyst-purple flowers on each stem. Winter hardy in North. (60c each) (3 for \$1.50) prepaid.

CALANTHE. An unusual plant producing flower stems up to a foot tall with many beautiful orchids of claret-purple with a white lip, flushed pink. Not hardy but easily stored over winter. (65c each) (3 for \$1.65) prepaid.

CYRIPEDIUM (See Photo Above). Japanese Slipper Orchid produces one flower to a stem about 2 foot tall. The color is pinkish-white with pale green sepals dotted red. Hardy outdoors except in the extreme North. (75c each) (3 for \$1.95) prepaid.

JAPANESE ORCHID COLLECTION: 2 each of 3 above, 6 in all, only \$2.85 prepaid.

Sensational! New EVERBEARER RED RICH

Sensational new HYBRID from Wayzata and Fairfax. All luscious eating qualities of Wayzata (very sweet), plus the firm dark red qualities of Fairfax. Strongest growing of all—disease resistant. This is the new Strawberry you've read so much about. Everyone says: "Best of all." (12 plants \$2.95) (25 for \$5.00) (50 for \$8.50) (100 for \$15.00) prepaid.
